SEATTLE SCORES IN SIX MINUTES

By Series of Trick Plays Multnomah Men Are Swept Off Their Feet.

RAIN MAKES SLOPPY FIELD

Claud Kern's Tackling of Lonergan Sensation of Game-Ball Twice Worked Close to Goal, but Seattle's Line Holds Firm.

SEATTLE, Wash., Dec. 7 .- (Special.)-The football team of the Seattle Athletic Club, by playing a scientific mixture of old and new football in the first six minutes of the game, defeated Multnomah vesterday at Dugdales Park by a score

The team without a star, coached by

yom McDonald, a home product, knew, much football for the giants from Portland and licked them right off the reel. The game was played during showers of rain and on a slippery field, but there were bits of really high-class football scattered through the contest. With a team of glants such as Rader, low, Walker and terrific linesmashers and swift runners like Lonergan, Multnoand swift runners like Lonergan, Multnomah twice forced Scattle back under its own goal posts, but the boys of the double-blue diamond held fast on the last smash each time and took the ball. A battering ram like Dow and Walker is hard to stop, but Brinker, Kern, Johnson or Robbins was under the big fellow every time when danger threatened.

Kern's Tackle Sensational.

The tackling was the best seen here When Claud Kern left his feet this year. When Claud Kern left his feet and shot through the air like a man taking a dive, and grabbed the flying Lonergan just below the knees, he gave the crowd a glimpse of what real varsity making is. It was one of the prettlest clays of the game, and as it took place in a scattered field, all had a chance to see it. Lonergan is a very dangerous man returning punts, for he is not only a fast runner, but he is hard to down a fast runner, but he is hard to down after he is tackled, but he fell like a partridge filled with shot when Kern

on the first line-up, Multnomah was made the victim of what is known as the "sneak" play. Captain ike Dowd wandered off to one end, and when the ball was snapped, he darted forward. Dode Brinker shot the ball to him with a ong sweep of his arm, and the oval fell into Ike's arms as truly as if a baseball had been passed. "Weary" Chandler, captain of the Oregon team last year, who was pressed into service to help out Multromah, was caught napping on the play that Brinker and Dowd worked so

Multnomah Men Rattled:

Brinker bewildered the Multnomah some more by calling for an on-kick that O'Brien got after a mble. Those two plays pulled off scramble. Those two plays pulled of like machine work, were good for 50 yards and the Multnomah men were completely up in the air.

After bucking the line a few time to find out what kind of a defense Multnomah had, Brinker again used the forward pass, Johnson getting it this time after a long slide on his wish.

time after a long slide on his wish bone. That play brought the ha within striking distance, and after fine buck, Brinker resorted to the for ward pass again. Captain Dov touched the ball and then dived unde the grandstand after it. He came u with it like a spaniel with a stick i

Then every Seattle man charged like sprinters getting off the mark, and I the center of the mix was Claud Ker with the ball. When the players wer unwrapped, there was Kern lying wit the ball under him, and fell over th line. Captain Dow laid flat on hi stomach in the mud and water, holding the hall while Kern booted it over the bar for the only score of the game.

Otto Schumann, Jr., Writes About Cruiser Milwaukee's Team.

Haseball is a popular game with the sailor lads on the war vessels com-prising Uncle Sam's fleet now in California waters. Until they met the team representing the United States crulser Charleston recently, the team on the cruiser Milwaukee had won every game they had played. Among the crew of the Milwaukee is a Portland boy, Otto Schumann, Jr., who is also a member of the ship's baseball team. The games played by the Milwaukee up to and including the defeat at the hands of the Charleston, are as

HUNT CLUB ANNUAL MEETING

T. S. McGrath Re-elected President. J. W. Ladd Is Vice-President.

In the ninth annual meeting of the Portland Hunt Club, T. S. McGrath, was re-elected president of the club; J. Wes-ley Ladd was elected vice-president; A. M. Cronin, re-elected treasurer, and A. S. Rockwell, secretary, The directors chosen were: F. W. Leadbetter and S. C. Spencer. E. T. Chase succeeds F. O. Downing as master of hounds

The meeting, which was held last night in the clubroom in the Lumber Exchange building, brought out the largest number of members in the history of the club. Nearly all of the women members of the Nearly all of the women members of the club were present and they took a keen interest in the voting for offices. The office of master of hounds was tendered to Mrs. F. G. Buffuin, and she would have been unanimously elected, but she declined to serve. The report of A. M. Cronin, the treasurer, showed the club to be in a healthy condition financially. After paying the expenses of the June Spring meet the club made \$20. The expense of the Horse Show amounted to al-

entrance fees and at the door just paid the cost of putting on the show. During the year just past 36 new members were

taken into the club. F. O. Downing, the retiring master of bounds, moved that a vote of thanks of the Hunt Club be tendered Dr. James Withycombe, for his services as associate judge at the Horse Show. President McGrath will write to Dr. Withycombe and thank him in behalf of the

