

YOUR TEETH REFLECT YOUR CHARACTER

NEGLECT YOUR TEETH AND YOU WILL NEGLECT MATTERS OF LESS IMPORTANCE

It is my business to make your teeth as nearly perfect as possible. Money spent in preserving your teeth returns a thousandfold. Those missing teeth don't look well. Call and let us fit you with one of our bridges that will look as well as your natural teeth, and perform all work equally as well. This is only possible when you secure the best possible service.

Where no sound teeth remain, I will supply you with perfect-fitting plates, that won't drop or distort the mouth. This is the home of high-class dental work at reasonable prices.

FIVE ORDINANCES VETOED BY MAYOR

Dr. Lane Rejects a Batch of Measures Passed at Last Meeting of Council.

NO ROSE FESTIVAL ARCH

Executive Thinks Money Could Be Used Better to Clean Streets—He Is Against Law Forbidding Minors to Misstate Age.

ORDINANCES VETOED BY MAYOR

Approximating \$250 for an arch of woodwork at Sixth and Hoyt streets during Rose Festival.

Making it a misdemeanor to misstate age to come of minors who seek to purchase intoxicants in saloons.

For the regulation and license of an employment office.

Valuing a strip of land in Mount Tabor Central tract.

Granting permission to construct a frame building in the fire limit.

Mayor Lane yesterday returned to the City Council five ordinances with his veto, in each case setting forth his reasons for so doing. The vetoed measures, all of which were passed at the last session of the Council, will come up for action when the legislative body assembles next Wednesday afternoon.

As was predicted upon the passage of the measure, Mayor Lane vetoed the ordinance which makes it a misdemeanor for minors to misstate their age when attempting to purchase intoxicating liquors in saloons. It was said at the time that this law was favored and even urged for passage by the committee of five of the retail liquor dealers, as it virtually exempts proprietors from prosecution, throwing the whole blame onto the minor. This is the reason assigned by Mayor Lane for his veto.

As to the ordinance carrying an appropriation for the construction of an arch of welcome to be built at Sixth and Hoyt streets, and which was to stand during the coming Rose Festival, Mayor Lane vetoed this measure because he thinks the money should be used to clean the streets. He says in his message to the Council that, in his opinion, the city ought to use what funds it can spare, if it has any, to get the streets into clean condition for visitors.

Following are the mayor's veto messages to the Council:

Would Use Money to Clean Streets.

I herewith return ordinance No. 17,658 not approved. This is an ordinance which makes an appropriation of \$250 out of the general fund of the city for the construction of an arch at Sixth and Hoyt streets.

In respect to this appropriation I would say that it seems to me that if the city has any money to spare at this time above that which it needs for its ordinary operating expenses, it has better appropriate some of it for cleaning and repairing some of its dilapidated streets. By doing this a more favorable impression of the city will be created upon visitors to this city during the Rose Festival than by erecting them at their entry with an artificially designed arch of welcome, and forcing them afterwards to discontinue travel over our muddy and run-down streets.

Also, it seems to me that with our means of railway passenger communication in part curtailed by the closing of one of the gateways in the city, that it would be much more wisely expended if it were appropriated to devise means to reopen such gateway and keep it open.

At this time, the while the city is destroying only 25 or 30 tons of its collection of garbage with its antiquated crematory and some other 50 or 60 tons of the 100 tons daily produced is being dumped alongside roadways and behind hedges and in convenient gutches and ravines, or upon the city dump, giving it a generally disagreeable and slovenly appearance, and such time as the city makes some determined and reasonable effort to remedy this unsanitary and unwholesome condition, I do not think it is

proper keeping of in good taste to expend money on ornamental arches.

Sexes Ordinance Discriminates.

I herewith return ordinance No. 17,652, entitled an ordinance to amend section 10 of ordinance No. 17,458, which relates to the regulation and license of employment agencies.

