RAILROAD RATE QUESTION DIS-CUSSED WITH McMINNVILLE.

eabyterian College Men Excel in the Manner of Presenting Their Subject.

McMINNVILLE, Or., April 28.—(Special.)—Last night in the Imperial Thester debating teams of Albany and McMinnville colleges discussed the question, "Resolved, That the Interquestion, "Resolved, That the Inter-state Railroad Commission should be empowered to regulate railroad rates, subject to revision only by the higher courts." Albany college upheld the negative of the question and received the votes of two judges, thus giving them the decision and the champion-ship of the Collegiate Debating League

of Oregon.
Francis Galloway, of the University Francis Galloway, of the University of Oregon, presided. The McMinwille team consisted of C. U. Campbell, Earle Nott and Theodore Anderson. Albany was represented by R. K. Knotts, William Steel and E. L. Jones. Campbell opened the argument, centending that the measure was necessary because it will reliminate extortionate rates and sten discrimination between places and stop discrimination between places and

empanies, Knotts for Albany held that the Knotts for Albany held that the measure was not necessary and was impractical. Not then spoke for Mr. Minwille, holding that it was practical and refuting the argument of his opponent in part. Steel, of Albany, then spoke on the dangers of such a measure and proved nimself to be the most logical man of the Albany team, Anderson closed a constructive argument. logical man of the Albany team, Anderson closed a constructive argument for McMinnville, devoting his time to the fact that it would not create any new evils. E. L. Jones closed for the visitors with the argument that it was unconstitutional. Theodore Anderson closed the debate with the strongest speech of the evening.

Albany excelled in manner of presentation but much of their argument

Abany excelled in manner of the period of th Bates, of Pacific University, Professor Hopkins Jenkins, of Portland Acad-emy, and Rev. Mr. Vinclent, of Cor-vallis. Following the debate the teams were tendered a reception in the Adei-phic fraternity hall.

An Old Story

The man who pays rent for ten years pays nearly the original cost of the property and in most cases the appreciation is more than the interest on the investment.

The EAST SIDE has the most HOMES, has the GREATEST population, is growing the most RAPIDLY, and the GREATEST PORTLAND MUST and WILL he there.
