

EASTER TIDE

AND OUR GREETINGS OF THE SEASON

The spirit of the Spring season is now amongst us, when nature in her glorious splendor awakens all to the fact of something needed—something to be accomplished. Our first thoughts are of the replenishing and beautifying of the home—something that you have long contemplated for this or that place. The need of some comfortable and attractive Furniture piece, a new Carpet or Rug, Lace Curtains or Draperies. Or perhaps the upholstering or repairing of some coveted piece of Furniture. This is the appointed season for home replenishment. The offerings of our many different departments that combine toward the making of a comfortable and attractive home were never more complete—hundreds of ideas for every part of the home.

The FOREMOST DESIGNS IN FURNITURE OF ALL GRADES

For the parlor, the living-room, the library, the dining-room, the hall and the bedroom. Many new pieces in beautifully figured mahogany, golden oak, walnut, rosewood and maple, Settees, Chairs, Davenport and Rockers in appropriate coverings. Also many pieces in the Denim, affording an opportunity to select coverings desired. Bookcases, Library Desks, Leather Chairs and Rockers and other pieces that complete the library. Dining-room Furniture of every grade, complete suites or odd pieces; Dining Tables, Dining Chairs, Sideboards, Buffets and China Closets. For the bedroom many new designs in Dressers, Chiffoniers, Dressing Tables, Princess Dressers and Commodes. A line of Brass and Iron Beds in plain

and ornamental designs. Aside from these are many odd pieces for all purposes—Stools and Tabourettes, Pedestals, Stands, Book and Magazine Racks, Plate Racks, Costumers, Tea Tables, Sewing Tables and many other ideal pieces.

The GOOD OLD MISSION FURNITURE

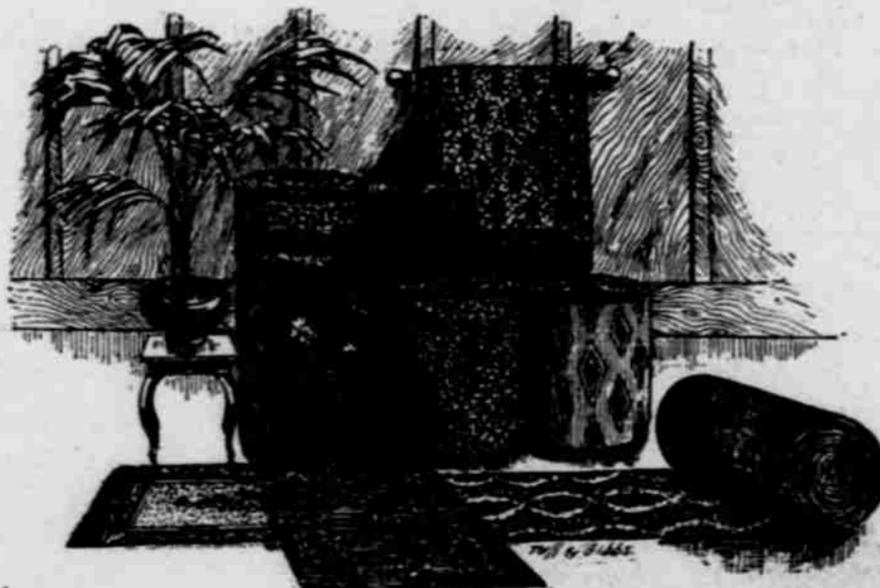

The Furniture that has won a place in nearly every American home. The design, the finish, the construction, the durability and the comfort which this quaint Furniture affords combines to make it most popular. In the fumed and weathered oak our gathering of "arts and crafts" designs is complete for den, living room, library, dining-room and hall.—Although ranging in a great variety of designs, each piece is in some way or other characteristic of the early and original productions. The leather cushions and upholstery and the copper and brass trimmings and ornaments used on bookcases, china closets, buffets, tables and other pieces, add greatly to their odd beauty. Especially do we call attention to the "fumed" finish. This has proven to be the most characteristic of all the finishes which have been applied to quaint Furniture designs.

FURNITURE FOR THE PORCH AND LAWN

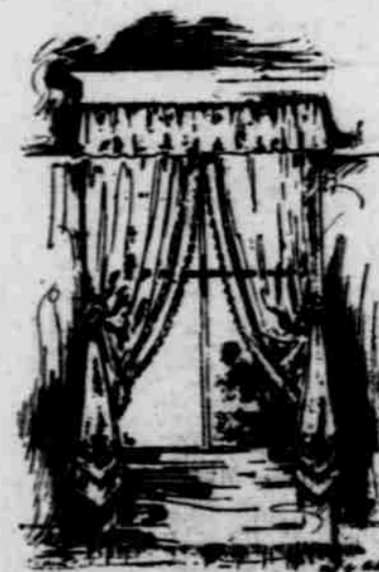

This season will no doubt tend to remind you of the need of comfortable out-door Furniture. Our many different designs for the porch and lawn are now on display. These include pieces in the red, green and weathered oak finishes. The popular "Old Hickory" is most extensively represented in our showing of Furniture for the porch, lawn and Summer cottage.

MANY HANDSOME EFFECTS IN FLOOR COVERINGS

A stock which comprises everything in the very best weaves of both Carpets and Rugs. Our line of Spring patterns is larger than any previous season and embraces the most recent designs and colorings of the world's best weavers of Carpets and all size Rugs. Our showing this season of the "Hof" (Hodge's Fiber) Carpets and Rugs is resplendent with many new designs and colorings. The modern and economical floor coverings are both durable and sanitary and are adaptable for almost every room in the home. We are exclusive agents in this territory for "Hof."

EFFECTIVE DRAPERY HANGINGS AND FABRICS

The latest effects in Brussels, Irish Point, hand and machine-made Arabian, Renaissance, ruffled Net and Muslin and Nottingham Curtains. Drapery fabrics in every tone of color in light and heavy weaves, suitable for all drapery purposes, in silk, wool or cotton. For all upholstery purposes our line of upholstery materials embraces everything of the most reliable textures and colorings.
