

USING HIS MONEY TO SATISFY AMBITION

Hughes Attacks Hearst in Appeal to Laboring Men.

WINS MANY DEMOCRATS

Completes First Tour Hopeful of Victory for Decency and Order.

Hearst Insists He Aims to Remove Real Wrongs.

INCREASE IN REGISTRATION.
NEW YORK, Oct. 13.—Greater New York registration today, 128,239; total for three days, 511,783; in 1905, 495,903.

AMSTERDAM, N. Y., Oct. 13.—"I am satisfied that we cannot be beaten if we are not over-confident," declared C. E. Hughes, the Republican candidate for Governor, on the completion here tonight of his first up-state campaign tour. Mr. Hughes made five speeches today in as many places.

Mr. Hughes made special appeals to the laboring men, and made a direct attack upon W. R. Hearst in any of his previous speeches. He referred to his opponent in one case as the representative of a most outrageous use of money in politics in furtherance of a selfish motive.

Summing up his observations on his trip, Mr. Hughes said:

"The most significant feature of the trip has been the cordial support personally assured by old-line Democrats. It is evident there is a widespread revolt on the part of members of the Democratic party in the interest of decency and order. I have not found indications of any serious defection from the Republican ranks, and the outlook is encouraging. Our audiences have been earnest and thoughtful and their deep attention to the discussion of the issues of the campaign has been significant. The people are thinking. This bodes no good to those who have conducted a campaign of inflammatory appeal.

"I am satisfied that we cannot be beaten if we are not over-confident. Disgust with the methods which we oppose must be met by registering and voting. We want support not merely at meetings, but on registration day and on election day."

SAYS PEOPLE HAVE WRONGS

Hearst Answers Hughes' Speech About "Alleged Wrongs."

BINGHAMTON, N. Y., Oct. 13.—W. R. Hearst concluded his visit to the southern tier of counties with two large meetings in this city. One of tonight's meetings was held upon Democratic auspices, the other under the auspices of the Independence League.

Mr. Hearst alluded to Mr. Hughes' quoted reference to "alleged wrongs" and to the suggestion that Mr. Hearst should go home and go quietly about his business until the people should demand his candidacy.

"I am willing and even anxious to go home," he said, "and attend to my business if, as Mr. Hughes says, there is merely loose talk about wrongs, and if there are merely alleged wrongs. But I think the wrongs the people suffer are real, and it is in the hope that I may be able to do something to correct those wrongs that I conduct my newspaper crusade and keep myself in this arduous political campaign."

Hearst's reception was the most noisy and cordial he has encountered in his up-state campaign. When his two private cars entered the station the street approaches and platforms were crowded with people. Each hall where he spoke has a capacity of 1000, but they were utterly inadequate, and several thousand people failed to secure admission.

FOLK'S NEW RAILROAD POLICY

Wants Controller Like Official Who Rules Over Banks.

FARMINGTON, Mo., Oct. 13.—Governor Folk, who is expected to oppose government ownership of railroads, came out today in advocacy of a policy of more stringent Government supervision. The governor favors a Government controller similar to the present control of National banks by the Federal Government. He traveled with Mr. Bryan yesterday and spoke from the same platform. They held conferences on the issues of the day, and presumably discussed Mr. Bryan's advocacy of Federal ownership. Mr. Folk said today:

"If there were a controller of railroads appointed by the President subject to removal at pleasure, with absolute power to suspend directors or officers of the railroads violating the law and appoint receivers to take charge of the road until the operators could furnish sufficient guarantee of more responsible management, the result should be to remedy evils now existing in railroad affairs."

"In other words, give the controller of railroads the control of the railroads through the Controller of the Currency over National banks."

LEAGUE LEADERS RETRACT

Hearst's New Party Will Not Insist on Recognition.

NEW YORK, Oct. 13.—(Special.)—The New York county convention of the Independence League, which three nights ago with a show of great indignation, adopted resolutions calling for the appointment of a committee to visit W. R. Hearst and demand that he come to the aid of a competent judiciary ticket and Senate and Assembly ticket in this county, completely bucked down tonight. At a meeting tonight, resolutions were adopted pledging confidence in Hearst and also pledging support to any and all plans he may have for the trying the county this Fall. This means that there will be no third judiciary ticket.

MAYOR DUNN SHOWS FIGHT

Wants Newspaper Indicted for Attack on His Integrity.

CHICAGO, Oct. 13.—(Special.)—States Attorney Healy will take up Mayor Dunn's complaint against the Chicago Tribune. The Mayor demanded that he be indicted for malfeasance in office or that the Tribune be indicted for criminal libel.

The Tribune accused the Mayor of "packing the School Board with frecks and boddies." The Mayor does not mind the use of the word "frecks" but says the hint at boddies makes

the case one for the grand jury. Several members of the board who think they were referred to will aid him in his fight.

Hearst's Campaign Novelties.

