

KEEP CASE OUT OF HANDS OF JURORS

Jerome's Purpose Plain to Send Thaw to Insane Asylum.

MAY CALL HAMILTON NEXT

Relies on Alienist to Secure Lunacy Commission—Thaw, in Terror of Asylum, Pledges His Counsel to Fight.

NEW YORK, March 2.—The Thaw trial enters its seventh week Monday and it would seem that, unless some radical change in the course of procedure occurs, it will be at least two weeks, and possibly three, before the jury renders a verdict.

That District Attorney Jerome has no intention of letting the case go to the jury, if he can possibly prevent it, there appears to be no semblance of a doubt. The prosecutor has made it perfectly plain that he would rather have the matter come before a commission in lunacy. Jerome does not believe that Thaw is in a proper condition of mind to be on trial.

No Taste for Grilling Mrs. Thaw. The District Attorney especially had no taste for the cross-examination of Evelyn Nesbit Thaw. He endeavored to avoid it by having the experts testify first, hoping to gain from them some important admissions as to Thaw's present state of mind upon which to predicate an application for a commission in lunacy and the suspension of the trial.

Mr. Jerome realizes that he must be sure of his ground before asking for a commission and he consequently will not take that step until some of the state's alienists have gone upon the stand. Dr. Allan McLane Hamilton, who was employed for a time by the defense and who visited Thaw in the Tombs, is expected to be the most important expert witness for the prosecution. Dr. Hamilton is known to have expressed the opinion that Thaw's insanity was of a lasting character.

Thaw Dreads Asylum. Mr. Jerome was laying the foundation for Dr. Hamilton's testimony when adjournment was taken Friday afternoon. He asked Dr. Evans, witness for the defense, if Dr. Hamilton was not regarded highly as an authority on various diseases. Dr. Evans refused to answer and Justice Fitzgerald took the point under consideration. The judge also reserved decision as to whether or not Thaw should be permitted to quote from various medical works as to the effects of various mental diseases.

Thaw seems apprehensive of his fate only as it relates to the asylum for the criminal insane. The thought of the death chair, it is said, has never once entered his mind. He has been in constant fear, however, that there might be a "conspiracy" to "railroad" him to an asylum. Within the last two days the defendant has called upon his attorneys for an assurance that they will not enter into an agreement for the appointment of a commission, they promised to fight to the utmost to have the case reach the jury.

Dr. Britton D. Evans, who declared Thaw to be suffering from a "brain storm" when the White will go upon the stand Monday. It will make his fourth day under cross-examination.

Evelyn Nesbit Thaw, Mrs. William Thaw and the Countess of Northmouth visited the defendant in the Tombs today.

CAN'T SUPPRESS THAW STORY

Postoffice Attorney Says Government Has No Power.

WASHINGTON, March 2.—No action will be taken by the Postoffice Department regarding the publication by newspapers of the details of the Thaw trial. Some time ago President Roosevelt directed Postmaster-General Cary to go into the subject with a view to keeping from the mails, if possible, papers publishing obscene details. The Postmaster-General submitted the proposition to the attorney for the Postoffice Department.

GREAT MONOPOLY BROKEN

FARMERS FREE TO MAKE ALCOHOL UNDER NEW BILL.

Aldrich's Amendment in Standard's Interest Swamped in Senate—Attitude of Northwest Senators.

WASHINGTON, March 2.—The denatured alcohol bill, which went to the President today for signature, will have the effect of breaking the Standard Oil Company's monopoly of this new fuel product. Under the provisions of this bill individual farmers will be permitted to manufacture denatured alcohol for their own needs or for sale in large or small quantities. As the original bill was drawn, denatured alcohol could only be produced by large distilleries, and the Standard had completely monopolized the entire product.

It was to preserve this monopoly that Senator Aldrich yesterday endeavored to amend the pending bill, but, to his surprise, he found that the majority of the Senate turned against him, and his amendment was lost. Senator Fulton, who had received many appeals from Oregon farmers on behalf of the bill, vigorously attacked the Aldrich amendment, as did other Senators from the Northwest, except Ankeny and Heyburn, who stood with Aldrich and against the farmers. Heyburn making a speech in favor of the amendment, which would have prohibited individuals from manufacturing denatured alcohol.

