WIND LEVELS OLD WALLS

Foreman Warns Men of Their Danger, but Three of Them Are Slow in Starting for Place of Safety.

SAN FRANCISCO, Oct. 30 -- (Special.) --EAN FRANCISCO. Oct. 26—(Special)— Five men were killed and two terribly injured by the collapsing of walls caused by the high wind this morning. Three unknown men were crushed to death under a wall at the corner of Commer-rial and Montgomery and another badly-rushed. Two were killed and one prob-ably fatally injured under the ruins of the wall of the John Hoey Furniture Comment, on Mission street near Third ompany, on Mission street near Third. The names of the dead:

The names of the dead:
PETER JOHNS
DURAND, a Greek.
The injured man is Charles O'Connor, who
lives at Sixteenth and Church streets.
Roth accidents occurred at almost the
same time, 8:30 o'clock. The men were
working unconscious of the fact that
death was hovering over them The walls
awayed for a while in the heavy wind,
then crashed down on the helpless men.
John Riordan, foreman of the Mission
street work, noticed the wall swaying
just a few minutes before it fell. At that just a few minutes before it fell. At that time there were 12 men working under the mass of masonry. He called to them to come out. All obeyed but Johns, Durand and O'Connor. C. Carboni, one of the men, was so impressed by the warning that he rushed out, abandoning

his team.

O'Counor laughed at the order and Johns and Durand began to leave leisure-ly. Suddenly there was a shout from the foreman. The men looked up and saw the wall begin to topple. Johns and Durand rushed frantically for the street. O'Connor seeing fhat it was too late to escape, backed up against the other wall and looked what he thought was sure death in the face. The wall came down with a crash. A cloud of dust rose, hiding the shattered mass of masonry that

detail of police from the southern station impressed a gang of laborers and began the work of rescue before the dust had cleared away. O'Connor, who was pinned against the opposite wall, began to moan pitfully. The sound added strength to the workers, are and the workers arms and in a few minutes the workers arms and in a few minutes be was carried out terribly crushed. The others were buried under tons of brick. When the rescuers reached them they were crushed beyond recognition. Their bodies were taken to the morgue.

The bodies of the horses were not taken

a falling wall and lost their lives. A fourth man, G. Comesse, was badly injured and now lies between life and death at the Harbor Hospital. But for the fact that they had no goggles and quit work rather than labor in the blinding dust raised by the high wind this morning, two more might have lost their lives in this accident.

V. K. Welk, of \$100 Twenty-third street, manager of the Bernhard Company, was

manager of the Bernhard Company, war in charge of the laborers at the time of the accident. The brick side wall adjoining the Pacific Mutual Life building had been swaying, unnoticed by the men. nd when it toppled over they were inioned beneath it without any warning r chance for their lives. Officer T. F. Walsh, who patrols a beat

on Montgomery street, was the first to reach the scene of the accident, and learning from Welk that four men were beneath the wall he hurriedly turned in an alarm of fire. In a short time the lifeless body of one laborer was taken out, and a second, still alive but frightfully mangled, was recovered and rushed to the Harbor Hospital. Their fellow laborers do not know them nor their em-

LONDON GOLD RUNS LOW

FINANCIER SAYS SHAW SHOULD HELP OUT.

Stock Market Getting Over Scare Caused by Rise in Rate

LONDON, Oct. 20.-The stock market this morning continued to show much nervousness, but there was an absence of the feverish excitement which followed the first announcement of the increase in the Bank of England's discount rate. American securities continued their downward movement, the opening prices being in marked contrast to those of the opening yesterday. Union Pacific opened at 1804 against 1934 yesterday, while United States Steel was offered

while United States Steel was offered at 48% against 50% bid yesterday.

Banking circles showed notable satisfaction at the fact that the Bank of England had been able to stop the continued heavy exports of gold to the United States. A British financier, discussing

the situation, said today:
"The United States can hardly expect London to finance the whole world, and we are now confident that our 6 percent rate is a safe and permanent pro death in the face. The wall came down with a crash. A cloud of dust rose, hiding the shattered mass of masonry that entomobed the three men.

Members of the fire department and a detail of police from the southern station impressed a gain of laborers and beam. gold for the movement of the cotton crops or other needs, we feel that re-lief should come from the other side. Sec-relary Shaw once before relieved the situation by releasing his store, and we in London cannot see why he should sit on his gold chests while the United States draws its needed supply of gold from London's depleted stock.

It became definitely known today that

about \$10,000,000 in gold will be shipped from England within a week of which amount \$4,850,000 went today to Egypt, according to announcement, but its exact cut for hours.

The property is owned by Samuel Buckbee, of Shainwald-Buckbee. The work of clearing up is being done by Fay Bros. Durand was a resident of Oakland and leaves a large family. Little was known of Johns. He was a Greek in the employ of the contractors only a few days.

The second accident happened at the southeast corner of Montgomery and Commercial streets at \$3.0. Three menals of them Italians whose names are as yet unknown—were pinioned beneath.

Provisions for Enforcement of New Law.

LABELS MUST TELL TRUTH

Purchaser Must Know Just What He Buys-No Poisonous Coloring or Adulterants-No Disguise for American Champagne.

WASHINGTON, Oct 20.—Secretary Wil-son of tae Department of Agriculture, to-day promulgated the regulations under which the recently enacted pure food and which the recently enacted pure food and drug act will be enforced. The Commission appointed to prepare the regulations consisted of Dr. H. W. Wiley, of the Agricultural Department, Dr. S. N. D. North, of the Department of Commerce and Labor, and James L. Gerrey, of the Treasury Department. In a letter to the Secretaries of the several departments they say their agreement on the regulations was unanimous. To the regulations, Secretaries Wilson, Metcalf and Shaw have given their approval.

have given their approval.

