

# MAILED ORDERS FOR OREGON GUARDS

### State Troops Go Into Camp at American Lake August 3 With Regulars.

## ORDERS FROM WASHINGTON

### Military Operations on Large Scale Projected This Year—Encampment to Last Ten Days—Oregon to Send 1100 Men.

The Oregon National Guard will participate with the Regular Army in the coast defense and field maneuvers at American Lake early in August. Official orders to this effect and orders assigning the troops which will take part were received from the War Department yesterday morning by Adjutant-General W. E. Finzer.

The official communication is signed by Acting Secretary of War Robert Shaw Oliver, and sets out that the Third and Fourth Oregon Infantry regiments and a detachment of the Hospital Corps are expected to go to American Lake August 2 and remain there for the maneuvers until August 12, a period of 19 days. The communication is as follows:

War Department, Washington—Sir: Referring to the fact that Congress has appropriated funds for joint Army and National Guard maneuvers during the fiscal year 1908-9 and to previous correspondence had with you in regard thereto, the following organizations of Oregon have been invited and are expected to participate in the encampment of the troops at American Lake, August 2 to 12: The Adjutant-General, Third and Fourth Regiments Infantry, detachment Hospital Corps. Attention is invited to the enclosed notes for the guidance of officers.

Organizations should arrive at camp fully armed, uniformed and equipped for active duty in the field and should include in their equipment such tenting and camp equipment as is necessary for all camping purposes. Correspondence with reference to the execution of the details of the movement of the state troops from their home rendezvous to instruction camps, their pay, accommodations, subsistence and instruction at the camps and provisions for their return trip from the camps to their home rendezvous should be conducted by the state authorities directly with the Adjutant-General, Department of Columbia, Vancouver Barracks, Wash.

The maneuvers this year are to be the most active of any yet held, according to the memoranda sent out by the War Department some time ago. More attention is to be given to regimental, battalion and company field work and less to the brigade and division maneuvers. More attention will be given up to the larger formations. Heretofore the greater share of benefit has gone to Colonels and Brigadier-Generals, but the Major, Captain and Lieutenant will be placed more on their own resources this year. Oregon will have about 1100 men in the field.

## ADMEN COMING IN JUNE

### Preparations Being Made for Convention of Coast Association.

Arrangements are being completed for the semi-annual convention of the Pacific Coast Advertising Men's Association, to be held in Portland June 1-3, in the auditorium of the Portland Commercial Club. There will be morning and afternoon sessions during the convention. Delegates will be present from San Francisco, Oreg., Wash., Ariz., Sacramento, Seattle, Tacoma, Spokane, Butte and Victoria.

The coming session promises to be one of the most important ever held by the organization. There is a general thought of re-establishing the Association. It is at present in part made up of individual members. It is deemed advisable to have the organization made up exclusively of advertising clubs. The various clubs on the Pacific Coast intend to send instructed delegates to vote on the measure.

The question of the advisability of affiliating with the Associated Advertising Clubs of America will also be discussed. It is expected that Byron W. Orr, of St. Louis, National secretary of that organization, will attend the convention for the purpose of inducing the Pacific Coast Association to join the National body.

One of the most important questions to come before the coming convention will be that of advertising bills. This matter is being taken up by advertising clubs throughout the country, and in several of the states bills are now being prepared to be presented at the next sessions of their respective Legislatures. An act regulating advertising, which will eliminate the dishonest advertising in Portland, is being prepared to be presented to the Legislature. A bill to regulate advertising on a more legitimate basis is now before Congress. At the last session of the Pacific Coast Association a special committee was appointed to draft a resolution covering the question of irregular advertising which is to be presented at the coming sessions.

Among the affairs planned by the committee for the entertainment of delegates and visitors will be the banquet to be given in the dining-room of the Portland Commercial Club. In addition to the delegates and visiting advertising men, the guests will include the officers of the warships, which will be in Portland harbor at that time, the officers of the Rose Festival Association.

Arrangements are also being made for the entertainment of the wives and families of delegates who will visit the city while the convention is in session. The committee in charge of the following: W. J. Hoffmann, chairman; C. A. Berg, E. J. Jaeger, E. R. Helling, Scott Hazorth, H. W. Little, D. C. Freeman.

## CASHES A BOGUS DRAFT

### George Diehl, Accused by R. P. Effinger, Sought by Police.

George Diehl, a well-dressed individual, who is said to be a bogus check swindler from California, is wanted by the Portland police. Yesterday he presented himself to R. P. Effinger, president of the Downings-Hopkins Company, and showing a telegraphic order identifying him by the First National Bank of Los Angeles, persuaded Mr. Effinger to give him a check for \$100 on a draft on the Los Angeles bank for \$200, saying that he would leave the balance of \$100 on deposit with the local concern.

Investigation on the part of Mr. Effinger revealed the fact that Diehl had no funds at Los Angeles, and he hurriedly stopped payment of the check he had issued to Diehl, and notified the police.

