

Springtime is Backache Time

To thousands Spring is the miserable time of the year, a time of general weakness, with spells of backache, lameness, rheumatic pain, dizziness, headache and fits of "blues." You feel dull and tired all the time, and find the day's duties a heavy load. The kidneys are weakened by the long strain of winter and for a spring tonic nothing is equal to a good kidney medicine. Body and blood are laden with an extra burden of uric acid poison. The weak kidneys fail to carry it off. Brain, nerves, muscles and vital organs all feel the effect. The congestion sets up a heavy aching in the back. Doan's Kidney Pills quickly relieve this condition, cure sick kidneys, drive out uric acid, regulate the urine and strengthen the back.

Backache Tells of Sick Kidneys

Backache might well be called kidney-ache, for it is in reality an aching or throbbing of the kidneys when congested or inflamed. It is a warning that the kidneys need help, for sick kidneys cannot get well of themselves. That is why backache hangs on so persistently and gets worse from day to day. You may notice also that the secretions are dark colored and passages scanty, too frequent or painful. Neglect paves the way for gravel, dropsy, diabetes or Bright's disease. Do not delay. Doan's Kidney Pills give quick and special help for sick kidneys. They cure backache promptly and permanently, clear up and regulate the kidney secretions, stop dull headache, dizzy spells and rheumatic pains and restore the kidneys to healthy working order.

DOAN'S KIDNEY PILLS CURE SICK KIDNEYS

PORTLAND PROOF

W. Jenkins, 1210 East Harrison Street, Portland, Or., says: "Doan's Kidney Pills have been used by myself and other members of my family with entire satisfaction. Acute attacks of backache annoyed me off and on for some time, and I dragged quite throughout the kidney region made it difficult for me to attend to my work. The kidneys were badly out of order and caused me considerable annoyance. When Doan's Kidney Pills were brought to my attention, I procured a box and began their use. They brought relief sooner than I expected and I continued taking them until my trouble had entirely disappeared. From that time to this I have had continued freedom from any of the former troubles and I cheerfully recommend Doan's Kidney Pills to all sufferers from weak or inactive kidneys."

J. K. Parrish, 122 1/2 East Oak Street, Portland, Or., says: "I think just as highly of Doan's Kidney Pills today as I did three years ago when I followed them. My kidney complaint made me appreciate the value of these pills. It was some time before I paid much attention to it. However, a heavy cold which I contracted near the middle of winter, and which I treated through my back caused me to take more interest in the matter. I procured a box of Doan's Kidney Pills and began their use. They brought relief sooner than I expected and I continued taking them until my trouble had entirely disappeared. From that time to this I have had continued freedom from any of the former troubles and I cheerfully recommend Doan's Kidney Pills to all sufferers from weak or inactive kidneys."

SAVED FROM AWFUL SUFFERING

G. W. L. Neobil, living on Depot St., Marion, Ky., says: "Kidney disease had reduced me to a chronic invalid. I have suffered so severely from this complaint that for two months at a time I was unable to get out of bed, and no one can describe the suffering I endured. I often wished that death might relieve my misery. The secretions were thick, filled with a sediment, and my limbs were badly swollen. The doctor said I had dropsy and held out little hope of my recovery. I could not raise my arms above my head. In fact, there was an almost complete paralysis of the right side. I had no hopes of ever getting better when a relative advised me to try Doan's Kidney Pills, and a box was procured for me. I improved from the first, and continued taking this remedy until all symptoms from which I had been a victim disappeared one by one. In three months I was a well man. I continued to take the pills until I was back to work in the usual way. That Doan's Kidney Pills is the best kidney remedy in the world I am thoroughly convinced."

PORTLAND PROOF

David Campbell, 170 North Eighteenth Street, Portland, Or., says: "Five or six years ago I began to suffer from kidney trouble. The pain in my back became almost unbearable, and I grew so lame and more that I could scarcely walk. I tried various remedies and finally went to a physician who could obtain only temporary relief. I did not know that the trouble was caused by disordered kidneys, but when I saw Doan's Kidney Pills so highly advertised and recommended for such complaints I decided to give them a trial. The first box brought me such great relief that I continued with them until I had used about four boxes. At the end of that time not a trace of backache or any other kidney disorder remained, nor has it ever returned to this extent. I advise the use of Doan's Kidney Pills to anyone suffering as I did."

Mrs. A. Conklyn, 230 Lincoln Street, Portland, Or., says: "In 1905 I used Doan's Kidney Pills with such beneficial results that I gave them my hearty endorsement. I still think highly of them and advise them whenever I have an opportunity. For two or three years kidney complaint had stung me, making my back so lame that I was unable to attend to my household duties at times. Dizzy spells were common and I was also annoyed by headache. The use of home remedies, and more than one preparation guaranteed to be a sure cure for such troubles failed to give me relief. Finally I learned of Doan's Kidney Pills and procured a box. I used them according to directions and they gave me more relief than all the other remedies I had taken combined."

We are Specialists in Diseases of Men

In the treatment of certain special diseases there can be no comparison between the ability of the ordinary doctor and the trained scientific specialist. In his fruitless efforts to explore and conquer the whole field of medicine and surgery the average physician so scatters his talents that he becomes thoroughly proficient in no particular branch; possesses no special skill, no expert knowledge on any given subject.

But the true specialist—not the ALLEGED specialist, whose pretended specialty includes every human ail, as their announcements imply—the genuine expert never attempts more than he can do well. His persistent study, diligent research and scientific investigations are all directed to a few diseases, a single class of them on which all of his efforts are concentrated and to which his practice is limited. Hence he becomes easily supreme in his chosen field of work.

We treat diseases of Men only and Guarantee Cures
