Conference Fails to Result in Signing Up of Contracts for Ensuing Year.

BETTER FEELING IS SHOWN

Grainhandlers and Shippers Discuss Various Conditions and an Early Settlement of Difficulties is Looked For—Marine Notes.

Exporters and grainhandlers were in conference yesterday in the office of Kerr, Gifford & Co., in the Concord Building, and after some time spent in reviewing the situation, the meeting ended without a contract for the ensuing year being signed up. It is expected that there will be no further trouble, and that the papers will be signed the first of the week.

Secretary Foley, of the Grainhandlers' Union, said: "The meeting in the office of Kerr, Gifford & Co. was called for the purpose of discussing the situation. All the conditions were talked over and the several details of the former meetings taken up. No contracts were signed." When asked if a verbal agreement had been reached, Mr. Foley denied the charge by saying that no papers had as yet been signed. Shipping men feel confident that an understanding has been reached, and that a contract on the basis of 35 cents and 30 cents for overtime will be signed up the first of the week.

The grainhandlers have been out for several days. They do not say that they are on strike, but have merely knocked off work until the matter is finally settled.

ACME CLEARS WITH LUMBER

American Bark Carries Full Cargo From Portland for New York.

The American bark Acme, Captain McKay, cleared yesterday for New York with 2,128,028 feet of lumber and 1,000,000 lbs. valued at \$28,500. She will leave down the river today. The cargo of the Acme is the third lumber cargo to clear during the month. The Acme, a British steamship, carried a full cargo to Hankow, North China. The Jordanhill loaded and cleared with nearly two million feet for Europe. The Strathgairn is about finished at the Eastern & Western Mills, and will proceed to Shanghai. Lumber exports for April will be heavy.

The Acme arrived in the river November 26 from Japan. All her top-gallant rigging had been cut away, and the vessel was badly in need of repairs. When six days out from Hogo a squall set the ship on her beam-ends. The heaviest shifted, and for six days she remained in the position. All efforts of the crew to get her righted proved fruitless. As a last resort the top-gallant masts were cut away, and the vessel righted sufficiently to allow the heaviest to be shifted back. In spite of the trouble the Acme made the run in 74 days.

SURVEY STAKES ARE MISSING

Light-house Inspector Unable to Set Range Lights on Sand Island.

Light-house Inspector J. W. Welch, in charge of the light-house district, has returned from an official trip to Astoria and Fort Stevens. Captain Welch went to the mouth of the river for the purpose of setting range lights on the Washington shoals as a guide to navigation for the month of the river. Owing to the heavy weather which prevailed work in this direction was postponed. The survey stakes on Sand Island had been carried away, and there were no marks to guide the light-house men. It was the intention of Captain Welch to set range lights 1000 feet apart and in such position as to mark the turning point at the inner bar buoy.

Gale Strikes Astoria.

ASTORIA, Ore., April 18.—(Special)—A southwest gale of unusual severity for the season of the year, struck this section last night and continued during the early part of the day. As a result very few fishermen went out last night, and those who did venture on the river were soon compelled to pull in their nets. In the vicinity of Sand Island several boats were broken from their moorings, and two of the rigging masts and one set of net racks were sent adrift. So far as reported, no one was injured and the property damage was not great. The steamer Homer, which arrived today, reports encountering the storm when off Cape Blanco, and there was a high wind with a heavy sea running all the way up the coast.

Morans Will Repair Armeria.

Moran Bros., of Seattle, have secured the contract to make necessary repairs in the United States ship Armeria. The bid called for a sum considerably in excess of \$8000. The Armeria will proceed to Moran's yards soon. A number of bids were submitted, two of which were less than that of Moran. The job went to the Puget Sound builder on account of his specialization and evidence of their ability to perform the service.

Marine Notes.

The Jordanhill will leave down this morning. The German bark Nornia arrived up in tow of the Harvest Queen. The Acme is ready to proceed to Astoria and will probably leave down today. The steamship Alliance sailed for Coos Bay last night with passengers and freight. The steamship Senator sailed for San Francisco yesterday morning with a full list of passengers.

GOES TO A SANITARIUM

Don M. Dickinson, Democratic Politician, Suffers Collapse.

DETROIT, Mich., April 18.—Former Postmaster-General Don M. Dickinson, of this city, who held the portfolio under President Cleveland, today went to a sanitarium at Flint, Mich., accompanied by his family, to recuperate from a nervous breakdown. He was taken ill with nervous prostration about six months ago and has since been suffering acutely.

Don M. Dickinson for the past 30 years has been prominent in Democratic National politics. He was born in Port Ontario, N. Y., in 1846, but was taken to Michigan by his parents when but two

years old. There he was educated, graduating from the law department of the University of Michigan in 1866. He began the practice of law and soon became active in politics. He was chairman of the Democratic State Central Committee of Michigan in 1896 and of the Democratic National Committee from 1898 to 1888. In 1887 he was made Postmaster-General by President Cleveland, and served two years. In 1892 he was chairman of the Democratic National Campaign Committee, and in the following year was tendered a Cabinet position, which he declined. Later he was senior counsel for the United States before the International High Joint Commission on Behring Sea Claims, and served the Nation in various other diplomatic capacities.

LINKING UP CONSPIRATORS

Much Documentary Evidence in Hyde-Benson Case.

