YOST GIVES HIS SIDE OF STORY

Says He Has Written Letters to Dr. Jordan That Are Unanswered.

REPLIES TO ALL CHARGES

President Jordan Denies Some Statements Attributed to Him and Regarding Others Does Not Make Reply to Yost's Inquiries.

DETROIT, Mich., Jan. 11.—Football Coach Yost of the University of Michigan tonight said President David Starr Jordan of Stanford University was wrong in inferring that Yost had paid no attention for five years to President Jordan's criticisms.

Coach Yost said that in 1903 he wrote President Jordan asking if he had been correctly quoted and received a reply dated May 12, 1903, saying that newspaper reports were incorrect; that President Jordan had not mentioned Gregory by name and that the only criticism he had made was that a player (meaning Gregory) who had failed in his studies at Stanford University should not have been admitted to Michigan, and if admitted, should not have been allowed on the football team.

Yost said that President Jordan overlooked the fact that Gregory spent an intervening year at a preparatory college getting caught up in his studies.

Yost said he wrote President Jordan again in 1905, asking him if he had been correctly quoted in a magazine article that charged Yost with offering Gregory $1500 a year to come to Michigan, and to this letter Yost said he received no reply, and that he received no reply to a similar letter written last December.

The coach said it was after learning of President Jordan's letter to President Peixotto, of the Pacific section of the American Athletic Union, that he decided to give his reply to the press, as he considered that the published letter could not carry a misquotation.

O. A. C. FIVE DEFEATS OREGON

Exciting Basketball Game at Eugene Ends in Score of 27 to 21.

UNIVERSITY OF OREGON, Eugene, Or., Jan. 11.—(Special.)—Oregon Agricultural College defeated Oregon by the score of 27 to 21 in an exciting game in the Oregon National Guard's Armory tonight.

The teams were about evenly matched with the exception that Corvallis threw baskets more accurately than did Oregon during the second half.

At the close of the first half Oregon led 12 to 11, and at one time during this half had Oregon Agricultural College 10 to 5, but her men seemed to lose confidence during the second half.

The most interesting feature of the game was the personal battle between the centers of the two teams, Foster for Corvallis and Loosely of Oregon, both of whom measure over 6 feet 4 inches in height.

Captain Hathaway was the star for Oregon, though most of Corvallis' baskets were made over him by Forward Moore, who is one of the lightest men on his feet ever seen here.

OVER HALF OF GROWERS JOIN

Chehalis Hopmen Have Formed a Strong Pool—Officers Elected.

CHEHALIS, Wash., Jan. 11.—(Special.)—The Chehalis district hopgrowers completed their organization today by electing a board of nine directors. J. C. Bush was made president of this board; Carl Motter, vice-president; W. H. Twiss, secretary; Francis Donahoe, treasurer. Every grower present signed the by-laws, placing 457 acres in the pool. This is 60 per cent of the hops in the district, not including the Kleber & Pincus yards. The promoters say they will have 80 per cent of the acreage in a few days. A strong delegation was selected to attend the state convention soon to be called at Puyallup.

Linthicum, Wirt Minor, David Honeyman, Jordan Zan, W. B. McKay, R. T. Cox Alexander Kerr and L. A. Lewis.

WILL VISSCHER IN FIGHT

Former Coast Newspaper Man Shoots Omaha Policeman.

OMAHA, Jan. 11—Col. William Lightfoot Visscher, of Chicago, a well-known newspaper writer, shot and slightly injured Policeman P. H. Dillon here tonight. Visscher had been arrested, charged with disorderly conduct, and Dillon was trying to put him into the patrol wagon.

Visscher had gone to the Union Station en route to Chicago, but missed his train and when he tried to board another was prevented by the trainmen. This incensed him and, according to the police, he became disorderly. He was arrested and while being taken to the police station in the patrol wagon suddenly drew a pistol and fired at Officer Dillon, the wagon conductor. The shot struck Dillon in the face, passed around and lodged in the back of the neck, causing a painful, but not necessarily dangerous wound. Visscher was then locked up.