The section of the regulations respecting the labelling of products requires that five ingredients of the package shall be stated, so that the purchaser may know precisely

what he is buying. No Poison to Color or Adulterate.

In the matter of coloring, the require-ment is made that no ingredient known to be deleterious to human health shall be ed by the manufacturers. This regula-on applies with particular force to the anufacturer of candies.

manufacturer of candles.
Adulterations, particularly of drugs is prohibited, but standard drugs will not be considered adulterated, provided they are branded so as to show their actual strength or purity.
Poisonous or deleterious preservatives shall be applied only externally, and shall be of a kind that will not permeate to the interior of the product and the preservative must be of such character.

preservative must be of such character hat until removed the food products are

Misbranding of food or drug products it Misbranding of food of did glodus is guarded against particularly. The label on every product must bear the name of the product, and the place of manufacture and must show whether the article is a compound, mixture or blend, and must designate the ingredients and proportions in the case of drugs and foods. The use of any talse or misleading statement, de-sign or device on the label is specifically

It is known that some differences of It is known that some differences of opinion arose among the members of the commission respecting important details of the rules. As originally drafted, the rules practically prohibited the use of generic names, as applied to products of American manufacture. For instance, champagne, as distinguishing a kind of wine, could not be used in connection with an American wine of that kind, because it was held to be mislabeled, if not actually deceptive. Geographical names, generally, as applied to food or names, generally, as applied to food or drug products or to wine and liquors, were not permitted to be used under the regulations as prepared by the

partments for approval, some changes were made in them of a very impor-tant character. The use of geograph-ical names, for instance, was provided for in cases where it was thought the names were generic or distinctive.

Must Tell Where It's Made.

It was provided however, that it should be indicated on the package containing the product that it was of American manufacture. Thus, champagne is required to be labeled American champagne or California champagne, so that the purchaser, while he knows that he is getting a certain kind of wine, knows also that the wine is made in America and not in France. The regulations apply to other products in a similar way. It was the effort of the Commission to insure to the purchaser of any food or drug product, absolute purity. Thus, champagne is re-

Pelvic Diseases in Men.

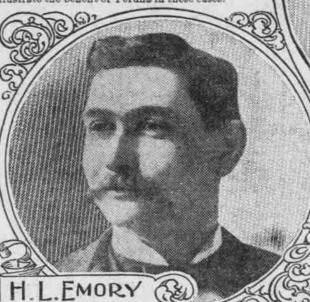

Many an invalid is dragging out a miserable existence with catarrh of the kidneys, catarrh of the bladder, or both.

There is no disease equal to catarrh of the bladder in producing complete wretchedness, absolute despair, haggard misery and stubborn weakness. An army of this sort of victims have one by one discovered that Peruna could be relied upon to re-

One man tells another man, and in this way the news spreads until in all parts of the country are to be found men who have been permanently liberated from the thraldom of catarrh of the bladder by a course of Peruna.

Many cases of catarrh of the stomach, kidneys and other abdominal organs have reported themselves

We give below two prominent testimonials which illustrate the benefit of Peruna in these cases.

Catarrh of the Bladder.

CHARLES B. NEWHOFCE

Mr. C. B. Newhof, 10 Delaware street, Albany N. Y., President Monteflore Club, writes:
"Since my advanced age I find that I have been

Since my advanced age I and that I have been requently troubled with urinary silments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to oversome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but found to my relief that I soon began to mend. The irritation gradually subsided, and the urinary difficulties massed away. I have enloyed excellent results now. passed away. I have enjoyed excellent health nov for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruns."

Catarrh of Stomach and Kidneys.

Mr. H. L. Emory, Vice Chancellor and Master of Arms, K. P.s. of Omaha, Neb. writes from 205 North Sixteenth street the following words of praise for Peruna as a tonic. He

'It is with pleasure I recommend Peruna as a tonic of unusual merit.

A large number of prominent members of the different orders with which I have been connected have been cured by the use of Peruna in cases of catarrh of the stomach and

head; also in kidney complaints and weakness of the pelvic organs.

"Peruna tones up the system, aids digestion, induces sleep and is well worthy the confidence of sufferers of the above complaints.

Mr. David L. Jaycox, Chaplain Ciar-nda I. O. G. T. and Chaplain G. A. R., 65 Broadway, Oakland, Cal., writes: 865 Broadway, Oakland, Cal., writes: "I am an old war veteran. I con-

racted severe bladder and kidney trou-

consulted a host of doctors, but neither

did me any good. "Finally some of my comrades who had been cured by Peruna advised me to try it. I at once bought a bottle, and found it helped me so much that I kept using it for nearly four months.

tion of the bladder.

"Having read of Peruna, I decided to try it. I found relief from the pain within ten days. The aches gradually diminished, and it was a blessed relief. I can assure you. Within three months.

"Peruna has proven the best medicine I ever used. My pains are gone and I believe myself to be cured. I feel well, and would not be without a bottle in time of need for ten times its cost.

I was in good health until about four years ago, when my back became lame and sore. The pains kept increasing, with severe twitches and slow exhaustive acnes. Urine was highly colored and passed with great irregularity. I know this must be inflammation of the bladder.

"Having read of Peruna, I decided to

I was well once more. My appetite had returned, nervousness and irritability were things of the past, and for over two years now I have been a healthy
