# BERLIN ARMED FOR REVOLUTION

Troops Have War Munitions Ready to Use Against Socialists.

HIGHBORN FEAR INSULT

Reds May Defy Prohibition of Processions and Put Women and Children in Vanguard. Meetings Overflow.

BERLIN. Jan. 20 .- (Special.) -- Berlin is armed to the teeth for tomorrow's Socialist demonstrations. Offiers and troops are under orders not to leave their barracks after noon today. The infantry, cavalry and artillery have all been supplied with the so-called "war munitions." The streets are placarded with flaming red proclamations by the police depart-ment, advising the citizens to keep away from the possible zones of fire in the neighborhood of tomorrow's mass meetings. The proclamation in-timates that no quarter will be shown in the repression of disorders. It was such contingencies as this the Kaiser had in mind five years ago.

The fact that hundreds of royal and aristocratic persons will be passing through the streets tomorrow on their way to the annual "order festivities" has caused a widespread fear that the Socialists will seize the opportunity to insuit these representatives of tyranny. A report is current that the Socialists will atempt to defy the orders prohibiting processions by marshalling their wives and daughters as a vanguard, relying upon the unwil-lingness of the military to fire upon

The police president has issued a proc-lamation which today is placarded every-where, warning the people against as-sembling out of idle curiosity about the places where meetings are to be held, since any rioters in the meetings "will be suppressed with the extreme measures admissible under the laws," and "under the circumstances, innocent persons might

suffer harm to life and health."

The Vorwaerts, organ of the Socialists, ironically thanks the police president for assisting in giving emphasis to the demonstrations.

### Capital in State of Siege to Suppress Excitement. NEW YORK, Jan. 20.-Louis E. Bonilla,

NEW YORK, Jan. 26.—Louis E. Bonilla, Consul-General at New York for the United States of Colombia, today made public the following cable dispatch received by him from President Reyes and dated Bogota, January 18:

The conspirators alluded to are Felipe Angelo and three others arrested last December for trying to overthrow the government of President Reyes. Their arrest was followed by considerable agitation in the capital and throughout the country. Consul-General Bonilla had this country. Consul-General Bonilla had this comment to make on the new plan:

"It was considered best by President Reyes, doubtless, to put the capital in a state of siege—which means merely dec-laration of martial law—in order that the trial might not be disturbed in any way and that perfect justice be secured. There is no revolution in Colombia. The government is secure and the people con-tent with President Reyes."