Colonel Visscher is well-known on the North Pacific Coast, having been for many years a newspaper man in Tacoma. During the boom years of the early 90's he went to Fairhaven and established the Fairhaven Herald, which is now owned by S. A. Perkins under the name of the Bellingham Herald. When the panic came on in 1893, he went East and has been seen seldom on the Coast since that year. Colonel Visscher gained some local reputation as a rhymester.

SLAYER OF FATHER

Was It George Tennyson or Dead Sister, Flora?

MYSTERY ON KANSAS FARM

When Son Is Accused, He Produces Sister's Deathbed Confession. Shower of Lead Through Window Killed Old Man.

MINNEAPOLIS, Kan., Jan. 11.—(Special.)—George Tennyson's honeymoon of less than three weeks came to a sudden end today, when Sheriff Fred J. Barrett, of Frankfort, drove out to the young man's farm, nine miles from this city, and placed him under arrest on the charge of being implicated in the murder of his father, February 27, 1906.

Second only to the surprise caused by the arrest was the confession made by young Tennyson when taken into custody. Producing a note, which, he said, was written by his sister, Flora, on her deathbed, he handed it to the Sheriff. On the piece of paper was written:

"George, I was the cause of father's death. Don't tell any one unless you have to. FLORA,"

Dead Girl's Sweetheart Wanted.

The third development was the search for and arrest of Horace Trosper, former suitor for the hand of Flora Tennyson, today in Marysville. Advices from there say he is wanted as a witness. It is alleged that he knows something of the murder of David Tennyson, who was an aged and wealthy farmer residing one mile east of Frankfort.

The old man was killed as he was sitting near the window at his home resting after the day's work. The splintered glass and the victim's wounds gave the best evidence that the shower of lead had come from a shotgun fired at close range.

Shortly after the death of his sister, George Tennyson moved from the vicinity of Frankfort and purchased a farm near this city, on which he was living at the time of his arrest. He was well thought of. On last Christmas day he married Jennie Fleming, whose parents live near here. Not the slightest suspicion had entered her mind, and the scene when the Sheriff entered the Tennyson home and asked the young man to accompany him was pitiful.

Family Quarrels Common.

When the elder Tennyson was killed, his wife was sitting near him reading. No harm came to her. The only clew found by officers was an old shotgun belonging to David Tennyson. It was found in an outbuilding. The motive never was explained. George Tennyson was in Frankfort before and after the murder, a distance of 20 minutes, if one walked fast.

There was considerable trouble in the Tennyson family. All of the daughters married against their father's will. Flora was married to James Brock, but secured a divorce, and was in her father's home when he was killed. Tennyson left all his property to his three sons.

TAFT'S ENEMIES SCARED

(Continued from First Page.)

demand for his nomination, visible in all parts of the country, have increased the probability that Governor Hughes will not be a candidate at all before the Chicago convention. It now seems pretty clear that, barring the unexpected, Mr. Taft will win out on the first ballot, as Mr. Roosevelt has predicted. As matters are now going, he can win without New York state and if the Hughes people are really anxious to have a complimentary vote for their favorite, the Taft men in this state may conclude not to stand in the way.

FORAKER MEN HOLD MEETING

Elect Committee at Cleveland to Contest With Taft Men.

CLEVELAND, O., Jan. 11.—The first stroke of the Foraker followers here was made today when in a mass meeting a committee was selected to displace the regular Republican county executive committee. The question of the legality of the committee selected as against the regular committee, said by the Forakerites to be a Taft organization, will now be placed in the hands of the county board of elections.

The claim of the so-called Roosevelt committee, a third element in the local situation, also rests in the same situation. It will be the duty of the board to determine which committee is lawful and of authority to act for the party in this county to make a call for Republican primaries, all on the same date, February 11. The board has until next Wednesday to decide upon the merits of each claimant.

