Awaits Issue of Douma's Conflict With Czar.

MONARCH PLAYS FOR TIME

Grant Partial Amnesty and Regard Other Demands as Merely Expression of Opinion—Pays Honor to Mouroumteff.

ST. PETERSBURG, May 19.—The week closes with suspense over what the next few days will bring forth, but it already is certain that Emperor Nicholas and the government do not regard the address of the lower house in reply to the speech from the throne, as an ultimatum beyond the demand for amnesty, which the Emperor will seek to satisfy.

Mouroumteff Guest of Honor.

The trip of President Mouroumteff, of the lower house, to Petersburg today was not as anticipated, was productive of no changes in the situation. Though the leader of the house received the utmost consideration and was signaled out by the Emperor or special attentions, the subject of the address was, by tacit understanding, avoided.

Highest Place at Feast.

As far as the rules of precedence permitted, M. Mouroumteff was the guest of honor. On the arrival of the special train with the members of the cabinet, M. Mouroumteff was seated in the first carriage, he was ushered to the front place during the "Te Deum" in the chapel, and at the luncheon was seated between the Minister of War Rudiger and Minister of Finance Kokofov, and near the Emperor, who addressed much of his conversation to him.

Not Yield, but Avoid Conflict.

The government certainly does not intend to yield to the demands of Parliament, but the desire to avoid a conflict is becoming increasingly evident. It is thought the policy of the government, while conceding the minimum demands, to compel Parliament by pacific assurances to assume responsibility for a fresh hostile initiative.

CZAR BETWEEN TWO FIRES Must Fight People or Aristocracy, and Lose Either Way.

PARIS, May 19.—(Special.)—Great activity among Russian revolutionists who have established quarters here is believed to indicate that a coup is to be attempted in Russia within a short time. In fact, the leading Russian "Reds" do not conceal their intention to attempt the ouster of the Czar by the Douma. They declare that His Majesty has been placed in such a position that, no matter how anxious he may be to compromise, he will be compelled to exercise his prerogative and dissolve the Douma if he is to retain any of his absolute rights.

Popular Leaders in Parliament Singled Out—Czar Heard Debate.

LONDON, May 19.—(Special.)—Europe is astounded by the skill with which the newly created Russian legislators have addressed themselves to the most stupendous task that ever has confronted a Parliament. So far from proving to be a mob of ignorant and disorderly interlopers, the representatives turn out to be men capable of holding their own in debate and constructive work of the Douma with the "intellectuals."

Calling China to Terms.

Germany Stands Aside.

LONDON, May 19.—Great Britain's world-wide interests prevent the possibility of the diplomats ever being without a problem to solve. Turkey, undismayed by her failure to secure a slice of Egypt, has raised another question in which not only Great Britain, but all the powers trading with Turkey, are interested.

Will Hold Onto Wei Hai Wei.

In connection with the Chinese affairs the frequently repeated assertion that Great Britain is about to evacuate Wei Hai Wei, Provinces of Shantung, has again cropped out. However possible this was before the outbreak of the war, it is now impossible, Japan having expressed a desire that Great Britain hold that port in the interest of her ally.

Turkey, undismayed by her failure to secure a slice of Egypt, has raised another question in which not only Great Britain, but all the powers trading with Turkey, are interested.

Calling China to Terms.

A more delicate question, and one which affects Great Britain more directly, is the change in the Chinese customs administration, with reference to which China has been asked for an explanation, which has not been given satisfactorily.

Germany Stands Aside.

According to the last of the dispatches received by the Foreign Office, Great Britain in asking China for an explanation was supported by all the powers, with the exception of Germany. A press dispatch, however, intimates that the German Charge d'Affaires attended today's meeting at Pekin and supported Great Britain and the other powers.

Are Never Without Pe-ru-na in the Home for Catarrhal Diseases.

MR. S. D. FOSS, 118 S. E. 6th street, Minneapolis, Minn., writes: "I wish to congratulate you on your medicine, Pe-ru-na. I have been a sufferer with catarrh of the stomach for over two years, but since I have used your Pe-ru-na, I feel much better." "I can now breathe with ease, and also my cough is stopped. I had for six months before I took down with the grippe. I have since been able to attend to my work and business as usual."

"I can now breathe with ease, and also my cough is stopped. I had for six months before I took down with the grippe. I have since been able to attend to my work and business as usual." "Mrs. Theone Mikkelson, Brigham City, Utah, writes: 'I wish to thank you for all the good Pe-ru-na has done me. I am entirely free from the cough which used to bother me so much every winter. My kidneys are in good condition, and I feel stronger and better all over. For all this, I give the credit to your excellent medicine, Pe-ru-na. I am pleased to recommend it to everybody.'"

Revised Formula—"For a number of years requests have come to me from a multitude of grateful friends, begging that Pe-ru-na be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Pe-ru-na that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character.
