

Gadsbys' Great Furniture Sale

Continues. The Prices Are in Many Cases One-Half Regular

These days are busy ones here—busy indeed. Our GREAT SALE selling makes it so. The special reducing is seen on each article in the store on which is attached a large red tag showing at once the saving represented between the regular and sale prices. Our sale this week promises to be greater than the previous ones—we have planned to make it so. All prices are greatly lessened now—you'll find the savings throughout the store well worthy the taking advantage of at once. MISSION FURNITURE PRICING IS INTERESTING NOW—VERY. These sale-value ideas taken from our "Mission Furniture Show," the largest in Oregon.

Majestic Range

Malleable charcoal iron; in baking, water heating, saving of fuel, lasting qualities, it excels all other ranges made.

Will Not Crack, Rust or Crystallize

In constructing the Majestic, the manufacturers now use charcoal iron in place of steel. This new feature adds 300 per cent to the life of the range, as it resists rust and crystallization in any climate, a feature not possessed in steel.

All breakable parts are made of malleable iron—material that cannot crack or break.

Not Cheapest, but Least Expensive
