

IS AN OPEN LINE

Cotton Confirms Ownership of Washington Northern.

JOINT USE OF TRACKS

Not Room Enough for Separate Way for the Three Roads That Would Occupy Whatcom and Railroad Avenues in Seattle.

ADMIT SEATTLE EXTENSION.

NEW YORK, Feb. 17.—(Special).—These connected with the Union Pacific now admit that the road has practically completed arrangements to extend the O. R. & N. Co.'s line into Seattle. Recent purchases of tidelands were in their interest and franchise to enter the city will be asked for in the near future.

Transfer of Copper Properties.

BUTTE, Mont., Feb. 17.—L. O. Evans, of the Amalgamated Copper Company, returned last night from New York with the deeds for all the properties included in the sale by the Helms interests to the company of which Thomas F. Cole is the head. These deeds, 17 in number, bear date of January 20, 1896, and were filed for record in the office of the Clerk of Silver Bow County today, thus completing the formal transfer.

SEATTLE, Wash., Feb. 17.—(Special).—W. W. Cotton, representing the Harriman interests, suggested to the Council committee on corporations today that there must be a joint ownership of all tracks laid on Whatcom and Railroad avenues. That is a proposal made heretofore by City Engineer R. H. Thomson, and when the suggestion came from the Harriman line Thomson quickly asked for an explanation. Mr. Cotton repeated his theory.

Mr. Cotton stated his road had made no surveys of its route from Portland to Seattle and had submitted its application for a franchise in the name of a purely incorporated company to protect its rights in the fight the Chicago, Milwaukee & St. Paul is making for tracks on water-front streets.

It is impossible for the city to grant the requests of the three lines that have asked trackage rights on Railroad avenue. One switch track, held in the name of the Northern Pacific, is open to other roads under a franchise that gives them the right to purchase an interest in the line. But that is not sufficient, and there is a hard fight on between the new Harriman road, the Chicago, Milwaukee & St. Paul and the North Coast to get into two more tracks along the entire waterfront.

Mr. Cotton suggests the new lines build the tracks jointly and that the old roads be compelled to agree to a joint use of water-front lines. The city will submit a proposal to all the roads for a system along the waterfront. This will be submitted to the railroads at a conference to be held Wednesday afternoon at the Bunn, Land Commissioner Thomas Cooper and Vice-President C. M. Levey, of the Northern Pacific, are coming West and will be present when the compromise solution of the city is presented. Mr. Levey went East to submit the entire Seattle terminal proposition to his road and to ask for advice.

St. Paul officials fighting for an immediate franchise, see in the Harriman interest the necessity for giving up much that has been asked. If the St. Paul can get an independent entrance to its freight and passenger lines, it probably will agree to joint ownership of waterfront tracks. The significance of that compromise is that it means, sooner or later, the organization of a terminal corporation.