Many policemen were on duty today in the convention hall in anticipation of an encounter between the Forakerites and the followers of Secretary Taft, who early announced their intention to pack the convention, but it was as quiet as a Sunday-school convention and everything went through unanimously and without a hitch. Resolutions condemning the regular committee and the one-man power in the party were adopted.

At the proposed primaries delegates to the state and National conventions will be chosen.

WILL FOLLOW NO GOLDBUG

Populists Will Oppose Bryan if Saddled With Gold Democrat.

OMAHA, Jan. 11.—(Special.)—Thirty thousand Nebraska Populists will refuse to support W. J. Bryan if he has a gold Democrat for a running mate, is the flat statement made by T. W. Tibbles, who was the Populist candidate for Vice-President in 1904. Mr. Tibbles is preparing to line his party in Nebraska up for the St. Louis convention in April.

"Not many of the Nebraska Populists," says Mr. Tibbles, "are in sympathy with the call for a National convention at St. Louis in April. We feel that we are a minority party and that the old parties should be permitted to take the lead. While many of the Nebraska Populists are still favorable to William J. Bryan, very few if any of them will follow him this year if they are forced to swallow a goldbug of the Parker stripe hitched to him on the same ticket. The Populist party has principles to uphold which cannot be entrusted to any man who has not stood squarely for them.

"Our organization in Nebraska has been badly shattered of late, but in 40 counties the Populist organization is well maintained, and before the next National convention the other counties will have reorganized. There are about 30,000 Populists in the state. Twenty thousand of them voted for me four years ago, and about 10,000 voted for Roosevelt. With the right kind of a candidate we can turn them all back into the old groove. They do not care nearly so much for party names as they do for results, but they are not to be ignored as a prominent factor in Nebraska politics."

TWO COUNTIES ARE FOR TAFT

Taft Men Control Belmont and Jefferson Committees.

ST. CLAIRSVILLE, O., Jan. 11.—At the meeting of the Belmont County Republican committee here today the Taft men carried their programme through without any opposition. An early primary was decided upon, the total vote of the county to decide as between Secretary Taft and Senator Foraker.

This means a solid Taft delegation from Belmont County.

The Jefferson County committee at Steubenville endorsed Mr. Taft by a vote of 11 to 5.

Too Devoted to His Ideals.

CHICAGO, Jan. 11.—Judge Peter S. Grosscup, of the United States District Court thinks President Roosevelt may be an "over ideal." In an address at the twenty-fifth annual inatiation banquet of the Beta Theta Pi Fraternity, at the Congress hotel last night, Judge Grosscup said:

"I may not be sure but what Roosevelt is an over ideal. We must not go too far in ideals. We must not over emphasize them at the expense of the practical side of life. They go hand in hand and accomplish something more than dreams. Ideals are often overdrawn and we may carry them too far. It is in this respect that I refer to the President.

"We should not devote ourselves in this commercial age to mere ideals, but should look further."

First Election Bet Made.

NEW YORK, Jan. 11.—With the conventions which will nominate Presidential candidates still months away, betting on the result of the election has already been started at the metropolitan headquarters for campaign wagers, the Hoffman House. John S. McDonald, the turfman, offered to bet $5000 that Governor Johnson, of Minnesota, if nominated for the Presidency, would be elected. Thomas H. Shevlin, father of Thomas Shevlin, the Yale football player, and at one time member of the Republican National committee from Minnesota, took the bet.

PANIC ALL OVER

Deficit Gone and Reserve Surplus of $6,084,050.

PANIC MONEY SOON TO GO

New York Bankers Jubilant Over Statement From Clearing-House and Cheer Wildly When It Appears on the Ticker Tape.

NEW YORK, Jan. 11.—For the first time since the beginning of the financial stringency in October the clearing-house statement showed that not only had the heavy bank reserve deficit been entirely wiped out, but that a surplus of $6,084,050 above the 25 per cent legal requirement had been established.

The figures made known today exceeded the most expectant hopes of bankers and brokers and when the statement appeared on the stock tickers it was greeted with a round of cheers in practically every banking house in Wall street.

