EMILIE GALLINE CLEARS FOREIGN

French Vessel Carries a Full Cargo of Wheat to the United Kingdom.

MAKES FAST ROUND TRIP

Two Cargoes of Grain Out and an Inward Load of General Merchandise Within 11 Months Is the History of the Bark.

The French bark Emilie Galline cleared yesterday for the United Kingdom with 86,917 bushels of wheat. She will receive orders at Queenstown or Falmouth and proceed thence to a port of discharge. The vessel will leave down at daylight in the morning and will proceed to sea as soon as conditions on the bar will permit.

The clearance of the Emilie Galline is exactly 11 months later than her last departure from Portland with a cargo of grain. On her last trip out she carried 73 bushels less than this season. In April, 1907, the vessel cleared from Portland with wheat and went to Queenstown, where she received orders to proceed to Ireland and discharge. She loaded outward cargo at London and entered at the Customs House in Astoria ten months after leaving the river on the outward voyage. She has been in Portland less than 30 days and during that time has discharged and loaded.

The performance of the Emilie Galline is one of the best on record. To have loaded three cargoes and discharged a like number and twice beat around the Horn in an even ten months is a performance which will make any shipmaster proud. It is considered a fine performance to take two cargoes to Europe within a year from any port on the Pacific Coast.

JAPANESE FAIL TO ESCAPE

After Swimming the Willamette, the Refugees Are Landed in Jail.

Two Japanese quartermasters, belonging to the Portland and Asiatic liner Numantia, attempted to escape from the vessel at an early hour yesterday morning by dropping into the river and swimming to the East Side. The men failed, however, to get their bearings before leaving the vessel and were captured on their arrival at the old O. & C. dock. The men were turned over to the immigration officials and are now locked in the county jail.

The attempt to enter the domain of Uncle Sam was made shortly after 1 o'clock in the morning. The men dropped over the side of the ship and struck out. Their personal effects were tied in bundles and made fast to their heads. Each pack weighed about 15 pounds, and it is a mystery how they made the half mile swim in the icy waters with the weight on their heads.

Inspector Gallagher discovered the absence of the men some ten minutes after they had left the ship. A few minutes later the shouts of the Japs attracted the attention of the watchman on the dock and he discovered the men clinging to piling in the river. The front of the Southern Pacific dock is a solid bulkhead and affords a poor landing place for men in the river. The watchman telephoned for the patrol wagon and the men were sent to jail awaiting the action of the Federal authorities.

RENDER DECISION TOMORROW

Judge Wolverton to Decide Suit of Government Against Port.

Judge Wolverton, in the Federal Court tomorrow morning, will announce an important decision in the suit of the United States against the Port of Portland. The Government is suing to recover about $28,000 damages for the sinking of the Manzanita in the Willamette River in December, 1905, following a collision with the dredge Columbia. It has been contended by the Port of Portland that blame for the accident rested with the Government because, it is asserted, the Manzanita collided with the Columbia. Responsibility for the affair has been charged by the Government against the Port of Portland on the grounds that the Columbia ran into the Manzanita, which got the worst of the collision. Testimony was introduced some time ago by the interested parties to the suit for the purpose of showing which boat was responsible. It is on this point that Judge Wolverton will render a decision. An appeal undoubtedly will be taken to the Supreme Court by the interests against which the ruling may be made.

Schooner Captain Shoots Sailor.

ABERDEEN, Wash., March 7.—As the result of a row on board the schooner Watson at the Lindstrom shipyard here, Captain Tom Stream shot and seriously wounded Albert Hellig, a former sailor on the vessel. The row started between Hellig and the mate of the vessel and Captain Stream ordered them from the ship. Eye-witnesses say that the sailor attacked the captain, landing a vicious blow on the face. The captain retired to his cabin and secured a 38 caliber revolver, and taking deliberate aim at the fleeing sailor, fired, the bullet striking the man in the back. Stream was arrested and is on trial this afternoon. Hellig is in the hospital, but will probably recover

Steamer Hassalo in Trouble.

The steamer Hassalo, of the O. R. & N. Company, broke a cylinder Friday night and was towed back to the company's yard by the steamer Modoc. The accident to the Hassalo happened while the vessel was enroute to Astoria. No one was injured. The steamer T. J. Potter left down last night in the place of the Hassalo and will continue in service until repairs to the latter boat have been completed.