NEW OREGON INCORPORATIONS

Articles Filed by the Secretary of State at Salem. SALEM, Or., Feb. 17.—(Special).—The Portland Terminal Railway Company, incorporated by T. T. Burkhardt, J. Thurston Ross and C. B. Atchison, filed articles of incorporation in the office of Secretary of State Dunbar today. The company proposes to construct a railroad from the George W. Cornelius and to build or assist in building railroads in Oregon and to operate railroads on terms to be agreed upon with other companies. The capital stock is \$50,000. Other new companies have filed articles as follows: Sunnyside Mutual Telephone Company; principal office, Portland, Or.; capital stock, \$150; incorporators, A. L. West, L. M. Croser and H. S. Potal. Liberty Cherry Company, Inc.; principal office, Astoria, Or.; capital stock, \$10,000; incorporators, H. E. Cherry, T. S. McReath and F. G. Mulkey. Sellwood Lumber Company; principal office, Portland, Or.; capital stock, \$500; incorporators, W. W. Kenrick, F. J. Lazarus and Frank Neld. Summit Telephone Company; principal office, Corvallis, Or.; capital stock, \$100; incorporators, B. W. Johnson, F. M. Gieroll and M. L. Frantz. Land Company; principal office, Portland, Or.; capital stock, \$500; incorporators, R. E. Fiske, J. H. Fisk and R. G. Morrow. Reedport Company; principal office, Reedport, Or.; capital stock, \$10,000; incorporators, W. P. Reed, W. H. Jamieson and Joseph Lyons. Star & Crescent Mining & Milling Company; principal office, Portland, Or.; capital stock, \$50,000; incorporators, P. J. McKenzie, I. G. Thompson and E. L. Lane. Shirley Immersion Company; principal office, Portland, Or.; capital stock, \$10,000; incorporators, G. W. Shirley, Charles C. Woodcock and H. Dean. Enterprise Meat Company; principal office, Coquille, Or.; capital stock, \$500; incorporators, E. S. Dean, W. Taylor Deament and John Yeakam. Mutual Canning Company; principal office, Salem, Or.; capital stock, \$10,000; incorporators, George W. Weska, Noah Welch, S. P. Kimball, C. A. H. Fisher and L. E. Pate. The East Beaver Cheese Company; principal office, East Beaver, Or.; capital stock, \$50; incorporators, W. W. Walker, James Christensen and Charles J. Hinchard. The Timber Canyon Mines Company; principal office, Baker City, Or.; capital stock, \$100,000; incorporators, W. G. Browley, W. S. Stevens and H. M. Stock. Nostlo Mining Company; principal office, Portland, Or.; capital stock, \$100,000; incorporators, G. M. Deane, W. Taylor Deament and John Yeakam. The Carl Adler Company; principal office, Baker City, Or.; capital stock, \$20,000; incorporators, Carl Adler, D. C. Robinson and S. L. Riser. Edwards-Harris-Lamont Realty Com-

pany; principal office, Portland, Or.; capital stock, \$100; incorporators, Dan W. Edwards, Paul Harris and John Lamont. John Day Valley Railroad Company; principal office, Portland, Or.; capital stock, \$100,000; incorporators, E. O'Brien, W. W. Cotton, William Crooks and James G. Wilson. East Shore Shoe Repair Company; principal office, Portland, Or.; capital stock, \$100; incorporators, A. Pleshman, Otto Eggevaer and Robert Riddler. C. E. Trounman, Ben L. Burroughs and M. S. Kern. The Pure Food Company; principal office, Portland, Or.; capital stock, \$10,000; incorporators, E. B. Duffy, M. Keating and J. H. Keating. State Bank of Rainier; principal office, Rainier, Or.; capital stock, \$10,000; incorporators, Carlston Lewis, W. C. Morris and Alex Sweeck. Bank of Rainier; principal office, Rainier, Or.; capital stock, \$10,000; incorporators, J. Frank Watson and R. L. Duriam. Portland Development Company; principal office, Portland, Or.; capital stock, \$150,000; incorporators, John F. Shields, O. L. Ferris and L. S. Street. The Oregon Annex Company; principal office, Portland, Or.; capital stock, \$50,000; incorporators, M. C. Dickinson, M. G. Mundy and William A. Munly.

CLAUDE IS NOTED

Fatal Defect in the Proposed Anti-Pass Law.

VOTE WILL BE TAKEN

Courts Can Pass Upon the Legality of the Measure if Litigation Should Arise at a Later Date.

SALEM, Or., Feb. 17.—(Special).—The anti-pass law proposed by the People's Power League has been found to be fatally defective because it contains no enacting clause. The discovery was made today by state printing office employees who were engaged in setting the bills in type preparatory to printing them. Supreme Court decisions are clear upon the point that for the courts to pass upon the legality of an enacting clause is a fatal defect.

The bill will be submitted to a vote of the people notwithstanding the defect, because the Secretary of State does not consider it is within his province to pass upon its validity. The bill will be voted upon and it will then be for the courts to pass upon if any litigation should arise under it.

None of the proposed constitutional amendments have enacting clauses and it was believed by some this morning

that they are also defective, but the Attorney-General does not take that view. Proposed amendments have never been given enacting clauses and the initiative and referendum amendment does not expressly require that amendments proposed by initiative shall have enacting clauses. The initiative and referendum amendment adopted in 1892; has this preliminary declaration in its preamble: "Section 1 of an enacting clause: 'Section 1 of article 4, of the constitution of the State of Oregon shall be, and hereby is, amended to read as follows:'"

This form of statement was used in framing the proposed amendments now on file, and the Attorney-General thinks it sufficient.

