Sale of Carpets, Rugs and Draperies

There is certain satisfaction in going to the "best" furniture house. And many are the occasions when you are called upon to answer some such query, "Where did you get that handsome chair?"—or table, or whatever article may be under discussion. Isn't it with a feeling of pride that you can answer, without hesitancy, "I bought it at Gevurtz'?" Why? Because it's the name that speaks of quality and of merit. The name that is highest in rank of all representative furniture houses of the Northwest. The name that commands the appreciation and the confidence of the people of Oregon—and which respects and repays that trust.

The Best Furniture House in the Northwest

"Eclipse" Heaters

But of heavier and finer tempered cast iron and steel. The model stove of modern times. Better liked because of its better qualities. The stylish, energetic, economical stove "Eclipse."

Read the Description

Made of malleable steel frame---and not cast iron (as is included in the makeup of the grade sold at \$8.00.) Springs are of best oil-tempered steel (which means a more rigid strength.) Wire is extra cold drawn steel. The frame, instead of being put together with screws, has 54 separate bolts. Do not confuse this with the cheaper grade. This shipment just reached us and we are offering it at this tremendous reduction---and at an actual \$500 loss---for the purpose of taxing the capacity of Oregon's largest furniture store Monday. 250 in exact count. Guaranteed to be regular \$10.00 values. Every one Monday **\$4.50**
