

UMATILLA FOR THE COLONISTS

Two Hundred Families Are Expected to Settle There in Three Years.

SYNDICATE OF INVESTORS

Chicago Capitalists Send Agent to Look Over Location for Colony. He is Astonished at the Productiveness of the Soil.

PENDLETON, Or., Oct. 5.—(Special).—Two hundred new families are to be located in the territory tributary to Pendleton within the next three years to take up intensified and diversified farming on tracts. Such is the promise of a group of Chicago investors and capitalists who have had an agent in this territory for several days investigating the resources of Umatilla County. The representative of the Chicago syndicate is F. E. Sladdon, who has been spending some time in the Spokane, Walla Walla and Milton districts before coming to Pendleton. Before leaving yesterday for Baker City Mr. Sladdon announced that he favored the Pendleton district and Umatilla County above all districts he has inspected. While here he inspected the Furnish ditch and Government project, then visited the Hinkle ditch and Butter Creek territory. The promoters of the new enterprise are Clever Brothers, of Chicago, former Pendleton business men, and while they were able to give their agent considerable information about this territory, still Mr. Sladdon admitted he was given a number of surprises, particularly in dry farming.

Satisfied With Umatilla. He believes Umatilla County to be the place the syndicate is seeking. He was astonished at the products on the Page ranch, which has been started as an experiment, and was surprised at the great yields of alfalfa and fruits on Butter Creek and in the vicinity of Echo. He found that the ranches of Joe Chinn, O. D. Teal, Fred Andrews, and others in that neighborhood with alfalfa fields only six or seven years old had actually cut this year three crops averaging 10 to 12 tons to the acre. He found the same results on the ranches of Sheridan Brothers, William Howard's and others on Lower Butter Creek. He also found the few orchards in that vicinity with trees loaded with fruit, including peaches which were thought to have been killed by the frosts of last Spring.

Astonished at Products. He learned that a few farmers had sold their alfalfa in the field at \$5 a ton while others were holding to feed their sheep. He saw also a few farmers in that section who were reaping rich return on alfalfa-fed hogs which are selling at 8 cents on the foot and the buyers are glad to go to the ranches after them. All of this will be embodied in his report to his syndicate. "I had expected something of the kind," said Mr. Sladdon, "but nothing like what I found. I was particularly surprised at the success of dry farming. Near Chicago we have reduced truck gardening and such things to a positive science but we had the water. "Yes we shall send out fully 200 families within the next three years to take up small tracts. They cannot all get away the first year you know, nor the second, owing to winding up their business, but it is our intention to have all of that number here within three years. And if the report is accepted I think Umatilla County will get them all."

STUDENTS GET ACQUAINTED. Annual Reception by Christian Association at Corvallis. CORVALLIS, Or., Oct. 5.—(Special).—The annual reception of the collected Young Peoples' Christian Associations to the new students occurred last night at the college, and was a brilliant affair. More than 1000 people, including 300 students, were present. Addresses were made by President Kerr, Secretary Hurd, of the College Y. M. C. A., and Dr. J. N. Bell, pastor of the local Presbyterian church. The usual custom was in vogue, where each student carried an autograph book, in which he wrote his name, as a means of becoming acquainted. Most members of the faculty were present, and the process of becoming acquainted received great impetus. The annual reception of the seniors to the new students occurs next Friday night. It is always one of the most pretentious social functions of the year's college life at O. A. C.

READY FOR INDUSTRIAL FAIR. Agriculture Main Feature at Grays Harbor Exhibition. HOQUIAM, Wash., Oct. 5.—(Special).—Everything is in readiness for the Merchants' Fair and Industrial Exposition, to be held in this city from October 10 to 19, and all the floor space for exhibits has been sold out. The main feature of the fair will be the agricultural exhibit, showing the productiveness of Chehalis County, and the committee in charge has already secured creditable specimens for display. A poultry and dog show are also to be features, while the shingle-packing contest, for the championship of Grays Harbor, will be held on the fair grounds. The plan is to have each mill send its best packer to compete in the contest, and the race will be narrowed down to semi-finals and then finals. Prizes will be given and the contest promises to be one of interest to the shingle-weavers on Grays Harbor.

PASSES A WORTHLESS CHECK. Robert Black, Well-Known Seattle Man, Lands in Jail. SEATTLE, Wash., Oct. 5.—(Special).—Robert Black, ex-politician, county office-holder and generally well known, was arrested this morning by Detective H. C. Adams on a charge of issuing and cashing a worthless check for \$15 at the California Cafe, in the lower part of the city, and is now in the City Jail. The prisoner has lived in Seattle 20 years. He was once a clerk in the offices of the Auditor, Clerk, Sheriff and Treasurer of King County, and has held other places of trust in the city and county government. Ten years ago he was a leading politician and stood well in the city.

BADLY HURT BY FALLING POLE. Washington Telephone Company Is Sued for \$10,000 Damages. CENTRALIA, Wash., Oct. 5.—(Special).—A. Parmenter, of this city, has commenced suit against the Telephone Company for \$10,000 damages alleged to be due him by reason of being injured by a falling telephone pole. Parmenter says in his complaint that he was driving along the county road about a mile and a half north of Centralia, when a pole belonging to the telephone company fell and struck him. His shoulder bone was broken and he sustained internal injuries from which he will never recover. Parmenter alleges that the pole was rotten and decayed.

PAYING FOR Y. M. C. A. HOME. North Yakima Boys Raising \$25,000 Balance of \$70,000 Fund. NORTH YAKIMA, Wash., Oct. 5.—(Special).—Friends of the Y. M. C. A. in this city are in the midst of a campaign to raise \$25,000 in 10 days to pay for the new building which is nearly completed at a cost of \$70,000. The \$25,000 is the balance that had not yet been promised all during the past few days \$1,000 has been raised. The boys are going round the city with badges bearing the words "We have the building, let's pay for it," and the campaign undoubtedly will be successful before the allotted time has run out.

Darrow Has Second Operation. BOISE, Idaho, Oct. 5.—Clarence Darrow, of Chicago, today underwent a second operation for abscess of the left ear. The operation was a success and Mr. Darrow will be out in about 10 days.

TALK OPEN RIVER

Meeting of Association at the Dalles Fair Wednesday.

PROMINENT MEN TO SPEAK

Large Delegation Expected From Portland—Eastern Oregon District Fair Promises Attractive Race Programme.

THE DALLES, Or., Oct. 5.—(Special).—Arrangements for the seventeenth annual fair of the Second Oregon District Agricultural Society, which will open in this city October 8 and continue through the 12th, are well advanced.

OREGON PIONEER OF 1850 PASSES AWAY.

The Late Mrs. Mary Tyron. Mrs. Mary Tyron, widow of the late E. Tyron, died at her home at 312 Sixth street at 7 o'clock yesterday morning, at the advanced age of 70 years. Heart failure was the cause of death. She was born in Ohio, on January 21, 1837, and came to Oregon in 1852 and settled with her parents near Jacksonville. She was married to Tobias Thomas, from which union were born five children, four of whom are living. Later she accompanied her husband to Portland, where Mr. Thomas died. Two years after his death she married E. Tyron, who died three years ago. Her surviving children are Mrs. Molly Alger and Albert Thomas, of Portland; Joseph E. Thomas, of Vancouver, B. C.; and Mrs. J. F. Conway, of Napa, Cal. Arrangements for the funeral will be made later.

time until the night of October 12, are about completed and Monday will see all in readiness for the formal opening from the stables and speedway to the fine arts booths in the pavilion. The executive committee has been highly successful in arranging interesting entertainments for the five-days' fair and street carnival, and has also been able to fill a most attractive race programme for the last four days. Today all is activity and bustle about the spacious pavilion which has been erected on Washington street, extending from Second to Third streets, where the booths for exhibits are being rapidly decorated and put in readiness for the display. Wednesday, October 9, Portland-Dalles day, will be made the banner day of the fair, since on that date will be held a meeting of the Open River Association, to which many invitations have been issued and at which a large

number of delegates have signified their intention of attending, most prominent among them being Senator Fulton, Senator Ankeny, and other members of the Oregon and Washington Congressional delegations. The meeting will be held in the Commercial Club's parlors and addresses will be made by most prominent advocates of the open-river cause. The committee on entertainment has engaged all available rooms in private houses for the accommodation of guests throughout the week, should local hotel room prove inadequate to the number of visitors. Following is the five-days' programme: Tuesday, October 8.—Opening day. Wednesday, October 9.—Portland-Dalles Day and Open-River Convention. Thursday, October 10.—Dufur-Hood River day. Friday, October 11.—Sherman, Crook, Gilliam and Wheeler Counties day. Saturday, October 12.—Children's day.

LAST POOL HAS BEEN SOLD

Interstate Fair at Spokane to Have Higher Morals Next Year.

SPOKANE, Wash., Oct. 5.—(Special).—Mourning the bookmakers took a last lingering look at the Spokane Interstate Fair grounds when the last ticket had been cashed this afternoon. "Never again," they said.

The fair closing tonight after two weeks has been a successful one. The races are said to have been good, and the bookmakers have seen a share of the money. It has been decided to have no more pool-selling after this year. In the future the fair will be developed on the side of agriculture and livestock. Without pool-selling the horsemen are agreed that good racing cannot be had. There will be some racing according to present plans, but they are not expected to excite much interest where the public cannot risk its money. The management declares that without racing there will be but one week of the fair instead of two. The blight placed on the present season by the Washington State Grange because of pool-selling has hurt the attendance on the country; many people have stayed away because of the gambling and some have also been unable to come owing to the lateness of the grain harvest. Total attendance, however, exceeds that of last year.

LAUNCH MUTUAL INSURANCE

HORTICULTURISTS ORGANIZE A COMPANY AT SALEM.

Farmers Complain That the Rate Charged by Old-Line Concerns is Excessive.

SALEM, Or., Oct. 5.—(Special).—The successful launching of the Horticultural Mutual Insurance Association, by the old-line companies, in this city, is a demonstration that mutual concerns can be formed and operated here as a means of relief from the rates charged by the old-line companies. The Horticultural Mutual was organized by the prunegrowers of the Rosedale community, but farmers developed on the business men generally participated in the movement.

The association was formed by the prunegrowers of the Rosedale community, but farmers developed on the business men generally participated in the movement. The association was formed by the prunegrowers of the Rosedale community, but farmers developed on the business men generally participated in the movement. The association was formed by the prunegrowers of the Rosedale community, but farmers developed on the business men generally participated in the movement.

Though it began writing policies only one month ago, the Horticultural Mutual now has 373 policies outstanding, with risks amounting to \$450,000. The mutual is commencing business by the old-line companies. The Horticultural Mutual was organized by the prunegrowers of the Rosedale community, but farmers developed on the business men generally participated in the movement.

MAPLE LANE GRANGE HAS FAIR

Unique Display of Farm Products by Patrons of Husbandry.

OREGON CITY, Or., Oct. 5.—(Special).—The annual Fair of Maple Lane Grange, held today, eclipsed any previous display held by this branch of the Patrons of Husbandry. Several hundred people were seated with a chicken dinner at noon, and this was followed with a musical and literary programme. The Grange hall was tastefully decorated. Fruits, vegetables, jellies, nuts, fancy goods and domestic processes were exhibited and were admirably placed. William Beard presented a display of butter process in four different stages. The hall was also filled with apples, besides vegetables, jellies and cider. W. Swallow, ex-president of the Clackamas County Horticultural Society, exhibited seven varieties of apples, five varieties of grapes, nuts, potatoes and other vegetables, and a remarkably fine display of jellies. He also showed four varieties of dried prunes and other fruits. Mr. Swallow displayed the Shirley variety, originated by himself and named for his two daughters. One of the features of the fair was an exhibit of Macon straw hats and a display of long life. The displays of fruit and vegetables of A. Maurer and County Fruit Inspector Lewis were most admired.

The judges were Mr. and Mrs. C. O. Perry, of Portland, and Mrs. B. F. Linn, and they awarded the premiums late this afternoon. Practically the whole exhibit of the Maple Lane Grange will be shown at the Clackamas County Fair, which opens at Gladstone Park next Thursday and continues for three days. The Nat. Live Stock Commission, which has been showing at Spokane for the last fortnight, will be one of the attractions for the County Fair.

COMES BACK TO ALMA MATER

J. H. Gilbert, Ph. D., New Professor of Economics, an Oregon Boy.

UNIVERSITY OF OREGON, Eugene, Or., Oct. 5.—(Special).—J. H. Gilbert, Ph. D., Oregon's new assistant professor in the department of economics, is

Meet the Tailor WILLIAM JERREMS' SONS. 108 THIRD STREET

A native Oregonian. He was graduated from the university in 1901 with the degree of A. B. He held the office of editor-in-chief of the Oregon Weekly during his senior year, and won the Beekman oratorical prize at his graduation. In 1904 Mr. Gilbert entered Columbia University, New York, and took up special studies in economics and political economy. He attended Columbia from 1904 to 1907, and in his last year was awarded the much-coveted Garth fellowship in political economy, receiving his Ph.D. in June of that year. His Doctor's Dissertation dealt with the early municipal and monetary history of Oregon.

Astoria Marine News.

ASTORIA, Or., Oct. 5.—(Special).—The official measurement of the gasoline launch Adeline was completed by Deputy Collector Anderson today. The vessel was built by Wilson Brothers, of this city, for Charles Belo, of Cathlamet, and her dimensions are as follows: Length, 24 feet; beam, 9.4 feet; depth, 3 feet; tonnage, 10 tons gross, 6 tons net. She will be equipped with a 24-horsepower engine and will be used in the passenger service between Cathlamet and points on the Oregon shore. The French bark Le Pillier completed discharging 100 casks of cement here this morning, and cleared at once for Portland.

Hoquiam Shipping News.

HOQUIAM, Wash., Oct. 5.—(Special).—The steamer Raymond, with full cargo of shingles from the Hoquiam Lumber & Shingle Company, sailed today for San Francisco. The steamer Chas. Nelson, with a mixed cargo of lumber and shingles, cleared tonight for San Pedro. The steamer Jim Butler and Centralia arrived from San Francisco.

