Presbyterian Assembly Disagrees on How to Promote Abstinence.

LEAGUE OUT FOR SUPPORT

Conflict Between Claims of Anti-Saloonists and Inter-Church Council Will Be Fought Out Next Wednesday.

COLUMBUS, May 18.—Whether the general assembly of the Presbyterian Church shall endorse the effort of the temperance committee to organize a church temperance federation or shall give its undivided support to the Anti-Saloon League is a question which will be pressed for settlement before the assembly at the earliest moment, probably next Wednesday. The controversy, which started when the Inter-Church Temperance Federation in Pennsylvania and the Anti-Saloon League disputed over temperance legislation in that state, cropped out in the general assembly today, when David Wells, Jr., of Pittsburgh, who had been appointed chairman of the temperance committee, resigned and Dr. Henry E. Dowker, of Louisville, was appointed to succeed him. Dr. Wells refused to discuss his reasons for resigning, but it was said that he did not care to be in the thick of the fray.

Will Settle Question Wednesday.

The question as to which movement the assembly shall endorse may not be allowed to go to the temperance committee, however, although the matter is discussed in the report of that committee. The present plan is to bring the matter up in the assembly Wednesday on overtures from the presbyteries of Carlisle, Chicago, Manassawick and Phoenix. The presbytery of Carlisle adopted a resolution that the effort to organize a church temperance federation is unwise. That these overtures will receive strong support is conceded, but none can be found who is willing to predict the outcome. The committee's temperance follows: W. V. Cole, John M. Davies, R. L. Clark, E. B. Clarkson, Charles K. Smoyer, H. R. Stark, Duncan C. Milner, J. C. Arnett, M. M. Crow, James H. Tate, S. M. Gardner, elders, George W. Stone, Charles Dunlop, S. M. Scott, George Clelland, R. M. C. Cunningham, F. Dresser, D. G. Junkin Adams, Henry C. Stuckey, James A. Lawrence, C. M. Scott.

William S. Belknap, chairman of the finance committee, in a report not stated, has resigned from his position. The report of the committee on inter-temperance probably will be made next Friday, but the discussion of the temperance question will be held up to that time. There is strong opposition to the Anti-Saloon League, many commissioners declaring that they will not vote to continue its work. It is believed that many believe that the young and old people's societies should take up the work of the Anti-Saloon League within the church.

The friends of the League among the Commissioners are flatly against the churches coming out as not in favor of the League. W. J. Adams, superintendent of the Anti-Saloon League, who is urging his friends to stand by the League, said today: "The movement is not surprising in the least. It had its start with a lot of third party prohibitionists who have brought forward the Inter-Church Council as a substitution for the League."

Lafayette Appeal Sustained.

The assembly voted to sustain an appeal of the Lafayette Presbytery from a ruling of the Synod of Missouri, the vote being 86 to sustain, 74 not to sustain and two in favor of sustaining in part. The question involved the respect to be given to the lower courts' recommendations of the general assembly. The appeal was based upon the refusal of the Lafayette presbytery to commend the endowment fund of the Synod of Missouri, in accordance with the request of the general assembly. Complaint was made to the Synod of Missouri and the complaint was sustained and the Synod of Missouri censured. The Lafayette appeal alleges that the Synod of Missouri, in taking such action, played the power of the general assembly into the hands of the constitution. This appeal today was sustained.

LINEMEN OUT IN SYMPATHY

New Move Starts Militia Talk in San Francisco.

SAN FRANCISCO, May 18.—The only new feature today in the streetcar strike was the sympathetic strike of about 100 linemen and station men of the United Railroads. Their places were filled with non-union men and there was no interruption of service. The United Railroads announced today that next week they would operate their cross-town lines and begin to restore their night schedules.

The information of this new strike was conveyed at once to Governor Gillett and his aides, and a meeting of the military staff at headquarters in the Ferry building followed. Subsequently the Governor denied himself to newspaper men for the time being, but from Adjutant-General Lauck the following statement was obtained: "The strike of electricians unquestionably complicates the situation. How grave a feature of the present labor disturbance this may prove to be cannot well be forecast. It is, however, suited, however, in redoubled vigilance on the part of the United Railroads, who fear the cutting of their lines, and the Governor is watching the situation very closely. I am credibly informed that the Electricians' Union will not attempt to interfere with the serving of power to the United Railroads. Mr. Calhoun is able now to replace all of the electrical workers who have quit him. Further information is that a large number of secret service men have been engaged to watch the company's lines insofar as that is possible."

