Lots of things that were not baseball were injected into yesterday's diamond For an hour and a half, for instance, there was too much Frank Dillon and not quite enough Nagle to have him shooed out of the game. The row that Dillon kicked up was childish and on account of his obstinacy Umpire Mahaffey forfelted the first game to Portland, 9 to 0.

Dillon himself was absolutely to blame, and if President Bert gigs back on the forfelt he is not the man that the fans in this neck of the woods have counted on him being. In Friday's game Pitcher Randolph called Mahaffey a "fat bum." He was fined \$5 and chased out of the field. He appeared yesterday afternoon and Mahaffey notified Dillon that Ran dolph must come through with the fine or leave the grounds. Randolph started to leave the bench and Captain Dillon ordered him to stay.

Mahaffey gave the Loo Loo captain five minutes to either come through with the coin, or can Randolph. He refused,

the coln, or can Randolph. He refused, and Mahaffey then forfelted the game. A nice Saturday crowd was on hand to see the game, and when Dillon startel off the field with his men some of the crowd got their money back and returned to town. Dillon got as far as the gate, when Judge W. W. McCredie finally persuaded him to play off one of the postponed games. Dillon agreed to this, but he still insisted upon having Randolph he still insisted upon having Randolph on the bench. Again Umpire Mahaffey refused to allow the game to go on, and just as he was about to forfeit the sec ond game, Ollion gave the scorlet-headed pitcher the skidoo sign. The second game was won in a 4 to 2 scramble.

This game, like the first, was not with-out its troubles. Dillon, still smarting under his failure to boss the "Ump," was called out on strikes and he began to abuse Mahaffey. What the Los An-geles captain called Mahaffey would have made a sallor blush, and for his pro-fane oration Mahaffey hung the "23" sign on him, and he, too, was driven out of the game. Now, if Mahaffey had been umpiring bad baseball, or had he been guilty of giving Portland the best of the decisions. Dillon would have had a right to kick, but he certainly had no right to pursue the tactics that he did and apoil the pleasure of the fans who had paid their money to see the game.

Burns, a sidewheeler, was sent out to puzzle the pennant-chasers, and suc-ceeded until the third inning, when a fielder's choice to McHale became a run fielder's choice to McHale became a run when Mr. B. Sweenoy clouted ons on the seam for three waystations. The long biff also scored Califf, who drew a pass. This made two and shoved Portland in front by one run; for Nagle scored after hitting to left for three bases.

Pete Lister, who has found his batting lamps, joited one safe. Nagle, who had taken Dillon's place, tried to morgue Pete at second, and instead of shooting the ball to Gochnauer, pasted Peter in the fifth rib. The ball rolled into the outfield and Lister sprinted all the way around the circuit.

The mile was made with a runner in front and a dust shield and another runner at his hip. For this reason there is doubt whether the record will be allowed by the trotting association.

GERMAN BOAT WINS BASEBALL

Wannsee Leads at Finish of Fourth Event.

THREE LEFT FOR FINALS

Two American and German Yachts Remain to Contest for the Supremacy at Marblehead Next Week.

MARBLEHEAD, Mass., Sept. 8.—(Special.)—Two American and one German yachts will contest in the finals for the Roosevelt cup as a result of today's race. The Wanneee, the first of the German boats to win a race, captured the fourth event off this port today, beating Caramba by I minute and 16 seconds in a magnificent struggle through a choppy sea and in light air. Under the conditions of the series, the Caramba, the Tilly and the Glueckauf, not having wen a race, will now be eliminated from the finals and the battle will be fought out between the Vim, which has won two races, and the Auk and Wannsee, which have each

Today's contest was marked by the Vim's accidentally fouling the Caramba at the start. Her owners, knowing that, even if she should win, she would neces-sarily be disqualified, withdrew, sailing back to Marblehead. In explanation of the affair, Clarence Bucknam, skipper of the Vim, said it was his fault, but no damage of consequence was done. The course was a beat to windward east

by southeast three miles and a run home, this being repeated, making a distance of 12 miles. The wind was light throughout the race, but there was a very heavy chop to the sea that retarded the boats. first part of the race was between the Auk and the Caramba, with the German yacht trailing, but the skipper of the Wannses stood out to sea and caught a good breeze, so that at the finish of the round the Wannsee led, with the Auk econd, Caramba third, Glueckauf fourth

second, Carambia thro, Gueckaut fourth and Tilly fifth.

The Auk wrested the lead from the German boat in turning the weather mark on the second round through the superior seamanship of her captain, Mr. Adams, but on the run home the Wannsoe over-hauled her American rival and held the hauled her American rival and held the

end to the finish. The Wannsee was better handled by Herr Protzen than in any race she has sailed here; she held closer to the wind than any of the faster contestants for he cup. The official time was: Wannee, 2:44:44;

Caramba, 2:48:07; Auk, 2:47:29; Tilly, 2:50:06; Glueckauf, 2:50:40. The official elapsed time was: Wanneee, 3:24:48; Caramba, 3:36:07; Auk, 3:37:29; Tilly, 3:40:06; Glickauf, 3:40:40.
