

WANT \$50 A MONTH

City Councilmen Not Satisfied With Present Salary.

SEEK TO AMEND CHARTER

Will Submit Their Cause to the People at June Election—Also to Ask More Money for City Engineer and Attorney.

The salary of nearly every employe of the city has been raised since the first of the year, and now the Councilmen want a slice of prosperity. They will ask the people to increase their compensation from \$25 to \$50 a month. They cannot raise their own salaries, hence the proposed appeal to the people. Next June an amendment to the charter will be submitted to the voters, the referendum making the increase.

At a special meeting of the judiciary committee yesterday Councilman Shepherds proposed an amendment to the charter raising the salaries of the Councilmen and his colleagues fairly fell over themselves in their eagerness to second the amendment.

Councilman Shepherd and the other two members of the committee, Councilmen Vaughn and Masters, were unanimously in favor of the amendment. The Councilmen are underpaid. They feebly referred to the \$25 a month salary as "beggarly" and "a mere pittance" and to come to the aid of the Councilmen. Something was also said about the increase in rents and the high prices of food and clothing.

It was also determined to let the voters decide whether the office of the City Engineer and City Attorney should be increased from \$2400 to \$3000 a year. J. Lang and J. N. Teal spoke in favor of the increase in the salary of the City Engineer. The City Engineer of Seattle receives a salary of \$5000 a year, and City Engineer Taylor is admitted to the highest-working city official in Portland.

City Attorney McNary declared that the salary of the office he now occupies should be at least \$2500 and that of the deputy \$1500. The members of the committee agreed with him. Mr. McNary has no personal interest in the question, as his term soon expires and he is not a candidate for re-election.

The members of the Executive Board also have become interested in the talk of higher salaries, according to Councilman Shepherd. He says they are anxious that something more material than honor be attached to their positions. He declared in open meeting that he had talked to members of the Executive Board and that they were in favor of raising salaries.

The other members of the committee and City Attorney McNary succeeded in inducing Shepherd to drop the matter of picking the pockets of the City Treasurer for the benefit of the members of the Executive Board. They said that it was against the scheme of the present form of city government to pay members of the Executive Board, and that they were supposed to be sustained in their labors by pride and interest in their own city.

When he first mentioned the question of raising the salaries of the Councilmen, Shepherd suggested \$100 a month. After a second consideration he thought \$50 a month would be better. He also advised that the amendment raising the salaries of the Councilmen not be coupled with the amendment increasing the salaries of the City Engineer and City Attorney, lest the latter measure might be unable to pull through alone.

LAUD THEIR NATIVE STATE

Oregonians in National Capital Hold Successful Meeting.

WASHINGTON, March 16.—The Society of the Oregon Country had a successful meeting at 112 C street, Northwest, on Thursday evening, March 7. Many visiting Oregonians were present. Representative Willis C. Hawley stirred the enthusiasm of the audience in an able and interesting review of the present prosperous condition and bright future of Oregon. He contrasted the verdure and beauty of Oregon at this season with the bleak and wintry aspect of the Eastern landscapes, and voiced the sentiment of his audience when he said, "My heart is with the people of Oregon and with that country."

J. D. Lee opened his remarks in the melodious Chinook jargon. He believed in state pride, in associations of Oregonians and in the possibilities of the Society of the Oregon Country at the National Capital. Later in the evening Mr. Lee recited Sam Simpson's "Beautiful Willamette."

W. M. LaForce spoke of the enduring and bright future of Oregon. He mentioned the Lewis and Clark Centennial Exposition, emphasizing the phenomenal growth in population of the city of Portland, Or., from 9,200 in 1890 to 175,000 at the present time. His remarks were also made by Messrs. Wells, Clymer, Putman, Johnston, Straight, Gilfray, Pracht, Sherman and Irving.

Judge John V. Wright, of Tennessee, now of the General Land Office, and J. D. C. Atkins were elected honorary members in recognition and appreciation of the fact that these gentlemen, who are now the sole surviving members of the Thirty-ninth Congress, voted in 1853 in favor of the admission of Oregon into the Union. Visiting Oregonians present were also elected honorary members.