NO STRIKE ON CANAL ORDERED

Official of Dredgemen's Union Says Only Few Quit.

CHICAGO, May 18.—P. J. Dolan, general superintendent and treasurer of the International Brotherhood of Steam Shovelers and Dredgemen, in an interview today denied recent published reports that a strike of shovelmen and dredgemen working upon the Panama Canal had been called officially. "Some shovelmen have quit because they were dissatisfied," said Mr. Dolan, "but no strike has been called. You may say that no strike will be called at present."

"At present," the interviewer remarked, "interactively," Secretary Taft's recent statement upon the condition of shovelmen and dredgemen at Panama showed conditions were excellent; do you mean that you shall infer a strike may come?" "No," said Mr. Dolan. "I was at Washington when Mr. Taft's statement was made public. I do not care to discuss it. You may say that no strike is anticipated at present. We realize that, while we must uphold the rights of labor, we must remember that we are a factor in something of patriotic concern, and will do our full duty as citizens."

Harmony With Rubber Trust.

NEW YORK, May 18.—The annual report of the United States Rubber Company for the year ending March 31 makes the first authoritative announcement of the status of the negotiations which have been conducted with more or less formality since last year, looking to a combination with the Continental Rubber Company.

"I suggested consolidation with the Continental Rubber Company," the report says, "was deemed by your directors to be nonadvisable in the present development of the so-called mechanical process of obtaining crude rubber through the grinding up of shrubs, producing the gum, which is done extensively by the Continental Rubber Company."

Winners in Shoot Tournament.

WALLA WALLA, Wash., May 18.—(Special.)—In the finals of the Northwest tournament held in this city today, the Dupont trophy was won by Conrath. Steel carried away the honors for the Multnomah medal. The Brownie medal was won by Bigow. Daniel won the Conroy trophy ship company and the General Rubber Company have now agreed upon the terms of an arrangement which insures complete harmony and the closing of the suits between the United States Rubber Company and the Continental Rubber Company and between those connected with both companies.

Seattle Marine Notes.

WEARY OF FADS AND FEUDS

Heads Off Final Act of Extravagance by Notice Rushed by Automobile—If They Object, They Will Be Removed.

CHICAGO, May 18.—(Special.)—Late last night, hearing it is alleged, that the School Board was preparing to let all possible contracts and employ all the teachers it could, Mayor Busse called for the resignation of 12 members, sending notices to their homes at midnight by automobile, to be certain of getting action upon them. Today two of the number resigned, two others said they would resign, but the others wait to be "fired" bodily, which will be their fate if they persist.

The antics of Chicago's "long-haired" School Board, which crippled the schools by fads, constant wrangling and practically turning of the schools over to the domination of labor unions, constituted one of the chief issues of the campaign, and the Mayor is being warmly congratulated today by all friends of the public schools. His prompt action robs the defendant board of a quorum and it cannot tie his hands with a lot of contracts or undesirable teachers.

St. Louis Alleges Union Electric Violates State Law.

ST. LOUIS, May 18.—A suit instituting quo warranto proceedings on behalf of the state of Missouri was filed in the Circuit Court today by Circuit Attorney St. Sager against the Union Electric Light & Power Company, charging it with having entered into a combination to control and regulate the electric light service in violation of the anti-trust laws of the state.

Wheat on Decline

July Option Drops 4 Cents in One Day.

CHICAGO, May 18.—(Special.)—Hitherto repeated itself on Chicago today, when the wheat market declined sharply on the decision of shrewd traders to clear up their profits while prices were unhealthily high. July option, closing amid pyrotechnics last night at \$1.09 1/2, closed today at 96 1/2 c, a drop of almost 4 cents, with Logan & Bryan, Bartlett, Frazer & Carrington, J. H. Wrenn & Co. and Pringle, Fitch & Rankin, all selling out their lines. They were still selling when the gong sounded, a procedure which tended to confirm the uneasy feeling that has grown on the board lately that the skyrocket advance was unhealthy and unwarranted by active crop conditions.
