

SMALL AIMS TO HIT BODY BLOWS

Plans to Make Tie-Up More Complete.

BLOCKS EFFORTS AT PEACE

"Closed Shop" Only Basis Satisfactory to Leaders.

MORE KEYS ARE WORKING

Chicago Offices Secure Men From New York—Companies Say Business Is Improving Daily. Strike Funds Arranged For.

CHICAGO, Aug. 17.—(Special.)—Aggressive tactics declared by President S. J. Small of the striking telegraphers to be the only hope of victory, and he has planned to put them into effect. Among the projects he has outlined are the calling out of every leased wire operator not under union contract by noon Monday, complete the telegraphic isolation of North America by calling out the cable operators at all points and demand the sanction and active aid of the American Federation of Labor in the present strike.

Small Blocks Peace Plans.

The National executive board of the strikers went into session tonight to discuss and ratify the plans of the strike leaders. The attitude of President Small is said to have dispelled hope of intervention by Commissioner Nell, who, with President Gompers, of the National Labor organization, has gone to New York.

Positive demand for the "closed shop" was taken by President Small as the only basis for a settlement of the strike.

Small Blocks Peace Plans. The National executive board of the strikers went into session tonight to discuss and ratify the plans of the strike leaders. The attitude of President Small is said to have dispelled hope of intervention by Commissioner Nell, who, with President Gompers, of the National Labor organization, has gone to New York.

Meetings held during the day were attended by a diminished number of strikers, but their officials explain the lack of numbers by saying that many have left town on week-end outings.

Plan \$200,000 Strike Fund.

The task of accumulating a \$200,000 strike fund, which President Small declared should be raised, was begun by him and his officials today, but none of them gave details of methods to be employed. The Order of Railway Telegraphers has a strike fund of \$50,000, that may be drawn on, after all danger of their joining the present strike is plainly shown to have passed, and the \$200,000 may be raised by a 10-cent assessment on each of the 2,000,000 members of the American Federation of Labor.

BOISE OPERATOR DRIVEN OUT Attacked by Strikers but Refuses to Make Complaint.

BOISE, Idaho, Aug. 17.—(Special.)—The only instance of violence here in connection with the telegraphers' strike, so far as reported, occurred when C. W. Bernard, an operator, who refused to go out, was assaulted by Thomas E. Powell after he left the office. Powell and three other operators followed by Bernard sought to get into the police station. Powell overtook him at the entrance to the City Hall and knocked him down. Bernard was badly frightened by his experience and left in the afternoon for the West. His home is at Eugene, Or., where he has a family. Powell is a former operator who is now engaged at another work. No arrest was made, Bernard declining to make complaint. Mayor Haines urged him to do so, saying it was his duty. The Mayor added that any man would be protected here. His assurance was not sufficient to quiet the fears of the man assaulted, and he took his departure. This leaves Manager Hackett alone in the office.

STRIKE MATTER IN COURT Denver Brokers Get Out Injunction Against Local Union Officials.

DENVER, Colo., Aug. 17.—Judge Riddle today granted a restraining order on the application of the brokerage firm of Otis

& Hough, enjoining Fred Weale, president of the telegraphers' local union, and C. A. Adams, secretary, from calling a strike of the operators in this office. The court's order compelled the operators in the office of Logan & Bryan to furnish Otis & Hough with market reports. The men employed by Logan & Bryan thereupon resigned.

SMALL'S ARRIVAL AWAITED

New York Operators Expect Better Results When He Comes East.

NEW YORK, Aug. 17.—The early arrival of President Small and consequent shifting from Chicago to this city of executive direction of the strike, is awaited expectantly by idle telegraphers of the

Daniel A. Ryan, Leader of Anti-Herrin Republicans, Who May Be Nominated for Mayor of San Francisco.

East. Just when Small will reach here union men could not say tonight. They have received no word from him, but expect he will be here within a few days. They hope the president will be able to bring about a better situation from the strikers' standpoint.

There were few developments today. One Wall street brokerage firm refused demands asked by its eight operators and when the latter quit immediately filled their positions with non-union men. The telegraph companies reiterated tonight the statement that they were doing business without serious inconvenience. Strikers, for their part, still insisted the situation was satisfactory. Press and other wire service is fast reaching normal basis.

CHICAGO ADDS 25 OPERATORS

Strikebreakers Arrive Men Asking for Old Positions.

CHICAGO, Aug. 17.—The Western Union today added 25 operators to its force in the main office in this city. The men arrived at 5 o'clock, all coming from New York. Several strikers applied for their old positions.

BRUTE KIDNAPS A CHILD

BEATS MOTHER INTO STATE OF SENSELESSNESS.

Motive Said to Be Money the Child Will Inherit—Warrants Are Out for Two.

