

UNWILLING TO PAY FREIGHT Leslie M. Shaw Says We Need Too Many Collies to Be Prepared for War.

BANQUET TO R. M. EVANS Responding to Toast He Says He Fears Nothing but Western Hospitality—Senator Depew Says Our Fleet Can Go Anywhere.

NEW YORK, Nov. 2.—Admiral Robley D. Evans, who is soon to depart in command of the battleship squadron for the Pacific, was the guest of honor at a notable dinner given at the Lotus Club. A large number of distinguished guests participated in the evening to the Admiral, and the speakers included, besides the guest of honor, Bishop Potter, Senator Chauncey M. Depew, ex-Secretary of the Treasury Shaw, Seth Low, Admiral Coughlin, and Nicholas Murray Butler, president of Columbia University.

By No Means Ready for War. "We have the navy, but we may never have any need for it, unless the world learns that we have no collies or transports. I regret that we have to have foreign ships accompanying our fleet, and it is humiliating to us to have to pay half a million dollars to foreign ships to carry our coal. If this were a war cruise instead of one of peace, who would haul our coal? Don't deceive yourselves into believing that we are prepared for war. We need collies as much as we need guns. Here a man may not say before the press what he thinks of our navy."

CONGRESS TO GIVE RELIEF (Continued from Page 1.) house banks have been taking over the loans called by the trust companies, and that this increased the bank loans. The National City Bank has engaged a total of \$1,000,000 in United States gold coin in Havana for import; that N. W. Harris & Co., of Boston, have engaged \$100,000 of gold coin from George M. McFadden & Brother, of Boston, have \$500,000 in gold now en route to the United States from Europe on the steamer Lusitania. Average bank engagements of gold in Europe today for importation have brought the total to \$2,150,000.

ENCROACHING ON RESERVES New York Banks Lose Cash—Not as Bad as 1893. NEW YORK, Nov. 2.—The statement of Clearing-House banks for the week shows that the banks hold \$38,838,825 less than the requirements of the 25 per cent reserve rule. This is a decrease in cash reserve surplus of \$7,665,525, as compared with last week. The statement follows: Loans, \$1,148,205,000; increase, \$9,741,500. Circulation, \$5,742,700; increase, \$344,400. Legal tenders, \$48,194,000; decrease, \$20,312,340. Reserve, \$224,307,900; decrease, \$30,601,300. Reserve required, \$262,946,725; increase, \$7,665,525. Deficit, \$38,838,825; increase, \$7,665,525. Ex-United States deposits, not given. The statement as given out at the Clearing-House contains this additional sentence: "Percentage of reserve, 21.30, against 20 in 1893."

More Gold From England. LONDON, Nov. 2.—The Bank of England's stock of gold was further depleted today by £220,000 in bar gold and £190,000 in American eagles, which were withdrawn for shipment to the United States.

ment of \$7,665,525. Adding this to the loss of cash made \$37,665,525, and the decrease in the reserve was \$38,838,825. "Loans were expanded \$9,741,500, indicating that the demands upon the banks for accommodation must have been enormous; response thereto appears, however, to have been liberal, for had such relief been withheld, the situation doubtless would have been even more disturbing. "It seems quite probable that the statement of this week will show much improvement as the result of the arrival of gold from Europe, which will begin to be imported by Wednesday; and also because of the utilization of other measures of relief."

OPEN SUNDAY ISSUE Fort Probably Next Governor of New Jersey. REPUBLICANS CLAIM STATE Only Four Counties Conceded to Democrats and Those Are Controlled by Foreign-Born Citizens. TRENTON, N. J., Nov. 2.—(Special.)—Conservative estimates, based on reports received from county committees and other reliable authorities in all parts of the state, indicate that New Jersey will next week elect John Franklin Fort, Republican, as Governor, return that party to complete control of the Legislature and elect Republicans to the most important offices in the different cities and counties. Judge Fort will probably be elected by a plurality ranging from 10,000 to 20,000—the exact figure being somewhat dependent upon the conditions prevailing at election time.