They contain as their main ingredient, the most thorough, quick and effective blood cleanser known, calcium sulphide. Remember this, too, that most people treatments seek with poison. And they are miserably slow besides.

Stuart's Calcium Wafers have not a particle of poison in them. They are free from mercury, biting drugs or venemous opiates. This is absolutely guaranteed. They cannot do any harm, but they always do good—good that you can see in the mirror before your own eyes a few days after.

Your blood makes you what you are. The men and women who forge ahead are those with pure blood and pure faces.

Stuart's Calcium Wafers will make you happy because your face will be a well-kept one. You can see in the mirror before your own eyes a few days after.

HARD WORK AT END

House Sits Till Early Morning at Washington.

PASSES FINANCIAL BILL

Three-Cent Car Fare Ordered in Washington—Survey for Appalachian Forest Reserve—Survey of Coal Supply.

WASHINGTON, March 2.—The House devoted most of the day today to considering Senate amendments to the sundry civil and agricultural appropriation bills. The Senate amendments to the sundry civil bill directing the Department of Commerce and Labor to make an investigation of the industrial conditions of female and child labor, relating to a further examination of the same, appropriating \$125,000 for the transportation of silver dollars were disagreed to and a further conference ordered. The Senate amendment increasing the amount appropriated for fuel tests and directing the Director of the Geological Survey to make an examination of the fuel resources of the United States and to publish the results were concurred in.

When the House took up the agricultural bill, two important items were in dispute, the Senate amendments relating to the White Mountain and Appalachian forest reserves and the endowment for agricultural colleges. Both these amendments excited long debates, but in both cases the House concurred in the Senate amendments, the further work of the conference exceedingly easy.

At 6:30 o'clock the House took a recess until 8:30, on resuming, Senate amendments to the pension appropriation bill were nonconcurrent in and the measure sent to conference.

The Aldrich financial bill was then passed, after a brief struggle, by an almost solid party vote.

TAWNEY PROTESTS IN VAIN

House Orders Survey of Appalachians; Prunes Other Appropriations.

WASHINGTON, March 2.—Fifty-one million dollars have been added to the Senate to the House supply bills," said Tawney of Minnesota today, while the House had under consideration the conference report on the agricultural bill. "This is unprecedented. The amendment which the Senate has inserted in the agricultural bill, endowing agricultural colleges means millions upon millions more."

Clayton of Alabama moved that the House concur in the Senate amendment. The amendment provides for an annual increase of \$300 for agricultural colleges until a total of \$50,000 has been reached. Discussion on the amendment continued more than an hour, when a further conference was ordered.

A separate vote was asked for on the paragraph inserted by the Senate appropriating \$25,000 for the survey of watersheds in the Southern Appalachians and White Mountains, with a view to setting those sections apart as a National forest reserve.

Overstreet of Indiana moved a substitute providing for the examination of the sources of all streams in the United States with a view to determining the advisability of reserving them. After considerable debate this was defeated, 71 to 121.

Lamb of Virginia then moved that the House concur in the Senate amendment and on that point Illinois demanded a roll call "to put the state rights fellows on record." Lamb's motion was adopted, 126 to 113.

HOUSE PASSES ALDRICH BILL

Parties Line Up Almost Solidly for and Against It.

WASHINGTON, March 2.—By a vote of 160 to 79, the House tonight passed the Aldrich currency bill. The Republicans lining up with two or three exceptions for the measure, the Democrats being just as solid against it. Fowler of New Jersey explained the provisions of the bill. Prince of Illinois said that it was one of the best pieces of legislation enacted at this session.

James of Kentucky offered an amendment declaring that the Secretary of the Treasury, before depositing Government funds in National banks, must advertise for bids on the rate of interest to be paid, and providing that in no event shall the rate be less than 2 per cent, and that National banks shall not have Government funds deposited in them in excess of 50 per cent of their capital stock. The Speaker ruled the amendment out of order, as the previous question had been introduced. James appealed from the decision, but the Speaker was upheld.