Marine Notes.

The steamship Asuncion is due with fuel oil from Point Richmond.

The French bark Emilie Galline will leave down tomorrow morning.

The steamship Breakwater is due to arrive this afternoon from Coos Bay.

The steamship Alliance has announced a sailing date for next Friday evening.

The steam schooner Capistrano made a trial trip to Linnton yesterday. She will load for the South at the Portland Mill.

Arrivals and Departures.

PORTLAND, March 7.—Arrived—French bark Moliere, from San Francisco; French bark Marechal Davout, from San Pedro; steamship Maverick, from Point Richmond. Sailed—Steamship Maverick, for Point Richmond.

Astoria, March 7.—Condition of bar at 5 P. M.—Smooth, wind northwest, 16 miles; weather, clear. Arrived down at 2 A. M. and sailed at 4 A. M.—Steamer Senator, from San Francisco. Arrived down at 8:15 A. M.—French bark Bougainville. Arrived at 11 A. M.—Schooner M. Turner, from San Francisco. Left up at 12 M.—Steamer Elmore. Left up at 12:30 P. M.—German ship Nereus and British ship Verbena. Arrived at 2 and left up at 6 A. M.—Steamer Asuncion, from San Francisco. Sailed at 4—French bark Bayard, for Queenstown or Falmouth.

San Francisco, March 7.—Sailed at 2 P. M. —Steamer Roanoke, for Portland. Sailed at 1 P. M.—Steamer Rose City, for San Francisco.

North Bend, March 7.—Sailed at 3:30 P. M.—Steamer Breakwater.

Hongkong, March 7.—Arrived March 6th—German steamer Arabia, from Portland.

Panama, March 7.—Arrived February 17—British steamer Minerva, from Portland.

Hongkong, March 7.—Arrived previously—Arabic, from Portland, Or., via Yokohama. Arrived March 3—Halvard, from Seattle, via Muroran and Dalny.

San Francisco, March 7.—Arrived—Steamer Strathspey, from Departure Bay; steamer Elizabeth, from Bandon; steamer R. D. Inman, from Grays Harbor; barkentine Wrestler, from Tacoma; bark Star of England, from Nanaimo; schooner Czarina, from Pirate Cove. Sailed—Bark Bonchamp, for Tacoma; steamer Rose City, for Portland; steamer Serak, for Seattle; steamer Columbian, for Kahului, via Seattle; schooner Winslow, for Grays Harbor; schooner Lottie Bennett, for Grays Harbor; steamer Watson, for Seattle; steamer Roanoke, for Portland.

Entered Saturday.

Maverick, Am. steamship (Daniels), with fuel oil, from Point Richmond.

Cleared Saturday.

Maverick, Am. steamship (Daniels), with ballast, for Point Richmond.

Emilie Galline, French bark (Armauditzon), with 95,917 bushels of wheat, valued at $86,325, for the United Kingdom for orders.

TALK OF ROCK CRUSHERS

Special Meeting of Council Committee Set for Tomorrow.

A meeting of the special committee of the City Council, recently appointed to investigate the problem of crushed rock, and to ascertain whether it will be feasible to operate municipal crushers, will be held at the City Hall, at 4 o'clock tomorrow afternoon. It is composed of Councilmen Cellars, Bennett and Menefee and City Engineer Taylor. The members are anxious for information relating to the subject of the crushed rock, and invite all interested persons to attend and discuss the matter.

Councilman Rushlight recently introduced an ordinance into the Council, which, if passed, would carry with it an appropriation of $25,000 for the purchase of roch crushers by the city. Advocates of the measure urged the immediate passage of the ordinance, but the majority voted to refer the entire problem to a special committee. Dr. L. M. Davis, and other members of East Side push clubs, promised to furnish all desired information, but when the committee met last Wednesday afternoon, no one appeared to assist the members.

The cost of crushers, maintenance, cost of operation, and everything pertaining to the subject will be fully discussed by the committee, after which a detailed report will be made to the Council on the findings. This will be the first report of the kind ever made by a committee, it being the custom simply to report favorably or adversely, without explanations.

Lumber Companies Merge.

WINNIPEG, Man., March 7.—A great lumber merger is announced here under which five large companies with an annual output of 3,000,000,000 feet and a capital of $10,000,000 will be amalgamated. The companies are the Red Deer Lumber Company, the Elk Lumber Company, the Sunset Lumber & Timber Company, the Yale-Columbia Company and the Bowman Lumber Company.

