AMBITION OF HONOLULU JAPANESE WITH FRANCHISE.

HAWAIIAN-BORN JAPANESE CONSIDERED CITIZENS OF UNITED STATES.

All Take Interest in Politics.

HONOLULU, Feb. 15.—(Special)—Governor Peary and Secretary Mott-Smith have given their opinion that Hawaiian-born Japanese are citizens of the United States, and under that ruling should be allowed the franchise.

Secretary Mott-Smith is besieged by Japanese who seek certificates of Hawaiian birth.

All but One Pass Test.

WASHINGTON, Feb. 15.—According to the reports received at the War Department from the Philippines regarding the horsemanship tests held there this week, all the officers on duty in the islands who were ordered to ride were found to be satisfactory with one exception, that of Major John R. Lynch, of the pay department. He has been ordered before a retiring board.

Tells of Conditions in Japan.

San Francisco, Feb. 15.—Bishop T. A. Hendrick, of the diocese of Cebu, Philippines, said yesterday that he is sure there will be no war between this country and Japan if the initiative rests with Japan.

The bishop, who is a New Yorker, came home by way of Japan. As a resident of the Philippines, he was deeply concerned in the rumors of war, and determined while in Japan to learn of the situation at first hand. His position gave him access to sources of authoritative information, and what he learned, he said, satisfied him that the war cloud was not of Japanese making.

Seventy per cent of Japan's exports come to this country, said the bishop. "Japan is financially crippled, but determined to recuperate, and the Japanese realize that war with America would not only mean the loss of her best market—the only market for many of her most profitable products—but that in the event of war she would be unable to borrow the money to carry it on."

NEGRO BISHOPS IN SESSION

Urge Race to Unite in Driving Rum Trade From Country.

WASHINGTON, Feb. 15.—At the conference of bishops of the Negro Methodist Episcopal churches of the country, greetings were today sent to their brethren in particular and the race in general. They heartily commend all efforts to rid the country of the rum traffic; they pledge their support to the measures qualified to vote, to give the cause their united support until the evil is driven out of the country.

SWEEPED OVER FOUR MILES

Tornado Leaves but Four Buildings in Village of Mossville.

MOSSVILLE, Miss., Feb. 15.—Four white buildings and two halves of buildings are the only habitable abodes in this village today. The remainder of the structures were blown down and many of them swept outside the town by yesterday's tornado.

Two old negroes, Alex Windham and his wife, are dead and Edward Campbell, white, is probably fatally injured. Of the dozen other persons painfully hurt at this place all are rapidly recovering. Reports reaching here from other towns in the tornado's path give not to exceed five other fatalities, only one of which has been confirmed.

RECOVER BODY OF SUICIDE.

SOUTH BEND, Wash., Feb. 15.—(Special)—A floater was picked up in North Cove yesterday and was identified as a man who worked in Holly's camp, giving his name as W. Duddy. Suicide is probable. It is known that the man's right name was not Duddy and that he had a wife and children. The night before he disappeared he tried to cut his throat.