TACOMA, Wash., Aug. 17.—(Special.)—In spite of her baby's screams of terror and the sobbing protests of the adopted mother, who was finally beaten into insensibility, little 3-year-old Isabelle Marie Jones was last night kidnaped from the home of R. P. Mace, a well-to-do farmer living two miles east of Roy. The entire country is aroused over the affair.

The chief motive is said to be an account of money and property which the child will inherit from Mace and his wife at their death. Warrants were issued this morning for the arrest of Alonzo S. Richmond, charged with the abduction and assault and battery, and W. N. Greengrass, stepfather of the child.

FIVE HURLED TO DEATH

Miners' Cage Overturns and Men Fall 400 Feet Down Shaft.

SONMAN, Pa., Aug. 17.—A cage containing eight miners, who were about to descend to work today, shot upward instead of downward, struck the top tippie, 50 feet above the ground, overturning and precipitating five men to the bottom of the shaft, 400 feet below. All five were killed.

Murder Follows Her Refusal.

PHILADELPHIA, Aug. 17.—John Deegan, a railroad fireman, shot his steez dead because she refused to lend him money.

BUBONIC PLAGUE IN THE BAY CITY

Four Deaths From Dread Scourge.

SHACK DWELLERS AFFLICTED

Sailor on Coasting Steamer Also Victim to Disease.

BOAT IS IN QUARANTINE

San Francisco Health Board Takes Drastic Measures to Isolate the Patients—Cases Found Within Two Blocks of Chinatown.

SAN FRANCISCO, Aug. 17.—Five cases of bubonic plague, four of which have resulted in death, have been reported to the Health Department within the past week. The patients, with one exception were of the poorer class of foreigners dwelling in the neighborhood of the old Chinatown. The exception was a foreign sailor taken from a coastwise steamer.

Prompt and active measures were taken by the local, state and Federal authorities, and spread of the disease is not feared. Both break already reported to the Health Board, and Health Officer James T. Watkins stated today that the situation is well in hand and no occasion exists for alarm. The infected steamer was ordered into quarantine with her passengers and will so remain until released by the Health Department. The two shacks inhabited by the other patients were fumigated, locked up and sealed.

The bodies of the two Mexicans, Italian and Russian Pole, who succumbed, were destroyed in quicklime.

CERTAIN DISEASE IS PLAGUE

Health Officers Make Careful Diagnosis of the Patients.

WASHINGTON, AUG. 17.—There is a

bubonic plague outbreak in San Francisco, and one death has already resulted. The first intimation of this was received Thursday by the Marine Hospital Service. The telegram read: "Three cases and one death by plague in San Francisco. There is no reasonable doubt as to the certainty of the diagnosis. The cases seen were verified by long conjunction with the health officials. The cases were found within two blocks of old Chinatown."

Surgeon Austin subsequently telegraphed that two foci were discovered, and the local board disinfected the known infected buildings, and it is proposed to institute a campaign against rats. It is said a general disinfection of the infected district is to be begun.

ACTION FOR PUBLIC SAFETY

Bay City Health Officers Confer About Suspected Malady.

SAN FRANCISCO, Aug. 16.—City, state and Federal health officials are co-operating in vigorous measures to stamp out an imperfectly identified malady in the district east of Stockton street and north of Pacific. Bacteriologically, as far as the microscopic tests have gone, it nearly resembles bubonic plague, and is so classified by the health officials, although they have not yet had time to complete the inoculation tests necessary to diagnose it with certainty.

At a meeting held yesterday by the City Health Board, Drs. Regensburger and Foster of the State Board, and Drs. Austin and Long, of the Marine Hospital, were present. After a thorough discussion of the situation they were agreed that there was not the slightest occasion for public alarm, and full approval was given of the steps already taken by Health Officer Watkins to put the affected district in good sanitary condition and otherwise to protect the health of the community. Dr. Watkins submitted a complete

report of the five cases under suspicion. The patients named were Mr. and Mrs. Francisco Conti, of 20 Midway place; Alexander Ruvak, a seaman on the lumber steamer Samoa plying between Mendocino and San Pedro, and G. Mendosa and Jose Hyman, occupants of the same shack at Front and Pacific streets. The four last named have died and Conti is at the City and County Hospital, completely isolated. He is believed to have a chance of recovery. The health officials discussed at length the measures taken and suggested for the future, including even more exhaustive methods of watching for and guarding against the spread of the disease. It was reported that the steamer Samoa had been quarantined and would be given a thorough cleansing and fumigation before she was released.

Plague Raging in Manchuria.

HARBIN, Manchuria, Aug. 17.—The bubonic plague is raging in South Manchuria. There have been 16 deaths. Travelers into North Manchuria are medically examined at Kwang Chingtsu.