Open Sunday State Issue. Wit the possible exception of Hudson County, where there is a popular demand for increased railroad taxation, the "open Sunday" or "closed Sunday" is the paramount issue throughout the state, all other questions having been retired to the background. The Democratic movement in favor of legalizing the sale of liquors on Sundays, and the opposition to this plan which has been manifested by all church and temperance people, respectively of creed or party affiliations. Judge Fort has made his fight on this proposition, declaring himself in favor of the Bishop's bill and its enforcement, and against all "open Sunday" movements. Frank S. Katzenbach, Jr., the Democratic gubernatorial candidate, has persistently refused to commit himself on the issue, but every one knows just where his party stands on the subject. At the same time Mr. Katzenbach has lost prestige everywhere because of his lack of courage to face the issue. For this he has been condemned by all of the influential papers of the state.

Estimate of Pluralities. Based on the latest reports and most conservative estimates the lineup of the counties will be as follows, the figures being Republican pluralities with exceptions indicated: Atlantic, 3500; Bergen, 1200; Burlington, 2500; Camden, 5000; Cape May, 1000; Cumberland, 2000; Essex, 4000; Gloucester, 1000; Hudson, 1000; Hunterdon, 1500; Mercer, 1000; Middlesex, 300; Monmouth, 500; Morris, 1500; Ocean, 700; Passaic, 1500; Salem, 500; Somerset, 1000; Sussex, 1000; Union, 1000; Warren, 1000. ("Democratic.")

NEW YORK ELECTION DULL Campaign Over and Results Awaited With Little Interest. NEW YORK, Nov. 2.—One of the quietest campaigns that New York City has experienced in many years practically ended today. The election for state office is to be voted for, that the Republican and Democratic parties had agreed on the nominations for the Court of Appeals Judges and the Assemblymen to be elected will not have to choose a United States Senator, made the campaign quite colorless. As there will be no election of municipal officers in New York, the chief interest centers in the fight for Sheriff of New York County. The income of the incumbent of the office, including salary and fees, is about \$65,000 a year. The Republicans fused with the Independence League and nominated M. P. Thomsen as their candidate against

Driven to Suicide by Crisis. SHAWNEE, Okla., Nov. 2.—Russell Johnson, a teller in the State National Bank, died today by cutting his throat. He cannot live. His accounts are reported correct. Worry over financial conditions during the last few days it is believed, caused temporary insanity.

Greene Helps Out His Company. EL PASO, Tex., Nov. 2.—W. C. Greene, head of the Greene Gold-Silver Company, has presented that company with \$7,883,500 in stock to help the concern in any trouble that might arise and to enable it to continue its work of development.

Thomas F. Foley, the Tammany nominee. Next to the Shrively contest, the campaign of Charles S. Whitman, Fusion candidate for Judge of the Court of General Sessions, has attracted attention. The Independence League has placed candidates in the field for Judge of the Court of Appeals and the vote will be watched with interest as indicating the League's strength in the Presidential campaign a year hence.

NEBRASKA FARMERS REFUSE TO SELL THEIR CORN. HAVE NO MONEY TROUBLES While Wall Street Sacrifices Stocks to Get Money, They Build Barns to Store Their Crops and Refuse to Contract. LINCOLN, Neb., Nov. 2.—(Special.)—The financial troubles in New York, with their later echo in the West, have not alarmed the farmers of Nebraska. For the past decade farmers of this state have disposed of their crops by contract before they were harvested, but this year conditions are changed. During the week word came to Lincoln from all sections of the state to the effect that the farmers were building barns to store away the corn they were soon to harvest. They say they will hold their grain for higher prices, although as high as 48 cents is now being offered. Some of them are counted as will sell a part of their yield within the next few weeks; some of them will sell their entire crop, while a few have already contracted for the disposal of their grain. These, however, are in the minority. A majority of the farmers, local grain men say, will hold their crop for a higher figure, and some expect 75 cents a bushel. They feel assured they will be offered that price before Spring.

THREE PARTIES IN CINCINNATI Will Decide Between Boss and Popular Rule. CINCINNATI, Nov. 2.—For the first time in more than a century of Ohio's statehood voters this year will cast their ballots for municipal and county officers only. The adoption of a constitutional amendment two years ago changed the election of Governor and other state officers to the even-numbered years. In this city there are five tickets in the field, but the real contest is among the Republican, Democratic and City parties. Mayor Dempsey seeks re-election by the voters only. ISSUE IS CAPITOL GRAFF IIII Tries to Help Farmers. ST. PAUL, Minn., Nov. 2.—J. J. Hill is in New York using his influence to secure between \$1,000,000 and \$2,000,000 in cash for the purchase of grain. Unless the farmers can make ready sale, they will suffer. The magnitude of Mr. Hill's task under present conditions is apparent, but bankers are hoping for the best.

