MRS. MARY R. L. WOOD IS HALE AND HEARTY AT AGE OF 119

Mrs. Mary R. L. Wood,

HILLSBORO, Or., Nov. 17 .- (Speclal.)—Mrs. Mary Ramsey Lemons Wood, aged 119 years, 5 months and 25 days, and who is probably the oldest woman living in the United States, has just rallied again from a severe cold, and has recovered her usual vitality, which is so splendld that it would put to the blush many lively youngsters of 65 or 70. At Mrs. Wood's extreme age a slight cold is a serious danger, and for several days the friends of the remarkable old lady feared that she might succumb to the exhausting strain of continual coughing and sneezing, but the plucky old lady proved herself still of strenuous fiber, and conquered the cold, pulling out of her sickness with renewed strength and Mrs. Wood was born at Knoxville, Tenn, on May 20, 1787, and at the age of 17 married Jacob Lemons, her first husband. In 1837 she moved to Alabama, and thence to Georgia the year following. In 1839 her husband died, and in 1849 she moved to Missouri, from which state in 1852 she crossed the plains

to Oregon, riding a bay mare the entire distance. This mare was her favorite animal, and was called "Martha Washington Ploneer." Mrs. Lemons settled, with her children, in Washington County, and in 1854 she married John Wood. She was the mother of four children, all born of her first marriage. She has survived all her children except one daughter, Mrs. Catherine B. Southward Reynolds, who is still living in

It was Mrs. Wood who built the first hotel in Hillsboro, and she managed it for a number of years. Her life story is so identified with the history of Oregon, that her record and her photograph are given place among the exhibits of the State Historical Society at the City Hall In

Mrs. Wood comes of a long-lived family. Her mother died at the age of 110, the day following a five-mile walk, on which she knitted all the way, according to her thrifty custom, Her father, Richard Ramsey, was a brick-maker, and built the first brick house in Knoxville. He died at an advanced age, of heart disease.

Mrs. Wood, while not able to lead an active life, and naturally very feeble. still has remarkable vitality, and a spirit of cheerfulness and determina-tion which her friends predict will enable her to defy Father Time for some time to come. If she lives until May 20, next year, she will have passed the 120-year mark, a record which probably has none to beat it in the United States, and certainly not on the Pacific Coast.

St. David's, East Tweifth and Belmont streets—Rector, Rev. George B. Van Waters, D. D. Holy communion, S.A. M., holy com-D. D. Holy communion, S.A. M.; holy communion, sermon by the Right Rev. SCHOOL FRATS ATTACKED

Chicago Secret Orders Found to Be Hurtful in Influence.

CHICAGO, Nov. 17.-Chicago school fraternities and societies were dealt a crushing blow today, when the committee of the secondary schools made its re-port, after three years' investigation, conunsocial and of a degenerative

The report, which is considered the most thorough study ever made of the high school problem, was read by Principal Spencer A. Smith, of the Wendell Phillips High School, at the 19th annual "Conference of the academies and high schools in relations with the University of Chicago," in Haskell Hall. It was

dopted unanimously.

Over 400 high schools and preparatory institutions, situated in nearly every state in the country, are enrolled in the association, and the doom of the "prep" association, and the doom of the prep school Greek letter societies, which exist in the majority of the schools, was de-clusions reached. Some of the high school principals, in suggesting ways and school principals, in suggesting ways and means to stamp out the evil, branded fraternity members with most severe names. Principal E. V. Robinson, of the Central High School of St. Paul, taking the stand that the Board of Education should prohibit fraternities rather than let parents work out the problem themselves, described the conditions in his school.

"I have found that in my seven years' experience at Central High School the fraternity has had a most degenerating influence." he said. "Boys belonging to fraternities will lie, cheat, do anything to remain loyal to their societies. The fraternity has developed professional liars in my school."

NEWS OF PUBLIC LIBRARY

Technical Publications on File in the Periodical Room.
