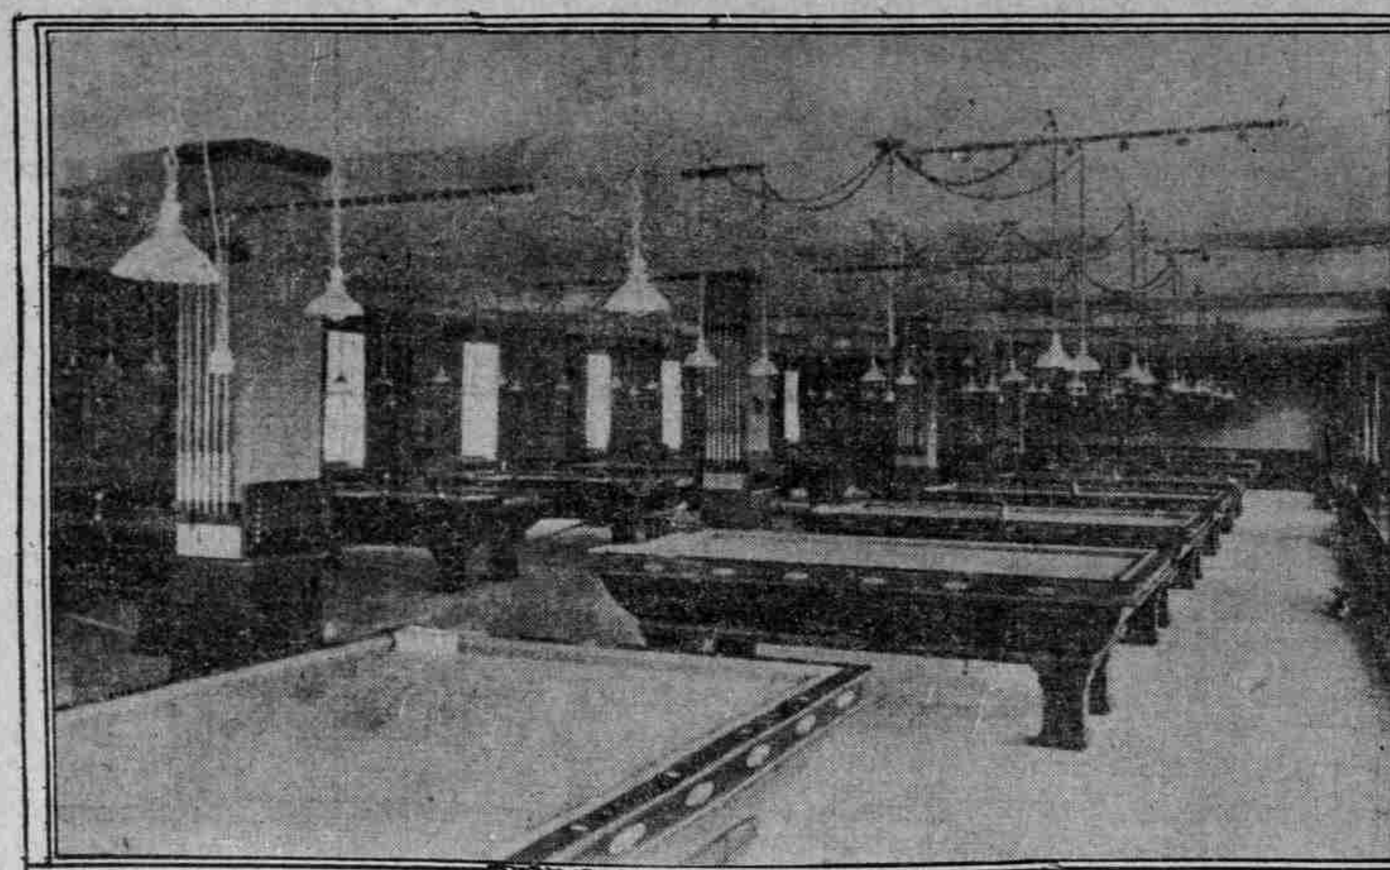
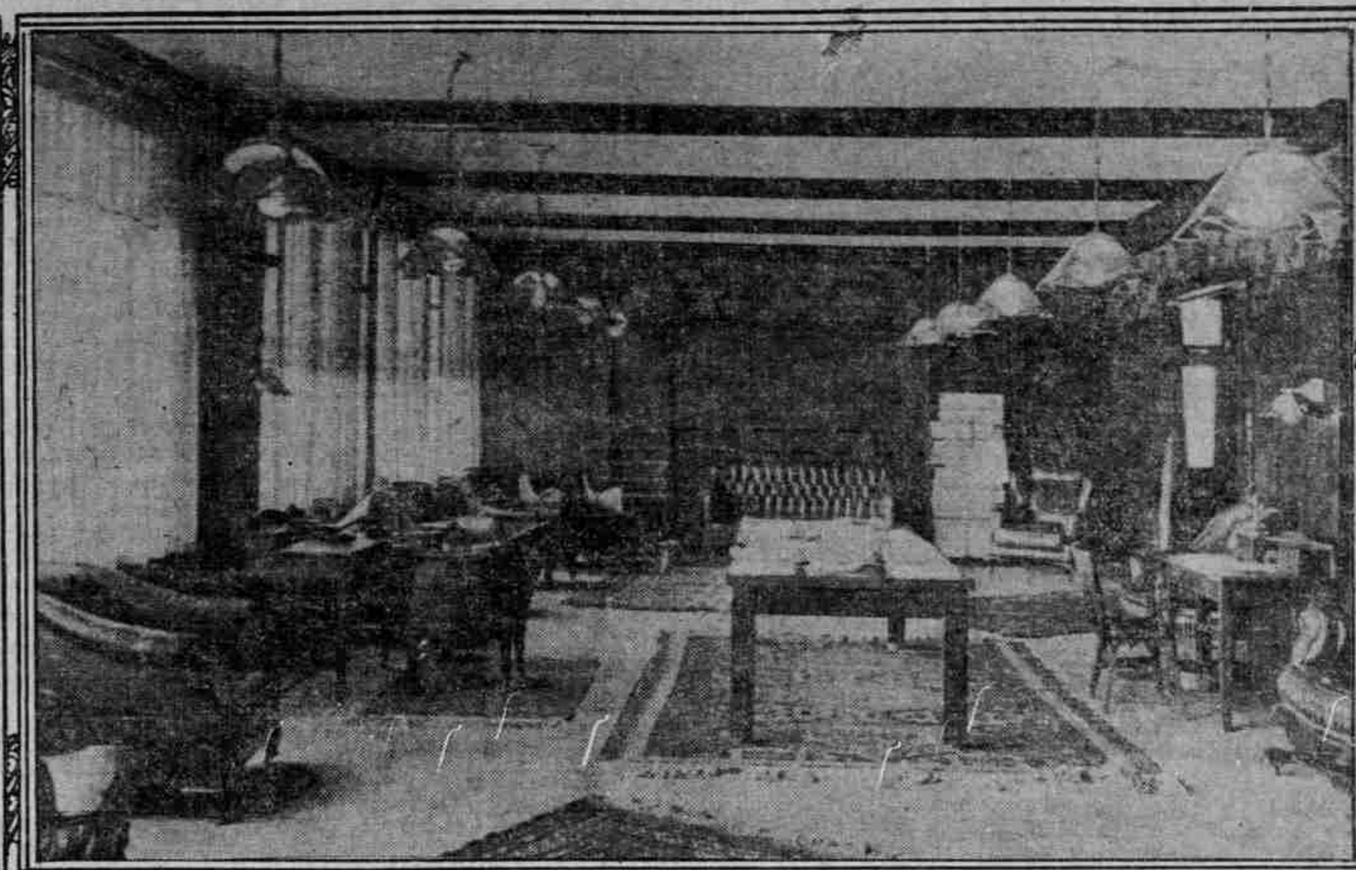
ACME OF ELEGANCE AND COMFORT IS EMBRACED IN FURNISHINGS OF THE COMMERCIAL CLUB'S NEW HOME