I do not consider this ordinance fair in its terms. For whereas it permits an employment agent to charge a girl or woman a fee of \$5 for securing a position paying \$5 a month, it forbids charging a boy or man more than \$2 for a position paying the same wages, which discrimination against girls and women, in my opinion, is unfair and unjust.

It also allows such employment agents or agencies to charge any fee which they can secure from teachers, salesmen, executives, managers, clerks, professional and technical men and young college men, and all other men who may be charged not to exceed 10 per cent, which is unjust discrimination.

The fees for men persons should be based on the value of the position secured, and if sex is to be made the basis of an exception, it should be made in favor of, and not against, girls and women.

Law Would Protect Saloonkeepers.

I herewith return ordinance No. 17,645 not approved.

This is an ordinance to punish minors for misrepresentation as to their age for the purpose of obtaining liquor, wine, rum or malt liquor, and applies to all minors over 16 years of age.

It is the duty of the prosecuting officer to ascertain if the minor has misrepresented his age to the saloonkeeper, and if such facts may be taken as a mitigation of the offense.

It seems to me that if this ordinance becomes a law it will tend to protect the saloonkeeper in selling alcoholic liquors to minors, for the reason that liquor to minors will not be sold by saloonkeepers if the minor has misrepresented his age to the saloonkeeper, and it will result in much confusion.

If the law were amended so that the minor would be compelled to sign his or her name to a statement that he or she was over the age required by law, it would, perhaps, be a protective measure, but it now reads it seems to me to be otherwise, and for this reason I shall veto it.

Opposes Trespass on Fire Limits.

I herewith return ordinance No. 17,671 not approved.

This is an ordinance which grants a permit to construct a wooden structure within the fire limits of the city, and is special legislation.

A protest against this ordinance has been received from the fire department, and while from personal feeling I would be pleased to grant the permit to the person who seeks the same, yet I feel that this ordinance should be amended so that it should not be construed as a precedent for the future, and I am not passing acts of special legislation, which operates to increase the tax on the city.

Objects to Vacation of Streets.

I herewith return ordinance No. 17,664 not approved.

This is an ordinance which vacates a strip of land 18 feet wide by 125 feet long, said land being a strip of land lying between the south line of block 2, Mount Tabor Central Tract, and the north line of Belmont street, and between the south extension of the east and west boundary lines of said block 2, in the City of Portland, and State of Oregon.

In respect to this ordinance, I would respectfully say that unless the city is to receive some benefit, either directly or indirectly, from the vacation of this land, the donation of some plot of ground of the same value, to be used at some time in the future for a playground for children, I can see no reason why it should be vacated to increase the holdings of private individuals.

TAXES DELINQUENT AFTER TOMORROW

Penalty of 10 Per Cent Will Be Attached to Payments Made Subsequently.

TOTAL UNPAID IS \$629,558

Big Rush Expected on Last Day, and Sheriff Has Arranged to Keep the Office Open Until All Have Been Accommodated.

Taxpayers who do not settle with Multnomah County for their taxes on the current year by tomorrow night will find themselves compelled to pay a penalty of 10 per cent in addition to the total amount due. The final date for payment of taxes is Monday and on and after April 7 the penalty of 10 per cent is attached to all assessments wherein the first half, at least, has not been presented.

At this time the total amount of unpaid taxes is \$629,558.25. Of this sum, \$228,736 is represented by a protested personal tax on money loans and accounts, which the O. R. & N. Company has taken into Court. However, many individuals have failed thus far to pay their personal taxes and the individuals who owe only \$10 today, will be debtor to the county in the sum of \$11 after tomorrow. In order to give taxpayers every possible chance to escape the heavy penalty for nonpayment, Sheriff Stevens and his chief deputy in the tax collecting department, S. R. Martin, have decided to keep open until Monday night. The doors of the tax office will not be closed until the last of the delinquent taxpayers have been accommodated.

The collections this year have been unusually heavy. Mr. Martin's report of the work to date shows that the total collections are \$2,587,000.75. The tax roll for 1907 is \$2,226,164.25, thus leaving the sum of \$360,836.50 to be collected.