According to Mrs. Effinger, Diehl has been in Portland for about two months and is a fine-looking, well-dressed fellow, and associates with persons of good standing. "I have known Diehl by sight

for several weeks," said Mr. Effinger, "but nothing about his financial standing. He presented the telegraphic order on the First National Bank, of Los Angeles, and believing it was genuine, I accommodated him with the amount said. This being Saturday, and not having cash on hand, I gave him a check on the First National Bank of this city for \$100, and in exchange he gave me his draft on the First National Bank of Los Angeles for \$200, the balance of which he stated he would like to deposit with us. I have stopped payment on the check I issued him, and sincerely hope that he is brought to account before he victimizes some innocent person."

## VEGETABLES A CURE ALL

### Leguminiferous Is the Latest Scientific Development.

PARIS, May 9.—Leguminiferous, or treatment by vegetables, is the latest scientific development to win approval. A distinguished Paris physician affirms that vegetables have a considerable influence on the physical and mental well-being of those who eat them, and that they will cure many maladies.

Potatoes develop the reasoning faculties; the equilibrium of the mind, and calmness of reflection, but over-indulgence in them produces apathy and indifference.

## CELEBRATION BY RED MEN

### Tamima Day Observed by Willamette and Minnehaha Tribes.

Willamette Tribe, No. 6, and Minnehaha Tribe, No. 2, Improved Order of Red Men, celebrated the anniversary of Tamima, the patron saint of the order, last Wednesday evening. The ceremonies were conducted at a strikingly splendid ballroom to the Red Men. After the rendering of the Tamima ceremony, a programme was carried out consisting of patriotic songs, and instrumental music. Representatives were present from tribes at Pendleton, Oregon City, Oswego, St. John and Seaside.

The Tamima ceremony is an open air rendition of the Tamima ceremonies, next season. ## SENTENCES ARMY COMRADE

### DISAGREABLE DUTY DEVOLVES ON JUDGE GANTENBEIN.

#### Sends Former Member of His Regiment in Philippines to Penitentiary for One Year.

Circuit Judge C. U. Gantenbein, who was commander of a battalion of the Second Oregon Volunteer Infantry during the Spanish-American War, found it necessary in the performance of his judicial duties, yesterday afternoon, to send one of his comrades of the Philippine campaign to the penitentiary. The prisoner, M. L. Taft, was found guilty of having participated in an attempt to hold up a woman at Arleta several weeks ago. The charge against him was that of assault with a dangerous weapon.

Taft was not only a member of the same regiment in the Philippine Islands with Judge Gantenbein, but he performed much gallant service, enlisting and engaging in the Chinese campaign. After several years of army life he suddenly became irresponsible, deserted, was caught and sent to Alcatraz for three years, and since then has been leading a generally worthless existence.

By another peculiar coincidence, the lawyer secured a defense Taft at his trial, Seneca Fouts, was Taft's first sergeant in the Philippines. Mr. Fouts made an appeal for leniency on behalf of his former comrade of the service, and Judge Gantenbein, in recognition of Taft's conduct in aiding the authorities to run down an alleged accomplice in the attempted hold-up, imposed a medium sentence of one year in the penitentiary at Salem. Taft thanked the court for the light sentence.

The assault in which Taft engaged was doubtless an attempt at robbery, although this charge could not be formally filed, inasmuch as there was nothing to show an intent to rob. Taft and an accomplice visited a house in Arleta. When the woman of the house appeared, Taft's companion leveled a revolver at her and ordered her to throw up her hands. At the moment the woman's husband appeared and the two fled.

Taft's hat fell off as he ran and the officers finding this were able to trace the headgear to its owner, who proved to be Taft. He admitted being implicated in the affair and gave the name of his accomplice.

Judge Gantenbein made no reference to having been in the service with Taft when the case was brought up yesterday and in passing judgment did not say he would take into account Taft's record as a volunteer, deciding the case purely on its merits.

Taft enlisted in the Second Oregon Infantry from Portland and while some trouble was had by his officers in making him observe army discipline, in the main he made a good soldier, standing up bravely under the heavy fire of numerous engagements in which the regiment was engaged during the insurrection. It was not until he entered the regular army and the campaign in China was completed that camp routine wore him and he deserted.

For his offense at Arleta he could have been given as high as ten years in the Penitentiary or as little as one month in the County Jail.

## THE NEW AND CERTAIN CURE FOR RHEUMATISM

### IMPONDERO-THERAPY

Probably no physical ailment to which mankind is subject is more distressing and dangerous than rheumatism. It is most insidious in its approach and system it quickly obtains a firm hold upon its victim, depleting the fibrous tissues, inflaming the joints, contracting the muscles, racking the body with severe and constant pain and frequently resulting in paralysis of the parts affected. The presence of foreign substances in the body—usually the waste products of the body—when the kidneys and other functional organs fail to operate properly the uric and lactic acids formed in the body are reabsorbed into the system with every pulsation of the heart. Rheumatism with its kindred scourges, sciatica and neuralgia, are the logical result.

### IMPONDERO-THERAPY

Is a CERTAIN CURE for RHEUMATISM in all its various forms. To the suffering we say in all frankness and candor: COME TO US AND WE WILL CURE YOU. No matter to what degree your confidence has heretofore been abused; no matter how many doctors and alleged "cures" you have experimented with, YOUR OPPORTUNITY IS NOW! Forget your past disappointments in seeking relief; let us have at least the privilege of SHOWING you what we have done in cases worse than yours. WE CURE YOU!
