

CITIZENS IN FEAR OF NEGRO TROOPS

Urgent Appeal From Brownsville for Their Removal.

PANIC GOVERNS WOMEN

Roosevelt Refuses to Act Until He Has Investigated, and Citizens Renew Their Request for Immediate Action.

DALLAS, Tex., Aug. 18.—(Special).—U. S. Senator Charles A. Culberson today received the following reply to a telegram sent by him on Friday:

"Washington, Aug. 18.—Hon. C. A. Culberson, Dallas, Tex.—Your telegram requesting removal of colored troops from Fort Brown having been submitted to the President, he directs me to advise you no action can be taken on your request until full investigation and report as to incident in question has been made and action taken by the Department.

"Acting Secretary of War."
Mr. Culberson today received a second appeal from citizens of Brownsville signed by 30 persons of prominence, among them the County Judge, Sheriff, bankers and newspaper publishers. The telegram reads:

"We appeal to you again in our great necessity. Our position is misunderstood. We cannot continue our women and children that another outbreak may not occur at any time. Their condition is deplorable. They will scarcely venture out of their homes and feel secure. We are maintaining a heavy guard and patrol of armed citizens every night. We know that the accidental discharge of a firearm, or any overt act of any citizen—and our citizens are fearfully excited—would precipitate upon us the whole negro force at Brownsville, and we do not believe that their officers could restrain or control them. There are only five officers present, and the consequences would be a fearful loss of life and probably the destruction of the city.

"Many of our citizens have been removing their families elsewhere. A Texas town should not be left unaided in this condition. We demand the immediate removal of these negro troops from our city, and we earnestly ask you to use your official and personal influence with the President to this end. We have been unable up to this date to obtain any relief. Please answer quick."

Mr. Culberson said the message received by him from Washington was in reply to a message sent by him and Senator Bailey to the Department.

YELLOW PRESS INSISTENT

Not Satisfied With French Cabinet's Attitude Toward Pope.

PARIS, Aug. 18.—(Special).—Even the calm declaration of the government after yesterday's Cabinet meeting that the act of December, 1905, which pronounces the separation of church and state, is its law and that, as the state only knows its own law, the government will not be bound to enforce it, has not had the effect of quieting the agitation of the yellow section of the Paris press, which demands in its headlines the resignation of the French bishops. A correspondent was told at the Ministry of Public Instruction today, "Those who figure on the slightest concession on the part of this government are making a singular error. This is final."

At Archbishop Richaudeau's place there is a bureau of bishops meeting that are apparently for the purpose of repeating "We are in the hands of God and the Holy Father. We will emerge triumphant from this trial as from many others."

Canossa is the castle in Northern Italy, now in ruins, which was the scene of the penance of Emperor Henry IV before Pope Gregory VII in 1077. The expression "to go to Canossa" is proverbially used to denote a surrender to the claims of the church.

STAND FIRM, SAY FAITHFUL

Pope's Secretary Deluged With Telegrams About French Crisis.

ROME, Aug. 18.—(Special).—Cardinal Merry del Val's holidays at Castel Gandolfo are busy ones. He is in constant communication by telephone with the Vatican and is deluged with telegrams from France, most of which approve the Pope's firm attitude with respect to the law of separation, while some suggest remedies and expedients with a view to conciling the French Government to capitulate.

The Papal Secretary is uncommunicative, but your correspondent is informed by members of his household that the French Government is coming to realize the necessity of having the Catholic Church organized and it will either cooperate with the episcopate or come to the terms of the Pope.

BLOW TO ENGLISH CAPITAL

Carry More Insurance in South America Than Any Others.

SAN FRANCISCO, Aug. 18.—(Special).—Unless they can successfully hold behind their earthquake clauses, the English insurance companies will be hard hit by the fire at Valparaiso. They carry a large amount of risks there. All of the great English companies, the Orient, London & Lancashire, London & Liverpool & Globe, Alliance, Commercial Union, Norwich, Union, Palatine and others have agents in Valparaiso and are large writers of insurance. The English companies in their hunt for new fields have covered South America better than those of other countries. Germany comes second. It is probable that no American companies had risks in Chile.

"We are anxiously awaiting full news of the destruction of Valparaiso," said an agent of one of the English companies yesterday. "All English companies carry heavy risks in South America. Should the city be completely obliterated by fire, our losses will be tremendous. I feel certain, however, from the reports I have seen, that we will be protected to a large extent by our earthquake-clause policies. If any not

be news to you, but the earthquake clause was originated to protect us in our South American writings."