ATHLETES TRAIN FOR FIELD MEETS

Columbia University Contests Will Draw Stars From All Parts of State.

BOXING TOURNEY IN APRIL

Clever Ring Men From Coast Cities Will Try Out in Portland Under Auspices of the Athletic Union.

BY W. J. PETRAIN.

The basketball season has practically come to a close, for the remaining games to be played will be merely exhibition contests. With the decline of the popular gymnasium sport, the athletically inclined are looking forward to the opening of the track and field season, as well as to the baseball games.

Field and track athletics will soon be on in full blast, for the opening attraction in that line will take place at Columbia University next month. As usual, this event will be preliminary to the many dual meets. While the meet will be held under cover, the large gymnasium of Columbia University has an earth floor and is of such dimensions that a full-fledged field and track meet can easily be held there.

Next month all the capable field and track athletes of the Northwest will assemble at Columbia University and compete for handsome medals, as well as the banner offered by that institution each year. The individual prizes will consist of gold, silver and bronze medals which will be offered for the winners of first, second and third places in each event, while the handsomely inscribed banner will be presented to the team winning the greatest number of points.

The young athletes of the Multnomah Amateur Athletic Club are being initiated into the art of footracing, and, under the most capable instructors to be secured, are rapidly advancing in knowledge of this sport. Instructor Dan Bellinger has taken active charge of the young athletes and personally constitute the track work, as well as the cross-country runs, which constitute the method of training the youngsters for the coming field events.

This work is in line with the proposed method of producing a strictly bona-fide Multnomah Club track and field team, and, judging from the progress being made by the youngsters, the scheme of Director Morgan promises to be most fruitful. Until the actual work of tearing up the track at Multnomah field commences the youngsters will be worked out at that place, the trials will be held at 9:30 o'clock this morning and every afternoon during the week.

Preparations are being made on a large scale for the boxing and wrestling championships to be held in this city under the auspices of the Amateur Athletic Union next month. These events will attract entries from all parts of the Pacific Coast and will be the first all Pacific Coast events to be held since the exhibition here during the Lewis and Clark Fair, when the Olympic Club, of San Francisco, carried away the honors. At the coming meet the Californians are not expected to prove such easy winners, for him in the ring, providing he desires to keep up that work. Jimmy Britt and the others who have made small fortunes in the ring, were not any cleaverer or possessed of a greater knowledge of the game than this Portland boy. Watch his career closely, for if he enters the arena against the professionals, he will make his record in the sporting world.

The process of organizing a baseball team to represent the Multnomah Amateur Athletic Club during the coming season is now occupying the attention of the Club. Heretofore Multnomah has always been represented by a clever aggregation of balltossers, but the recent raids made in the ranks of the Club players by the Tri-City League has caused some apprehension. However, the baseball committee does not expect any difficulty in placing a team in the field, for it is believed the club still has more than enough talent from which to select a capable nine. Practices will soon be in order and when the call is issued, a sufficient number of players will undoubtedly respond.

AUTOMOBILE SHOW IN APRIL

Portland Dealers Plan Great Exhibition of Machines.

The Automobile Dealers' Association will hold an automobile show about the middle of April. The location for holding the exhibition has not yet been definitely settled, but it will probably be either in the Armory, the old Exposition buildings or one of the fair ground buildings. A committee, consisting of C. H. Tyler, H. M. Covey and Fred A. Bennett, has been appointed but has not as yet closed arrangements for a building.

This will be the first show of the kind ever held in Portland and the automobile dealers are all enthusiastic about it, and on account of the many motoring people of Oregon are sure they can make it a complete success. There are about 10 different agents in Portland, representing about 40 different makes of automobiles. Each of the dealers will have a sample of various models to put on exhibition. This will be the greatest exhibition of automobiles that has ever been held in the Northwest, as there will be at least $500,000 worth of automobiles on display under one roof.

FIRST BALL GAME OF SEASON

Wabash White Sox to Play the Holladay Maroons.

The Wabash White Sox, the popular local independent baseball nine, will report to Manager Eulrich this afternoon at East Portland. The Wabash management has arranged a practice game with the Holladay Maroons and a number of ambitious youngsters will be given an opportunity to show their ability.

