

SAYS ANARCHISM MEANS FREEDOM

Emma Goldman, Chief Exponent of Cult in America, Here to Lecture.

CAMPAIGN OF EDUCATION

She Tells of Difficulties That Beset Her Attempts to Speak in Other Cities and Says Doctrine Is Spreading.

Emma Goldman, chief exponent of anarchism in this country, arrived in Portland yesterday from Tacoma and will deliver a series of five lectures in addition to her initial discussion at Alisky Hall last night.

"Do not be alarmed, I have no dynamite in my pocket and so far as I know there is not so much as a firecracker in the house," Miss Goldman assured a representative of The Oregonian yesterday.

American by Adoption.

"Although not a native of this country, I have lived here so long that I consider myself by adoption an American, but I do not believe that one's friendship and devotion to a country should blind him to its faults."

"America was at one time the most free of all of the countries of the world. Legislation and the courts have since then in Supreme Court decisions shown unmistakably a strong tendency by the government towards imperialism."

"The fundamental remedy for the conditions of which we complain is for a larger education of the people for wider personal liberty. Education is the first essential step towards accomplishing any change in society and particularly for demanding greater individual liberty."

Events Cause Spread of Doctrine.

"Events of the last few years have contributed materially to the further spread of our teachings. That there is an increased interest in our work throughout the country is manifested in the increased demand and sale of literature treating with the subject of anarchy. It is true our meetings are more largely attended, but I do not consider that in itself indicative of a growth of public sentiment in our favor."

"Probably no other one thing has done more to bring the teaching of anarchism to the attention of the people than the different large cities in their efforts to suppress our work of educating the masses. Particularly was this true in Chicago, where for three weeks we were unable, for any amount of money, to rent a hall in which to hold lectures."

"In San Francisco, while I had no great trouble in finding a hall in which to lecture, I was constantly under the surveillance of 150 policemen, who attended every lecture. Four detectives were detailed personally to attend me, and I was guarded night and day, even being accompanied by one of these bodyguards whenever I went shopping or attended the theater."

Has Talked Anarchism 18 Years.

Miss Goldman has been engaged actively as a lecturer of anarchism and its teachings for the last 18 years. "I have been charged improperly with being associated with the Haymarket riot in Chicago, when at that time I was but a young girl," explained Miss Goldman.

LITTLE MISS EGBERT, WHO GAVE AN INTERESTING PROGRAMME AT THE PATTON HOME TEA.

Miss Marguerite Egbert had entire charge of the programme for the May tea at the Patton Home. The older people might well take notes from the ease and grace with which little Miss Egbert managed her forces.

At the Women's Union.

Miss E. Minerva Gleason was the guest of Miss L. Demick at lunch on Sunday.

Miss Audrey Markley, of Dee, arrived in the end of the week and will make her home here.

Miss Nettie M. Buck, of Hood River, was the guest of Miss Anna Fowler, over Friday night.

Miss Louise Knutsen returned on Wednesday from Astoria, where she had been making a two weeks' visit to her home.

Mrs. Donaldson, of Prairie City, (who was formerly Miss Grace Lawrence), accompanied by Miss Emma Meador, were callers early in the week.

Good Figure Induces Board of Governors to Lease Room That Was Intended for Exhibit.

The governors of the Commercial Club have decided to lease the room in the southeast corner on the ground floor of the new Commercial Club building to a local fuel company.

The board of governors will hold their regular weekly meeting at luncheon tomorrow noon and it is expected that there will be a full attendance of the board.

The board of governors is anxious to have the membership of the club extended to June 1, making the Portland organization one of the greatest organized commercial bodies in the world.

ROYAL WORCESTER ADJUSTO CORSETS

FOR MEDIUM AND FULL FIGURES THE ADJUSTO, styles 610 and 614, for women of full and stout figures

is still growing in favor, but the ever-increasing popularity of the long, flat hips and back has prompted us to produce the new ADJUSTO, styles 611 and 615 (see cut).

