PASS ON THE AMENDMENTS

MEMBERS OF LENTS GRANGE GO ON RECORD.

Single Tax Amendment and That Increasing Pay of Legislators Are Among Those Opposed.

After discussion of the amendments that will be voted on at the June election at a meeting of the Lents Grange yesterday afternoon, some of the measures were indorsed and others condemned. By unanimous vote the amendment to increase the compensation of members of the Legislature from \$3 to \$16 a day was condemned. The \$100,000 appropriation for erection of armories in different portions of the state, submitted to referendum by the State Grange, was also opposed. H. A. Darnall spoke for the appropriation and declared that the armories were needed for the encouragement of the National Guard organization. The anti-pass referendum, also favored by the State Grange, was indorsed by unanimous vote. In the matter of the Port of Portland measure no action was taken, as it was not fully understood. The single-tax amendment was among those condemned. Seneca Smith declared that if adopted it would upset and disrupt financial conditions. Mr. Smith also discussed the amendment to increase the number of Supreme Judges from three to five, and declared that

It was a move in the right direction. His reasons for this conclusion were based on the contention that it would preserve the purity of the court and expedite the public business in the Supreme Court. The Legislature, he said, had provided for two Commissioners to assist the three Judges for the reason that the Judges were not able to handle the business, but these Commissioners had not the authority of Judges. Hence, he contended, the number of Judges should be increased. The Grange indorsed the amendment. The committee having in hand the matter of building a hall, announced that over \$1200 had been subscribed toward purchasing ground and erecting the building. The plan is to organize a joint stock company with a capital of \$4000 and issue 110 shares. The following resolutions were adopted:

Resolved, That it is the sense of this Grange that the management of the prisoners at Kelly Butte should remain in the hands and under the exclusive control of the County Court. This work is necessarily a part of road construction, and should be in charge of those who are building the roads.

CARD OF THANKS.
 We hereby extend to our friends and neighbors a small measure of the heartfelt thanks (which cannot find expression in words) for their acts of kindness and assistance, and for the many beautiful floral tokens of sympathy sent in our hour of deep sorrow.

YACHT CLUB IS GROWING

MANY NEW BOATS CONSTRUCTED THIS YEAR.

Racing Season Will Open Decoration Day and Regatta May Be Held During Festival.

The yachting season has opened in Portland and within the next few days the Portland Yacht Club will have a number of boats in commission. The new clubhouse near The Oaks has been completed and the club now has one of the finest club headquarters in the country. In addition to the 50 yachts already owned by members of the club, it is understood that a number of new boats will be constructed this season. Captain H. F. Todd is building a new yacht, the Fore and Aft, which will be completed and put in commission within a few days. It is a 25-foot class-B craft and has huge boards and double rudders. Another craft that will be put in commission in the near future is a 24-foot swallow boat, which has been named the Terrier. The racing season will be opened this year on Decoration day by a series of handicap contests. The course will be from The Oaks to Madison-street bridge and return, a distance of about five knots. There is some talk of holding a series of races during the Rose Festival but this has not yet been definitely decided upon. The regular club regatta will be held July 3 and 4, over a course to Saivies Island situated at the mouth of the Willamette. The officers who have been chosen for

the ensuing year are: Commodore, Will A. Knight; vice-commodore, Frank R. Young; port captain, L. V. Woodward; measurer, A. Butcherworth. Mr. Knight is now serving his third term as commodore. He is one of the most enthusiastic yachtsmen in the city and has been instrumental in securing the new headquarters for the club. The racing committee this season is composed of Max Meyer, chairman; Tony Barbero and Francis D'Arcy.

Gallagher Is Examined.

SAN FRANCISCO, May 9.—The morning session on the trial of Abraham

Ruef in the Parkside trolley deal was occupied by the cross-examination of James L. Gallagher, ex-Supervisor under the Schmitz regime, by Henry Ach, attorney for the defense. It was the desire of Ach to have Gallagher fix exactly certain dates relative to the alleged bribing of his associates, which was brought out yesterday. The examination of the witness lasted all morning without his being able to give the answer sought by the defendant's attorney. An adjournment was taken at noon until Monday.