The initiative and referendum section of the constitution reserves to the people the "power to propose laws and amendments to the constitution and to enact or reject the same at the polls."

It is argued that this use of the word "enact" applies to constitutional amendments as well as proposed laws, and hence the enacting clause is necessary. Upon the subject of an enacting clause the constitution says: "The style of all bills shall be: 'Be it enacted by the people of the State of Oregon.'"

If proposed constitutional amendments are "bills" within the meaning of this section, an enacting clause would be necessary. Attorney-General Crawford does not think the word "bills" was intended to cover proposed amendments.

In the first section of the first article of the state constitution it is declared that the people "have at all times a right to alter, reform or abolish the government in such manner as they may think proper."

From this it is argued that since a constitutional amendment is a change in the state government the amendment must be held to be legally adopted unless it plainly states some express provision which the people have already prescribed regarding the manner of adopting amendments. As the constitution does not clearly require that proposed amendments shall have enacting clauses, it is argued that the absence of such a clause could not be a fatal defect.

ALBANY, Or., Feb. 17.—(Special).—Victor McFarland, a crippled lad who has been running a bootblack stand in Albany for a number of years, attempted to commit suicide in Albany this evening by shooting himself in the head with a 22-caliber revolver. The bullet lodged in McFarland's head, and while he is in a comatose condition there is no hope for recovery.

The shooting was done in the boy's room at his mother's home in Albany. He was despondent over continued physical disabilities, and left a note stating that in his condition he was no good to himself or any one else.

When but a small boy young McFarland received a fall at school which resulted in a diseased limb. Several operations were performed without resultant good, and now after the lad has reached his majority he is a hopeless cripple. At times he suffers terrible pains in his limbs. Added to this his general physical condition is bad.

In a circulation contest Victor was a contestant, and through the aid of Albany people succeeded in securing a number of subscribers. But all efforts to gether enough funds to maintain himself while in a Portland school failed. Then the boy made a fruitless effort to secure work in Albany. These things are thought to have brought on despondency in a fit of which the rash act was committed.

OPTION ON MUCH TIDELAND

Ellensburg Man Will Pay \$4000 an Acre for Eighty Acres.

TACOMA, Wash., Feb. 17.—(Special).—Acting for W. J. J. Roberts, of Seattle, Ellis Lewis Garrison today secured option on 80 acres of tidelands at an average price of \$50 an acre. This, together with the other land secured by Mr. Garrison, is for W. A. Wells, of Ellensburg. Mr. Wells came to Tacoma last night. He was joined here today by Mr. Roberts and another man, whose identity has not been disclosed. They made an automobile trip to the tide flats, and the party returned to Seattle. Mr. Wells is a city engineer. Corey, who used the reverse lever and emergency brakes, saved a disastrous wreck.

Tonight William Bartlett, aged 18, and Loren Burnett, aged 17, students of Edwards College at Albion, are in the County Jail and both have confessed they attempted to wreck the train. They are sons of highly respected parents. Edwards College is a sectarian school conducted by the United Brethren Church.

Bartlett had persuaded Burnett to take a walk with him for the purpose of talking religion to him, when he suggested wrecking the train, and the younger boy consented.

BLAME CANDIDATE MOORE.

Seattle Democrats Decide Not to Call a Municipal Convention.

SEATTLE, Wash., Feb. 17.—(Special).—The Democratic city committee today renounced its action in calling a municipal convention. Caucus returns indicated not more than a third of the city would be represented, and as this meant a convention that would not represent the party, the effort to get a meeting was abandoned.

The Democrats Name William Hickman Moore, nominee for Mayor on the Municipal Ownership ticket; J. W. Godwin, chairman of the Democratic State Committee; John Y. Terry, National committeeman, and others who took part in the municipal ownership convention, for undermining the party organization. Moore pledged himself last winter to accept a Democratic Mayoralty nomination and agreed he would not be a candidate on any other ticket. When he went into the

CHINOOK RUNNING IN COLUMBIA.