WASHINGTON, April 18.—Numerous letters and documents were introduced in evidence by the Government today in the Hyde-Benson-Diamond-Schneider land fraud trial. Oswald West, state land agent of Oregon, testified in regard to an investigation he made into land operations in that state. Thomas H. Reynolds, agent for the Wells Fargo Express Company at Salem, Oregon, produced a record from his office showing that a package had been received from "J. E. Snyder." The package, which was sent to Salem from Portland, contained seven applications for school land and \$264.70 to be delivered to the land office at Salem and certificates to be returned to "Snyder," who is understood to have been Joast H. Schneider, one of the defendants. Benjamin F. Allen, formerly forest supervisor in California, who has been on the stand before, was the last witness before court adjourned until Monday.

WASHINGTON, April 18.—The President nominated Guy Murchie, of Boston, to be United States Marshal of Massachusetts today. Murchie served with the Rough Riders in the Cuban campaign.

CHINESE BRING SUIT

Police Defendants in Action for \$13,385 Damages.

OFFICERS BROKE INTO BANK

Plaintiffs Aver Books Were Carried Off and Destroyed and That They Cannot Collect Debts—Other Damages Belongs Total Up.

Eleven members of the Portland Police Department, including Chief Gratzmacher, Captain Bailey and ex-Captain of Detectives Bruin were yesterday made defendants in the Federal Court in a damage suit instituted by Kee Lam, Hue Sing and Yop Sio, who are doing business as Row Wo & Co., at 32 Second street. The claimants are seeking to recover damages to the extent of \$13,385 because on the night of December 2 the eleven policemen broke into their place of business, while in the act of raiding a lottery joint.

The complaint was filed by Attorneys W. J. MacMillan and Rufus Mallory, and it alleges that on February 1, 1907, the Row Wo Company had invested \$5000 in merchandise and \$30,500 in the banking business. They recite that since the invasion of the police that their business has been ruined to the extent of the amount of damages asked for in the complaint. They also allege that the police carried away the books of the concern, containing the record of the business transactions of the firm. These books, according to the complaint, or a portion of them, were destroyed by the police, and in consequence they cannot collect the accounts due them.

The policemen made party to the suit, all save Chief Gratzmacher, took part in the raid. They are: Chief Carl Gratzmacher, former Inspector Patrick Bruin, Captain George H. Bailey and Patrolmen Charles Porter, Glenn F. Howell, Lawrence K. Evans, Charles A. Tennant, John H. Edgerton, Ernest Johnson, Robert R. Phillips and John L. Wendorf.

I have the largest practice because I invariably fulfill my promises

Success isn't attained at a bound. It is made up of many little triumphs. A large medical practice doesn't await the young physician at the college door. He must prove himself. He must work toward success day after day, doing well each day's task.

It has always been my rule to promise nothing that I am not absolutely certain of accomplishing. Realizing that no one physician can successfully undertake to cure all diseases, I entered special courses of study in preparation for my present work. For sixteen years I have been proving my ability and building my success. I have mastered, first, the simpler diseases, then the serious, complex and stubborn ones that others neither cure nor comprehend. I have confined my efforts to diseases of men exclusively, and there is no ailment belonging to this class that I cannot fully conquer. I make broad and definite claims. I tell men that I can cure them, even though others have failed. Jealous doctors have charged me with claiming too much. But I ask, wherein have I failed to fulfill a promise? My practice is now fully twice that of any other specialist upon the Pacific Coast treating men's diseases. It has grown to these dimensions because I have made promises and fulfilled them. Each cure I have effected is a triumph and a manifestation of skill that has had its part in the making of my success. Each day new cures are completed, and my present growth of practice is more rapid than ever before.

Consultation is free. If you are afflicted, consult me. You can rely upon what I tell you, and if I accept your case you can rest assured that a complete and permanent cure will follow my treatment.

All necessary X-Ray examinations are absolutely free to patients. My equipment for X-Ray work is the finest and most complete ever produced, and equally perfect results are not possible with an inferior apparatus. All medicines are prepared from standardized drugs in my own private laboratory and are supplied to patients at actual cost.

SWELL TAN SHOES AT ROSENTHAL'S.

In all your life you never have had and during the remainder of your life you never will have such an opportunity as this to loan money to a railroad company for 30 years, collecting 5% a year, payable semi-annually, on the par value, \$100. Furthermore, you will never be able to secure such gilt-edged an investment as this on such easy terms. You can buy one or a dozen OCEAN SHORE BONDS, pay \$16 down on each one and \$10 per month. In eight months the bonds are yours. By that time there will be an interest payment due and it will be yours. Interest on bonds is not problematical but an absolute certainty. Dividends from stock investments cannot be depended upon. It is reassuring to know that your money is placed in a safe place. The Mercantile Trust Company of San Francisco holds a mortgage on all the assets of the OCEAN SHORE RAILWAY COMPANY, about \$5,000,000, to secure the payment of the interest. When it is due, twice a year, all you have to do is to clip the coupon that falls due, deposit it in your bank or send it to the Mercantile Trust Company and the transaction is complete. There is nothing easier than carrying a bond investment—nothing safer. See us about it at your pleasure.

DR. TAYLOR, The Leading Specialist.

"WEAKNESS" To produce temporary activity of the functions in cases of so-called weakness is a simple matter, but to permanently restore strength and vigor is a problem that few physicians have solved. I never treat for temporary effects. Under my system of treatment, every bit of improvement is a part of a permanent cure. Through other physicians have through my success in effecting permanent cures, been convinced of the fact that permanent restoration of strength and vigor are but symptoms resulting from chronic inflammation or congestion in the prostate gland. None have as yet been able to duplicate my cure. My system of local treatment is the only effective means yet known to permanently cure this condition. It is the only kind of a cure a patient desires, and is the only kind of cure that will treat for.
