

HOPES BLASTED BY DARK PAST

Scandal of Long Ago Prevents Dr. Charles L. Goodsell's Election as Bishop.

REPENTANCE IS IN VAIN

Methodists Refuse to Honor Man Whose Conduct Broke Up Another's Home and Drove Wife to Disgrace and Ruin.

By D. L. Reder, Editor Pacific Christian Advocate.

BALTIMORE, May 28.—(Special Correspondence.)—All great men are not wise. The Rev. Dr. Charles L. Goodsell is pastor of Calvary Church, New York City. This is one of the most desirable churches in America, and Dr. Goodsell has been one of the most successful pastors in the United States. It is said that only a few weeks ago he had an earnest invitation to become pastor of the great Congregational church in Brooklyn, which was served for nearly 50 years by the famous Richard S. Storaas, Dr. Goodsell's fame had come out through all the churches. His enthusiasm was contagious, his effectiveness as a man of God, his enthusiasm a veritable triumph. He has a most winsome manner, coupled with indications of a great strength and unyielding determination. Although not a delegate, he became as conspicuous as any member of this body; his box, which is never empty, was almost constantly filled with letters. Though so very conspicuous he seemed not to have been satisfied with the recognition which his powers and activities had attained. He greedily looked toward greater heights. He wanted to be a bishop. His friends longed for this recognition of his high qualities and great gifts. When the balloting began he received 134 votes on the first ballot; his recognition grew until on the fourth ballot he had 322 votes, lacking only 113 of enough to elect him to this important and dignified office.

His Fall Is Sudden.

But rumors were afloat. Indefinite but detrimental things were in the air, concerning him and his history. His vote began to fall off. Men of character began to talk plainly, until on Saturday the rumors took definite shape, court records were quoted and it was clearly proved that this popular man had been the cause of a divorce case and two ruined homes. A man named Foster in Rhode Island, after a long and exhaustive trial, had secured a divorce from his wife because of her relations with Dr. Goodsell. All this occurred 22 years ago. On account of the scandal, Dr. Goodsell's own wife left him and because of the blighting of her hopes in the degradation of his character, threw herself into a life of shame, in which life she died a few years after.

When all these facts came out, Dr. Goodsell was not only considered an impossible candidate for the episcopacy, but it is a serious question now whether he can retain his present position as pastor of the Calvary Church, and it is doubtless definitely settled that he cannot become the successor of the Rev. Dr. W. A. Quayle, who has just been lifted from the pastorate of St. James Church, Chicago, and made a bishop.

The fact that Dr. Goodsell may have repented is not seriously questioned; that he is a good man now is beyond doubt, but that it is unbecoming in any man who has broken up one home and blighted the life of his wife and sent her into a life of shame, to be through a criminal life into eternity, cannot be sufficiently obliterated from the minds of the members of the great Methodist Church, and it is not surprising to think that it is proper for him to be placed in the highest office in the gift of the church.

Knowing his own record and being aware that it could be produced, he lacked discernment and a knowledge of the eternal fitness of things when he allowed his name to be used in such a way as to bring before the church his undesirable past, and to make it proper for his record to be exploited before the whole world.

Dr. William A. Quayle, the third bishop elected at this conference, was born in Missouri about 47 years ago. He is a sturdy body, with striking, unkempt hair, a jolly, happy countenance, and a grin that easily breaks into a smile, which often runs into a hearty laugh. His parents were from the state of Man, and he has such perfect health that he does not know what sickness means.

Greatest in Methodism.

He is an untiring worker, requiring but little sleep, and is doubtless the most extensively informed and the greatest literary genius, as well as the most finished dramatic artist, in Methodism. He is a brother to all the preachers, with warm sympathy and helping helpfulness. Though he was born in Missouri, he was reared in the State of Kansas. He worked his way through Baker University, at Baldwin, Kan., from which institution he graduated with distinction, and at once became a member of the faculty. After three years in this position he became president of the institution. While president he became extensively popular and had immeasurable influence, especially with the school boys. He was in the heartiest sympathy with athletics of every kind; especially did he favor football, going so far as to take the place of one of the team should a member become disabled. This brought upon him such a flood of criticism that in the Spring of 1884 he resigned the presidency and became pastor of Independent-Avenue Church, Kansas City.