Bankers declared that no better evidence than the clearing-house statement could be obtained to show the rapid restoration of confidence and the tremendous outpouring of the hoarded money. The excellent statement foreshadows an early retirement of clearing-house certificates, which were first issued on October 26 of last year.

With the end of the money stringency there will now be plenty of cash for the business and industrial world and many contemplated projects which were temporarily abandoned during the money pinch, can now be financed and proceeded with. The clearing-house banks faced a deficit in reserves on November 23 or $54,103,600, the largest in history. Since that time the deficit has constantly decreased and with the rapid return of hoarded money and funds from the interior, last week's deficit of $11,545,000 has not only been obliterated, but a substantial surplus of $6,000,000 established.

DEPOSITOR SUES FOR MONEY

Claims Payment From Officers of California Safe Deposit.

SAN FRANCISCO, Jan. 11.—J. A. Mize, one of the depositors of the defunct California Safe Deposit & Trust Company, this morning began suit against Dalzell Brown, Treadwell and the other directors of the institution to recover not only his own losses but the funds of those who suffered with him and wish to join him in the present action.

He sets forth that on October 4 he had on deposit at the bank $4,217.32 and that his wife, whose book snows $737, has assigned her claims to him. It is alleged that part of the funds of the depositors were embezzled and part of them misappropriated. As sums specifically embezzled, he mentions $25,000 by Brown, $35,000 by Bartnett and by Treadwell $45,000 and $17,500.

Cotton Mill Bankrupt.

GREENVILLE, S. C., Jan. 11.—The Huguenot Cotton Mill of this city went into the hands of a receiver today, an order declaring the mill bankrupt and appointing J. B. Burgard receiver having been signed by Federal Judge William H. Brawley. The mill's indebtedness is placed at $150,000, and the value of the plant is estimated at the same amount. The common stock of the mill is $90,000, and the preferred $50,000. The mill has 6400 spindles and 300 looms.

Banks Flooded With Currency.

NEW YORK, Jan. 11.—Currency, which was at a considerable premium a short time ago, is now something of a drug on the market, according to officials of savings banks, which within the last ten days have been flooded with deposits by panic-time moneyhoarders. The large amounts of currency received have in many instances caused the 10 per cent limit which these institutions are allowed to carry in cash to be exceeded. The surplus has been turned over to their depositories, state and national bank and trust companies. Savings bank men now report protests from these institutions, which are asking for deposits by check instead of cash, which they find inconvenient to handle.

Terms of Westinghouse Deal.

NEW YORK, Jan. 11.—The plan for reorganization of the financial affairs of the Westinghouse Electric and Manufacturing Company which has just been completed by the committee, has as its principal features, the creation of a first mortgage for about $45,000,000, and the issuance under it of bonds which will be exchanged dollar for dollar for, the company's present obligations and also the raising by President George Westinghouse and his friends of $7,000,000 cash in return for which stock of the company will be transferred to them.

Bankers' Trust Has Slow Assets.

KANSAS CITY, Jan. 11.—Thomas R. Marks, receiver of the Bankers' Trust Company, which failed October 26 last, with liabilities of $1,413,627, filed his first report in the Circuit Court here today. Mr. Marks says the actual present value of the assets is problematical. Fully half a million dollars of the bank's resources may be termed slow. The report shows that of the loans and discounts, placed at $658,700 on the day of the failure, $85,000 has been collected by the receiver.

Big Warehouse Company Fails.

HOUSTON, Tex., Jan. 11.—Creditors of the Farmers' & Bankers' Warehouse Building Association filed a petition in voluntary bankruptcy against that concern in the Federal Court here today. The liabilities exceed $500,000; assets of uncertain amount. Notes for amounts aggregating over $100,000 transferred by President Shaperio to T. W. House, now bankrupt, are being investigated by the grand jury.

Indiana Bank Closed.

INDIANAPOLIS, Jan. 11.—Bankruptcy schedules of Seth M. Richcreek and the Richcreek private bank, which closed recently, show liabilities of $168,000 and assets, entirely real estate, $75,000.

