

FEAR OF SUBPENAS

Scores of Men Afraid to Be Called as Witnesses.

PROMISE OF RICHARDS CASE

Spicy Testimony Will Be a Feature and Detectives Are Said to Have Evidence Involving Many Prominent Citizens.

Scores of men daily besiege the offices of Municipal Judge Cameron, Deputy City Attorney Fitzgerald, Clerk Hennessey and Chief of Police Grizmachner, seeking information as to names on the lists of Acting Detectives Kay and Jones of persons who are to be subpoenaed in the case against Thomas E. Richards, charged with conducting a disorderly house at Park and Alder streets.

Not one of those who have sought information from the officials asks, because of his own concern, but a friend always is to be given the benefit of any information that may be had on the subject of names on the lists.

Kay and Jones announced yesterday morning that they would submit their lists of names to Clerk Frank Hennessey Monday, and ask him for subpoenas. When the names are made public, it is declared that the whole city will be agog, for the lists are said to contain the names of men and women of upper stations in social life. Public officials, business and professional men; married men and women, and a few minors are said to be included, and Kay and Jones declared yesterday that not one of the lists will be exempted for any reason, but that all will be served with subpoenas, if the police can locate them.

EVILS OF THE GAS METER

Current Events Club Discusses Topic of Public Interest.

The Current Events Club met last Wednesday afternoon at the residence of Mrs. D. T. Watkins, 40 East Davis street. Mrs. J. A. Herscher entertained the members with a 20-minute talk on "An experience with a gasometer" that contained register for eight days after it had been disconnected from the service pipe." Mrs. D. J. Gregory followed with a paper on "Perpetual Motion in the household and its drain on the domestic exchequer."

Mrs. E. E. Kellogg noted that a great many had habits of children, especially those of untruthfulness and gross exaggeration, were traceable to the contaminating influence of the gas meter, and sounded the alarm for all mothers with small children to see that these automatic preparators were placed out of their reach.

Mrs. J. W. Doyle read Elbertus Hubbard's dissertation on the law of diminishing returns and its relation to the present gas meter. Action on a proposition to affiliate with the State Federation of Woman's Club was postponed until the next regular meeting, which will be held January 24 at the home of Mrs. J. A. Herscher, 40 East Tenth street, north.

Yet he is unable to eat a square meal. Such is the irony of fate. A man with only one dollar and a good set of teeth, which means good digestion, is better off. Never neglect your teeth, even if it takes your last dollar, because good health means a great deal more than a billion dollars with chronic stomach trouble. If you have any trouble with your teeth consult a scientific dentist; don't go to a blacksmith. We solicit your patronage and guarantee the best possible results at moderate prices. Don't, however, confuse us with so-called cheap dentists.

When Winters, who is an aged and very well known man, was brought to police headquarters by an officer, he appeared to Chief Grizmachner to permit him to go on his own recognizance. The Chief refused to do so and Winters was obliged to telephone to one of his employes for \$50 cash bail. He will have a hearing in court tomorrow morning.

CAPITALIST IS ARRESTED

H. D. Winters, Charged With Permitting a Trap Door to Remain Open, Has to Telephone to Employee to Bring Bail.

CHICAGO, Jan. 12.—Ferdinand Sulzberger, of New York, millionaire member of the packing firm of Schwarzschild & Sulzberger, admitted on the witness stand in Judge Pinckney's court yesterday that he had been convicted of defrauding the Government in 1888, and had served part of a jail sentence.

Louis Pfalzer, formerly head buyer or cattle for the packing concern, had sued his former employers for \$30,000 for breach of contract. Mr. Sulzberger took the witness stand to testify regarding the alleged contract, but the first question put by Pfalzer's attorneys after the direct examination started the witness and astonished almost everybody in the courtroom.

"Isn't it a fact, Mr. Sulzberger," the attorney asked, "that you have been convicted of a crime and sentenced to jail, a part of which sentence was served?"

"Yes," replied the witness, "but I was pardoned."

"You were convicted in 1888 of conspiracy to defraud the Government, and fined \$5000 and sentenced to ten days in jail, which was presented to Judge Pinckney brought in a verdict of \$1,000 in favor of the plaintiff."

According to the certified record of the proceedings in the New York courts, which was presented to Judge Pinckney by the attorney for the plaintiff, Mr. Sulzberger was tried and convicted of "conspiracy to defraud the Government" in New York in 1888, during the whiskey scandal investigations of that year.

Opening of Thoroughfare.

City Engineer Taylor has filed his report with Auditor Devlin in the matter of the proposed extension of East Seventeenth street, by which it appears that the opening of the thoroughfare will necessitate the public appropriation of 758

FIRE HOLDS DOOMED MEN

Miners Imprisoned in Burning Tamarack Mine Have No Hope.

CALUMET, Mich., Jan. 12.—Heroic efforts have failed to release the seven men imprisoned underground in the burning portion of the Tamarack mine. Several members of the rescuing party sent in yesterday were overcome by gases and they were rescued with difficulty.

A party in charge of James Maslin went down through No. 3 shaft. They reached the 25th level but smoke and gas drove them back. Several were overcome and were carried from the shaft. Another party had a similar experience. Mr. Maslin and two companions were carried out by others of the party. Their condition was precarious and their lives were saved only after desperate efforts.

An Austrian named Teshimonovich, a brother of one of the men imprisoned underground, made a terrific struggle to penetrate the burning mine, strapping clothes about his head but the gases were too powerful and he was overcome and carried to the surface in a critical condition.

No shafts will be sealed until every possible effort has been made to determine the fate of the seven men. There is a

report he has made to President Roosevelt concerning his investigations in Austria-Hungary. These questions Braun absolutely refused to answer. He exhibited a telegram in the courtroom from Secretary Metcalf, in which the latter assured him that under no circumstances would the contents of the secret report be made public, even at the demand of Congress, which had called upon Mr. Metcalf's department for the report.

DAUGHTER OF MAYOR BLOWERS, OF HOOD RIVER, WEDS

William E. Sheets.

Mrs. William E. Sheets.

HOOD RIVER, Or., Jan. 8.—The most important wedding of the past year took place here today, when Miss Blanche V., youngest daughter of Mayor Blowers, became the wife of William E. Sheets, Chief of the Fire Department here and a member of the firm of Stranahan & Sheets, wholesale dealers. The wedding took place at high noon, and the ceremony was performed by Rev. W. C. Gilmore, pastor of Riverside Congregational Church, in the presence of about 30 relatives and friends. As the couple entered the beautifully decorated parlors of the Mayor's residence, Mendelssohn's wedding march was played by Miss Agnes Ingraham, a friend of the bride. The ring ceremony of the Episcopal Church was used, and after its conclusion an elaborate wedding dinner was served.

The bride and groom were met at the railroad station, where they went to take the train for a wedding trip to Portland and Seattle, by the Hood River Band, which serenaded them until they departed. The young couple were the recipients of many handsome and costly presents and warm congratulations were showered upon them.
