

Madame Blauvelt Will Sing Next Friday Night

Charming Lyric Soprano and Accompanying Artists Who Will Appear at the Heilig Theater.

THE celebrated and charming lyric soprano, Madame Lillian Blauvelt will be heard in a grand concert song recital at the Heilig Theater next Friday evening, March 13, under the direction of the Heilig Theater management.

A glance at the program as presented by the Lillian Blauvelt Company shows that all three artists constituting this organization have ample opportunity to show their splendid power as instrumentalists and vocalists, as well as to demonstrate their versatility. The entire gamut of compositions is run, when you consider the 30 or more numbers delivered.

Madame Blauvelt, who is today considered one of the greatest if not the greatest lyric soprano of America, heads the list of talent and is assisted by Mr. Albert Rosenthal, one of the best-known cellists of Europe and America, and Miss Edith Kellogg, solo pianist and accompanist.

Albert Rosenthal, violinist with the Blauvelt Company, has made a name for himself, both in Europe and America. This season he has appeared with some of the leading instrumentalists and vocalists in Chicago, New York, Philadelphia and Buffalo, and owing to his excellent work as soloist and in obligato work has received excellent criticism from both press and public, and has been in demand.

Miss Edith Kellogg, pianist with the Blauvelt Company, is considered one of the best accompanists in New York City. She hails from Chicago and has held the position of accompanist to many of the great artists who have sojourned in that city, and it is only in the last season that she has taken her talents to the larger field in New York and Boston. She acts as accompanist to both Mr. Rosenthal and Madame Blauvelt, and also plays a number of solos herself.

Danderine

GREW MISS CARROLL'S HAIR AND WE CAN PROVE IT

Beautiful Hair at Small Cost
WITHIN the last decade great and rapid strides have been made in the medical profession. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been searching for the reason and the cause of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be created. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.
Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).
The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.
Dr. Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp.
It feeds and nourishes the hair and does all the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.
One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to anyone who sends this free coupon to the
KNOWLTON DANDERINE CO., Chicago, Ill., with their name and address and 10 cents in silver or stamps to pay postage.

MISS J. CARROLL, 2307 Irving Ave., Chicago, says: "My hair would not reach my waist when I began using Danderine and it is now more than four feet long."
