The following statement accompanied the judges' report on awards:

Statement of Judges.
"The judges have found it exceedingly difficult to decide between contestants because there were so many exhibits closely resembling each other in taste and

the public assisted us so loyally. The spirit of co-operation was general, and so freely and unhesitatingly were the roses given, that our work was lessened by half. The people gave, not only their roses, but the best of them, and many of the choicest roses grown in the city, instead of being placed on exhibit in competition for the prizes, were turned over to us for mere decorations."

The Kiser Photo Company, official photographers of the Rose Fiesta and Carnival, secured many excellent photographs of both the children's parade and the Fiesta parade on Friday, as well as photographs of the individual floats. Proofs of these photographs will be on exhibit in the Imperial Hotel lobby Monday.

PLAY BALL FOR MISSION

Doctors and Lawyers Defeat Bankers in Multnomah Field.

The baseball game played on the Multnomah field yesterday afternoon between the bankers and doctors and lawyers, for the benefit of the Flower Mission Day Nursery, resulted in a score of 5 to 2 in favor of the doctors and lawyers.

The game was followed with much interest by a large crowd, and the excellent playing of the teams won frequent applause. The doctors and lawyers made their scores in the second and third and fourth innings, while the bankers made theirs in the sixth and seventh. Campbell and Penton did good work in

REVISITS HIS OLD SCHOOL

PROFESSOR J. D. LEATHERMAN SPEAKS AT MONTAVILLA.

Guest of Honor at Reunion Held in Schoolhouse Where He Taught in 1891.

Professor J. D. Leatherman, a veteran schoolteacher, who spent 20 years in the schools of Oregon and organized the Montavilla school 16 years ago, spent several days in Portland last week. He was the guest of honor at a reunion held in the Montavilla schoolhouse Friday night. Introduced by the principal, N. W. Rowland, he delivered a happy address, saying in part:

"It affords me great pleasure and satisfaction to attend this reunion, and while I recognize the old schoolhouse and many of the old pupils, I find many improvements are under way. The foundation for this addition in the rear of the building in which I taught tells me that you have outgrown the facilities and need more room. I am surprised at the remarkable growth of Montavilla. It has certainly held its own as one of the most progressive suburbs of Portland of the West. The challenge follows:

"I want to say that in all my experience as teacher in the public schools of Oregon I never met a more loyal people. No matter what the differences among the people might be, whether the people

CHALLENGE LABOR LEADER

Industrial Workers of World Want Debate With M. Grant Hamilton.

M. Grant Hamilton, general organizer for the American Federation of Labor, who is now in the city, has been challenged to a debate on trade unionism by members of the Industrial Workers of the World. The challenge follows:

"We, the members of Local Union No. 92, Industrial Workers of the World, do hereby issue a challenge to Organizer Grant Hamilton of the American Federation of Labor,

LEADING SOLOIST RETURNS

Fred Butler Sings Tonight at White Temple Services.

Fred Butler, with his wife, arrived in Portland yesterday. Mr. Butler became well known and made many friends in Portland during the evangelistic campaign conducted in this city by Dr. Chapman and his co-laborers. He had become well known as an opera and concert singer before taking up evangelistic work. At one time he was a member of the Alice Nielsen opera company, which ranked among the best in the country. He left the stage to perfect his voice under the instruction of Karl Breneman, of New York City. Since then he has continued his concert work and has been the leading soloist in the Chapman evangelistic campaign. As a concert singer he is among the first in America.

beauty has again been emphasized and the spirit of the fiesta has made its impress on the public mind. It has blazed the way for greater rose carnivals in future years, so that the yearly fiesta is assured.

There was no formal programme yesterday. Prizes for the floral parade were offered, automobile races were held, there were two novel ball games by amateur teams and a spectacular run of Portland fire apparatus illuminated with red fire. The weather was comfortably warm but not well along in the afternoon did the sun manage to forge its way to the front and take charge of the sky.

With the fiesta barely ended plans are already on foot to establish a permanent organization for carrying out a similar carnival on a larger scale next year and each succeeding year. While this year's rose show has been successful beyond expectations, it is admitted that the possibilities have hardly been touched. Given months rather than weeks in which to perfect plans and enlist public interest and support, the carnivals of the future can be made second to none that have ever been held in the world's greatest centers of flowers and beauty. Portland has the material ready and waiting to be put to use. It is likely that a meeting for the purpose of effecting

beauty. Another difficulty has been the failure of many exhibitors to enter their names at headquarters. Another committee has been confined to the names entered. In future to avoid the difficulty mentioned the committee suggests that all who intend to participate in these festivals should enter their names either for cash prizes or trophies, and bear some distinguishing mark in the procession so that the judges may the more easily perform a duty, which at best is exceedingly embarrassing."

The committee was made up of George H. Williams, George E. Chamberlain, Dr. Harry Lane, Mrs. Rose H. Hoyt, Mrs. Ralph W. Hoyt and Lionel R. Webster. John E. Corvay, the theatrical man, and J. A. Davis are receiving congratulations for their designing and decorating of the Elks float in the fiesta parade, which won first prize. Both worked like beavers in completing the float, and deserve no little credit for the success of the float.

GAVE GENEROUSLY OF ROSES

People Responded Liberally, Says Mrs. C. R. Templeton.

Mrs. C. R. Templeton, who had charge of the work of gathering the

pitcher's box. Stott made the only long hit of the day, a three-bagger. The batting of Penton and Stott was rewarded with bouquets of roses from the grandstand.

Music was furnished during the afternoon by the Marine Band from the Charleston. Frank Watkins, of the Multnomah Club, assisted by Mrs. J. R. Stephens and Miss Putnam, had charge of the lemonade stand. Members of the Multnomah Club acted as vendors of popcorn and peanuts.

