

### McMANUS JUROR BILL

Case Is Adjourned When All Evidence Is Completed.

### EDITOR'S WIFE ON STAND

Worn and Tired, She Undergoes the Strain Bravely and Answers All Questions Without the Least Hesitation Whatever.

PENDLETON, Or., April 27.—(Special.)—With the evidence on both sides all in, and with the attorneys ready to proceed with the arguments, the McManus murder trial was suddenly adjourned this afternoon until Monday morning by the illness of Juror W. W. Atherton. He had been ill most of the night and was attended by a physician early this morning, after which he seemed to improve until about noon, when he was taken worse.

The feature of the trial today was the appearance on the stand of Mrs. McManus. She looked worn and tired, but she has stood the strain bravely and answered the questions in a clear voice without any hesitation.

### LOSE TITLE TO RICH LAND

Change in Boundary of Nez Perce Reservation Affects Many Farms.

LEWISTON, Idaho, April 27.—(Special.)—Through a decision by Secretary of the Interior Garfield, received this afternoon by the local Land Office, the northern boundary of the Nez Perce Indian reservation line must conform to monuments as against distances and courses, as has heretofore been held.

The decision affects thousands of acres of land, worth tens of thousands of dollars. Many farmers will lose many acres of fine land, while others will be proportionately enriched. The territory affected is triangular in shape, 24 miles long east and west, and from nothing at the point of the triangle to more than a quarter of a mile at the base.

The boundary line question has been in dispute at Washington since 1886. A man named Davis made the original survey. Later, ex-Governor D. P. Thompson, also ex-Surveyor-General of Idaho, made a survey. He was followed by E. M. Hurlburt and others. It is not thought that farmers losing by Garfield's decision will have any redress in court against parties from whom they bought land, as deeds are made out in metes and bounds, not acreage. There is a possibility of the matter being taken to the United States Supreme Court. H. G. DeBeaumont took up the first claim on the contested strip, his title bearing the date of October 19, 1881.

### KILLED ELK IN BIG PARK

If Found Guilty, Los Angeles Men Will Get Prison Sentence.

POCATELLO, Idaho, April 27.—(Special.)—Charles Purdy and William Binkley, of Los Angeles, who yesterday, in the United States District Court here, pleaded guilty to unlawfully shipping elk teeth and elk heads from Idaho into California, and who were sentenced by Federal Judge Deatrich to pay a fine of \$300 each on consideration that the other two indictments against them should be dismissed by the government, were re-arrested today on complaint of the Federal authorities of Wyoming on the charge of killing elk in Yellowstone Park and of wantonly slaughtering elk in the Jackson Hole country.

The killing of elk in the park is a felony punishable by imprisonment. This move on the part of the government will have far-reaching effect in preservation of elk in the Northwest, as urged by the President in a letter to Grand Excelsior Ruler Melvin, of the B. F. O. E.

These men are credited with having slaughtered 1000 elk in one season in Northwestern Wyoming, leaving the carcasses to rot after the teeth had been removed.

### TEACHERS TO MEET IN SALEM

Elaborate Preparations to Be Made for State Convention.

SALEM, Or., April 27.—(Special.)—Complete arrangements were made at a meeting of the Marion County Principals' Club here this afternoon for the annual meeting of the State Teachers' Association, which will be held here July 1, 2 and 3, and which it is proposed to make the largest and most important from an educational standpoint ever held in the history of the association.

Committees on arrangement and entertainment have been appointed and it has been decided to hold the main convention in the auditorium of the new First Christian Church while the departmental work will be divided between the classrooms of the church and the assembly-rooms of the High School buildings.

Four counties, Marion, Linn, Polk and Yamhill, have considered their several institute funds to defray the expenses of the meeting, which will aggregate a total of over \$300 and will enable the association to receive the best educational talent in the United States to contribute to the programme now in course of preparation by the executive committee.

### USE CARS AS WAREHOUSES

Seattle Merchants Will Not Unload and Congestion Results.

SEATTLE, Wash., April 27.—(Special.)—With more than 100 cars loaded with goods for Seattle jobbers in the local yards awaiting unloading, 500 more stored on side tracks in this state and a congested condition prevailing that makes it impossible to gain any headway, several big Seattle wholesale houses are using cars on the teaming tracks for warehouse purposes and are refusing to unload promptly, despite an appeal filed with the Merchants' Protective Association by the railroads. One big manufacturing plant that made the earliest fight against the railroads before the State Railroad Commission held a carload of goods on the "middle" teaming track of the Northern Pacific for ten days before it was unloaded, while other jobbers were clamoring to have their cars spotted. More than a score of cars are on the teaming tracks tonight with demurrage charges against them, while 1000 others cannot be switched to a point where merchants can get at them.

### New Run of Fish Coming.

ASTORIA, Or., April 27.—(Special.)—Boats drifting in the vicinity of the mouth of the river last night and today, made the best catches of the season, thus far. The fish average much larger than those caught since the season opened, indicating that a new run is entering the river.

Italy's state lottery took in \$17,000,000 in a year and gave back in prizes \$6,000,000. Much of the money came from the poorest classes.

## Less Than Five Cents a Day for a Suit of Clothes

Of course, when you get a suit of clothes made by a responsible tailor, you expect that it will wear well. Ours do, at any rate. But, take a \$20.00 suit, for instance. It will last you two seasons. That's \$10.00 a season. A season is seven months. That's about \$1.45 per month. That's less than 5 cents a day. Now, we ask you, is it not worth while to spend 5 cents a day, on the average, and get a good suit, tailor made, than to spend less than that and get a shoddy suit that will not last?