The collections are heavier by several thousand dollars than at a corresponding time last year. Even with a much smaller rate of tax than in 1906, the increase of valuation in city property occasioned higher assessments and thus increased the tax roll. The collections are much heavier than was expected, in view of the somewhat tightened money condition.

Joining from past experience, the Sheriff's office expects a heavy rush Monday of delinquent taxpayers. Mr. Martin, drawing his estimate from last-minute payments of previous years, is confident that fully \$200,000 will be paid in, or possibly an even greater sum. Of the amount received to date the sum of \$1,737,413.34 has been turned over to the County Treasurer. The sum of \$200,000 additional will be handed over on Monday.

MORGAN AT ITALIAN COURT

Visits Queen Helena and Receives Pope's Good Wishes.

ROME, April 4.—J. Pierpont Morgan and his daughter, Mrs. Herbert L. Satterlee, were received in private audience today by Queen Helena, after which they visited the Pope.

Her majesty was most gracious to her American visitors and accepted the presidency of a committee to give outside relief in military cases in which Mrs. Morgan is interested. She presented Mrs. Satterlee with a beautiful photograph of the royal children, asking her to take it to her own children.

The Pope received Mr. Morgan and Mrs. Satterlee in his private library. His demeanor was very cordial. Mr. Morgan presented the committee to write on a piece of paper an expression of his good wishes for himself and his family, and the Pope complied with the desire of his guest.

Subsequently Mr. Morgan and his daughter called upon Cardinal Merry del Val, the papal secretary of state, and Monsignor Biletti, Major Dome of the Vatican, after which they visited the Borgias apartments.

In the opinion of the bishop of Southwest, the pope's visit to the city is a distinct relief to the city, in a many way. The pope always looks as if his body were the size of a postage stamp—London Globe.

Y. W. C. A. AT HOME TODAY

E. B. MacNaughton Will Give Illustrated Lecture on "Architecture."

Mr. E. B. MacNaughton, architect for the Young Women's Christian Association, will give an illustrated lecture on "Architecture" this afternoon. A fine set of stereoscopic pictures will be exhibited and explained, and some interesting information about the new building, its progress and general planning will be given.

The musical programme is as follows: Soprano solo, Miss Edith Donaldson; basso solo, Mr. H. A. Easton; contralto solo, Miss Lina Harvas.

All young women are invited to visit the Young Women's Christian Association, 1000 rooms, corner Sixth and Oak streets. Come 4 to 6 o'clock this afternoon.

Puts Limit on Sunday Work.

WASHINGTON, April 4.—The president has directed that Sunday work in the departments be restricted to that which is of emergency character and being strictly in the public interest. Accordingly, Postmaster-General Meyer, whose department has more work on Sunday than perhaps any other branch of the Government, has issued an order intended to minimize Sunday work in the Postoffice Department. It is understood the heads of the other executive departments will issue similar orders.

Economize

True economy is exercised in buying good housefurnishings. False economy consists in buying low-priced, trashy goods. We have all grades, but our specialty is dependable merchandise, at prices and terms within reach of all. For a Monarch Range, or a Perfect Gas Stove, you may think the original cost high, but in the long run they are much the most economical.

WE CAN PROVE IT

Pay \$1 a Week

Cook With Gas

The picture shows the new Monarch Range, built to burn wood or coal or gas. We can furnish three sizes of gas attachments with ranges, or to fit Monarch Ranges that have been purchased heretofore. Malleable iron and steel are the only materials used in constructing Monarch Ranges. All joints, seams and openings are riveted-air-tight, and will never come loose.

We always have lots of remnants which we are glad to close out at actual cost. Bring with you the size of your room, and if you are not too particular about the pattern, we can fit you out at a big saving.

A GOOD PLACE TO TRADE

MORE SUPPORT FOR FUND

LABOR FEDERATION FAVORS UNIVERSITY APPROPRIATION.