Officers of the society for 1907 are D. C. Sherman, president; A. M. Condra, vice-president; Mrs. Katharine Lackland, treasurer, and B. Irving, secretary.

M. F. Brady Gives Dinner to Atoner for Wrong Done Friend.

M. F. Brady gave a dinner party at the Oregon Hotel last night in honor of his friend, J. B. Yeon, who has just returned from the East with two new automobiles, one of which is a 70-horse power touring car. Only a few guests were present. The tables were lavishly decorated in green in honor of St. Patrick, and the guests were furnished with clay pipes instead of cigars. Those who attended the dinner besides Mr. Yeon and Mr. Brady were E. B. Covert, J. F. Graham, W. Younger, T. B. Foster and V. M. C. Silva.

While Mr. Yeon was in the East the false report was circulated that he had been married. It seems that the rumor originated with Mr. Brady, who gave the

The Dunbar Company.

Through no fault of the association the Dunbar Company reached Portland on the 12th too late for the play they were to give at the White Temple.

The management has at last succeeded in getting a matinee engagement for Tuesday afternoon, March 19, at 2 P. M. in the Y. M. C. A. Auditorium. Fourth and Yamhill. This place was selected because of its nearness to the business center so that many could drop in from their work. The association regrets that the Dunbar Company could not arrange to appear on an evening in Portland, but the only resort was to accept an afternoon date or none.

Do Your Feet Ache

Thousands of men and women suffer every day from that very common trouble.

Flat Foot

CAUSES—Lack of muscular development in the feet and limbs, faulty construction of the prevailing boots and shoes, sudden accumulation of weight, long standing, rapid growth between the ages of 10 and 15 years, in the majority of cases it can be permanently cured.

SYMPTOMS—The most marked symptoms are pains resembling and taken for rheumatism, inability to stand quickly, especially in the morning or after sitting awhile, excessive perspiration, burning sensation, soreness in bottom of heels, cramps in toes, pains in arch, ankle, bend of feet, knees or hips, varicose veins, and a tired, dragged-out sensation with but slight provocation.

Remedy: "Woodlark" Arch Instep Supporters

These supporters are unlike ordinary arch supporters, which are merely castron plates, without the ease possible to give them, and invariably causing the feet to ache. An arch supporter made of an inferior or not the proper kind of material is worse than useless. Ours prevent flatfoot, support the arch and take pressure off the ball and heel of feet, give the arch and instep the proper contour and keep the feet from crowding into toes of shoes. They are durable, elastic and comfortable to wear. There are no substitutes. None are "just as good." Always sold on approval. Money back if you don't get relief. Pair, \$1.50

The big celebration will be at the Armory, tonight under the auspices of the Ancient Order of Hibernians, but this afternoon there will be meetings in the St. Lawrence parish, and in the Woodmen's Hall on the East Side. Already several celebrations have been held.

The celebration will start early this morning when the Ladies' Auxiliary and the Ancient order of Hibernians will attend St. Patrick's Church in a body. Father E. P. Murphy, chaplain of the Hibernians, will officiate. Father O'Farrell will deliver the panegyric and Archbishop Christie will make a short address. An augmented choir will furnish vocal music and several soloists have been engaged especially for the services.

The Young Men's Club, of St. Patrick's parish, will hold exercises in the assembly hall of the school, Third and Sherman streets, at 3 o'clock in the afternoon.

M. G. Mundy will preside as chairman of the meeting that will be held in the Woodmen Hall, East Sixth and East Alder streets.

Thousands of people will attend the celebration at the Armory tonight. As is the custom an admission of 50 cents will be charged at the Armory, but at the other entertainments no admission will be asked. The orator of the evening will be John P. Kavanaugh.

Garrett shot the saloonkeeper in the abdomen during a row in Grohs' shop at Clay and Water streets.
