sylvania this Fall, the fusionists or re-formers have taken new hope and think they can figure out victory in the No-vember election. The fusion ticket has the support of the Philadelphia Press and the Pittsburg Dispatch, two of the strong-est Republican papers in the country, both of which supported the reformers in the last campaign, when the old Republican machine was wrecked. There is peculiar machine was wrecked. There is peculiar last campaign, when the old Republican machine was wrecked. There is peculiar significance in the attitude of the Phila-delphia Press that has not been generally motified. Only a short time ago Senator Penrose, the successor of Boss Quay, and the man in charge of the remains of the old Quay machine, made it known throughout the state that President Roose-nate wanted all Depundence Depundences

throughout the state that President Roose-velt wanted all Pennsylvania Republicans to vote the party ticket. This report was accepted as true, especially as Penrose had managed to work himself into terms of intimacy with the President. Penrose circulated the report that the President would make a speech or two in Pennsyl-vania, urging the Republicans to vote the licket straight. Then come the approxime-

ticket straight. Then came the announce-ment from Oyster Bay that the President would make no political speeches in Penn-

sylvania A few days later Charles Emory Smith, ex-Postmaster-General under McKinley and a short-time under Roosevelt, called at Oyster Bay, talked over the Pennsyland a short-time under Roosevelt, called at Oyster Bay, talked over the Pennsyl-vania situation and two days later the Press, of which Smith is proprietor and editor, came out with a strong editorial in support of the fusion or reform ticket. Smith left Oyster Bay in the best of spir-its, and his manner and his writ-ings, considered with his initimacy with the President, would seem to indicate that the President if not in sympathy with the reform movement, at least with not take sides and will not feel sorry to see the State Republican ticket, fixed and

DAY FINDS HIGH VALUES As Result of Report, Douglas Creek

Placers Will Be Worked.

CHEVENNE, Wyo., Aug. 4.—Thousands of acres of placer claims in the Douglas Creek district, the mineral deposits of which are estimated by experts to be worth from \$15,000,000 to \$20,000,000, will be opened as the result of a report received here by Frank B. Evans from David T. Day, chief of the division of the United States Geological Survey.

Samples, the poorest that could be found in the center of the placer field, were in the center of the placer held, were sent, and his assay has just been received showing that the dirt runs \$750 to the ton in gold, 30 per cent of magnetic iron and 54 per cent of hematite, making these among the richest placer mines in the rountry. The sample also carries plat-inum, on which Mr. Day made no report.

The forests and fields are abundantly supplied with vegetation of vari-ous kinds, not alone to beautify the land, but to furnish the ingredients for making a remedy for every ill and ailment of mankind. Medicines made from the roots herbs and barks, which nature has placed at the disposal of man, act better in every way than do strong mineral mixtures and concoctions-the products of the chemist's shop. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health. S. S. enjoys the distinction of being the only purely vegetable remedy on the market. It is made entirely of gentleacting, healing, purifying roots, herbs and barks, possessing properties that build up and invigorate all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all disorders of the blood by cleansing the circulation of the cause, and it cures safely as well as permanently. It is as safe for children and old people as for those in the prime of life, and is the one blood medicine that may be used without fear of bad after-effects.