NORCROSS SIGNS FOR 1908

Man Who Made O. A. C. Coast Champions, to Return Next Year. OREGON AGRICULTURAL COL-

LEGE, Corvailis, Dec. 7 .- (Special.)-A contract was signed today, under the terms of which Fred S. Norcross, Jr. is to coach the O. A. C. football team next year. The team, the student body, the faculty and all others interested are delighted with the arrangement, I is the opinion on the campus that there is no coach in the West, or anywhere is no coach in the West, or anywhere elise, with greater powers in building up a powerful football machine. He has a deep knowledge of human nature, a profound knowledge of the game in its every aspect, and is a wizard in the control of men. He is, withal, a gentleman of high character, and a clean sportsman. His influence in advising and account leading his and example in leading his men into examplary conduct is one of his noble traits. He has the perfect confidence of the faculty and is popular with every-

His success with the team here has been phenomenal. He arrived on the scene and began work last year with a green bunch, not one of whom had ever been a regular first team man. Cherry alone had, played in a part of two games. Some of the others had never played a game of football. In spite of the handicap, Mr. Norcross turned out a team whose goal line was not crossed in 1996. The University of not crossed in 1996. The University of Washington was played a scoreless game on its own field. The University of Oregon was played a scoreless game. The only score against the team for the year was a place kick by Williamette University. The result is counted here as remarkable.

His success with the team this year is too recent history to recount. No score was made against the arcrega-

score was made against the argregation. In spite of hard games played, the total scoring against the team in two years is four points. The result is due to the impassable defense that the Michigan star gives his men, and the fighting spirit that he infuses in them.

Mr. Norcross left Corvallis today for Michigan, where, after the holidays, he resumes his studies in the Michigan School of Mines, from which he will graduate next June. His standing there as a student is high, as it was at the University of Michigan, from which he was graduated in 1906. On the occasion of his departure to-day, Coach Norcross was given an ova-tion by the student body.

Bowling Tournament Progresses and Some High Scores Made.

ON THE MULTNOMAH ALLEYS

The bowling tournament at the Multnomah Amateur Athletic Club is progress-ing nicely, and many of the contestants in the tournament have succeeded in making handsome averages to the present time. The five men teams piloted by Mc-cabe and Gardner are now leading, each having won nine and lost three of the dozen games played. G. W. Henderson is high average man with the remarkable average of 183 pins.

Dallas Defeats Oregon DALLAS, Or., Dec. 7.—(Special.)—Dallas College defeated the University of Oregon in a basketball game played on the local court last night, by a score of \$2 to 11. The Oregon team played fast and hard throughout the entire game, but were greatly outclassed by Dallas, both in weight and team work. The next game scheduled for this season will be played scheduled for this season will be played between Dallas and O. A. C. on the Dallas court.

Match Game Postponed.

Because of the non-appearance of several of the players, the association football game between the Columbias and Hornets teams of the Portland Association Football League was postponed. The game was scheduled for the league grounds, and after a crowd of spectators had gathered, sides were picked and a practice game was played.

NIGHT-RIDERS RAID KENTUCKY TOWN

erty valued at more than \$200,330 while the citizens, in terror for their lives, feared to open their windows, The police, fire department, telephone and telegraph offices, and even the railroad stations, were in possession of a wild mob, shooting right and left, the flames from burning buildings meanwhile lighting up the city and the surrounding country until it seemed the whole town was ablaze.

One or two men were injured, one of them being Lindsay Mitchell, A tobacco buyer, who was severely beaten with switches and clubs, and the other a brakeman, who was shot in the back while trying to move his train from the path of the flames. The raid caught the city entirely

unawares, as for some time the depre-dations resulting from the tobacco war had been of a minor nature and it was generally thought that in the "dark district," at least, the worst was over.

Buildings They Destroy.

The property destroyed was as folbacco warehouse building, owned by John C. Latham; B. M. Wooldridge, association warehouse; Tandy & Fairleigh, warehouse. In addition the en-tire glass front of the Hopkinsville Kentuckian, Mayor Meacham's paper, which has condemned the raids of the "night riders," was destroyed, while windows in the front of the Commer-cial Banking & Savings Company, the First National, the Planters' Trust Company and the Bank of Hopkins-ville were punctured with bullet holes. A number of other business houses and residences bear the marks of the "night riders" bullets and it is considered remarkable no one was killed. At the intercession of citizens, who

were being guarded on street corners, the invaders allowed the fire depart ment to save property adjacent to the burning buildings.