This will be the first game of the season. Baron Jasmann will catch for Wabash and one of last season's pitchers and one of the new acquisitions will dispense curves.

Winterbotham and Mullen will decorate the mound for the Maroons. Catcher McBride and Outfielder Jimmy Ahern of the Vancouver Grays, Ray Kennedy of the East Portlands, Stevenson of Kelso, Ruffner and Duncomb will make things interesting for the Wabashers.

GOOD WORK ON THE ALLEYS

High Individual and Team Averages for the Week.

The Portland bowlers enjoyed a most successful week on the Oregon alleys and all of the teams entered in the tournament succeeded in scoring totals greater than the average. Brinkly maintained his mark as high man for the weekly prize with a score of 262, while Madden, with a score of 243, was a close second. Kees scored the highest average for three games with a mark of 209, while Harrington rolled the highest tournament game with 222 pins to his credit.

In the game of seven pins, Wadhams scored the highest mark with 96 pins, while Armitage gave him a run for the honors with 91 pins. Deaver with 117 pins and Kruse with 115 were the high men in the candle pins contest.

The individual averages of the bowlers for the week were as follow:

Kruse, 190; Ambs, 182; Rowe, 180; Barbour, 179; Case, 179; Kees, 178; Endrees, 175; Lamond, 172; Hansen, 172; Moore, 171; Kelly, 171; Raymond, 171; Parker, 171; Peters, 171; Harrington, 171; Capen, 169; Armitage, 169; Pfhughaupt, 167; Kalb, 166; Green, 166; Davies, 165; Martin, 165; Boland, 165; Minsinger, 165; Nelson, 164; Meleen, 164; McMonies, 162; Shafer, 162; Madden, 159; Edgar, 158; Deaver, 157; Schoenbach, 154; Lyons, 154; Williams, 153; Allen, 152; Flandermeyer, 150; Vanderkalb, 147; Koch, 146; Baker, 137.

Standing of Oregon Bowling Association:

Oregons	57	41	16	—720
White Rivers	54	36	18	—667
Willamettes	57	33	24	—579
Columbias	57	31	26	—544
Portlands	54	25	29	—463
Rose City	54	22	32	—408
Hicks-Chatten	54	11	43	—207

JOHNSON FIGHT IS ALL OFF

Burns Training Hard for Coming Match With Jem Roche.

LONDON, March 7.—After the news had been cabled from America that the forfeits in the proposed fight between Tom-my Burns and Jack Johnson had been withdrawn, Kelley, the representative of the syndicate which put up the purse, received the following telegram from Sam Fitzpatrick, Johnson's manager in New York

"Accept if you allow $1000 expenses. Agree to post $2500 here."

Kelley replied:

"Syndicate, disgusted with Johnson's action, calls everything off. Johnson knew terms."

Burns is training hard for his contest with Jem Roche, which will take place at Dublin on St. Patrick's day. Burns takes a more serious view of this match than any of his previous matches in England, and has done a lot of road and gymnasium work during the past week, with occasional sparring. He will leave for Dublin on March 15.

HOLD WEEKLY PAPER CHASE

Hugh H. Herdman on Bob Crawford Takes First Prize.

The weekly paper chase of the Portland Hunt Club was participated in yesterday by more than 30 members of the club, and many spectators witnessed the contest for the ribbons. Hugh H. Herdman, mounted on Bob Crawford, was the victor, while James Alexander on Call Bond took second prize and Ambrose Cronin on Caesar third. The hares, Miss Catherine Cronin and Harper W. Skuse, selected an entirely new route which contained several stiff jumps and met with the approval of the riders. The run started from Rosemere and extended through the country over a course of nearly eight miles, finishing at the Irvington racetrack.

Several members of the Portland Hunt Club are preparing to leave for Vancouver, B. C., next week to see the horse show there. Otto Breyman's famous jumper, Frank, will be taken to Vancouver Monday night. This is the horse which won the prize at the Lewis and Clark Exposition as well as at the Portland Horse Show last November. He is expected to repeat his past performances.

A special car has been secured to transport the Portland entries to Vancouver, and persons desiring to send horses to this show can call on A. M. Cronin, at 129 First street, Monday, as he has been instructed to take care of the Portland string to be shown at the British Columbia show.

THE DAY'S HORSE RACES

At Oakland.

OAKLAND, March 7.—Results:

Futurity course, selling—Belmere won, Phil Igoe second, Triumphant third; time, 1:14.

