 San Francisco house of the Goodyear

D. W. HOELING & Co.

The United Fruit Stores Co.'s new
 retail store on Third street, which
 opened yesterday, is without doubt the
 handsomest establishment of its kind on
 the Pacific Coast. The walls and ceiling
 are in pressed steel, which are richly
 colored in greens and cream and finished
 with the new wax process. The cove is
 especially attractive on account of its
 artistic blend. All those interested in
 high-class, up-to-date decorating should
 not fail to pay a visit to this store, which
 is a sample of the work being done by
 the Henry Berger Company.

CHURCH IS COMPLETED.—The Methodist
 Church at Montavilla, Rev. P. J. Palmer,

 the building, which nearly doubles its
 seating capacity. The room in this addi-

**Diamonds
 That Sell
 Themselves**

**Quality
 Not
 Quantity**

The size of a Diamond does not signify as to its value. A small
 Diamond, perfectly cut—white and without a flaw, even though
 small, is worth more than one twice the size, imperfect and not
 properly cut.

As an investment what is better than a diamond? You not only
 enjoy the pleasure of wearing them, but are sure of a 15 to 20 per
 cent advance each year.

Our stock of Diamonds never was larger and we are satisfied with
 a small margin of profit. That is why we sell so many, besides we
 have an expert diamond setter in our shop—also manufacture any-
 thing special in the way of settings.

Yes, we sell the famous 20th Century Cut Diamonds. One look
 at them will convince you of their superiority over the regular cut
 stones.
