A RARE BARGAIN

NEW TODAY

On Portland's lower harbor, with its miles of deep-water frontage, its transcontinental railroads, its mills, factories, shipyards, drydocks, and general superiority of location, offers remarkable opportunities for safe and profitable investment.

A FORTUNATE REAL ESTATE INVESTMENT IS EQUAL TO THE LABOR OF A LIFETIME

\$150,000.00 clear profit has been made, based on present selling values, by buyers of property in the different St. Johns tracts marketed by us during the past year, namely, St. Johns Park, Holbrook's Addition, Court Place, Chester Place and Jersey-street Addition, and this profit has been made on actual cash investments of not to exceed \$50,000.

We now offer an opportunity to small and large investors which, in our judgment, offers larger and more certain returns than any of those above referred to.

We have for sale lots in

\$8500 In the two weeks this property has been on the market sales aggregating \$20.000 have been made. The owner has notified us that prices will be advanced \$50 per lot on March 15. This advance will positively take place on date named.

That this property is located · at the junction of Columbia boulevard with the St. Johns electric carline, and within two blocks of Maegly Junction, where the Hill railroads intersect the Harriman railroads, only two blocks from the depot grounds, where the future immense freight and passenger traffic of the entire Peninsula district must center, and near the great Swift Packing Company. That this will be the only railway stop between Vancouver and Portland; that the Swift Packing Company will alone create a city of 20,000 peo-ple; that the future of this locality is not dependent on suburban homes, but is certain to result from local industries which are assured.

Keep these facts in mind. Investigate this property. Look it over. Take St. Johns car, fare 5 cents; get off at Columbia boulevard, East St. Johns Station (formerly Smith's Crossing), and you are there. Resident agent on the ground Sunday and week days.
