MOODY ENLISTS HELP OF PINCHOT

Begins Fight for Reappointment of Miss Lang at The Dalles.

Cannot Secure Confirmation Against Their Wish-Fulton May Name Fish to Succeed Nolan as Land Register.

OREGONIAN NEWS BUREAU, Wash ington, Feb. 23.-Ex-Congressman Moody, whose recommendation Michael T. Registership of The Dalles Land Office, has been in Washington conferring with Chief Forester Pinchot, through whom, is understood, Mr. Nolan's defeat was ac complished. Mr. Moody came East osten-sibly on private business in New York and is reported to have left today. His visit was on the quiet. He did not arrive until after the President had gone North. It is understood that Mr. Moody is now bringing to bear his entire influence to secure the reappointment of Miss Anne M. Lang as Receiver at The Dalles, her term expiring March 3. Any such move will meet with the opposition of the Ore gon Senators, who deeply resent Mr. Moody's interference with Federal patron-age. Mr. Pinchot, who is Mr. Moody's staunch friend, will unquestionably exert his powerful influence in behalf of Miss Lang, but it is not known whether Mr. Moody through Mr. Pinchot will under-take to name Mr. Nolan's successor. In all probability Senator Fulton will

again recommend Judd S. Fish of The Dalles to succeed Mr. Nolan, he having endorsed Mr. Fish when Mr. Nolan re-signed in November. Who will be recom-mended to succeed Miss Lang has not yet been decided. Should the President, in filling these two offices, disregard the wishes of Senators Fulton and Bourne. trouble will unquestionably follow, for both nominations will be referred to the both nominations will be referred to the public lands committee, of which Mr. Fulton is a member, and he would have it within his power to prevent confirmation. Mr. Bourne would probably stand with him on any fight he might make, should Mr. Moody's recommendations prevail. If Mr. Moody is content to back Miss Lang and allow the Senators to select Mr. Nolan's successor, he will in that event probably insist that they in that event probably insist that they recommend some man who meets with his

Fulton Gets Third-Class Postal Employes' Salaries Raised.

OREGONIAN NEWS BUREAU, Washington. Feb. 22.—The Postoffice appropriation bill, as passed by the House, differentiated between salaries paid letter-carriers and clerks in first and second-class offices and those of the third class. Today at the suggestion of Senator Fulton, the bill was amended placing clerks and carriers of all presidential ofclerks and carriers of all presidential of-fices on an equal footing, so that the same salaries will be paid in third-class offices as in the two higher grades. BOY HIT BY 10,000 VOLTS

Albany Lad of 15 May Recover From Awful Shock.

ALBANY, Or., Feb. 23 .- (Special.)-After receiving a shock of 10,000 volts of electricity, Frank Creswell, 15-year-old son of John Creswell, of Benton County, lay for more than an hour on a ledge a foot wide on a projection of a pier of the Albany steel bridge. He was finally rescued from his perilous position and is now at St. Mary's Hos-

His left hand is terribly burned, and he will lose the toes of his right foot. Permanent internal injuries may de-

velop later.

Creswell climbed down on the pier at the north end of the steel bridge yesterday afternoon, intending to slide down the bars 25 feet to the ground, after the custom of many Albany boys, who make a "short cut" that way. In some unknown manner, while standing on the pier, his left hand touched one of the power wires of the Willamette Valley Company. The shock burned the skin off his left band and left it on the wire and the sole of his right shoe, and threw him unconscious on the narrow ledge of the pier, where it extends beyond the bridge. It is a

narvel that he was not thrown to the ground, 25 feet below. The injured boy was finally found

MAKES INCREASE GREATER Senate Committee Adds More to Postal Employes' Salaries.

WASHINGTON, Feb. 23.—The Senate committee on postoffices and postroads reported to the Senate the postoffice appropriation bill. The report will not be completed until Monday, but it is estimated that an increase of about \$3,000,000 has been made over the amount appropriated by the House bill, which was \$209,000,000. The largest increase is in an amendment advancing the pay of rural carriers to \$900. The present pay of such carirers is \$720. The House bill increased this to \$840.