ASTORIA, Or., Feb. 17.—(Special).—Quite a run of chinook salmon is reported in the Columbia River near Cathlamet, and as the fishermen receive 30 cents per pound for the fish, those who are out are making good wages.

Chicago.—All transcontinental railroad speed records are to be broken next week by a gasoline car now being tested in Philadelphia. The run will be made from New York to San Francisco.

Desperate Slaughter

Twenty-One Elegant, Nearly New Pianos to Be Sold at Once, for Virtually Half Price.

During the coming week we wish to dispose of 21 excellent, slightly used pianos, received in part payment for Florida pianos or left. Some of these instruments are exactly like new, some show a little wear, none of them enough to impair appearance or tone quality.

Any of these instruments may be obtained on payments of \$10 cash and \$4 a month.

Here is the list:

- Fancy walnut Conover, upright, \$155. Large mottled walnut Everett, \$150. Fancy mahogany Wing, upright, \$142. Large oak-cased Bailey, \$138. Very nice Thompson & Co. rosewood, \$135. Rosewood Rudolph & Co. upright, \$90. Large mahogany Leicht, \$125. Large mottled walnut Everett, \$110. Finest mottled walnut Voss, \$105. Elegant mottled mahogany Kimball, \$104. Fancy large mahogany Kakaor, letter case, \$100. Very fine mahogany Schumann, \$100. Mottled walnut Hamilton, \$75. Fancy mahogany H&S, leather, \$75. Oak-cased excellent Jacob Doll, \$75. Fancy Milton oak case, same price. Great big oak-cased Wellington, \$125. Fancy mahogany Kingsbury, \$115. Very fine Knabe baby grand, in genuine rosewood case, \$125. Genuine mahogany Pease baby grand, very choice, \$145. Beautiful nearly new Steinway baby grand, \$125.

These grand pianos will be sold on payment of \$25 down and \$12 a month. All must be sold during the coming week. Telephone or telegram orders to hold certain instruments till later can arrive will be honored 24 hours only. A deposit of 5 per cent to show good faith will be required from purchasers living out of town, whereupon piano will be shipped subject to approval with the understanding, if upon receiving it is not found exactly satisfactory to the buyer it may be returned at expense of freight both ways of Sellers Piano House.

Everything we sell we guarantee. Money back if purchase is not entirely satisfactory. Sellers Piano House, largest retailers of pianos in the United States. Main office 231 Washington street, Portland.

municipal ownership convention and J. W. Godwin appeared as his manager, the convention programme of the Democrats was used.

Among such prominent Democrats as William Piggott, chairman of the city committee; T. J. Church, secretary of the city committee; J. C. Swenney, John Schram, Alfred Battle, Richard Saxe Jones, J. F. McElroy, L. C. Gilman, William Blackman and others of state reputation, the Moore-Godwin action was denounced as an effort to wreck the party. The decision not to call a convention saves the party from any danger of ratifying their action.

Mohair and Wool Pools. McMINNVILLE, Or., Feb. 17.—The Yamhill Livestock Association has elected the following officers: President, William Diller; vice-president, John Redmond; secretary, M. B. Hendrick; treasurer, W. R. Link; directors, William Gunnison, John Ewell, B. O. Jones, Angus Nelson and D. A. Walker.

At the last meeting of the association a resolution was passed recommending that the trustees set April 7 as the date for selling the mohair pool. It was also recommended that a wool pool be formed.

Insurance Investigation Prompt. VICTORIA, B. C., Feb. 17.—An Ottawa dispatch says during the approaching session of Parliament the insurance business in Canada will be under close investigation, serving the confidence of the public in the business.

Shrievally a Rich Plum. OREGON CITY, Or., Feb. 17.—(Special).—D. E. Dimick, of Canby, announces he will be a candidate for the nomination of the Republican ticket. There are no less than a dozen aspirants for the nomination.