CAPITAL OF CHILE IN RUINS

Beautiful City of 250,000 People Is Santiago de Chile.

Santiago, whose population is nearly 250,000, is located on a plain east of Valparaiso, at an elevation of 1520 feet, on a railway from Valparaiso, about 75 miles distant. Santiago is one of the finest cities on the two American continents. It has a climate similar to that of St. Louis or Washington.

Magnificent shops and commercial buildings characterize the city, while money is so plentiful that the squabbles can be compared with those of New York. Many of the private houses are palatial, and the toilets of the women are superb. The Alameda on a pleasant afternoon is crowded with handsome carriages, with liveried coachmen and footmen, like Central Park, New York.

The Alameda is 600 feet in width, broken by four rows of poplar trees, and stretches the full length of the city, four miles, and is dotted with a long line of statues. At one end are Exposition grounds and horticultural gardens, improved to the highest degree of landscape architecture. The National Museum of Chile, modeled on the Crystal Palace in London, a zoological garden, magnificent opera-house and magnificent palace of carved sandstone, often 100 or 200 feet square, can be seen along this thoroughfare.

An illustration of Chilean civilization, the opera-house is said to be the finest in the Western Hemisphere. It is built on the European plan, but the balconies, supported by brackets so there are no pillars to obstruct the view. The leading hotel has \$200,000 worth of furniture from Paris and a \$500,000 chef from the same place. The bar is of silver and crystal.

To what extent these gorgeous improvements have been damaged, cannot yet be stated.

NABBED BY THE BAILIFF

STACKPOLE ATTEMPTS TO ESCAPE AT LOS ANGELES.

On Trial For the Murder of Joel Schreck—Case Goes to the Jury.

LOS ANGELES, Aug. 18.—Ernest Stackpole, whose trial for the murder of Joel Schreck was concluded today, while waiting in Department 1 at the Courthouse this afternoon for the verdict of the jury, made a clever and almost successful effort to escape from the building. Unnoticed by Bailiff Harrington, he stroled out through the door of the courtroom into the chamber of Judge James, where an open door led into the corridors of the court. He had scarcely entered the Judge's chambers when Harrington caught sight of him and sprang for the door. Stackpole succeeded in rushing in front of Stackpole and throwing the door shut and locking it. He then clapped handcuffs on the prisoner and led him back into the courtroom.

Stackpole was cool and collected and had nothing to say after the trial. He is the second time during the present trial that he has made the same sort of effort to escape from the officers.

The Stackpole trial entered on its final day today. The case has been on trial now eight days. All that remained to close the case when court adjourned today was the testimony of the address of Deputy District Attorney Fleming and the delivery of the instructions of the court to the jury.

The case has been a sensational one from the start and the public attendance has been larger than that of any trial in Los Angeles since the trial of Mrs. Schreck. On one occasion the crowd became so boisterous and unruly that they broke through the panels of the courtroom and rushed into the courtroom. Women chiefly composed the crowd.

The testimony of Mrs. Schreck, wife of the murdered man, was the most sensational of the trial. She made a full and free confession of her part in the plot and murder and her illicit relations with Stackpole. The night of June 18, shortly after midnight, Mrs. Schreck related how Stackpole came to the Schreck home with a dark mask over his face, and was admitted to the bedroom of Schreck by herself. There he shot Schreck twice with a pistol, killing him instantly. Stackpole then left the house and after giving sufficient time for him to escape, Mrs. Schreck gave the alarm. She said two burglars had killed her husband.

In his own defense, in the present trial, Stackpole made a general denial of the charge. There was little corroborative testimony on either side. A package of 90 love letters written by Mrs. Schreck to Stackpole were introduced by the prosecution, and supplied many of the salacious details of the case. Stackpole is a carpenter by trade and came formerly from Butte City. He is about 34 years of age. Mrs. Schreck is 19. Her husband was slightly older.

After Deputy District Attorney Fleming had concluded the closing address for the people this morning, Judge James directed the jury. His instructions required but 17 minutes to read. The case was finally given into the hands of the jury at 11:54 and they retired to the jury box. Strawn was placed in charge of the jury. At a late hour tonight word came from the jury-room that no verdict would be reached tonight. The instruction of the court, the jury was locked up for the night. The courtroom gossip tonight was that the jury had agreed to a verdict, except with regard to punishment.

