HOOD RIVER
If once you see the Hood River Valley
you'll agree with us that it is the paradise of Oregon.
We've invested money there and we
want to show you that it is to your financial advantage to follow our example.
No such returns come from any soil in
Oregon, and the apples, especially, of the
Valley are world-renowned and bring the
highest price of any similar fruit in the
universe.

valley are world-remowned and ming the highest price of any similar fruit in the universe.

Here's an example of it: Colonel Emmett Callahan, the well-known attorney of Baker City, was less month in New York and in company with 3 friends noticed in the window of a well-known fruit store on Broadway, near 27th st., some exita fine looking apples labeled Hood River (Oregon) apples, and, on inquiring the prine, was told that they were just 12's cents apiece.

The clerk, on being asked if that were not rather a steep price, replied that it was not, that they had plenty of cheaper fruit in the establishment, but that Hood River apples were the choicest they received and consequently produced the highest prices. This is a tribute to the superiority of the Hood River apples, you cannot afford to overlook, and we propose to show you how you can get into the business of raising apples successfully and still not interfere with your regular business.

case the contract is not fulfilled to the letter.

Remember, that for \$9500 you receive in 5 years a full bearing apple orchard in the very best part of Hood River, which will produce you a rearly revenue of not less than \$5000 to \$10,000, and all this without a particle of work, care or anxiety on your part.

Ten per cent a year is good interest on an investment; better than you can do in Portland.

Come in and talk to us about Hood.