Army Men Learn to Cook. JUNCTION CITY, Kan., Feb. 17.—Four officers of the commissary department of the Army—Captain Charles C. Clark, from Chicago; Captain Arthur Edwards, from Chicago; Captain F. M. Lawton, from Fort Leavenworth; and Captain B. Simonda, from San Francisco—commenced a two months' course at the bakers' and cooks' school here today.

A large number of enlisted men from the different Army posts are also taking the course. The officers, as well as the men, are being given practical instruction.

What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every Spring and Fall.

It was the universal Spring and Fall "blood purifier," tonic and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and large quantities had to be taken to get any effect. Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, and in a quantity which is more effective than a table-spoonful of the crude sulphur.

In recent years research and experiment have shown that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drugstores under the name of Stuart's Calcium Water-purifier, or Stuart's Calcium Tablets, and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

People are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every Spring and Fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparation of Stuart's Calcium Water-purifier, or Stuart's Calcium Tablets, which is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles, and cure constipation and purify the blood, and are especially useful in all forms of skin disease, such as eczema, etc.

Dr. R. M. Wilkins, while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation, the sulphur obtained from Stuart's Calcium Water-purifier, or Stuart's Calcium Tablets, is superior to any other form of sulphur."

Patients suffering from boils and pimples, and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Through Stuart's Calcium Water-purifier, or Stuart's Calcium Tablets, the sulphur is sold by druggists, and for that reason is known by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles, and especially in all forms of skin disease, as this remedy."

At any rate, people who are tired of pills, cathartics and so-called blood "purifiers" will find in Stuart's Calcium Water-purifier, or Stuart's Calcium Tablets, a far safer, more palatable and effective preparation.

Wilson Mizner and His Bride Not on Speaking Terms.

SHE CLINGS TO THE COIN

Youthful Husband Withholds His Society in Effort to Tame Her and Is Confident His System Will Win.

SAN FRANCISCO, Feb. 17.—Silence reigns in the Yerkes-Mizner mansion in New York. Wilson and his mature bride are at odds. This month has been passed across the continent in telegraphic whispers, and the friends of the bridegroom are in trepidation lest the nuptial knot, which seems to have been too loosely tied, shall fall apart. As the situation is reported, Mizner declines to converse with his wife until she shall have turned over some of the millions given her by the late traction magnate.

In different apartments, far removed, they live separate lives. When Mizner does not dine at the club he has his dinner served in the dining-room at an hour which he knows that his bride will not be present. If there is any communication between them it is by formal notes, dispatched by servants. It is said that these notes, which were quite frequent during the first few days of the estrangement, have now ceased.

What the outcome will be is still conjectured, but friends of Mizner are ready to lay odds that he will be in the lead when the wire is reached. The only question is, How long can the bride of three weeks stand this isolation? Will she remain obstinate, or will she write begging forgiveness? Personally, Mizner is confident.

How long the situation will continue is causing speculation on both sides of the continent.

WEST INDIES SHAKEN UP

Earthquake Damages Many Dwellings and Cuts Cables.

ROSEAU, Island of Dominica, B. W. I., Feb. 15 (Friday).—Two prolonged and severe earthquakes were experienced here at 1:32 P. M. today, the direction being east by south to west by north. The duration of the first shock was six and a half seconds, and that of the second shock three and a quarter seconds. The disturbances slightly damaged the walls of houses. Earthquakes were felt today at Dominica, St. Lucia and Guadalupe.

CASTRIES, Island of St. Lucia, B. W. I., Feb. 15.—A very severe earthquake was felt here at 1:25 P. M. today, and another severe shock was experienced at 2:35 P. M. Nearly all the walls and buildings in Castries were damaged.

POINTE A PITRE, Island of Guadalupe, B. W. I., Friday, Feb. 15.—Pointe a Pitre and Basse-Terre, on this island, experienced slight earthquakes shocks this afternoon.

ST. THOMAS, D. W. I., Friday, Feb. 15.—The officials of the cable company here have sent out a notice to the effect that cable messages to and from the Island of St. Vincent and Barba-

POINTE A PITRE, Island of Guadalupe, B. W. I., Friday, Feb. 15.—Pointe a Pitre and Basse-Terre, on this island, experienced slight earthquakes shocks this afternoon.

