

LET THE PUBLIC SCHOOL SYSTEM KEEP PACE WITH CITY'S COMMERCIAL GROWTH

Prominent Educator in Final Article Points Out Some Defects in Portland's Schools and Suggests a Remedy in Co-operation Between Teacher and Pupil.

FINAL ARTICLE BY A PROMINENT EDUCATOR

It is the purpose of the writer of these articles to say one word that shall lessen the efficiency of Portland's school system. No one knows better, perhaps, than he, that the present supervising and teaching corps is in the main composed of men and women of earnest purpose and conscientious effort, and that the results of the output of our schools is, to use a commercial phrase, a matter of greater pride than is felt or expressed by school patrons.

If the salaries paid our principals are not enough to warrant their attendance upon the courses in education at our great university Summer schools, then Portland should pay high enough to get such men. We cannot afford not to afford. As a city we can afford to have men of no other type than men whose scholarship, like Chautauque's person, will point to brighter worlds and lead the way.

Something is wrong in our system when Spokane and Tacoma enroll as many High School students as Portland. We suspect that this lack of ambition dollar the part of our high grade students is due, in great measure, to the lack of stimulating influence which principals should exert every moment of their time of storm and stress in the student's life.

REFORM BUREAU'S WORK

DR. WILBUR F. CRAFTS TELLS OF AIMS AND PURPOSES. Organized to Fight Four Great Evils in Every Country of the Globe. Lectures for Today.

Dr. Wilbur F. Crafts, superintendent of the International Reform Bureau reaches in the First Presbyterian Church at 10:30 o'clock this morning. This afternoon at 3:30 o'clock he addresses the Y. M. C. A., where he will be assisted by Mrs. A. A. Wilson, who will be his wife.

"Right relations among men, required by the second great commandment, do not spring spontaneously from right relations with God, but must be developed by education and organization.

"As the individual is saved by the cross of Christ, the community must be saved by his crown, by making the laws of Christ, little by little, the laws of business and politics and pleasure.

"Environment affects conversion before and after, and the churches should therefore unite to create a favorable moral environment, especially for children and their races.

"As all vices co-operate, and all virtues are related, certain changes in attitudes should promote all true reformations at one blow.

"The big four evils we fight most of all are: Intemperance, impurity, Sabbath-breaking and gambling, which are four sides of one frowning fortress, that all good citizens should attack on all sides. We attack these by four methods, namely: By legislation, letters, lectures and literature, the four pillars of the Y. M. C. A., National and International.

"Congress has enacted 12 important laws relating to intemperance, divorce, the Sabbath, and intoxicants that were drawn by the bureau, which also defeated a bad law on legalized race gambling in the District of Columbia, and another of like purpose in the Pennsylvania Legislature.

"The bureau's Pacific Coast district secretary has carried to victory the new Sunday law of Idaho, which is working well in all State Legislatures good laws will be promoted by our secretary, Mr. Milwaukie, and he has defeated, locally law enforcement will be aided wherever they go as lecturers. Much can be done by interviews with such experts as the public officials. The bureau's very extensive files of information are made widely useful by correspondence.

"Our international specialty is to inform and arouse and create public sentiment in favor of a treaty of all civilized governments to prohibit the sale of intoxicants and opium to uncivilized and semi-civilized races.

MILWAUKIE CLUB CLOSED

Visit to Clackamas Resort Discloses Few Signs of Life. OREGON CITY, Or., Sept. 14.—(Special.)—The Milwaukie Country Club is still closed tight, despite reports to the contrary, and a visit to the place tonight disclosed the fact that only the bar is open and the patronage is light. For a week or two after District Attorney Hedges, of Clackamas

County, closed the place, the restaurant was operated, but at a financial loss, and this department was finally closed. The club's liquor license is paid for to the City of Milwaukie in advance, and this is the only reason that that portion of the club is not dark.

Sheriff Beattie, of Clackamas County, was advised tonight that the club was in operation, and went to Milwaukie and satisfied himself that there is no truth in the report. The only sign of life about the place is a few hangers-on and the barkeeper. Sheriff Beattie expects to return to Milwaukie and will be promptly notified in the event that an attempt is made to reopen the club.

District Attorney Hedges has gone to Astoria, but his brother, State Senator Hedges, who represents the Country Club in a legal capacity, said tonight that he had no idea that an attempt would be made to reopen operations at the Milwaukie gambling resort.

Hardman Weds Albany Girl. ALBANY, Or., Sept. 14.—(Special.)—Lloyd W. Hardman, Portland bookkeeper, who is a son of former County Recorder Frank Hardman, of Linn County, and a nephew of Captain H. U. Welch, of the First Battery, O. N. G., of Portland, secured a marriage license here today to wed Miss Grace Swan, daughter of Mr. and Mrs. T. A. Swan, of this city. They will be married in this city tomorrow afternoon.

FIFTEEN DIVORCES GRANTED

JUDGE M'BRIDE'S BUSY DAY AT OREGON CITY. Troubles of Genini Family Are Aired and Child Given Into Custody of Grandparents.

OREGON CITY, Or., Sept. 14.—(Special.)—The Clackamas County divorce mill tonight disclosed the fact that only Judge McBride returned from his annual vacation today and was kept busy separating men and women whose domestic life had not been happy.

Three new suits were filed, and in the case of Edea E. Wagner vs. E. G. Wagner, the plaintiff filed her complaint and secured personal service of summons on her husband and obtained her decree. The Wagner were married February 2, 1907, in Portland, Or., and she alleges that he was insanely jealous, that he abused her and threatened to kill her and her friends.

The troubles of the Genini family were again introduced in court through a suit for a divorce instituted by Mrs. Elma L. Genini. They have been separated for some time, and last Wednesday night Genini found his wife with a man in a Portland lodging-house, and had them both arrested. A marriage certificate and habeas corpus proceedings in all that session of his daughter Sophia, but Judge McBride, on petition of the mother, returned the girl to the custody of her grandparents.

Mrs. Genini says her husband exhibited

BEAVERTON-REEDVILLE ACREAGE CENTERING AT WHEELER STATION

The Pasadena of Oregon

You can own a tract, from one to twenty acres, in one of the richest and best farming sections of Oregon, derive a good income from it, and, if you like, can carry on a business or work in Portland, reaching the city in about half an hour—four trains daily now, and an electric line surveyed through the lands.

You can have these lands highly improved, with or without good buildings, orchards, small fruits, etc. Richest of soil. Highly-improved neighborhood. Values steadily advancing as development proceeds. Prices and terms reasonable.
