

FIGHT IN SALOONS

Prohibitionists to Enter Politics in Washington.

FOR LOCAL OPTION LAW

Superintendent Cherrington, of "Anti" League, States Organization's Plans—Work Already Well Begun.

SEATTLE, Wash., June 30.—(Special.)—F. H. Cherrington, superintendent of the Anti-Saloon League of this state, today declared that his co-workers would "mix" in the primary fights of all parties and insist upon the nomination of Legislative candidates pledged to support restrictive legislation tending toward the gradual elimination of the liquor traffic.

There are but three towns in the state of 500 people or over, in which we are not organized, and they will be put in shape very shortly now. Summary we will round up Aberdeen. Four of our best men will go there to speak in the churches. After that will come the organization of local men interested in the suppression of the saloon. Our attorney, Mr. Doty, Dr. G. L. Tutts, who carried out the successful local option fight in Oregon; Thomas Bain and myself will go to Aberdeen.

Eight leaders in the Anti-Saloon League have spoken in 400 churches since August 1. Following these meetings organizations have been formed in every city and town, termed "Law Enforcement Leagues," or with some similar title.

COMBINE ELECTS TRUSTEES.

Eleven Prominent Business Men Will Represent Policy-Holders.

SAN FRANCISCO, June 30.—Eleven prominent men of San Francisco, representing the Merchants' Association, Chamber of Commerce, Merchants' Exchange, San Francisco Board of Trade and Manufacturers' and Producers' Association of California, have consented to act as trustees for the great combination of the commercial holders of fire insurance policies that will strive to defend the interests of San Francisco business men whose losses by the recent fire represent more than \$100,000,000.

The trustees are H. Weinstein, Andrew Carrigan, Albert Derrham, Charles H. Crocker, Rudolph Taussig, James D. Phelan, F. W. Van Sicken, Charles Holbrook, F. W. Grant, F. W. Dohmann and A. Sbarbo.

Two leading propositions were submitted to the policy-holders last Monday. One was an assessment of 1 per cent of the face value of policies, a fund estimated at \$1,000,000 in round figures, for the systematic publication of newspapers in all the great cities of the world, at intervals during a series of years, of the names of fire insurance companies that act fairly toward the policy-holders in all times, and also a list of those that do not act squarely and honestly in the settlement of the losses for which they are liable.

HE IS NOT A TAXDODGER.

Claus Spreckels Declares \$1,250,000 Money in Bank to Assessor.

SAN FRANCISCO, June 30.—(Special.)—This year's assessment roll will show a great decrease in the amount of personal property assessed, but there was no decrease in the statement of Claus Spreckels as filed at the Assessor's office. Mr. Spreckels declared \$1,250,000 money in bank, on which the taxes will amount to \$32,000. Assessor Dodge declares that Claus Spreckels is the largest taxpayer in the United States.

NAME ADJUSTING COMMITTEE

"Dollar for Dollar" Companies Prepare to Pay Fire Losses.

OAKLAND, June 30.—(Special.)—Representatives of the "dollar-for-dollar" insurance companies met today and decided to do what they have been trying to get the adjusting bureau to do for two months—adjust losses and not merely investigate them. At the meeting today it was agreed that all claims be placed in the hands of a committee of five to be selected from their own number; that this committee adjust the losses, and whatever this committee reports is to be final.

Security Fire is Insolvent.

SAN FRANCISCO, June 30.—(Special.)—The Security Fire Insurance Company of Baltimore is insolvent and in the hands of a receiver. The petition in insolvency was filed in Baltimore, June 23, but was not known in San Francisco until the arrival of Baltimore newspapers. A large number of notices were issued by the company on San Francisco properties, nearly all of which were destroyed. The company was organized in 1860, and in addition to its capital of \$300,000, had a net surplus of \$51,000.

Thousands in Melted Coin.

SAN FRANCISCO, June 30.—(Special.)—One of the most interesting relics of the conflagration to be found anywhere, and one that represents a loss of many thousands of dollars to the United Railways, consists of a mass of melted coin that the street railway company recovered from its safes in the Riado building. The blackened masses of precious metal are

stored in the offices of Thorawell Mullaly, assistant to the president, and afford an object of curiosity to visitors. What will be done with the melted coin is a problem that is worrying the officers of the company.

Throws Convicts Into Panic.

SACRAMENTO, June 30.—While a special train conveying 50 convicts from Folsom prison to this city, en route to San Quentin, was passing Tweed and R streets, this morning, the engine struck a railroad torpedo, which exploded, causing a panic among the prisoners. Warden X and his guards were in the coach with the prisoners, while at either end of the coach was a flatcar, each with three armed guards, who soon restored order.

Mayor Schmitz Outlines Plan.

SAN FRANCISCO, June 30.—(Special.)—Mayor Schmitz outlined in brief yesterday the settlement plan proposed in the matter of housing in permanent individual homes for 1000 persons who are in the relief camps. The idea is to separate the various settlements, locating them wherever available land can be secured. The plan comprehends the purchase of 20 or 25 blocks of land in the city.

Many Will Be Disfranchised.

SAN FRANCISCO, June 30.—No citizen of San Francisco living in a public square will be allowed to register and thereby obtain the right to vote. This means that at least 500 citizens are disfranchised through no fault of their own. The Board of Election Commissioners has put a most rigid interpretation to the law. Instead of doing all they could to make it easy for citizens to vote, they are doing all they can to prevent them.

