BUSINESS CHANCES.

YOUR WINTER'S COAL ABSOLUTELY FREE!

To introduce our coal on the Portland market we will deliver absolutely free two (2) tons of coal with every five (5) shares of stock sold for cash at $4.50 per share (par value $10.00), between now and 9 o'clock Saturday night, May 16; limit twenty-five (25) shares and ten (10) tons of coal to every one person. If the stock is not paying dividends and selling for par, $10.00 per share, in 12 months from this date, we will deliver to you one (1) ton of coal upon surrender of the stock for every share of stock.

If you question our ability to carry this agreement out to the letter, take a day off and visit the mine, where you can see hundreds of thousands of tons of coal actually blocked out ready for the market, with the best and cheapest transportation facilities of any coal mine in the United States, with more than $200,000 already spent in development and equipment.

WHY WE MAKE THIS OFFER.

First—We are compelled to drive our narrow work this Summer to prepare for a large tonnage this Winter. This necessitates our taking out hundreds of tons of coal every week. We have no place to store this coal and must therefore move it to some one's basement.

Second—If we can put from two to ten tons of coal in the basement of one hundred homes we will have one hundred people to refer to who are using Cardiff coal and have one hundred boosters.

Third—That everybody that uses two or more tons of Cardiff coal will never use any other coal if they can get Cardiff. We can refer you to people who have used it all Winter and who will not burn anything else.

Fourth—We are determined to force this coal on the market, because we know it will stand on its merits, notwithstanding that hundreds of knockers, including coal, cord and slabwood dealers, say it won't burn.

DID YOU EVER SEE COAL THAT WOULDN'T BURN?

Fifth—We want every public-spirited man in Portland who is interested in cheap fuel to give our coal a good test; if it will fill the bill, boost for us. But be man enough not to knock the coal until you know absolutely what you are talking about.

We will pay one hundred ($100.00) dollars reward in cash to any man or woman in Portland who can prove by actual test with proper facilities that Cardiff coal won't make as quick and hot a fire and last nearly as long as any coal mined on the Pacific Coast. We admit that the coal is not as clean as some coal and that it is heavy in ash. It is also cleaner and lighter in ash than some coal sold in Portland for nearly double the price. It is absolutely free from soot, a very objectionable feature in much of the coal sold here.

Next Monday this stock will sell for $4.50 per share, and the price will be positively advanced every Monday morning twenty-five (25) cents per share until it reaches par, $10.00 per share.

Come to the office and see the coal burn. We will be open every night until the 16th from 7:30 to 9 o'clock.