THE DAY'S DEATH RECORD

J. C. Nyman, Chicago Pioneer.

CHICAGO, Aug. 18.—Captain John C. Nyman, the man who superintended the construction of the auditorium and the Washington Park race track, and who helped engineer one of the memorable corners on the Board of Trade, is dead at his home, 41 Dearborn avenue. He was prominent in commercial circles in Chicago as far back as the '60s, when he ran the Grand Trunk Steamship Company, which carried freight between Chicago and other lake ports. He was a charter member of the Board of Trade and in 1857 cornered the corn market, with John Lynn and "Old Dutch" in 1879 he married May Rose, who survives him. Their children are dead, but there are five living grandchildren, all residents of Chicago.

Rev. Joseph Lawrence Cross.

LAWRENCE, Mass., Aug. 18.—Rev. Joseph Lawrence Cross, the oldest graduate of Harvard College and the oldest Congregational minister in the United States, died of old age at the home of his daughter here today. Rev. Mr. Cross was born in 1808 and was graduated from Harvard in 1828. He was a friend of Daniel Webster and was at Harvard with Oliver Wendell Holmes and Charles Sumner.

R. F. Larner, Newspaper Writer.

WASHINGTON, Aug. 18.—R. F. Larner, for many years a prominent Washington correspondent, died today after a lingering illness.

CAMPED ON HILLS

Survivors of Valparaiso Look on Burning City.

MANY HAVE FLED TO SEA

Destruction Less Than at San Francisco, but Loss of Life Much Greater—Principal Buildings of Santiago Are Ruined.

GALVESTON, Aug. 18.—(Special).—While it has been impossible up to the present time for representatives of the press at Valparaiso to get through any sort of a complete story of the damage done by the earthquake that swept over the South American coast, it is possible at this hour to arrive at an apparently safe estimate.

As a result of the earthquake, it is by no means destructive as the San Francisco earthquake, as far as the money damage is concerned, but the loss of life will be much larger and the cities that are stricken are not in a position to command the aid that the Golden Gate metropolis could.

Ships Flee With Refugees.

The damage in Valparaiso was most severe. So far as the news received here indicates, about one-quarter of the city is in ruins and every one has fled. Homes have been abandoned and the former inhabitants of the city are now encamped in the hills and open spaces outside of the town, or are now at sea, refugees on the vessels that were in the harbor. The ships made for sea as soon as the refugees could be taken aboard, as it was feared by the authorities that a tidal wave was due, and it was necessary, therefore, to take all precautions necessary. Some of the ships has as yet succeeded in getting back there.

VALPARAISO FIRE CHECKED

Latest Estimate Is 400 Lives Lost, 300 Buildings Wrecked.

BUENOS AYRES, Aug. 18.—(J. P. M.)—(Special).—The fire at Valparaiso has been checked. It is now reported that 400 lives were lost. Three hundred buildings were destroyed. Pillaging and looting continue.

The programme for the entertainment of Secretary Root has been abandoned on account of the disaster.

SANTIAGO HAS BEEN SAVED

Good News Reaches Delegates at the Pan-American Conference.

RIO JANEIRO, Aug. 18.—(Special).—The Chilean delegation to the South American conference has received a telegram from Santiago stating that the city has been saved.

Valparaiso and Iquique have been destroyed. The new portion of Valparaiso near the ocean has been entirely destroyed.

TOO RATTLED TO SEND NEWS

Valparaiso Firm Promises Particulars When Shakes Cease.

NEW YORK, Aug. 18.—Wassell, DuVan & Co., which does a large business in South America and particularly in Chile, has just received the following dispatch from Valparaiso:

"Town nearly destroyed. Particulars later when shakes cease."

This dispatch was timed 3:45 A. M., but it is not known whether it was filed yesterday morning or this morning.

Just Like San Francisco.

NEW YORK, Aug. 18.—The Central & South American Telegraph Company reports that the situation in Valparaiso is similar to that which occurred in San Francisco. Its manager reports that all places of business have been closed and the delivery and operating staff is much demoralized. No messengers have reported for duty and deliveries can only be made on application to the office. Many people have left the city.

Tidal Wave Breaks Anchor Chain.

HONOLULU, Aug. 18.—Tidal disturbance continued in the Hawaiian Islands. The steamer Nohu, while anchored on Thursday off the northeastern coast of the island of Hawaii in a calm sea, was carried forward by a sudden undercurrent which was so strong that her anchor parted and she lost her anchor and 40 fathoms of chain.

German Firms Lose Little.