Pleased by Lane's Confirmation.

SAN FRANCISCO, June 30.—The news of the confirmation of the appointment of Franklin K. Lane as a member of the Interstate Commerce Commission was gratifying to Lane's friends here. No man is more popular in this city than Mr. Lane, city and county attorney for San Francisco, as candidate for Governor of California and later as Democratic nominee for Mayor of this city. Mr. Lane won general confidence and popularity.

St. Francis Loss Adjusted.

SAN FRANCISCO, June 30.—The St. Francis Hotel loss, involving \$1,000,000 of insurance, has been adjusted. This is one of the largest losses resulting from the recent fire. The adjustment was accomplished with the utmost harmony and good nature. It is stated, and the time taken was no longer than was required to make a thorough examination of the premises.

COPPER STRIKE IN BUTTE.

Vein Encountered by Workmen in Excavating for Building.

BUTTE, Mont., June 30.—(Special.)—While engaged in excavating the basement of the new Silver Bow Club Building today workmen encountered a vein of rich copper ore. The strike caused considerable excitement in the city and within a few hours hundreds of curious people had inspected the discovery. The strike was made at a depth of eleven feet. The vein is continuous and carries high values.

Take Bullet From Brain.

LOS ANGELES, June 30.—Mrs. Lillie Beggs, who was shot by her husband two and a half months ago, following which he killed himself near East Lake Park rather than submit to capture, had a bullet removed from her brain at the county hospital today. The case is rather an unusual one, and called for a keen bit of surgery. Three ounces of matter was taken out and the bullet was successfully removed. The woman is resting easily and her complete recovery is expected.

Contest in Tillamook.

TILLAMOOK, Or., June 30.—A contest of the election in this county for County Treasurer has been filed by the present incumbent, P. W. Todd, Democrat, against Carl Haberlach, Republican. Mr. Todd, who received a majority of only seven votes.

Cook Party's Thrilling Trip.

SEATTLE, June 30.—A cable to the Times from Seward, Alaska, says: W. N. Armstrong has returned from Zenina, where he went with the Cook party. He

S.S.S. KILLS THE GERMS OF SCROFULA

The laws of nature and heredity are fixed and invariable. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, weak eyes, hid disease, pale, waxy complexions, emaciated bodies, running sores and ulcers, and general weak constitutions are the principal ways in which the disease is manifested. Those who have inherited this blighting trouble may succeed in holding it in check during young, vigorous life; but after a spell of sickness, or when the system has begun to weaken and lose its natural vitality, the ravages of the disease will become manifest and sometimes run into Consumption. S. S. S. goes down into the circulation and forces out the scrofulous deposits, kills the germs and completely cures the disease. It changes the quality of the blood by removing all impurities and poisons and supplying this vital fluid with rich, health-sustaining qualities. S. S. S. is a purely vegetable medicine and is especially adapted to systems which have been weakened and poorly nourished by scrofulous blood. Literature on Scrofula and medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CURE! NOT TALK IS WHAT YOU WANT

UNCLAIMED FREIGHT

Thousands of cars of freight, stalled at San Francisco, are gradually but slowly being moved. The terrible tangle in the railroad freight yards and on the steamship wharves is being straightened out, and freight which has been awaiting claimants is being shipped to different points along the Coast. PORTLAND BEING THE NEXT LARGEST SHIPPING POINT, most of the freight is sent here. Fruit, meat and all foodstuffs have been distributed or destroyed (when found unfit for use). Hardware, crockery, groceries, etc., have been bought up from us by the jobbers and wholesalers, BUT THE CLOTHING, SHOES, HATS and MEN'S FURNISHINGS WE CANNOT SELL TO ANY DEALER in this city, as every dealer in this class of goods is overstocked now and cannot take an extra piece of merchandise. THIS COMPELS US TO SELL IT OFF AT RETAIL FOR ANY PRICE we can get. ALL WE WANT IS THE COST OF THE FREIGHT. This is an opportunity for every man who wears clothes to secure them for a mere song. CARLOADS of unclaimed freight are arriving DAILY and the GOODS MUST GO to prevent stagnation of cars at this point. Superintendent H. W. Wilson, with a competent staff of experienced salesmen, is managing the sale for the benefit of the railroads, and owing to the extremely low prices at which the MEN'S AND BOYS' SUITS, HATS, CAPS, SHOES and FURNISHINGS are marked the merchandise is going as fast as we can put it on sale. The consignments consist mostly of High-Class Goods. Men's Suits shipped from the East to the best dealers in San Francisco, were manufactured to be sold at \$25.00 to \$40.00 each. To get the freight charges out of them they have been marked to sell at from \$2.99 to \$16.50. Men's Negligee Golf and Working Shirts, made to retail at \$1.00 to \$2.00, will be sold at 25c and 48c. Handkerchiefs, Hosiery, Neckwear, Stiff and Soft Felt Hats, intended to be retailed at from 75c to \$3.50, are going at this sale for 1c to 48c. Regular standard makes of \$4.50 and \$5.00 Shoes will be sold at this sale for \$1.49, \$1.98 and \$2.48 per pair—vici kid, dongolas, velour calf, patent leather, Russia calf and Government Shoes, high and low cut, all styles and sizes. Read the partial list of prices below—take advantage of this sale for immediate and future wants:
