ARRANGE SOCIETY EVENT

Governors, Senators and College Presidents Will Witness Game on Multnomah Field Between the Stalwart Collegian Teams.

Next Saturday afternoon on Multnomah Field will be witnessed an event in sportdom which promises to become an annual attraction in this city, for the clever and well-drilled gridiron heroes of the Universities of Oregon and Idaho are scheduled to meet in of the hardest struggles of the year

This game will mark the opening of a new era in football in Portland, for it will be the first time in the history of the city that the football enthusiasts here have been given an opportunity of witnessing a game between the repre-sentative educational institutions of two great commonwealths. And since the days of the old Portland University, which played a game with Oregon here, it will be the first intercollegiste foot-ball game seen in this city.

Heretofore the great American game of intercollegiate football has been played in this city with Portland rep-resented by the clever team of the Multnomah Amateur Athletic Club, and

Multinoman Amateur Athletic Club, and all bona-fide varsity games in which the State University has figured have either been played at Eugene or at the home of the opposing club. The coming struggle between the two universities is attracting consid-erable attention throughout the North-west for the other educational institu-tions which annually meet University of Oregon, will watch the outcome of tions which annually meet University of Oregon, will watch the outcome of the coming struggle with the idea that should the attendance prove as great as expected, it will mean the trans-ferring of most of the State Uni-versity's games to Portland hereafter. State pride is expected to insure as great and enthusiastic a turnout of the football bugs to witness the Ore-pon-Idaho contest as has ever been with

Added to the class represented in the two teams is the social side of the at-traction and, judging from the advance notices of acceptances of invitations, this feature will prove one of the big society events of this social season.

Dignitaries Will Attend.

Governors Chamberlain, of Oregon, and Gooding, of Idaho, are expected to be in attendance with their respective military staffs, and will be accompanied by the ladies. Invitations have been by the ladles. Invitations have been extended to Congressmen Hawley and Ellis, of Oregon! United States Sen-ators Bourne. Fulton, Borah and Hey-burn and the Idaho Congressional rep-resentatives. The presidents of the two institutions will be on hand to add to the importance of the official of the two and educational world are expected to and educational world are expected to be present on this great occasion in football annals. It is up to the football bugs of Port-land to get husy with the college slogans

It is up to the football bugs of Port-land to get busy with the college slogans of the gridiron, and don't forget the "Silver and Gold" of Idaho and the "Green and Yellow" of Oregon, for the "Rab, Rah, Rah! Rah, Rah, Rah! Idaho! I-da-ho! Boom, Bay, Bah!" and the "Rah, Rah, Rah! Rah, Rah, Rah! Idaho! And, Rah, Oregon," will resound from all corners of the field when the gridiron heroes of the two big colleges will as-cemble in battle array in the first big interstate intercollegiate game ever witnessed in Portland. Get busy with the ribbon counters, polish up your noise-pro-ducers and everybody get in the game, for staid old Portland is about to be turned upside down when the college boys flood the city next Saturday.

Bowling will be commenced by No-vember 1, if the plans of the commit-tee of the Oregon Bowling Association. which is arranging a Winter tourna-ment, succeed. The committee is composed of a number of prominent bowl-ing enthusiasts and is arranging a schedule and making up teams to com-pete. It is probable that the league will be made up of either 12 or 14 teams, each to be composed of men with about the same bowling average. The averages of the men who played last season will be taken as a basis. Portland will be represented at the National Bowling Congress, which will be held in the Spring either at Butte or Oakland. Last Spring Portland sent two teams to the congress in Denver and made a strong bid for next year's congress, but was beaten out by the other cities. Wherever the congress is held. Portland will send either two or The ten-pin game has taken a strong hold on Multnomah Club, and a good-sized tournament will be started about November 1. Either six or eight teams, each with about the same general av-erage, will enter the tourney. The club has a number of crack bowlers on its membership list, and in a game with a picked team from the Oregon alleys last Tuesday night the clubmen defeated their opponents by \$21 to 650. The lack of alleys will in a way handicap the game this season. Last year the Oregon maintained eight alleys, but this Summer four were removed to make room for a saloon. The remaining four are in use nearly all the time and oftentimes it is difficult to get a chance to play at all. Multnomah Club now maintains four alleys. All are ten-pin alleys. Last year the club had two cocked-hat and two ten-pin alleys, but the growing popularity of the ten-pin game, together with the lack of interest in cocked-hat, caused the directors to change the two small alleys to the regulation size. The four are to the regulation size. The four are now equipped with automatic pinsetters and are considered first-class alleys.

Faulkner has plenty of sand and grit, with a fairly cool head, but his kicking cannot be campared with Fenton's. There have also been a couple of changes recently in the pack. Craw-ford has been placed at lock, and Rey-nolds and Miller have been playing side-rank. At the opening of the sea-son Miller was playing wing-forward, but C. Idaho, Oct. 19 .- (Special.) -Students of the University of Idaho are enthusiastic over the prospects of the varsity football team, and predic-

tions are freely made that Idaho will defeat Oregon in the great interstate game at Portland next Saturday. Most of the players have seen from two to four years of warsity hall. Coach Middleton has been drilling his men on forward passes, on side kicks and other clever formations. He will not depend upon old-time football, but will give an exhibition of the open game that will be a revelation to the football critics of the Northwest. The Idaho men are by no means over-confifootball critics of the Northwest. The Idaho men are by no means over-confi-dent of victory, but they are determined to make a great fight. They have unbounded respect for the Oregon play-ers. The friendly feeling that has al-ways existed between Oregon and Idaho insures a clean game, but the rivalry that exists insures fast and furious playing.

BY REFEREE.

Despite their poor showing against the Seattle High School in the opening game of the season, the Washington football players have struck a winning gait and have proved conclusively that they are to be reckoned with in the struggle for championship honors. The victories of the Evergreen collegians over Multnomah and Willamette have stimulated a great amount of enthusiasm among Washing-ton's followers, many of whom are counting upon an unbroken string of victories

Although the Washington men are en-Although the Washington men are en-titled to credit for conquering the local clubmen, there was nothing capecially brilliant about their work on Multnomah field last Saturday. Many of their defenses were poorly executed and their defenses was not what it should have been, even for an early season game. Washington's victory was not due to her own good work, but rather to the poor work of the Multnomah players. Washington made a better showing of team work, however, in the game against Willamette, and there is every reason to believe that Coach Place has laid the foundation for a team that will make its

believe that Coach Place has laid the foundation for a team that will make its Northwest rivals do some hard playing before the season ends. The writer is not impressed with the eleven in its present stage of development, but be-lieves that it has great possibilities. In Grim, right tackle: Bagshaw, quarter back: Clark and Trott, halfbacks, and Willis, fullback, Washington has a set of players that are fast enough for any players that are fast enough for any company. Matthews, the freshman end, is a promising man and has a great fu-ture as a football player.

Thinks Pullman Only Real Rival.

Washington's schedule includes games with Whitman, Oregon, Pullman and Idaho, but it is quite evident that Pull-man is the only rival which is being given serious consideration. Overcon-fidence has caused the downfall of more than one need tootball team and Washgiven serious consideration. Overcon-fidence has caused the downfall of more than one good football team, and Wash-ington shquid not discount Idaho, Whit-man or Oregon at this stage of the same. The ease with which the Pullman players ran up high scores in the Cheney Normal School and Blair Business Col-lege stamps Bender's colts as offensive players of the first water. Scores of 46 to 6 and 86 to 6 are not easily made under the revised rules, even though the opposing teams be weak. Pullman has a back field of veteran players who can make yardage through almost any line. Rader and Nissen, the halfbacks, and Hardy, the big fulback, form a combina-tion that has seldom been equaled, and never excelled, in the history of North-west football. The Washington State College has a powerful line, and her ends, Minor and Goldsworthy, are fast and reliable. and reliable

Portland grid enthusiasts have been longing for years for an opportunity of witnessing real intercollegiate football, and if this game, which is in the nature of an experiment, proves successful, annual contests between the big Northwest colleges will be the big Northwest colleges will be played here in the ruture. As a gentle hint to those who contemplate tally-ho parties, it would be well to secure the rigs early, for several have already been spoken for and the supply of such vehicles is limited.

The University of Idaho is represented this year by one of the best teams in its history. Eight members of last year's clever aggregation remain and are at their old positions. These men played on the team which prevented the fast Oregon bunch from crossing the goal line, and only lost to the Eugene contingent because Fred Moullen, the greatest punter the Northwest knew, kicked three goals from the field.

Among the veteran players under Coach John R. Middleton and who will wear the Idaho colors of silver and gold are Eimer Armstrong, '08, cap-tain of the team and one of the best halfbacks in the Northwest: Stokes-berry and Smith, the giant tackles; Small, the sturdy half who plays alongside Captain Armstrong; Stein, the alert and clever center, and Sayidge and George Armstrong, the speedy Idaho ends who are rated as on a par with Gordon Moores and "Weary" with Gordon Moores and "Weary" Chandler, the spiendid players of the Oregon champions of '06.

Oregon in Good Shape.

The University of Oregon team is not likely to be as strong as was antici-pated, for Captain Gordon Moores was pared, for Captain Gordon Moores was recently injured so severely that he may not be able to participate in the coming struggle with Idaho, but Coach Frost hopes to have the other injured men on deck by the time the big gam

ls played. Both teams are lucky to have the benefit of two such clever coaches as Jack Middleton and Gordon Frost. The ner is a product of the institution of which he is now head coach, while the latter is a Dartmouth man, as is Vic-tor Place, coach of the Washington team:

Both men are confident of the resuit of the coming struggle. Idaho, will depend upon her superb teamwork and the tenacious fighting qualities of the entire team, while to a great extent Oregon relies on the splendid punting ability of Fred Moullen, the man who brought her victory on numerous occa-sions last year, the most prominent of which was the victory over the Mult-Club eleven, which was the first time in the history of the annual meeting between the two institutions, athletic and educational, in which the latter was victorious.

Moullen Heartily Welcomed.

The return of Moullen was halled with delight by the Oregon admirers, for it seemed as though the team was strengthened 199 per cent when the famous punter succeeded in passing his exams which admitted him to the uni-versity. Moulien was forced to leave col-lege several months before commencement last June, and on that account he

Why Multnomah Lost.

Multhomah's failure to win the game with Washington was due to the inexperi-ence of a number of the players, to a lack of systematic practice, and to overconfi-dence. There is plenty of good material in the Multhomah squad this year, but some of it will stand a lot of coaching. Lonergan is a great player and a faithful, betweethics contain. His inhury, coming

Idaho Has Veteran Team.

Local enthusiasts are looking forward with great eagerness to the Oregon-Idaho game, which will be played on Multhomah Field next Saturday. As this will be the first intercollegiate game played in Port-land since the season of 1895, it will arouse great interest among lovers of col-lege sport. Idaho has eight of her eleven veterans of last season, while Oregon has but alx of the men who played in the memorable game at Moscow. It will be remembered that Idaho's stubborn defense kept Oregon away from the goal line, but that the ever-reliable foot of the invincible Moullen enabled Oregon to win

12 to 0-the result of three goals from the field. Several of three goals from the field. Several of Oregon's best men are on the injured list, and will not be in the game next Saturday, while the Idaho men are said to be in first-class condition.