BILLIARD ROOM



LOUNGING ROOM

LADIES' ROOM IN WHITE AND GOLD

Its Daintiness In Contrast to Solidity of Furnishings in the Men's Lounging Room.

IN the way of high-art furnishing and decoration, the ladies' reception-room in the Commercial Club affords one of the best examples. The furniture is of that light and airy style in white and gold, upholstered in silk damask, which marked the elegance of the reign of Louis XVI of France. A photograph only partially conveys an idea of the exquisite daintiness of this apartment. In contrast, the solid comfortableness of the men's lounging-room, that opens off the billiard-room, stands out, where are to be found the appointments near and dear to the hearts of busy men dropped in for a needed rest. Here, besides the big leather chairs and lounges, are writing tables, files of the latest newspapers and periodicals and a convenient push-button. The 50x100 billiard-room, with its 18 tables, lures the devotees of the cue and ball and in appointments is equipped with every accessory of the most modern type. The other room shown in the illustration is the sideboard, the room of smallest dimensions in the club. Attendants from this room will answer calls from other rooms, but the cozy little den can accommodate a dozen or more quite comfortably.

SAUCE IN OLD BOTTLES

Bailey Charges California Company With Misrepresenting Goods.

Because the United Brokerage Company, of San Francisco, is charged with having refilled original table-sauce bottles with a different preparation and shipping them to Portland merchants, Food Commissioner Bailey has seized a large number of cases of the sauce, and it is likely that the prosecution of the California firm by the United States authorities will follow. The goods were shipped here, purporting to be the original preparation, the manufacturer's name being blown in the bottle. It was declared, after an analysis of the goods in Mr. Bailey's office, that the sauce was entirely different and had been put in the bottles of the original manufacturers. As the offenders are outside of this state, their prosecution cannot be secured by Oregon authorities.

Another violation of the pure food law by California manufacturers has just been discovered by Mr. Bailey in jellies sold in Portland, and he has seized a quantity of the product that had been sold to local wholesale houses. The jellies were found to contain quantities of starch that was used as a filler. The wholesalers have been warned against further purchases from the manufacturers of the condemned jellies.

HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and be absorbed into the blood, and soon the circulation becomes filled with an acrid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

For six years I was severely troubled with Eczema, located principally on the shin bones, caused by a humor in the blood. The trouble would appear in the form of small yellow blisters, characterized by itching, etc. I tried sarsaparillas, so-called blood purifiers, salves, ointments, lotions and treatment under a local physician, but nothing did me any good. Becoming discouraged I left off all this treatment, and seeing S. S. S. advertised one day I decided to try it, and after taking it a short while the humor was driven from my blood and I was completely and permanently cured. Some seven months have elapsed since I was cured and have had no indication of a return of the disease. G. C. RECK.
404 Freedom St., Alliance, O.

The cause of all skin affections can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and affections. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy.

S.S.S.
PURELY VEGETABLE

When S.S.S. has driven the humors from the blood, and cooled and purified the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins. S. S. S. cures Poison Oak, Poison Ivy, Nettle Rash, and all other troubles due to a humor-laden blood. Book on Skin Diseases and any medical advice free to all who write. S. S. S. is for sale at all drug stores.