## A Good Suit Is a Good Investment

We know of several instances where a man who purchased and wore a good suit of clothes so impressed his business acquaintances with his prosperity that he found entrance into exclusive financial circles and "made good" by "putting up a good front." We know lots of men who never think of negotiating a big deal unless they are scrupulously dressed. They deem it an essential stock in trade. It actually pays well to dress well. There's only one way to do it. Patronize a good tailor.

## It Is That Kind of a Fellow We Wish to Talk With

Regardless of what your friends may tell you about indifference in dress, you know it is a good maxim to dress well. In these days of big deals, when personality counts for so much, you hear it frequently said that, nowadays, it is difficult to distinguish between a bookkeeper and a multi-millionaire from the standpoint of the kind of clothes they wear. Why is it? Because everybody dresses well. The moral of the whole thing is, select good goods, have them made into proper styles, have it done by a responsible tailor, and one who will guarantee fit, fabric and finish. You'll be all right, then; otherwise, you will not. We'll take the right kind of care of you.

### SEEKS SOLACE IN POISON

### BRIDE NOT CORDIALLY RECEIVED BY PARENTS.

Prompt Action of Physician Saves Her Life and Reconciliation Quickly Follows.

ROSEBURG, Or., April 27.—(Special.)—Harry Stephenson and Miss Della Lady came to Roseburg from Myrtle Creek to attend the circus last Wednesday and while here decided to get married. This was done, County Judge G. W. Wonnacott officiating. Upon returning home the reception given by the parents of the bride was not as cordial as was expected, so the groom left the bride at the home of her parents and made for a place of hiding.

Feeling that she was deserted in an hour when she needed the assistance of her husband, the bride attempted suicide that night by taking poison. The prompt attention of a physician, however, saved her from death. The trouble between the parents of the bride and the groom was then amicably settled and all is now serene.

### VANCOUVER DEBATERS WIN

Given Unanimous Decision in Contest With Portland High.

VANCOUVER, Wash., April 27.—(Special.)—The Vancouver High School debating team, composed of Arthur Shumway and Clement Waite, defeated the Portland High School by a unanimous decision of the judges. The Portland representatives were E. E. Beatty and S. A. Wilson. The subject for discussion was: "Resolved, that the laws regulating immigration to the United States should be so amended as to exclude all aliens who cannot read the Constitution in some language." The Vancouver boys upheld the negative. The judges were Dr. J. R. Wilson of Portland Academy, Hon. George H. Williams, ex-Mayor, and Rev. W. C. Shepherd of the Vancouver Episcopal Church. Principal T. T. Davis of the Portland High School presided. This is the second time that the Vancouver High School has defeated the Portland school.

### MANIAC TAKEN FROM TRAIN

### Five Passengers Required to Hold Man Until Put in Iron Cage.

NORTH YAKIMA, Wash., April 27.—(Special.)—Eggar Hugar, a raving maniac, was taken from a westbound passenger train this morning and temporarily lodged in the city jail. He occupies an iron cage and food is passed to him cautiously through the bars. The unfortunate man was found by the Sheriff on the arrival of the train forcibly held in his seat by half a dozen passengers.

A revolver had been taken from him. His wife and four little children were surrounded by women endeavoring to quiet the little ones and console the mother, for the maniac had been fiercely cursing his family.

Hugar and family left Grangeville, Idaho, yesterday, bound for Tacoma, and became insane en route. His wife says he had been acting queer for some time, but she had no idea such an awful development was at hand. In his cell Hugar stripped off his clothing and ran up and down screaming at the top of his voice until he fell exhausted.

### Committed to the Asylum.

ASTORIA, Or., April 27.—(Special.)—Jacob Karrela, a native of Finland, 32 years of age, was examined by the County Board today and committed to the State Insane Asylum. The man is very violent and made two attempts to commit suicide yesterday by jumping into the Columbia River.

## CLEMSON Do You Want a Home

SITE? With all of the advantages; do you want a speculation that will return you two dollars for one in six months? If so, you make a great mistake if you do not look over Clemson Addition before investing. 251 Lots to Select from. GO OUT TODAY and make your selection. Take the Mt. Scott car at First and Alder, and get off at Lents. Call at our office in the hotel at Lents, and we will be pleased to show you over the tract.

The location of Clemson could hardly be better—right on Foster road, one short block from the carline, Graded school adjoining the ground; well built up on three sides, a dozen stores, Postoffice, water, phone, electric light and 5-cent fare, all combine in giving the investor an unusual advantage.

Two months ago Clemson was covered with large stumps and logs—dead and blackened by fire and a most forbidding spectacle. Today you see a wonderful transformation. The ground has been thoroughly cleaned and all roots removed, so that instead of being an eyesore to the residents, it is a delightful scene. Mr. Roth, who bought three lots in Clemson for \$925 and paid all cash for them, remarked that no improvement has ever been made at Lents that deserves as much credit as the removing of the stumps and logs from Clemson Addition. Contract has been let for grading all streets. You will have water at your door, and all other conveniences. You will be protected by building restrictions, which of itself will add greatly to the value of your investment.

It is a common remark that our prices are lower than anywhere else on the Mt. Scott line. We bought at a bargain, and intend to give you the advantage of low-priced lots. Where can you get a choice lot for \$100 to \$250, equal to lots in Clemson? A few business lots at \$300 and \$325—all others from that down to \$100. We will sell you a lot on \$10 down and \$5 per month.

Don't fail to see Clemson. Come out today. Only 5 cent fare—the best car service in the city. Take Mt. Scott car, First and Alder Streets.
