ILLINOIS GLANS STRIP FOR FIGHT

Bitter Contest Between Bryan and Sullivan Factions at Peoria.

MACHINE SURE OF VICTORY

While Republicans Indorse Cannon, Who Will Be Absent, Democrats Will Struggle, but Rowdies Will Be Excluded.

CHICAGO, Aug. 18.—(Special.)—Republicans and Democrats begin their biennial pligrimages to the state conventions Monday with respective Meccas at Springfield and Peoria. Five state officers are to be nominated by each party, but the tickets this year are thrown into

the shadow by the presence of more important features.

A new alignment, that will bring nearly every faction in the state into the Deneen organization camp, an indorsement of Senator Cullom in testimony of his victory at the primaries, a possibility of a collision with the Cannon boom. of a collision with the Cannon boom-these things are expected to give the Bepublican meeting its greatest interest. With the Democrats there is the Bryan-Sullivan controversy over the National Committeemanship, which has engen-dered bitterness enough to make the con-vention exciting if not sensational. "Uncle Joe" Will Be Absent.

Two familiar figures will be missing from the Springfield convention. For the first time in a decade, "Uncle Joe" Cannon and Lieutenant-Governor Lawrence Y. Sherman will not attend the blennial reunion of the Republican party. The reunion of the Republican party. The Speaker passed through Chicago today on his way to Washington. On account of his Fresidential candidacy, delicacy prompted him to absent himself. Sherman, whose lank, lean figure has been a human exclamation point on many a convention floor, is out West. Two contests over places on the state ticket may bring a touch of contention into the Republican gathering. Otherwise it will be orderly as a camp-meeting. orderly as a camp-meeting.

Democrata Will Fight Fiercely. When Chairman Charles Beeschenstein calls the state Democracy to order in the Collseum at Peoria Tuesday noon, the convention may possibly resolve itself into a gladiatorial contest. The Bryan-Sullivan feud will furnish the opportunity and, as to the spirit, the Democratis are glavay willing Reports re-

portunity and, as to the spirit, the Democrats are always willing. Reports received at the headquarters here indicate that the present machine will have an overwhelming majority.

The Bryan indorsement is not expected to be among the bones of contention, as the Sullivan organization will make no attempt to fight it, according to the leaders. What disturbance may arise is expected to come from the Majority Rule League quarter in the shape of resolutions inviting Roger C. Sullivan to how to the edict of the Prophet of the Platte and to get off the National Committee.

Rowdles Not Admitted.

The controversy was slumbering nicely today, when Theodore Nelson, secretary of the Majority Rule League, rudely awoke it by issuing an official "proclamation." It decries the ciaim of the Sullivan men that they will have more than 1000 of the 1558 delegates. The proclamation says the Sullivan ciaim is "idiotic." Most of the delegates will assemble in Peoris Monday night, the Chicago delegation of 493 leaving here at noon. This tion of 493 leaving here at noon. This time, according to Boeschenstein, there will be none of the rowdles and riff-raff on the North Side, the toughs from the West Side barrel houses, will all be miss-ing. John F. O'Malley and others who brought along the army of the unemployed two years ago volunteered to re-peat this time, but their advances were rejected.

Socialists Meet Tuesday.

The Socialists will hold their state convention at Brand's Hall in this city at 11 o'clock Tuesday morning. In accordil o'clock Tuesday morning. In account ance with the custom of the party, candidates are up, and it will be for the delegates to pick them, as no names on the primary ballots.

"Mr. Yerkes believed electricity to be cheaper than steam, but this year's experience with the underground and district lines that have been electrified has proved him to be wrong. Short electric trains are cheaper than steam, but when long trains are run the power required makes them more costly. We have long trains and, as the result of have long trains and, as the result of calculations, we are now obliged to raise the fare. We carry 60,000,000 passengers a year, but we cannot go on doing it at a yearly loss of \$350,000.
"Mr. Terkes believed that by electrification we should double the traffic. The increase does not turn out to be at all enormous, although it is considerable. While the capacity of the line has been doubled by electricity, we are now suffering through passengers taking advantage of the reduced fares, which were originally intended for the working people."

WASHINGTON, Aug. 18.—Commercial receipts from the Alaskan cable and telegraph lines amounted to \$24,000 in July, which is \$2000 in excess of the amount collected by the United States in any previous month. The official dispatches sent during the month would have cost \$12,000 had they been paid for at the commercial rates. This rapid increase in the demands upon the Alaskan cable and telegraph system will be met by the Government by the duplexing of the cables.

The cableship Burnside, which is to install the duplexing apparatus at the alaskan end of the cable, will probably leave Seattle about September 15. It will carry 200 miles of new cable, which has just been shipped from New York for the extension of the cable service south of Ketchikian. Johnston, one of the managers of George Johnston, one of the managers of George Perkins, who was recently defeated for the Republican gubernatorial nomination by Governor Cummins, to "our Republi-can friends." By "friends" is meant the men who railled to Perkins' support and opposed the revision sentiment which Cummins stood for before he accepted a humiliating compromise in the shape of a "stand pat" tariff plank in the plat-form.

In other words, a movement is now on foot among the Republican opponents of Cumming to compass his defeat for re-election and cause the election of Claude R. Porter of Canterville, the Democratic candidate. The Democrats are elated, while in the Cummins camp there is alarm and dismay. Johnston's trumpet call to insurrection also says:

BOOM IN HARRIMAN STOCKS CON-TINUES ON EXCHANGE.

Prices Go Up by Jumps and London Brokers Growl at Being Left

NEW YORK, Aug. 18.-Yesterday's wild scenes on the Stock Exchange were repeated today. The galleries were filled with speciators attracted by the reports of yesterday's excitement and the electrifying effect of the announcement of the devidends declared on Union Pacific and Southern Pacific stocks, These two stocks continued to make sensational fluctuations.

The whole market was affected in sympathy. Prices advanced buoyantly from 1 to 3 points on a buying demand such as had not been witnessed in the stock market since the bull period of April, 1901. Brokers apparently had orders to buy unlimited amounts of Union Pacific and Southern Pacific and blocks of thousands and even of tens of thou-sands of shares were taken at the market at any price demanded by the

sellers. Pennsylvania was second only to the Pacifics in activity and buoyancy. During the second hour Reading came into prominence and was rushed up over four points on an almost unlimit-ed buying movement. Heavy profit-taking by room traders made prices fluc-tuate constantly, but the enormous buying continued undiminished up to the closing.