ST. THOMAS, D. W. I., Friday, Feb. 15.—The officials of the cable company here have sent out a notice to the effect that cable messages to and from the Island of St. Vincent and Barba-

does, British India, are subject to delay. No news has been received recently from those islands.

CASTRIES, Island of St. Lucia, B. W. I., Feb. 17.—Following the earlier earthquakes of yesterday afternoon, another shock was felt at 5:05 P. M. yesterday and loud detonations and shocks occurred until 3 o'clock this afternoon.

Business is suspended. Some of the large residences have been badly damaged and their occupants have sought shelter elsewhere. Many private houses and stores sustained serious losses. Cable communication with the Islands of St. Vincent and Barbadoes has been severed by the earthquakes.

WASHINGTON, Feb. 17.—The belief of the officials here that the recent prolonged interruption of the submarine cables in West Indian waters was the precursor of great seismic disturbances was confirmed by the receipt today of a cablegram dated at Port de France, Island of Martinique, yesterday, from American Consul Jewell, as follows: "Most violent earthquake shock in 64 years prevailed over the entire island at 2 o'clock this afternoon. No great damage."

PORT DE FRANCE, Island of Martinique, Friday, Feb. 17.—A severe shock of earthquake was felt here at 1:40 o'clock P. M. today, which was followed by three slighter disturbances. The undulations cracked the walls of buildings.

ST. GEORGE, Island of Grenada, B. W. I., Feb. 17.—Two prolonged, though slight, shocks of earthquake, corresponding in time with those felt in the Island of St. Lucia, were experienced here Friday. There were frequent detonations during the night.

Castro Is All Ready to Fight. CARACAS, Venezuela, Thursday, Feb. 15 (via Wilmington, Island of Curacao, Feb. 17).—The preparations for war at the Venezuelan ports have been completed. A large quantity of ammunition arrived in Venezuela last week. All the foreign Consuls, Consular Agents and other foreign officials have been absolutely forbidden to go on board steamers at

official permission. American Minister Russell, who has been suffering from an indisposition, has gone to Macuto to recuperate.

The Venezuelan Government has appointed Guzman Guarinas to be Minister to the United States in place of M. Veloz-Goticoa, who offended President Castro by voting to hold the Panama Congress at Rio Janeiro.

SPEAKER CANNON TALKS

Condemns Centralized Government Fallacy at Union League Banquet. PHILADELPHIA, Feb. 17.—Speaker Joseph Cannon, of the House of Representatives, was the guest of honor and principal speaker tonight at a banquet at the Union League. During his address, Speaker Cannon discussed the fallacy of the people who would try to shift responsibility on a more centralized government. He paid a glowing tribute to the Republican party and concluded by declaring the hope that never in his day would conditions so change as to bring another party in power.

Progress of Beet-Sugar Industry.

WASHINGTON, Feb. 17.—A preliminary statistical report of the beet-sugar industry for the year ending December 31, 1904, issued today by the Census Bureau, shows that industry has increased 22.5 per cent in the number of pounds of sugar produced, and 23.2 in the value of the product. The total number of pounds of sugar granulated and raw, produced in 1904 was \$31,338,294, and the value of this product was \$23,904,602.

In 1904 the number of sugar-beet factories was 81, as against 31 in 1900. The capital invested in 1904 was \$55,925,353, against \$20,568,519 in 1900.

Philadelphia, (Special).—The Pennsylvania Company will not abolish the excess on the mileage books until compelled to do so by law. This is the statement of an officer who declared that the legal department was satisfied there was no violation of any law in charging the \$10 excess.

Weak Lungs Bronchitis

For over sixty years doctors have endorsed Ayer's Cherry Pectoral for coughs, colds, weak lungs, bronchitis, consumption. Cures hard cases, desperate cases, old cases. You can trust a medicine the best doctors approve. Ask your doctor all about it.

We have no secrets! We publish the formulas of all our medicines. Made by the J. C. Ayer Co., Lowell, Mass. AYER'S RAIP VIGOR—For the hair. AYER'S PILE-CURE—For constipation. AYER'S SARSAPARILLA—For the blood. AYER'S WIND-CURE—For flatulency and gas.