The girls in the telephone office were forced by 15 men to leave their switchboards until the mob was ready to leave town.

Posse Vainly Gives Chase. As soon as the "night riders" left town a posse of about 15, headed by Major Bassett, of the local militia, and Deputy Sheriff Cravens entered bug-gles and followed the trail. As soon as the posse could get near enough it opened fife on the fleeing mob and the pursued returned the shots. It is believed none of the "aight riders" was hit. Members of the posse escaped injury. They were soon outdistanced by the mounted men, and, after chasing the men past Gracey, the officers returned. turned.

CANNON ANSWERS CRITIC Replies to Gompers, Affirming Belief in Unions.

WASHINGTON, Dec. 7.—Speaker Cannon today expressed his sentiments toward organized labor and its leader,
Samuel Gompers, with respect to the latter's campaign for his (the Speaker's)
defeat, the occasion being a call on him
by a committee of the local union of
plate engravers.

A set of resolutions commending the

confidence conveyed, entered into an rmal discussion of "one-man political ership" of organized labor. He said that while he bore no enmity to the pres-ident of the American Federation of La-bor, he did not believe that union men

as American citizens would ever accept a dictatorship over their votes. He said that if he were a craft worker he would ally himself with a trade union, because unionism has been the vehicle of all progress toward better conditions for the wageearners; and while his fealty toward organized labor would not waver if he was affiliated with it, he, as an American citizen, would hold his fran-chise above the right of any leader to

He paid a high compliment to the ability of Mr. Goinpers as an organizer and expressed himself as highly sensible of the work done by him within the functions allotted to him as a labor leader and as the president of the American Federation in behalf of the working man and the country. Coincidently be made would pursue his own ideas in legislative matters, irrespective of Mr. Gompers' opposition to some of them.

He said he knew that in some things

Mr. Gompers misrepresented the 2,000,000 men composing the organization which he leads, and that he (the Speaker) had proved this by appealing to the people from Gompers' arraignment of him. He said that in his latest re-election there was cast for him a larger union labor vote than ever before in his political life, and that he took this as a decisive ver-

The chairman of the delegation remarked that nothing in the resolution or the visit should be construed as an act of disloyalty to the American Pederation. Replying, Speaker Cannon said there could be no such misinterpretation of the motives. He had no thought of attack-ing the Federation president, but he felt the occasion one for making his personal

Vice-President Fairbanks bore the brunt of this stunt, for in front of him stepped a gridironer, who sang a ditty about an In-diana dinner where cocktails were served with subsequent regret. That's the way I earn my living, doing odd jobs. My home is right here in Spokane, and has been for years. Well, I happened into Heppuer looking for a man of the name of Joe Kern, whom I used to know us here, and who I thought could get me a job. Couldn't find Kern, and while I was inquiring for him at a stable, along comes this man Zaspell, whom I had never seen hide or hair of before. INTERESTS FEAR THE CONSE-QUENCES OF INJUNCTION.

His Success Would Mean Breakup of Every Railroad Merger, Including His Own.

NEW 'YORK, Dec. 7 .- (Special.)-Wall street and the railway world are begin-ning to realize the true import and the true significance of Stuyvesant Fish's attack upon the legality of the ownership of Illinois Central stock by the Union Pacific Railroad and by the Railroad Securities Company and, as a result, there is grave apprehension. It has recently developed that powerful influences on "the street" are at work trying to induce or to force Mr. Fish to abandon his in-junction suit entirely, because the rail-road world and the financiers do not mean an acknowledgment that the own-ership of Illinois Central stock by the

two corporations named is illegal or is contrary to public policy. The apprehension which is felt here will be better understood when it is stated that the issue in the Illinois Cen-Louis Darragon, of France, winner of the 100-kilometer world's paced champlonship in 1905 and 1907, and Bobby Walthour, of Atlanta, Ga., the Frenchman won by nearly two laps.

stated that the issue in the Illinois Central case is purely one of public policy and is not based upon nor is it dependent upon any statutory enactment. In the State of Illinois there is no statute prohibiting one corporation from holding stock in another. It is asserted by Mr. Fish, however, that there are important decisions to the effect that for one corporation to be permitted to do so is clearly contrary to public policy. The theory regarding this, if it be true, is theory regarding this, if it be true, is that such stock ownership tends to cre-ate a monopoly.