No Billiards on Sunday.

MEDFORD, Or., Oct. 5.—(Special).—The Medford crusade will continue. Sheriff Jackson has served notice to the owners of billiard tables that they must not allow them to be played on Sunday. The action is commended by many, notwithstanding that in no other county in Oregon has this been done.

No Damage From the Storm.

SEASIDE, Or., Oct. 5.—(Special).—The storm of the past several days has brought

Charcoal Kills Bad Breath

Bad Odor of Indigestion, Smoking, Drinking or Eating Can Be Instantly Stopped.

Sample Package Mailed Free. Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them and while you are talking, give them a whiff or two of your bad breath. It usually comes from food fermenting on your stomach. Sometimes you have it in the morning—that awful sour, bilious, bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared. Sometimes your meals will reveal themselves in your breath to those who talk with you. "You've had onions," or "You've been eating cabbage," and all of a sudden you belch in the face of your friend. Charcoal is a wonderful absorber of odors, as every one knows. That is why Stuart's Charcoal Lozenges are so quick to stop all gases and odors of indigestion, or gas from indigestion. Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges in the first place stop for good all sour breath and belching of gas, and make your breath pure, fresh and sweet, just after you've eaten. Then no one will turn his face away from you when you breathe or talk; your breath will be pure and fresh, and besides your food will taste so much better to you at your next meal. Just try it. Charcoal does other wonderful things, too. It carries away from your stomach and intestines all the impurities there massed together and which cause the bad breath. Charcoal is a purifier as well as an absorber. Charcoal is now by far the best, most easy and mild laxative known. A whole boxful will do no harm; in fact, the more you take the better. Stuart's Charcoal Lozenges are made of pure willow bark and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless. Get a new, pure, sweet breath, freshen your stomach for your next meal, and keep the intestines in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. We want you to test these little wonder workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have tried the sample and been convinced, go to your druggist and get a 5c box of them. You'll feel better all over, more comfortable, and "cleaner" inside. Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Company, 300 Stuart Building, Marshall, Mich.

INFORMATION DUE THE CUSTOMER WHICH HE DOES NOT ALWAYS GET

IN EVERY CITY, Portland included, there is but one store where the genuine Pianola and Pianola Piano are on sale.

When a customer enters any of the other stores and inquires: "Do you keep the Pianola?" the salesman is in honor bound to reply: "No, we do not."

Of course, there is no law to prevent his adding: "We keep the Pianola Piano Player, which we claim is just as good," etc. But ordinary commercial fairness demands that he shall not permit the customer to buy some other piano-player under the mistaken impression that it is the genuine Pianola.

We learn that there are some stores that are not so scrupulous as they should be in observing this principle. Consequently we are compelled to advertise over and over again:

There is but one make of genuine PIANOLA made only by the Aeolian Co.

If the word "Pianola" does not appear upon the fall-board of the instrument, it is NOT a Pianola. The supremacy of the Pianola and Pianola Piano is so universally recognized that it is a constant temptation to other piano-player manufacturers and dealers to operate under its prestige. But the practice is not countenanced by the best makers and agents.

THE PIANOLA AND PIANOLA PIANOS—WEBER, STECK, WHELOCK AND STUYVESANT—

Are sold in Portland and throughout the Northwest only by

the breakers farther up on the beach walk on the ocean front was reported to than for several years. No damage had, however, been done, but examination shows that the damage is trifling.

THE MEDICINE MADE FAMOUS BY ITS CURES IS HOSTETTER'S STOMACH BITTERS

The very fact that we have received thousands of voluntary letters from grateful people all over the world during the past 54 years praising its merit proves it to be a medicine of intrinsic value, especially in all cases of Stomach, Liver, Kidney or Bowel complaints. Then why continue to suffer from Poor Appetite, Sick Headache, Bloating, Flatulency, Heartburn, Vomiting, Dyspepsia, Indigestion, Costiveness, Biliousness, Weak Kidneys, Colds, Female Ills or Malaria, Fever and Ague when the Bitters will cure you, too. Just try one bottle today and see for yourself. It is also a splendid medicine for the old folks, being able to tone and strengthen their weak systems.

SPECIAL NOTICE

Keystone, Ind. Mr. Cyrus Marsh says: "My system was all run down from indigestion and other stomach troubles but your Bitters soon made me well and strong again." Westmoreland, Kan. Mr. M. F. Moore says: "I find your Bitters superior to anything I have ever taken for curing indigestion, dyspepsia, biliousness and insomnia."

THE GENUINE HAS OUR PRIVATE STAMP OVER THE NECK OF THE BOTTLE.
