## PORTLAND MAKES ANOTHER RECORD

SNAPS UP OVER \$35,000 WORTH OF PIANOS AND ORGANS AT EILERS CLOSING OUT SALE IN FIVE DAYS.

Everybody Taking Advantage of Most Unprecedented Piano Buying Opportunities-List of Buyers Enumerated Here-Looks Like a City Directory; Millionaires and Mechanics, Schoolteachers, Organists, Musicteachers, Leading Business and Professional Men, All Take a Hand.

All honor and credit to old Oregon and particularly to the citizens of Portland! Our city, reputed as being the wealthiest city in the world, comparatively, has certainly demonstrated its ability to raise more money per capita in a shorter time than any other city in the Union.

This was demonstrated when \$250,000 was subscribed for the Lewis and Clark Exposition in so short a time as to astound the universe. Again Portland achieved a record by raising more than a quarter of a million of dollars in cold cash in a very few days for the San Francisco rellef fund, to say nothing of the vast amount of supplies, and again last week Portland has undoustedly established a record of plano buying that has never been equaled in any city in the United States, no matter how large. For since the announcement of the closing-out sale of the Ellers retail stock of fine planos organs, planolas, planola, planos, etc., was announced, and since the commencement of the sale last Tuesday morning, more than a hundred and fifteen instruments have been secured by shrewd buyers who were quick to see a bargain when offered and had the wherewithal to pay for it.

An average of 22 planos a day, amounting for the five days last week to over \$35.000, has been disposed of since the first announcement that the famous "quarterblock of fine planos" would be closed out owing to the impossible demands for rent made by an unreasonable landlord. At this rate every single instrument in the big establishment will be sold by the end of this month, when the premises must be vacated.

Fortunately, several competent salesmen have been secured from our San Francisco branch, and with this augmented force we hone during the competent salesmen have been secured from our San Francisco branch, and with this augmented force we hone during the competent salesmen.