Wall street has been casting up the accounts upon the hypothesis that Stuy-vesant Fish will win his suit, and the result is staggering. It is stated that even the Illinois Central road would be disrupted, for it has hearly a score of subsidiary companies in which it owns stock. The alleged inconsistency of Mr. Fish is said to be shown by the fact that the Missouri Pacific, of which he is an influential director, owns an enormous block of stock in the Wabash Railroad and is controlled by the same interest that owns the Wabash. In fact, there

And not a thing would we ever do
But just dance and jigIf I had time.

It should be against the rules to work, Or scowl or scold, advise or teach; Our duties we'd slight, our tasks we'd

shirk, And nobody'd preach— If I had time. We'd quit being diligent, prim and good, And laze around the livelong day; We'd scandalize the whole neighborhood, le'd scandanze.

But we'd make life gay—

If I had time.

But I haven't time to do anything Except to work, while the years flit by; I shall plod my stunt out round the ring, And then I shall die

If I have time. C. H. CHAPMAN.

ine wan vyno Hesitates Is Lost"

There is a common practice among specialists and other physicians to ascribe cases of Lost Vitality to lack of nerve force, and to treat them as such with Tonics, Electricity and stimulants, resulting in but temporary benefit—or none at all. Beware of such treatments. They not only WILL, NOT CURE you, but CERTAIN harmful reaction is sure to follow their use. They never fall to leave you in a far worse condition than they found you.

Every day there come to me men who have been nearly ruined by such treatments. Had these same men come to me in the first place I could have cured them in one-fourth to one-half the time required after they had been poisoned with powerful drugs, or victimized and rendered nearly incurable by "Cheap" treatments. Tonic Dopes, Electric Belts, or some other worthless makeshifts.

Never was the old saying, "He Who Hesitates Is Lost," more aptly illustrated than in the case of the man who suffers from WEAKNESS, VARICOCELE, a CONTRACTED DISORDER or CONTAGIOUS BLOOD DISEASE, and who neglects to have his ailment treated.

DR. TAYLOR. I WILL CURE ANY UNCOMPLICATED TO HAVE CURED YOU AILMENT OF MEN FOR \$10 HAVE CURED YOU

Choose the Right Specialist The most important thing for you to do, if you are an ailing man, is to seek the services of THE RIGHT DOCTOR. Don't go to the first one you see, simply because he happens to be a physician. Choose the physician who makes a specialty of curing the kind of aliments from which YOU suffer. The ordinary medical man really knows but little about curing the diseases peculiar to men. He merely has a general knowledge of such diseases, because his practice is spread out over the whole range of diseases to which flesh is heir. He therefore knows a little about all diseases and not a great deal about any. If you should go to him he may conscientiously try to cure you, but not knowing HOW, he would have to experiment upon you. In brief, he is a medical "lack of all trades and master of none." Knowing these facts, would you want to trust your life in his hands? If your watch were to break or get out of order, you wouldn't take it to a machinist to have it repaired. No, you would know better. You would take it to the very best WATCHMAKER you could find. Then why should you not use the same kind of good, sound judgment when you need a doctor? Your health is certainly as important as your timepiece,

Make Haste to Seek Expert Treatment Make haste to seek the services of the most skillful Specialist in Men's Diseases possible to you—the doctor who has a reputation for performing CURES. Don't put the matter off. Delay is dangerous. Every moment you are hesitating the disease is gaining greater headway and will be that much harder to cure. If you delay too long your condition will certainly pass beyond the power of human skill. Remember that your ailment will not cure itself.

Why My Methods Cure Bear in mind that for twenty-five years I have made a specialty of the half-dozen aliments peculiar to men. I do not dose the stomach with powerful drugs, as do other specialists; I have no electric belts or other trick-a-trap devices to sell you for a fat price—or any other price; neither have I any nostrums or Tonics to work off on you for so much per: but I have developed a Direct-Method Treatment that will CURE ANY CASE of WEAKNESS IN men. Instead of destroying the digestive and assimilative processes of the stomach and bowels by filling them up with drugs, I apply curative medicines DIRECTLY to the DISEASED REGION, and thus effect a CURE in a comparatively short time.

I Will Guarantee a Cure and You Need Not Pay Until You Are Well MY MODERN and up-to-date methods will effect a certain and speedy cure of SPERMATORRHOEA, CONTRACTED DISORDERS, SPECIFIC BLOOD POISON, LOST STRENGTH, and all reflex aliments.

VARICOCELE, HYDROCELE and STRICTURE positively cured WITHOUT THE KNIFE.