HAMBURG, Aug. 18.—Hamburg firms doing business in Valparaiso have suffered little damage as a result of the earthquake. Only a private house belonging to the firm of Weber & Steinel caught fire. None of the employees were hurt. The factories of Fochel & Co., Yower & Co. and Haackel & Co. were practically undamaged.

Boston's Mayor Offers Aid.

BOSTON, Aug. 18.—(Special).—Mayor Fitzgerald telephoned to the City Hall today and gave instructions to forward the following telegram:

"Mayor of Valparaiso, Chile.—Boston extends sincere sympathy and offers any assistance desired."

German Stocks in Chile Decline.

BERLIN, Aug. 18.—Shares in the German fire insurance companies interested in Chile fell 4 per cent today. Chilean 4 1/2 per cent bonds fell 1/2 per cent, and the stock of the Overseas Office, having offices in Valparaiso, dropped nearly two points.

Violent Shocks Registered.

HAMBURG, Aug. 18.—The earthquake observatory here registered violent shocks at a great distance on Thursday night. After midnight the oscillations continued for two hours.

Comb Out?

When the hair combs out badly! That is the time you want to know exactly what to do. Here is advice founded on an experience of half a century—Use Ayer's Hair Vigor! It feeds the hair-bulbs, gives life and strength to the hair. The hair stays in, grows rapidly, keeps soft and glossy. There is handsome hair in every bottle of Ayer's Hair Vigor.

FIRE SPREADS THROUGH CITY

Shocks Felt in Northern Chile—Two Large Villages Destroyed.

BUENOS AYRES, Aug. 18.—A dispatch received here from La Paz says that reports received here show that earthquake shocks continue at Valparaiso, where panic prevails.

The fire originated in the Plaza de Orden and is spreading rapidly in the northern portion of the city.

The dispatch adds that it is officially confirmed from La Serena, Chile, that much damage was done at Valparaiso, and that many persons were killed or injured. A storm is reported in the Bay of Valparaiso.

The disturbances were felt even in

Tacna, the northernmost province of Chile.

Loud subterranean rumblings were heard at La Serena. The villages of Illapel, 130 miles northwest of Santiago, and Valparaiso, about 200 miles north of the capital, each having a population of about 5000, were destroyed.

SHOWERS QUENCH THE FLAMES

Santiago Saved by Rain—Whole Population Camps Out.

SANTIAGO, Aug. 18.—The earthquake lasted three and a half minutes. All telegraph and telephone lines were interrupted for some time and as yet there is no news regarding the extent of the damage done in the province.

In Santiago several persons were killed or injured. A few fires broke out, but these were promptly extinguished by heavy showers after the earthquake.

Practically half of the population passed the night in the squares or avenues of the city.

The seismograph was rendered useless by the violence of the shocks.

DEAD IS ESTIMATED AT 500

Valparaiso Still Burning and Water Is Scarce.

SANTIAGO, Chile, Aug. 18.—(6:40 P. M.)—All communication with Valparaiso has been cut for the last 48 hours, but a mounted messenger reports by way of Quilota that it is estimated that 500 persons were killed there.

A large portion of the town is being burned, and there is a scarcity of water. The railway has been cut by landslides.

Slight shocks of earthquake continue to be felt here.

VALPARAISO FIRE CHECKED

Latest Estimate Is 400 Lives Lost, 300 Buildings Wrecked.

BUENOS AYRES, Aug. 18.—(J. P. M.)—(Special).—The fire at Valparaiso has been checked. It is now reported that 400 lives were lost. Three hundred buildings were destroyed. Pillaging and looting continue.

The programme for the entertainment of Secretary Root has been abandoned on account of the disaster.

YOUTH FLINGS BOMB

Attempt to Kill Governor-General of Warsaw.

THROWN FROM CARRIAGE

Fall Causes Concussion of Brain, and Fusillade Avenges Him. Warsaw Is Full of Dead and Wounded.

WARSAW, Aug. 18.—Three bombs were thrown today at the Governor-General's carriage from a balcony in a house in Natoliniska street. Two of them exploded behind the carriage without damaging it, but breaking all the windows of the neighboring houses. The perpetrators of the outrage escaped.

The Governor-General was walking from his carriage toward the palace when a young man apparently about 22 years of age and looking like a university student, pushed through the crowd on the street-corner and flung a bomb toward the Governor and his staff, who were then passing across the lawn in front of the palace. As the conical-shaped object struck the ground it exploded with terrific force, and the Governor and members of his staff were thrown to the ground.