Blood Humors Commonly cause pimples, boils, hives, eczema or salt rheum, or some other form of eruption; but sometimes they exist in the system, indicated by feelings of weakness, languor, loss of appetite, or general debility, without causing any breaking out. Hood's Sarsaparilla expels them, renovates, strengthens and tones the whole system. This is the testimony of thousands annually. Accept no substitute, but insist on having Hood's Sarsaparilla. In usual liquid form or in chocolate tablets known as Sarsatabs. 100 doses \$1.

# Don't Get The Panicky Feeling

That old cloud which had its silvery lining in '93 has a golden background now. The fog may be a little thick at the present time, but in a few days we will have forgotten all about it. Be cheerful, don't worry about the money you have in the bank. The banks are all right—so is the Denny Dulin. Did you ever stop to think what the miner has done for this country? During the panicky times of '93 the supply of gold was less than six hundred million dollars. Today it is in excess of one billion, five hundred millions. Nevada alone will increase this supply by five hundred millions of dollars during the next ten years. Are you going to get some of it? Here is the latest from the Denny-Dulin mine: Assay by Garvin Cyanide Co.:

Gold, 17.56 oz. per ton; value \$363.00 Silver, 72.44 oz. per ton; value 47.09 Copper, 15.8 per cent; lead, 6 per cent. Total value, per ton \$457.47

We are not going to try to make you believe that we have several feet of this kind of ore, for we haven't. This assay was from ore selected from a lot we received from the mine this week. It is the highest returns we have ever received. There are possibilities and probabilities where you find such ore as this, although we are very well satisfied with the \$75 grade. Here is what the Goldfield Review has to say of the Gold Mountain mines: "Gold Mountain district is fast becoming famous. A vast amount of development work is being done and there are many paying properties in the district. "The Bonnie Clair has an enormous amount of ore blocked out, and the mill is being run day and night on high-grade ore. "The Oriental is in high grade, and will soon be among the shippers. "The Gold Mountain Carbonate Mining Company has made a wonderful showing during the Summer. This property has developed a five-foot vein at a depth of 160 feet, which gives returns on average samples of \$310.00 per ton. "The Denny-Dulin has recently opened up sensational ore and is in line to swell the list of shippers and may outrival some of the best properties in the state. "Tokio Consolidated has a large tonnage of high-grade ore blocked out. "The Goldfield Crest has a large acreage and a wonderful surface showing. Has let leases upon its property. "A large milling plant is proposed for the Nevada Empress, which will be run on the company's own ore, besides receiving customs orders. "The Corbett mine has four 14-mule teams employed hauling ore. They convey 50 tons to the trip. "The Great Western and Murray mines are both being actively worked. Ore is being sacked and forwarded to the reduction works. Splendid returns are being received. "The Nevada-California Power Company has completed a power line to Gold Mountain and is now prepared to furnish ample power to the properties being developed. "The Brock and Clark systems of railroads pass within eight miles of the heart of the district, and upon completion of the branch to the western part several more mines will ship from that side."

We had a few words to say last week about opportunity and getting in with the right people. We told you how we have tried to safeguard your interests, as well as our own; what we intended doing with the money and about how soon you could expect returns. Would you like to know why we don't put in the money ourselves, if it is such a good thing? The truth is homely but it will give you straight goods on this deal. We haven't got the money. We are not rich; neither are we philanthropists. If we had the money, we would not be offering you this chance. Ninety per cent of the greatest mines of the world have started in just this way. When we said a limited amount of stock would be sold, we told you another truth. Neither do we intend to raise the price—the mine will do that. We are not trying to make dividends out of you—we are going to get the dividends out of the property. The price is still 10 cents per share, and the rapidity with which the stock is being subscribed for, your opportunity in the Denny-Dulin will soon have passed. There are few men that are so well or favorably known in this community as Alex Sweek, Thomas O'Day, Dr. Sanford Whiting, I. Aronson and J. H. Yates, the directors of the company. Get in with a home concern—with people you know. The property is located on Gold Mountain, near Goldfield, Nevada. Write or call on us for further particulars.
