## DRAPERY AND UPHOLSTERY FABRICS IN NEW EFFECTS ART WALL PAPERS, ETC.

DECORATIVE AND DRAPERY DEPARTMENT—SIXTH FLOOR.

To those who contemplate building or remodeling a home, the extensive and complete showing of this department will prove of interest. The decoration of the home should be given earnest consideration, and it is no more expensive to treat your home harmoniously than otherwise. We are prepared to furnish estimates and original designs for all interior work—schemes that suggest correct treatment and selection of floor coverings, wall hangings, window hangings, etc.

**ART WALL PAPERS**—We show wall coverings of this character that are suitable for every room in the modern home—in material and patterns that are novel and pleasing. We do high-class tinting, fresco and wood-finishing. Designs in wall paper executed in special colorings; special designs for sleeping-rooms with art cretonnes to match. New bath tiles and decorative scenic paper and tapestry borders to finish walls above heavy wainscoting.

**UPHOLSTERY FABRICS**—A large and varied showing of furniture coverings, consisting of hair-cloth, mohair, damasks and plushes—suitable fabrics for old mahogany and walnut. Also silk and wool

tapestries, damasks, chintz, taffetas, corduroys and velours. We employ a corps of skilled upholsterers and finishers, and we will be pleased to call and estimate on this class of work.

### SPECIAL FOR THIS WEEK

## WON'T HAVE SIGN

Portland Heights Residents Much Stirred.

### PEACEFUL MEASURES FIRST

Curran & Co. Will Be Asked to Remove Board at Twentieth and Elm Which Greatly Offends Residents of Section.

Citizens and property owners on Portland Heights and Council Crest met last night at the Heights fire department house and voiced their protests against the large billboard at Twentieth and Elm streets. Talk of violence in removing the board was heard, but cooler heads ruled and a committee was appointed to wait on Curran & Co., the owners of the board, and see if the matter could not be settled peacefully.

Residents of the Heights consider the board an eyesore to the natural beauty of the territory. They fear that if this one is left in a short time the hill will be covered with signboards. The Heights has always been one of the most aristocratic and select residence portions of the whole city. A number of costly houses are on the streets opposite the sign and these people in particular are worked up.

The meeting was called to order by F. E. Beach, president of the Heights Improvement League. It is understood it was called at the special request of George Flanders, I. Lang, one of the leading property owners of the Heights, advocated moderation at first, but if that failed, the members of the volunteer fire department should find some way of ridding the territory of the nuisance.

E. E. Keasey, then proposed that an ordinance be framed to tax unimproved property with billboards on it the same as improved property. An ordinance restricting billboards in the residence sections of the city was also proposed. Mr. Lang then proposed that the members frame an ordinance to be pre-

vented to the voters next June, prohibiting signs in all districts where the residents objected.

B. Labbe, George Flanders and C. E. Curry were appointed on the committee to wait on Curran & Co., with instructions from the organization to ask that the sign be removed.

### Violence on the Programme.

If the billboard is not removed the members propose to tear it down by force. The plan is to meet some night and at a signal of the bell in the firehouse call all the boys in the territory to the place. The members will stand around while the boys tear down the board. If any one attempts to interfere with the youngsters the older citizens propose to see that the boys are not harmed. If they tear this sign down they say the company will not likely place another on that portion of the hill.

Many fiery speeches were made last night, and some of the Expositions Rink members of the league proposed various plans for the destruction of the board.

### Some of the Suggestions.

"It will be a good Halloween for the boys," said one member.

"Why not have it catch fire while the members of the fire department are away?" said another.

"You couldn't set it on fire without burning a number of trees," objected a young man.

"Well, fix it so nobody will be made defendants in a damage suit," added an older member of the league.

"We'll all lend our moral and perhaps physical support," said a prominent business man.

### EXPOSITION RINK SKATERS

Last night ended another highly successful week at the Exposition Rink. Will T. Cary, the wonderful trick skater, gave two daily performances throughout the week, and pleased the large crowds who saw his exhibition. The general popularity of the rink continues as usual, and roller skating has the same strong hold which aroused the marked enthusiasm of last season. The Exposition Rink offers many comforts and advantages to its skaters, and the high plane of management is especially assuring to timid skaters. No admission is charged at the morning sessions and ladies and children are admitted free afternoons.

**BUSINESS ITEMS.**  
If Baby Is Cutting Teeth. Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the gum, allays all pain, cures wind colic and diarrhoea.

## RUN DOWN BY CAR

Otto Grandes, Laborer, Is Dragged Nearly 100 Feet.

### DIES WITHIN THE HOUR

Eddie Barger, Aged 4, Toddles From His Mother in Front of Car on Morrison Bridge and Is Dragged and Cut.

A man was killed and a child perhaps fatally injured late yesterday afternoon by trolley-cars on the system of the Portland Railway, Light & Power Company.

Otto Grandes, aged 25 years, died at the Good Samaritan Hospital from injuries received when he was struck and dragged by a car at Eleventh and Gilliam streets, at 4 o'clock, and Eddie Barger, aged 4, lies at St. Vincent's Hospital, suffering from injuries inflicted by a car on Morrison bridge at 4 o'clock.

Grandes, who was a laborer residing at 687 Missouri street, was dragged nearly 100 feet. He died an hour later. Grandes was a passenger on an east-bound car, and alighted at Eleventh street. He is presumed to have hurried across the tracks without observing "G" car No. 367, which was proceeding west on Gilliam street, and stepped in front of it. He was crushed about the head and chest, and his left leg was shattered so that the bone protruded. He did not regain consciousness. The mother, brother and sister of the deceased reside at 144 Knott street. Acting Coroner Finley took charge of the body.

With his mother, Eddie Barger was crossing from the south side of the bridge to the north side, when a team drove rapidly up, blocking the way. The mother stopped and drew back out of the roadway, but her little son walked directly in front of Montavilla car No. 342, eastbound. The fender did not work properly and the child was

dragged almost 35 feet, sustaining severe scalp wounds and perhaps internal injuries. His parents live at 122 1/2 Union avenue.

### To Act on Arthur's Acceptance.

Mayor Lane has called a special meeting of the water board for Monday afternoon to consider the acceptance of J. M. Arthur, owner of the Mount Tabor waterworks, of the price they would permit him to retain the

board offered Mr. Arthur \$25,000 for the plant, which he accepted, provided they would permit him to retain the pumps.