HARRIMAN DID NOT SAY SO

Denies Statement Credited to Him in Reno Journal Interview.

NEW YORK, Aug. 17.—E. H. Harriman telegraphs the Associated Press from San Francisco with reference to an interview with him which appeared in yesterday's Reno Nevada State Journal, denying absolutely that he made any statement to the effect that he desired to own all or any part of the railroads. He also denies saying anything about managing railroads for the Government.

FAIR IS FAILURE AT JAMESTOWN

Uncle Sam Can't Get His Money Back.

MAY BECOME THE GATEKEEPER

Treasury Must Hire Man to Get Hold of Coin.

THERE IS DUE \$1,000,000

Assistant Secretary Edwards Now Conferring With Management Regarding Payments to the Government.

WASHINGTON, Aug. 17.—(Special.)—Uncle Sam may become gatekeeper at the Jamestown Exposition next week. He materially assisted in financing the undertaking, but has been unable to get his money back according to agreement. Assistant Secretary of the Treasury Edwards is now upon the ground for conference with those in charge, and unless some definite assurance can be given that installment payments will be made on the Government loan, he may place a representative at the gates to take charge of the receipts.

At the Treasury Department it is stated that patience has been exhausted waiting for some evidence to be shown of a serious intention to reimburse the Government. By an act of Congress \$1,000,000 was advanced out of the public Treasury to aid in the opening of the fair, and with the consent of the exposition company it was stipulated that 40 per cent of the gross receipts would be paid the Government in the July, when the first installment on the loan was due, and that on August 1 and every half month thereafter \$100,000 should be paid.

Weather and other conditions were adverse to the exposition at the beginning, and delay in installing exhibits kept many visitors away.

At auction and the proceeds devoted to improving sanitary changes.

MOOR UPRISING NEARING END

French Troops Now Have Situation Well in Hand.

PARIS, Aug. 17.—Vice-Admiral Philibert, in command of the French naval forces off the coast of Morocco, telegraphed today that there is little chance of the Moorish uprising continuing. The French cavalry continued recolonizing at Marrakech. Dispositions were made to meet the threatened attack of Moors. At Mogador the Europeans continue to leave. At Rabat and El Arach the situation is satisfactory.

VOTE ON FRYE RESOLUTIONS

GOVERNMENTS TO RESUME STUDY OF LIMITATIONS.

The Hague Conference Decides to Put Off Change in Disarmament Agreement.

THE HAGUE, Aug. 17.—The peace conference unanimously adopted the resolutions of Sir Edward Frye, British delegate, confirming the resolution of the first peace conference, regarding limitation of military burdens, and declaring that as military burdens since then have been considerably augmented, it is highly desirable that "governments earnestly resume the study of this question."

The conference listened closely to Sir Edward's speech, wherein he recalled invoking peace conferences and primarily having in view the stopping of augmentation of armaments. He announced that Great Britain is ready to communicate its plans for warships to all powers inclined to do likewise. Russia, France, Spain and the United States delegations formally endorsed the British resolutions.

M. Nelidoff, head of the Russian delegation and president of the conference, said the disarmament question is immature now as in 1899. Discussion of it would be not only sterile but injurious to the cause of peace, because it would show the divergence of opinions, although in reality unity of intentions exists which may one day lead to their realization. Nelidoff, therefore, proposed unanimous adoption of the resolutions, which was voted accordingly.

FRENCH FEAR AN ATTACK

Raid on Camp of Soldiers Is Expected From the Moors.

CASA BLANCA, Aug. 17.—The situ-

ation is quiet here, but the Moors are expected to attack the French camp tonight.

TROOPS TO PATROL THE CITY

Morocco Arranges for Safety of Europeans in Casa Blanca.

TANGIER, Aug. 17.—In order to dispel the growing uneasiness of Europeans at Casa Blanca, Mohammed El Ghabbas, the Moroccan Minister of War, has organized a system of native patrols at Casa Blanca under French officers. The Consular corps of Casa Blanca has decided that all goods found on the streets by troops and not claimed at the expiration of a certain time shall be sold.

GOVERNOR R. B. GLENN, OF NORTH CAROLINA.

Governor Glenn stands out for what he considers to be the rights of his state in the matter of the enforcement of the North Carolina railway rate law in spite of the action of Judge J. C. Pritchard, of the United States Circuit Court in issuing injunctions restraining state officials from carrying out its provisions.

At auction and the proceeds devoted to improving sanitary changes.

MOOR UPRISING NEARING END

French Troops Now Have Situation Well in Hand.

PARIS, Aug. 17.—Vice-Admiral Philibert, in command of the French naval forces off the coast of Morocco, telegraphed today that there is little chance of the Moorish uprising continuing. The French cavalry continued recolonizing at Marrakech. Dispositions were made to meet the threatened attack of Moors. At Mogador the Europeans continue to leave. At Rabat and El Arach the situation is satisfactory.