Mile and 70 yards, selling—Alsatian won, Lassen second, Pontotoc third; time, 1:51.

Mile and a sixteenth, Golden Gate handicap—Judge Nelson won, Tavora second, Fred Bent third; time, 1:51 4-5.

Four furlongs, Undine stakes—Duke of Milan won, Lee Rose second, Mozart third; time, 0:49 4-5.

Mile and 70 yards, selling—Dorado won, Warning second, Reservation third; time, 1:49 4-5.

Five and a half furlongs, Decoto handicap—St. Francis won, Preen second, Tom Shaw third; time, 108 3-5.

At Los Angeles.

LOS ANGELES, March 7.—Santa Anita results

Five and a half furlongs, selling—Lord of the Forest won, Don Domo second, Halton third; time, 106 4-5.

Three and a half furlongs, purse—Horace H. won, J. H. Reed second, Force third; time, 0:41 3-5.

One mile, selling—Rubinon won, Gateway second, Red Reynard third; time, 1:39 3-5.

Mile and a quarter, the Los Angeles Derby, $5000 guaranteed—Meelick won, Early Tide second, Magazine third; time, 2:07 2-5.

Six furlongs, selling—Merrill won, Wisteria second, Royal Rogue third; time, 1:14 3-5.

Six furlongs, selling—Booger Red won, Orcagna second, Chief Desmond third; time, 1:13 2-5.

Mile and an eighth, selling—Silver Skin won, Ellis second, Associate third; time, 1:53 2-5.

At New Orleans.

NEW ORLEANS, March 7.—Fair Grounds results:

Four furlongs—Sea Swell won, Elizabeth Harwood second, Pocotaglio third; time, 0:48 2-5.

Five and a half furlongs—Al Mueller won, Toydoy second, Hannibal Bear third; time, 1:06 4-5.

Six furlongs—Escutcheon won, Miss Strade second, Hannibal Boy third; time, 1:13 3-5.

Four and a half furlongs, the Carnival stakes—Marse Abe won, Brougham second, Irrigator third; time, 0:55 2-5.

Mile and an eighth—First Premium won, Alma Dufour second, Yankee Girl third; time, 1:54 1-5.

Mile and a sixteenth—Donna won, Teo Beach second, Convolo third; time, 1:47 2-5.

Mile and 70 yards—Belle Scott won, Delphie second, Artful Dodger third; time, 1:45 1-5.

Women to Become Squatty.

CHICAGO, March 7.—Unless factory and shop conditions are changed materially, America is threatened with the appearance of a race of women like those of the peasant class of Russia, according to Professor Edward A. Ross, of the University of Wisconsin. Professor Ross made this declaration during an address before a public meeting held under the auspices of the Illinois Federation of Women's Clubs at Hull House last night.

After quoting from statistics to show that one-third of the women of the country between the ages of 15 and 25 are engaged in industrial occupations, professor Ross said:

"The truly feminine girl, the one of frailty and delicacy, will pass from our working classes. There will be a reversion to the type of masculine women, squatty, flat-chested, broad-backed, low-browed creatures, working in the fields side by side with the men, the burdens of wifehood and motherhood coming but as an incident to a day of toil."

Tomorrow and Tuesday will positively be the last days for discount on West Side gas bills. PORTLAND GAS COMPANY.

O. A. C. DEBATERS WHO WON FROM WILLAMETTE

R. R. Clark.

P. H. Cale.

I. E. Kerr.

OREGON AGRICULTURAL COLLEGE, Corvallis, Or., March 7.—(Special.)—O. A. C.'s debating team won from Willamette in the intercollegiate contest at Salem last night. The college team was obviously the stronger, both from the standpoint of argument and of delivery.

The subject of debate was: "Resolved, That by a system of shipping subsidies the United States should build up an American merchant marine; providing that the subsidy is not limited to the Latin-American and Oriental trade."

Willamette supported the affirmative with J. A. McNees, J. C. Johnson and C. B. Harrison. O. A. C. argued for the negative, with R. R. Clark, P. H. Cale and I. E. Kerr as the speakers.

The O. A. C. debaters are members of the junior class. Mr. Clark is taking the mining engineering course; Mr. Cale and Mr. Kerr are students in the literary-commercial course.