The House made an appropriation to in-crease salaries of clerks and carriers in postoffices of all grades, and to this the Senate committee added provisions for the graduated promotion of cierks and carriers up to \$120. Special routes are treated above the amount where emergencies and the character of service make them

Another amendment was adopted appropriating \$190,000 additional for clerks in third-class postoffices.

A change was also made in the payment to land-grant railroads for the carrying of mails. The House provided that \$17.10 should be paid per ton for all mail carried over 48,000 pounds, and the Senate committee reduced the weight to 5000

The controversy between newspapers and magazines which carry coupon advertisements was disposed of by the adoption of the following provision:

That hereafter newspapers and periodicials may carry blank or printed return coupons as part of advertisements or other blank space for writing concerning the subjects treated, not in excess of one third of the superficial area occupied by the advertisements or articles, without impairing their rights to the second-class postage rates.

ENGLISHMEN GET REVENGE

DUPLICATE SCOTCH 2 TO SCORE OF WEEK AGO.

Third and Deciding Game to Be Followed by Candian-American Challenge to Winners.

Portland Englishmen got even with Portland Scotchmen at association football on the Cricket Club grounds yesterday afternoon, duplicating the 2 to 1 score of the previous Saturday, but turning the tables so as to have it in their favor. Each team thus has one victory and three goals to its credit, and the third game, to show final supremacy, will take place in either one or two weeks. The winners of that game will be promptly challenged by the Canadian-American team, which is under process of organization.

ization. The city seccer championship will then be definitely settled. Yesterday's game was a hard one throughout and evoked great enthu-giasm from the 250 spectators, most of whom were supporters of the Eng-lish. The first goal was scored by the English on a hard, low, spinning shot from R. Wilder, on outside left, the ball striking a Scotchman's heel and glancing through. It was an unfor-tunate circumstance and dishenriened the Scotch considerably. The English pressed hard the rest of the balf, but

pressed hard the rest of the half, but could not score.

Things were evened at the outset of the second half when one of Matthew's pretty head tricks tallied for the Scotch. Peculiarly enough each side had been forced to put a crippled full-back in goal for the second half. Fenwick replacing Warren for the English and Mackie and Pattullo coanging among the Scotch. About the middle of the second half, after a series of rushes in which it looked as if the Scotch would get the lead, the English forward line came down the English forward line came down fast and R. Wilder shot another hot one in front of Mackie with enough angle on it to get inside the farther

Vosper, Warren, Mills and Rylance Vosper, Warren, Mills and Rylance are among those deserving mention on the English side. J. Dickson, Young and Matthew played excellently for the Scotch, Matthew and Young having fine combination. Williams, a recruit from one of the Seattle league teams, did good work and Dr. King, a former Essex County, Ont. player, made his first appearance on a local soccerfield in several years. The lineup:

English (2)—Goal, Warren; backs, Rylance and Fenwick; halves, Steele, Mills and Vosper; right wing, Kilpack (captain), and Douglas; left wing, Williams and R. Wilder; center, F. Wilder.

NEW DEMOCRATIC TIMBER TO DEFEAT SCHMITZ.

Conservative Brought to Front on Platform of Anti-Ruef, Anti-Graft and Anti-Japanese.

SAN FRANCISCO, Feb. 23.-(Special.)-The remnant of the Democratic party has sprung a coup in San Francisco by launching the candidacy of Walter Mac-Arthur, the best-known and most popular abor leader on the Pacific Coast for

MacArthur will make the canvass on a platform anti-Schmitz, anti-Ruef, anti-graft and anti-Japanese. This is Mac-Arthur's debut in the political field. As a leader of organized labor, he has been known for his conservatism. He has always been the check rein on the radical forces. As editor of the Coast Seaman's Journal, he has advocated reforms, but

has always opposed the radical element in the forces of organized labor. MacArthur was the guest of the Iroquois Club, the Democratic organization, last night and his speech was a bitter arraignment of President Roosevelt and Mayor Schmitz. The utterances of Mac-Arthur, coming from a man, known for his conservation, created widespread comment, but today the secret leaked out that MacArthur is to be the Democratic candidate for Mayor.

MacArthur has never supported