An amusing incident occurred just before the game was called, when George Holman, in charge of the field, announced that the ladies of the Flower Mission took pleasure in introducing their team of ballplayers, especially imported for the occasion. A roar of laughter went up from the spectators when it was found that the team referred to consisted of Governor Chamberlain, Judge Williams and Mayor Lane. The efforts of Mayor Lane to hit the balls pitched by the Governor afforded much amusement. Judge Williams, who acted as umpire, counted the Mayor out, which was followed by cheers and laughter. Each was presented with a large bouquet of roses.

The game was a success in every way. The ladies of the Flower Mission expressed themselves as gratified with the result of the afternoon's entertainment. Among those who witnessed the game,

The Fourth of July committee announces that detachments from the warships in the harbor will appear in the parade. It is also believed that the Postoffice Department will grant permission to the mail carriers to take part in the celebration.

Colonel A. D. Dyer, U. S. A., military secretary of the Department of the Columbia, will be Grand Marshal. Six Army officers from Vancouver and six civilians will act as his aides. The section of the parade will be held on Yamhill street, between Seventh and Eleventh, instead of on Multnomah street as previously announced. The morning of July 3. There will be running races, relay races, roller skating races for boys and a great many other events.

The Foresters of America will have 2000 members in line, and now have under consideration the preparation of two historical floats. The Improved Order of Redmen will have two floats in the procession.

Dr. Emmett Drake, chairman of the amusement and sports committee, says the athletic sports will be held on Yamhill street, between Seventh and Eleventh, instead of on Multnomah street as previously announced. The morning of July 3. There will be running races, relay races, roller skating races for boys and a great many other events.

Colonel James Jackson, chairman of the parade committee, desires to have a meeting of all ex-cowpunchers, bronco riders and horseback riders in Portland in the headquarters of the Fourth of July committee in the Chamber of Commerce at 3 P. M. tomorrow, to formulate plans to have them join in the parade on the morning of the Fourth.

Now that the rose carnival is over, the committee will devote their efforts exclusively to the arrangements for the Fourth of July celebration, and hope to have all details perfected in a few days.

The next meeting of the general committee will be held Thursday night in the office of the secretary of the Chamber of Commerce. All members are urged to be present.

to meet in public debate a representative of the Industrial Workers of the World, subject of debate to be "Industrial Unionism vs. Craft Unionism." This challenge is issued because of the fact that Mr. Hamilton laid great stress on the need of education among trade unionists, and we consider debate one of the most potent means of education.

J. D. SMITH, Secretary Local 92, I. W. W. "When I last counted I had received 360 challenges to debate the labor question," said Organizer Hamilton last night. "Since that time I have received a number of other challenges of which I have not kept count. Those who are desirous of learning my position on this subject are invited to attend an open meeting of the Federated Trades Council at Drew's Hall next Friday night when I will tell them some things pertinent to the subject they probably did not know before."

At this meeting Mr. Hamilton will speak on "The Recent Labor Troubles at Goldfield." Mr. Hamilton was the representative of the American Federation of Labor in Goldfield during the trouble and promises to make some disclosures regarding the labor situation in the Nevada gold district that will prove sensational.

were opposed to or favorable to me, they were loyal to this school. No school district in the state ever shouldered such burdens. The taxpayers voted bigger taxes than any district in Oregon, at a time when there was a financial slump and it was hard to get money with which to pay taxes.

"I spent 22 years in the schoolroom, and now I have become a fruitgrower, and I love the work. I am still a student, and I want to say to these young men and women that never has there been a time when more thorough equipment was needed than at present. The young man who is eager to get into the harness and make money soon finds himself seriously handicapped and left in the race by those who secured thorough preparation. If you wish to reach the top, don't be in a hurry, but take time for ample preparation. The world demands and requires skilled men who are specialists.

"I see that there is a tendency among the boys to stop when they reach the seventh grade and enter some money-making occupation, while the girls stay in school. The boys make a serious mistake. They find it out when it is too late, when they are outstripped by those who delayed entering business life until they were prepared for it. Mr. Butler is over six feet tall, has a fine physique and a winning personality. He makes hosts of friends wherever he goes and the people of Portland will be glad of an opportunity to hear him again. He sings tonight at the White Temple.

Mrs. Templeton selected a committee of young women and girls and they divided the city into a number of districts, each one of the sub-committees being responsible for gathering all the decorative material possible within the district to which its members had been assigned.

"The rose-growers and amateur florists, as well as those who had only a modest little garden, helped us out wonderfully," said Mrs. Templeton, last night. Reorganization of the C. R. & N.

Reorganization of the Columbia River & Northern Railway was accomplished last week, when the official list was made almost identical with the Astoria & Columbia River Railroad Company. J. Couch Flanders retires as president and H. C. Nutt, the new general manager of the West End of the Northern Pacific, takes his place at the head of the property. A. D. Charlton, assistant general passenger agent for the Northern Pacific, becomes a director, together with William Harder, general agent here for the Great Northern, M. P. Martin and F. D. Kuestner. Mr. Kuestner is auditor of the road, and M. Talbot retains his position as vice-president and general manager.

LOGGERS CALL A MEETING

Will Discuss Proposal to Close Down Camps Tuesday Afternoon.

A meeting of loggers operating on the Columbia River and its tributaries has been called to be held at the rooms of the Chamber of Commerce at 2 o'clock Tuesday afternoon to consider the advisability of taking some action to preserve the market for logs and lumber. At the present time there is a surplus of logs in the market and the idea is to bring

of preparation, and stay with the schools until you are equipped to enter a profession or business.