J. H. McNary presided at the debate, and the judges were: Rev. G. W. Eliot, Jr., of Portland, J. S. Van Winkle, of Albany, W. H. Brooke, of Ontario.

WEAK MEN NERVOUS MEN DISEASED MEN

I Will Cure You Forever No Failures No Risk

I am especially anxious that any WEAK MAN who has failed with other methods call on me and let me explain to him why I CURE people who have failed to get relief before seeing me. This I will cheerfully do FREE of any cost.

I CAN AND DO CURE FOREVER

VARICOCELE in	5 DAYS
HYDROCELE in	1 DAY
NERVOUS DEBILITY in	30 DAYS
OBSTRUCTIONS in	15 DAYS
BLOOD DISORDERS in	90 DAYS

To obtain these quick results you must come to the office, as it cannot be done by mail. Do not forget this fact. I always do as I advertise to do.

To every man who knows himself to require advice as to marriage and its requirements, or he has taken that step, I also extend a cordial invitation, that I may advise him as to the best thing to do. This I will do FREE of all charges.

NOTICE! To any man who will bring me this ad and does not find, on investigation, that I have the best-equipped offices and the largest practice in Portland in DISEASES OF MEN, I will treat and cure him FREE OF CHARGE.

During my years of active practice in Portland some unscrupulous specialists have tried to steal my methods and advertisements, but not being able to steal my brains, they were not able to succeed in their dishonest ways, so do not be misled by them, but come to me.

Everybody Knows and Calls Me the Old Reliable Specialist Who Cures Forever All Cases

MY SPECIAL PRICES GIVEN BELOW WILL LAST A FEW DAYS MORE

VARICOCELE
Cured by absorption; no pain. The enlarged veins are due to muscle bicycle or horseback riding, disease, etc. In time it weakens a man mentally as well as physically. We will cure you for life or make no charge.

HYDROCELE
Cured by absorption; no pain; no loss of time. Why suffer longer when you can be cured in a few hours at a moderate cost? Call and consult me at once, and I will convince you of the superiority of our New System Treatment over any other method.

BLOOD POISON
Overcome in 90 days or no pay. Symptoms overcome in 7 to 21 days, without chemicals or poison. If suffering from ulcers, sore mouth or throat, falling hair, bone pains, come and I will drive the poison from your blood forever by my New System Treatment.

I Do Not Patch Up. I Cure Forever.

Varicocele, from	$10 to $25
Hydrocele, from	$10 to $50
Atrophy, from	$6 to $12.50
Nervous Debility, from	$5 to $20
Wasting, from	$7.50 to $10
Ulcers, from	$5 to $15
Discharges, from	$5 to $10
Blood Poison, from	$10 to $30
Falling Hair, from	$5 to $10
Pimples, from	$7.50 to $15
Eczema, from	$10 to $30
Bladder Ailments, from	$5 to $12.50
Kidney Ailments, from	$10 to $30
Prostate Ailments, from	$5 to $15

FREE ADVICE GIVEN IN ALL STUBBORN CASES.

To Attending Physicians and Nurses, Any Morning Between the Hours of 9 and 10 o'Clock.

Do Not Delay. Call or Write Today.

NERVOUS DEBILITY
Cured in a few weeks. Improvements from the start. If you suffer from loss of energy and ambition, feel tired when you arise in the morning, have back, dizziness, spots before the eyes, and feel you are not the man you once were, I will cure you for life.

TISSUE WASTE
Either partial or total, overcome by my Vigorol Absorbent Pad for weak, diseased men. Call and I will explain why it cures when all else fails. A friendly chat will cost you nothing. Call at once, and don't delay.

URETHRAL OBSTRUCTION
Cured by absorption in a short time; no pain, no cutting, no operation. By my method the urethral canal is healed and entire system restored to its healthy state. No failures, no pain or loss of time.

I Diagnose by Exclusion. No Mistakes Made.

THE OREGON MEDICAL INSTITUTE

291½ Morrison St., Portland, Oregon — Separate Parlors — Everything Secret — No Names Used

Why My Specialty Is Men's Diseases

And the Reason for My Remarkable Success in Curing These Ailments

DR. TAYLOR,
The Leading Specialist.

