CONTRACT FOR SO ACRES OF IRRI-gated land in Crook County on which I have paid \$5025 for sale cheap, as I need money in business. L 95, Oregonian.

FOR SALE-PARMS.

HOOD RIVER. HOOD BIVER.

If once you see the Hood River Valley you'll agree with us that it is the paradise of Oregon.

We've invested money there and we want to show you that it is to your financial advantage to follow our example.

No such returns come from any soil in Oregon, and the apples, especially, of the Valley are world-renowned and bring the highest price of any similar fruit in the universe.

Here's an assessmith.

highest price of any similar fruit in the universe.

Here's an example of it: Colonel Emmott Callaban, the well-known attorney of Baker City, was last month in New York and in company with 3 friends moticed in the window of a well-known fruit store on Broadway, near 27th st. some extra fine looking apples labeled Hood River (Oregoni apples, and, on inquiring the price, was told that they were just 12th cents aplece.

The clork, on being asked if that were not rather a steep price, replied that it was not; that they had plenty of cheaper fruit in the establishment, but that Hood River apples were the choicest they received and consequently produced the highest prices. This is a tribute to the superiority of the Hood River apples, you cannot afford to overlook, and we propose to show you how you can get into the business of raising apples successfully and still not interfere with your regular business.

ly and still not interfere with your regular husiness.

Here's what we will do for \$3500.

We will sell you 40 acres of 'Red Shot Land' (which is the finest soil of the valley) located 8 miles from the town of Hood River, and 1½ miles from Odeli Sta. on the Hood River Railroad. Land will be all cleared, fenced and planted to apple trees of the finest Newtown and Spitzenberg varieties and growing thriftly, and will guarantee you 10 per cent yearly on your investment, interest payable at stated periods, for 5 years, we to take the crop in the meantime.

This guarantee (which means that you receive \$950 every year for 5 years) is not real estate "hot air." but is backed up by the notes of property-owners and men of financial responsibility in addition to a trust deed for 90 acres of land adjoining the above, which 60 acres will be yours in case the contract is not fulfilled to the letter.

case the contract is not fulfilled to the letter.

Remember, that for \$9500 you receive in 5 years a full bearing apple orchard in the very best part of Hood River, which will produce you a yearly revenue of not less than \$5000 to \$10,000, and all this without a particle of work, care or anxiety on your part.

Ten per cent a year is good interest on an investment; better than you can do in Portland.

Come in and talk to us about Hood River.

THE LACET WAY

Is recognized to be the standard way of handling timber lands. The timber must first satisfy us, and our cruits reveals every detail of the conditions surrounding it. Our reports are prepared in such a way that the buyer knows whether or not the timber will satisfy him before he visits the tract.

Twenty years experience, and the clientage we represent, is a sufficient guarantee that our methods are right. Tournay wante your valuable time in looking up the tract you want. Take advantage of the results of our own constant efforts along this line and get the best.