Fashion attention centres on the hips and abdomen--they must appear long and flat.

THE 611 AND 615 ADJUSTO IS JUST THE CORSET TO PRODUCE THIS FIGURE ---to flatten and support the abdomen, reduce the hips and mould the form into fashionable lines.

The ADJUSTO accomplishes this figure-shaping comfortably, is very serviceable and will not rust.

For all women obliged to stand a great deal the ADJUSTO is absolutely without an equal. A wearer of size 22, who is of medium figure, said recently:--

"My duties require my standing most of the time, and until I wore the ADJUSTO it was difficult to finish my day's work without becoming exhausted. I can now do more work with less exertion, and feel much better. It supports my figure perfectly, and is the strongest and most serviceable corset I have ever worn."

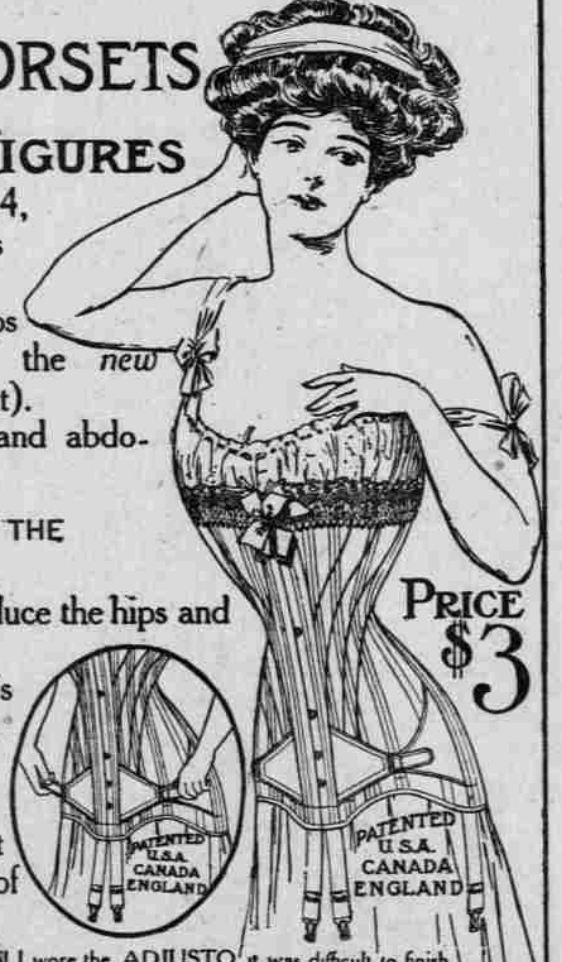

Another remarked:--"Since wearing the ADJUSTO my hips, abdomen and waist have become noticeably smaller, and my figure is greatly improved. In all other corsets I require size 27, but I wear a size 25 ADJUSTO with perfect ease."

Look for ADJUSTO trade-mark stamped on inside of all genuine ADJUSTO corsets

PASSED CENTURY MARK English Laborer's Long Life of Toil Ends Sady. LONDON, May 15.--The death has just been announced of a Stroud centenarian--the third within a year--in the person of David Howell, who had reached the age of five score years and two. Unfortunately, his end was a sad one, inasmuch as he had to be removed at the latter end of March, on the anniversary of his birth, to the Stroud Workhouse infirmary, suffering from gaugrene. He was born at Nymphenfeld, near Stroud, in 1812, and there he attended school and worked on a farm for some years. He was then employed for a time at Knapp farm, Stroud, and subsequently he went to the Friary farm, Stanley, near Stroud, where he worked for 30 years under one employer and 30 years under another. About eight years ago his sight failed him and he went into Gloucester infirmary, where one eye was removed. The other became stronger and he could see to read and write up to his death. Howell was thrice married--the widow being between 70 and 80 years of age--and recently he said he had buried "more children than he could remember." He attributed his long life to having worked hard and lived on simple food. Hanan shoes at Rosenthal's.