The study of medicine is as broad as life and as complex as Nature. It is therefore impossible for any individual man to master the treatment of all human ills. The man who attempts to do so is able to cure only the most simple ailments. The ordinary physician is like the man who attempts to master every branch of mechanics, from watchmaking to shipbuilding. Such a man becomes neither a good watchmaker nor a successful shipbuilder. The general medical practitioner knows as much about one disease as he does about another—and he has no intimate knowledge of any. The cures he performs—when he is fortunate enough to cure—are usually purely accidental. The patient gets well, not **because** of the physician's efforts, but **in spite of them.** When the ordinary physician treats men's diseases, **He RARELY EFFECTS A CURE.**

I AM A SPECIALIST IN MEN'S DISEASES.

My practice is confined wholly to the diseases of men, and the fact that I invariably cure every case that I accept for treatment PROVES that my methods are correct. Indeed, I have for twenty-five years made a Specialty of Men's Ailments and have so closely studied them that I am able to meet every phase and condition of each individual case, and to effect a permanent cure in a very short time. I am never for a moment in doubt as to my course. I know just WHAT to do and HOW to do it, to obtain satisfactory RESULTS. This explains why my practice has grown to be by far the largest in the western part of America.

So confident am I that I can effect a thorough and LASTING CURE in each case that I accept for treatment, that I will give a Written and Binding **GUARANTEE TO CURE YOU, AND YOU NEED NOT PAY ME A DOLLAR UNTIL YOU ARE WELL.**

My Fee for a Thorough Cure of Any Ailment Is $10 In Any Uncomplicated Disorder

Bear in mind that I could not afford to do this if I did not **KNOW** that my treatment would not fail. I am the only doctor who dares to make such a proposition. Under no circumstances do I ever take cases for treatment that are doubtful. Hence, if I accept your case for treatment you may absolutely rely upon it that I will cure you.

MY METHODS ARE ORIGINAL.

My methods are entirely original with me, and are the result of many years of special study and experience. Instead of filling my patients up with powerful drugs and stimulants, as do other specialists, I apply soothing and healing and absorbent medicines DIRECTLY to the DISEASED REGION, and thus aid Nature in overcoming the trouble. The best that human skill can do is to ASSIST NATURE. It is Nature that performs the cures. Powerful drugs taken through the stomach **do not cure.** They merely set up a new disturbance in the system, which, for a time, diverts the energies from the old disease to the new attack. This process is invariably attended with a reaction, and in consequence leaves the patient in a worse condition than before treatment. Another method employed by another class of physicians is to dose the sufferer with tonics, which exhilarate the patient so that he actually believes himself improving under such treatment. But after a very short time these stimulant medicines cease producing the desired effect, when the disease gains a new and firmer grip upon the patient.

HOW I CURE.

My method of treatment overcomes inflammation and congestion by aiding the tissues of the diseased region to throw off the poisonous secretions and the deadly toxins caused by the disease. Some of these toxins are more poisonous than the virus of the rattlesnake's fang, and when they reach the heart, produce instant death. Thousands of the cases of sudden death which occur with alarming frequency in every city in the land, are directly due to toxic poison, although such cases are usually pronounced "heart failure" or heart disease. My treatment completely eliminates every trace of disease and accumulated poisons from the system, and thus allows Nature to perfect a COMPLETE CURE.

DO NOT BE DECEIVED.

My methods have revolutionized the treatment of ailments peculiar to men, and consequently altered former medical theories. Imitators of my system of practice have sprung up everywhere. A pronounced success in any field of human endeavor begets imitators. Following the **Genuine,** there always come the **Counterfeit.** These imitators of mine insist that they cure by means similar to those I employ. Such statements are uttered with a base intent to deceive. The facts are that NO OTHER PHYSICIAN ANYWHERE TREATS MEN'S AILMENTS BY MY METHODS, BECAUSE NO MAN OTHER THAN MYSELF KNOWS THESE METHODS. My Treatment is the ORIGINAL and ONLY GENUINE Direct-Method Treatment for the Diseases of Men.

MY MODERN and up-to-date methods effect a certain and speedy cure of **SPERMATORRHOEA, CONTRACTED DISORDERS, SPECIFIC BLOOD POISON, LOST STRENGTH, and all reflex ailments.**

VARICOCELE, HYDROCELE and STRICTURE positively cured WITHOUT THE KNIFE.

Examination and Advice Free

I offer not only FREE CONSULTATION and ADVICE, but of every case that comes to me I will make a Careful Examination and Diagnosis without charge.

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 A. M. to 9 P. M., and Sundays from 10 to 1.