Will Reduce Discount Rate.

BERLIN, Jan. 11.—A meeting of the Central Committee of the Imperial Bank has been called for Monday next, presumably to reduce the rate of the discount by 1 per cent.

Vancouver Man Missing.

W. D. Darling, who was formerly employed as a watchman at the Hill railroad bridge now being constructed across the Columbia River, has been absent from his home in Vancouver since January 5, and the police of this city have been asked to find him. Darling was thrown out of work about a month ago and since that time has been drinking heavily. The saloon-keepers of Vancouver knew him and all refused to sell him any more drinks. He said that he would go where he could get all the liquor he wanted and has not been seen in Vancouver since.

RAILROAD MAN

Didn't Like Being Starved.

A man running on a railroad has to be in good condition all the time or he is liable to do harm to himself and others.

A clear head is necessary to run a locomotive or conduct a train. Even a railroad man's appetite and digestion are matters of importance, as the clear brain and steady hand result from the healthy appetite followed by the proper digestion of food.

"For the past five years," writes a railroader, "I have been constantly troubled with indigestion. Every doctor I consulted seemed to want to starve me to death. First I was dieted on warm water and toast until I was almost starved; then, when they would let me eat, the indigestion would be right back again.

"Only temporary relief came from remedies, and I tried about all of them I saw advertised. About three months ago a friend advised me to try Grape-Nuts food. The very first day I noticed that my appetite was satisfied which had not been the case before, that I can remember.

"In a week, I believe, I had more energy than ever before in my life. I have gained seven pounds and have not had a touch of indigestion since I have been eating Grape-Nuts. When my wife saw how much good this food was doing me she thought she would try it awhile. We believe the discoverer of Grape-Nuts found the 'Perfect Food.'"

REOPEN WITHIN A MONTH

President Watson Reports Good Progress by Merchants National.

From the present rate of progress in obtaining agreements from depositors to accept time certificates in lieu of demand balances, President Watson believes the Merchants National Bank will reopen for business within the coming month. Subscriptions are coming in well and President Watson is encouraged over the prospect.

"Depositors are showing a splendid spirit," said he, "and are accepting time certificates in good shape. We feel confident of reopening within the coming month. We shall not wait to have the additional capital stock subscribed for, as we expected to do at first, before resuming business. We want to get the doors open again; that is the first thing to be done."

The annual meeting of stockholders will be held January 14, when the directors will be elected for the coming year.

Streeter as secretary and B. F. Jones as treasurer. Committees on finance and on constitution and bylaws were appointed who will report at the next meeting.

GOES ON FRUITLESS TRIP

BATTLESHIP NEBRASKA EXPECTS SILVER SERVICE.

Makes Run From Magdalena Bay to San Francisco—Governor Sheldon Wires He Cannot Be There.

SAN FRANCISCO, Jan. 11.—(Special.)—The officers of the battleship Nebraska were outspoken in their condemnation of Governor George L. Sheldon, of Nebraska, when they received word today that he had postponed his trip to the Coast to present the warship with a silver service provided by the people of the state. The Nebraska made the trip here from Magdalena Bay especially to meet the Governor, who was due to arrive in San Francisco tomorrow.

Instead of the Governor, came a telegram from him. In substance the telegram said that if the Nebraska's officers would not mind, the Nebraskan officials would prefer to postpone their visit to San Francisco until after the arrival here of Admiral Evans and his 16 battleships. The Nebraska will now return to Magdalena Bay.

Kershner's Saloon Not Criticised.

D. W. Kershner, who conducts a saloon at First and Market streets, wishes the statement made that the Hochfeldt saloon referred to in The Oregonian yesterday is located at First and Main streets. Kershner conducts the only saloon at First and Market streets and believes that the mention yesterday is likely to confuse his place with those under surveillance by the police.

ALBANY, Or., Jan. 11.—(Special.)—Two deaf mutes registered as voters in Linn County today. They were J. W. Bentley, a local shoemaker, and S. W. Hoy, who recently came to this city from South Dakota.