SENTENCE IS DEFERRED

Zimmer's Attorney Not Prepared to Argue on Objections.

SAN FRANCISCO, Aug. 17.—The sentence of Vice-President Zimmer, of the Pacific Telephone & Telegraph Company, for contempt of court in refusing to answer questions in the first trial of Louis Glass was deferred today until Tuesday by request of his attorney, who was unprepared for argument on objections to passing sentence.

Zimmer's attorney, Charles H. Fairall, has raised the point that the verdict of guilty cannot stand, as the jury was discharged before it was recorded.

FACE MURDER CHARGE

Information Filed Against Men Responsible for Wrecked Depot.

BOULDER, Colo., Aug. 17.—Information charging murder has been filed against John D. Reeves and Frank Kison, railroad men, held responsible by the coroner's jury for the dynamite explosion in the Colorado Southern station Sunday, which resulted in three deaths.

CELEBRATE ON HUDSON

Whistles Toot in Honor of Fulton's First Trip 100 Years Ago.

NEW YORK, Aug. 17.—The centennial of the first trip of Robert Fulton's Clermont was celebrated this afternoon by the blowing of all whistles on the Hudson, the dipping of ensigns and with bands playing, Fulton's favorite song, "Bonnie Doon."

Expect Call From Squadron.

VLADIVOSTOK, Aug. 17.—Preparations are making to receive the American Pacific cruiser squadron, which is expected to call here before leaving the Orient for San Francisco.

CASA BLANCA, Aug. 17.—The situ-

WILL FIGHT NEW RATE TO FINISH

Lumbermen Oppose Extortion by Railroads

THREE STATES INTERESTED

May Appeal to Commerce Commission for Relief.

RAISE FUND FOR CAMPAIGN

Oregon and Washington Lumber Manufacturers' Association Discusses Plan of Trans-Continental Lines to Raise Rate.

Determination to present a united front to the demands of the transcontinental railroads for an increase in lumber freights to the Eastern markets was shown last night at the semi-annual dinner of the Oregon and Washington Lumber Manufacturers' Association at the Commercial Club. All the speakers voiced the conviction that rather than yield what is regarded as extortion to the railroads, a determined fight will be made against the advanced rates and the Interstate Commerce Commission will be appealed to if necessary to continue the present lumber rates in effect.

Not only the Oregon lumbermen are interested in this fight but manufacturers of Washington and California as well will aid in every possible way in the struggle for what they consider just and equitable freight rates. Never before have the lumbermen of the entire Coast from the Canadian border on the north to the Mexican line on the south been so united on any proposition as now when all face a common danger. The lumbermen of the whole Pacific slope realize that in the event the increased rates are put into effect, it spells ruin to many in the lumber business in the Pacific Northwest.

A Representative Gathering.

The gathering at the dinner last night was representative of the business interests of Portland and the state. Not only the lumber manufacturers are up in arms at the purpose of the railroads to take increased tolls from the lumber traffic to the East, but all lines of business in the state recognize that a blow to the lumber industry will be a direct injury to all lines of commerce, so closely interwoven with the sawmill business is every branch of commercial life in Oregon.

Perhaps no business in this state is of greater importance than that of the lumber manufacturers. In developing this great resource of the state, the lumber industry is proving a tremendous source of wealth to the commonwealth. This fact is appreciated by every branch of industry and all allied activities are quick to come to the aid of the beleaguered lumbermen.

A big fund with which to fight the advance in railroad rates is assured from the lumbermen of the state. Washington lumbering associations will make common cause in the contest. A publicity bureau will be established in Portland by the Oregon & Washington Association, and a general manager will be chosen to conduct the campaign against advanced rates. J. N. Teal has been retained as general counsel of the association to contest the advance in rates.

Lumbermen appreciate the fact that the campaign against the great railroad interests on the Pacific Northwest is no small matter, but are prepared to wage a warfare that will be continued as long as may be necessary. Manufacturers are determined not to pay higher tribute to the railroads than is exacted at present. They cannot believe that the railroads are loaning money on the lumber haul when the prevailing rates have been effective for the past seven years, during which time the railroads entering this territory have paid 12 per cent on the capital stock, including a large amount of watered capital.

The dinner last night showed how

(Continued on Page 2.)

HARRY MURPHY SUGGESTS A FEW WAYS OF DISSEMINATING INTELLIGENCE WITHOUT THE AID OF TELEGRAPH OR NEWSPAPERS

Starting something. "You can fool some of the people some of the time, but," etc. Why not try thought waves? Just like Remones II did. Getting inside "dope." Might go back to first principles. Tell-a-friend is said to be a very effective way.