It is announced that the Governor-General sustained concussion of the brain.

A detachment of troops on guard on the premises immediately charged the young man and a hand-to-hand encounter ensued, in which half a dozen were seriously hurt.

Infantry patrols, reinforced by artillery, have been called out, and it is reported that owing to the increase in the revolutionary movement, the proclamation of a state of siege is imminent.

HOSPITALS FULL OF WOUNDED

Soldiers Fire on Suspicion, and the Bodies Lie Unclaimed.

BERLIN, Aug. 18.—The Warsaw correspondent of the Voessische Zeitung gives the following description of the situation there:

The population is terribly distressed and there is hardly any street traffic, on account of the insecurity of life. The soldiers have received orders to fire on everybody arousing suspicion. All the hospitals are so overcrowded that patients are obliged to lie on the floors and passages.

In the morgue there are still lying 58 dead, who were found in the streets. It is not known how many have been buried secretly.

It is impossible to ascertain the number of dead or wounded. Dr. Lorentz and his assistants in the hospital in the suburb of Wola, bandaged the wounds of 474 persons. The center of the town is quiet, but it is most dangerous to enter the Jewish quarter.

POLICE RESIGN WHOLESALE

Terrorism Drives Them From Service—Monarchists' Election Plan.

ST. PETERSBURG, Aug. 18.—Since the acute revival of terrorism, the Ministry of the Interior has been flooded with complaints forwarded by Chiefs of Police in all parts of the Empire to the effect that the police are resigning by the wholesale, and it is evident that if this state of affairs continues it may compel a practical replacement of police by troops.

The Cabinet has given serious attention to the situation in Poland, and the question of dispatching considerable reinforcements to troops there and sending out punitive expeditions has been discussed, but no decision has been reached.

The Monarchist organs, most of which are classed by the liberals as Black Hundreds, are trying to arrange a national congress at Kielce, with the view to placing tickets in the field for the Parliamentary elections, which, it is now believed, will be held in November.

Premier Stolypin yesterday authorized a flat denial of various reports which have been in circulation here with regard to revision of the fundamental law, declaring that alteration is not even contemplated. In reference to other rumors that a commission is now working on revision of the law governing the election of members of Parliament, a member of the Cabinet informs the Associated Press that they probably are reasonable to the fact that the Government is making a systematic study of its role in the elections, and how best to combine the efforts of the

KEPT ON TAKING PE-RU-NA RESTORED TO PERFECT HEALTH.

How Mrs. Hortense Burns, Whose Health Was All Run-Down From Pelvic Trouble, Obtained Relief. In a Few Weeks' Use of Pe-ru-na She Was Changed From a Semi-Invalid So As to Be Able to Attend to Her Household Duties.

Thousands of Women in the United States Will Read Mrs. Burns' Testimonial to Pe-ru-na With Eager Interest.

DENVER, Col.—In a letter to The Pe-ru-na Drug Mfg. Co., Mrs. Burns says: "My health was all run-down from pelvic trouble and I was not able to obtain relief until I began using Pe-ru-na. In a few weeks I began to feel like a different being, was able to attend to my household duties, and life looked different to me."

"I kept taking Pe-ru-na until I was restored to perfect health and strength. I shall always keep a bottle on hand and take a dose or two when I am exhausted. I shall always be glad to give it my endorsement, as it did so much for me." (723 W. 7th Ave.)

The Calamity of Sickness

A gloom is cast over the household when the wife and mother is sick. No amount of love or prosperity, culture or self-denial, can restore to the home perfect tranquillity and order so long as the mother suffers from ill health. The restoration of one such case has a greater influence than can be pictured.

Hunger Strike of Prisoners.

MOSCOW, Aug. 18.—The inmates of all the prisons here have declared a three days' hunger strike in retaliation for the affair at the Central Prison August 15, when troops fired on a number of political prisoners who had made a demonstration against the hospital conditions, killing two and wounding ten men. The Constitutional Democrats will hold a congress in St. Petersburg on September 20.

Use Force to Fight Revolution.

PARIS, Aug. 18.—The Temps correspondent at St. Petersburg telegraphs that he had an interview with Premier Stolypin, who said that, had the Russian Parliament continued to exist, the possible necessary reforms would be introduced, and regarding loans, he stated that none would be issued before the next session of Parliament, and even then it would not be necessary to borrow any more money.

Use Force to Fight Revolution.

PARIS, Aug. 18.—The
