AID FOR PRISONERS

Work Discussed at Meeting of Oregon Society.

GOVERNOR MAKES SPEECH

Advocates Amendment to Law Permitting Governor to Parole Prisoners Before Minimum Penalty Has Expired.

The following officers were elected at the regular annual meeting of the Ore-gon Prisoners' Aid Society in the Unita-rian chapel, corner of Seventh and Yam-hill streets, last evening: President, William F. Woodward; vice-president, Ben Selling; secretary and treasurer, Mrs. M. R. Trumbull; legal counsel. Thomas M. R. Trumbull; legal counsel, Thomas N. Strong; directors, J. D. Lee, B. S. Pague, Judge A. F. Sears, Jr., Rev. E. P. Murphy, Alexander Kerr, H. W. Hogne, Rev. W. G. Ellot, Jr., Dr. J. R. Wilson, M. Goodman, Judge A. L. Frazer and

Mrs. A. E. Rockey.
A motion was entertained to place more women upon committees than has here-tofore been done, and President-elec-Woodward promised to act accordingly.

J. D. Lee presided in the absence of
the president, Rev. W. S. Gilbert.
Governor Chamberlain delivered an interesting address on "The Limitations of
the Indeterminate-Sentence Law," He

"Judges have not, as a general rule, made a very extensive use of the law, not over 20 prisoners having been sent to not over 20 prisoners having been sent to the penitentiary under indeterminate sentences, Many young men are sent up for long terms for crimes which are not helnous, and often for the first offense. Judges are but human, and are liable to be prejudiced. The responsibility is then thrown upon the executive to either pardon the offender outright, which is often not advisable, or else let him serva out this long term. The feeling that some one trusts him, which the parole inspires in the prisoner, often makes a useful citizen of an otherwise worthless criminal. Judges have been exercising the parole power vested in them with equally good effect. I would suggest an amendment to the present law, vesting more authority in the Governor, so that he could parole a convicted person on the recommendation of the prison authorities. As the nonlimum sentence must be served before the parole can be exercised by the Governor. Many of the prisoners could safely be released a six months' time." the penitentiary under indeterminate sen-

Governor Chamberlain then referred to prison practices under the present admin-

"It has been my custom." he said, "to allow every immate of the prison to address a letter to the Governor. It is the duty of the prison officials to see that these letters reach me, and they do reach me. We no longer put the striped uniform upon the pris-oner as soon as he arrives. He is clad in a blue-drab uniform and only those who violate prison rules are forced to wear stripes.

Rev. E. W. St. Pierre, superintendent of the society's work, then read his re-port, which was unanimously adopted. He dealt with the work of the society and outlined their method of caring for paroled men. "We have directly assisted 73 men during the past year," he said, "and, so far as we know, only two have gone back to crime."

The closing address was by Judge

Frazer. He spoke of needed amend-ments to the Juvenile Court laws and of the allied principles of that law and the others under consideration.

Increase of Immigrants Mainly From Southern Europe.

WASHINGTON, July 28.-Revised figures indicate that the immigration to this country during the fiscal year ending June 20 last, was 73,574 greater than it was during the fiscal year 1995. The immigration during the pust year aggregated 1.100,073, against 1.005,499 for the previous year. It is notable that the class of immigrants was not so high as in many previous years, most of them coming from Austria-Hungary, Russia and

No More Chance for Byerly.

WASHINGTON, July 28.—There will be no opportunity for clever people to turn an honest penny without any risk on their own part in connection with the forthcoming issue of Philippine certificates, proposals for the sale of which are to be opened August 23. Captain McIntyre, the acting chief of the Insular Bureau of the War Department, who is conducting the refunding of the outstanding Philippine certificates, has decided to require all bidders to enclose with their bids certified checks to the amount of 1 per cent of their bids as an earnest of their willingness to take the certificates allotted to them. allotted to them.

The requirement is prompted by the case of Express Clerk Byerly, who bid in 15,800,000 of the recent Panama Canal bond issue with the obvious intention of gambling on the option.

ent, self-possessed and high-spirited, but I must own they are not as beautiful as I had been led to expect. I had heard a great deal about the beauty of your women, but I did not find them particularly beautiful, although they are very attractive."