Friends of State School Are Pleased With Action and Expect the Votes of Unions.

Friends of the University of Oregon are highly elated over the recent action of the executive board of the State Federation of Labor wherein that body went on record as favorable to the cause of higher education and pledged its support to the university appropriation bill that is to be voted upon by the people of the state at the June election. At its last meeting the executive board passed a resolution commending the bill to labor union men in all parts of the state and the secretary was instructed to notify the 63 affiliated unions of the board's action. While the board does not pretend to control the votes of members of the unions, its recommendation will have great weight and will insure the appropriation bill of a large number of affirmative votes.

"We are in favor of higher education," said C. H. Gram, president of the State Federation of Labor, yesterday. "We shall do what we can to secure the passage of the bill. The State University is the school of the common people and it should be properly supported. The school will be paralyzed if the bill is defeated."

Friends of the university are pleased over the action of the Federation, for they realize that it means many votes for the pending bill.

The fact that the Federated Trades Council at its last meeting listened to an extended argument against the university bill by Eugene Palmer of Albany and then failed to take any action leads the friends of the university to believe that a majority of the local union men are in favor of the bill. Mr. Palmer appeared before the Federated Trades Council last Friday night, so it is said, and while he was given a respectful hearing, no action was taken either for or against the bill.

The fact that nearly all of the commercial, social and political bodies in the city have endorsed the university bill, and the friends of the Eugene Institution to believe that they will roll up a big majority for the bill in this county.

adlan Pacific has decided to break with unions which have a membership in the many trades employed in the Canadian Pacific shops. The company has abrogated the agreement entered into last September, giving a month's notice to the unions.

While the company asserts no reduction in wages or increase in hours will follow, the unions have called a meeting from all over the system and will appeal to the Board of Conciliation of the Labor Department at Ottawa to negotiate. Thousands of men are affected and the officials declare that a strike is probable. The management formerly granted a nine-hour day and 3 cents an hour increase in wages.

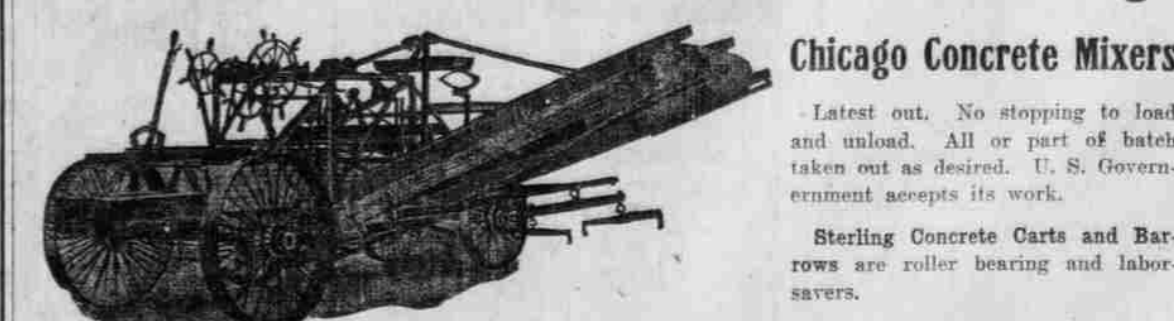

New Harriman Line in South.

CHICAGO, April 4.—The Illinois Central Railroad has announced the opening of the Birmingham line from Jackson, Tenn., to Birmingham, Ala., and the inauguration of through freight traffic for Sunday, April 13. At Birmingham the Central will have the use of the Frisco terminal, as well as of its own ample terminal. The Central will connect with the Central of Georgia Railroad, recently bought by E. H. Harriman, the Southern,

Form New Labor Federation.

CHICAGO, April 4.—An industrial conference has been called to meet in Chicago next Monday, at which an attempt will be made to unite in an independent federation the Western Federation of Miners, the United Miners of America and the Brewery Workers, Lithographers and Woodworkers' Unions.