NEW YORK, Oct. 13.—Both the phonograph and the moving picture machine will be called to the aid of the Democratic candidate for Governor in an attempt to have his voice heard and his figure seen in every town and hamlet of the state. Reports of Mr. Hearst's speeches have already been made and films for the machine presenting the candidate in various platform attitudes are being made. A large number of machines to be operated before gatherings in all parts of the state is the idea. The moving pictures will keep pace with the progress of the speeches in the phonograph.

RIDICULES HIS NOBILITY

Countess Who Married Schroter Says Pretensions Are Baseless.

NEW YORK, Oct. 13.—(Special.)—The romance of George A. Schroter, of Brooklyn and Denver, a well-known mining engineer, and Countess de Riley, of Athens, Greece, did not last long, if reports are true. After their honeymoon Mr. and Mrs. Schroter spent the summer at Colorado Alex. S. Bacon's Flatfish home.

About a month ago a report of a row between the couple was published, in which it was said that two weeks after the wedding the Countess had turned on her husband in anger and ridiculed his pretensions to noble birth. Mrs. Schro-

ter claimed that her husband, previous to their marriage, told her that he expected to become Baron von Schroter and succeed to estates in Germany.

About two weeks ago Schroter went to Mexico to examine a mine. He is still there. Mrs. Schroter, it has been reported, has employed a lawyer to bring a suit against her husband. The lawyer declined to say whether a suit for divorce had been brought.

Countess de Riley, who is said to be a member of the aristocracy, is reported to be a very beautiful woman, and is said to be a very clever woman.

MAIL CLERKS OUT

General Strike on Southern Pacific Sunset Line.

WHOLE SERVICE TIED UP

Demand Higher Wages, Eight Hours and Recognition of Union.

Company Already Begins to Fill Vacancies.

HOUSTON, Tex., Oct. 13.—The clerks in the employ of the Southern Pacific, belonging to the Brotherhood of Railway Mail Clerks, went on strike without warning. Just how many are out along the entire system has not been ascertained, but the number is estimated at about 800. In this city about 50 are affected. Thornwell Fay, general manager of the Southern Pacific Railway, stated today that the vacancies are being filled.

President Broggins, of the Brotherhood of Railway Mail Clerks, announced to

to disperse, saying that good citizens could hope to accomplish nothing except through the official channel of authorized government.

Rabbi Nieto's Earnest Protest.
Rabbi Jacob Nieto, after a demonstration following the speech of the Acting Mayor, at length was accorded a hearing. He said:

Present conditions impress us with the necessity of every department of the city government doing its duty. We should be guaranteed protection for our lives and our property. If there are any officials not competent to extend this protection they should make way for others who are. We should bring about conditions that would make it almost death for a burglar to make his appearance in this city. Conditions are abnormal and intolerable. We mean to insist by every means that officials shall do their duty.

Subsequent proceedings were enlivened by the attitude of the opposing factions, who called for speeches from various citizens, who when they appeared were denied a hearing because of the cries and interruptions.

Declares Against Vigilantes.
Walter McArthur, one of the delegates from the Labor Council, made objection to the method of representation on the committee of 100. Regarding the action of the committee he said:

Invited here to attend a mass meeting, we are told to get out of the hall and the doors are closed behind us. Certain citizens formulate a cut-and-dried programme and we are told to follow the leader, labor, having the right to the largest representation, will lead and all others may follow. It is the final judgment of organized labor that everything that shall be done shall be done within the law. Labor wants no vigilance committee and no committee of safety.

At this juncture the interruptions became so pronounced that the speaker could no longer be heard, although he attempted several times to continue his address.

Although the meeting had no chairman, another set of resolutions that all "thugs" be notified to leave the city; that the Chief of Police be notified to resign, and that the entire city administration be notified that the citizens intended to compel enforcement of the laws as read by the corner of East and Main streets, were alternately cheered and hooted and no action was taken upon them.

Ruef Abuses the Newspapers.
While all citizens present manifested an undeniable earnestness, the series of unchecked demonstrations made it impossible to determine the exact extent of what had been accomplished, as the meeting before dispersing had diverted somewhat from its original purpose. The closing feature was an address by Abraham Ruef, generally regarded as the chief adviser of the municipal administration. He said in part:

I come to this meeting as a private citizen of large property interests, and I wish to add that these interests were acquired before my connection with the city government. I am not here to defend the police department particularly. It has men as brave as any in the world, but they cannot at once stand conditions. Give them a chance to redeem themselves and if they fail we can remove them for inefficiency.

Some one in the assembly asked if Mr. Ruef personally intended removing those delinquent police officials, and he replied:

I have nothing to do officially with this proposition. I have never suggested the appointment of Chief Dineen or any member of the department, and not a single member has been expelled during the past year. I am not here to defend the police department particularly. It has men as brave as any in the world, but they cannot at once stand conditions. Give them a chance to redeem themselves and if they fail we can remove them for inefficiency.