He served with great efficiency in this pastorate for five years, when he went for two years to Meridian-Street Church, Indianapolis. He then returned to Kansas City, becoming the pastor of the Grand-Avenue Church. He remained at Grand Avenue until three years ago. Then he went to Chicago and has since that time filled the pulpit of the great St. James' Church. In this church he became so immensely popular that he came to the general conference at the head of the Rock River delegation, which embraces the entire City of Chicago, and is one of the very strongest in the denomination. Dr. Quayle was not in the room when his election was announced, it being Monday morning, and he having gone on Sunday to preach the baccalaureate sermon for Cornell University.

When he appeared in the hall, he was escorted to the platform amid great applause.

METHODISTS HOLD ELECTIONS

Secretaries and Assistants Chosen by General Conference.

BALTIMORE, May 28.—(Special.)—Elections for the remaining secretaries

and for the assistant secretaries of the various boards of the Methodist Episcopal Church, were continued at the general conference today. Rev. Dr. A. B. Leonard, for 20 years secretary of the Board of Foreign Missions, was re-elected. He received 317 votes against 286 for Dr. Homer C. Stuntz, field secretary of the same board. Rev. Thomas Nicholson, president of Dakota Wesleyan University, Mitchell, S. D., was elected secretary of the new board of education, which will have its office in New York City. Dr. P. J. Mayvoly, field secretary of the former board of education, Freedmen's Aid and Sunday Schools, was named as the additional secretary of the Board of Home Missions and Church Extensions.

Dr. Homer C. Stuntz was elected assistant secretary of the Foreign Mission Board, displacing Dr. B. K. Carroll, who has held the office for eight years. Dr. Ward Platt was chosen assistant secretary of the Board of Home Missions and Church Extensions.

Rev. W. B. Hollingshead was elected the representative of the fifteenth district of the boards of the benevolent societies, and Rev. W. W. Van Dusen was made a member of the book committee from the same district.

The judiciary committee discussed the charges of maladministration brought by Rev. George A. Cooke against Bishop Goodsell, Moore, and McNeill, on rulings adverse to Mr. Cooke in the matter of his charges against Chancellor Day and others at the annual conference presided over by the bishops named.

An invitation was tendered to the general conference to hold its next quadrennial session at Salt Lake City. The conference voted without dissent that the time is not propitious for a restatement of the creed of Methodism, which restoration was asked for by the Methodist Episcopal Church, South.

The conference withdrew from all relations with the church insurance company, which was organized by the general conference of 1896.

B. Lee Paget gave a dinner this evening at Bishop Smith and his delegates from the Oregon conference, at which the bishop was assured a welcome to Portland and the Northwest. Senator Beveridge was the orator at an impressive Memorial service held this morning.

SAYS FEATHERS MUST GO

LORD AVEBURY BEGINS CRUSADE AGAINST MILLINERS.

Introduces Bill in Parliament to Make Hats Plumless—Opposes Slaughter of Birds.

LONDON, May 28.—(Special.)—Women's hats will be featherless after December 31, if the bill Lord Avebury has introduced in Parliament passes. His bill, following the example set by New York State, makes all plumes, except ostrich, elder, duck and wild birds used for food, contraband. The penalty for importation for sale or exchange is \$25 on first conviction and \$125 on second and subsequent convictions, with forfeiture and destruction of the feathers. But if a woman is actually wearing prohibited plumage when she arrives in Great Britain and is not to sell it, then no offense is committed.

Lord Avebury, speaking on his bill to a reporter, said: "The idea of my bill is to check the wholesale destruction of birds going on throughout the world simply to supply feathers for millinery. All the ornithologists in England are behind me and I have the wholehearted support of the Selborne and Wild Birds Preservation Societies. The birds to come within the bill are the white heron, from which osprey plumes are taken, crowned pigeon, albatross, lyre bird, and birds of paradise. The birds are most beautiful at nesting time, when they are mostly caught, so that when one is taken it means the destruction of a whole family. In this way many beautiful species are gradually dying out. I am sure if ladies really knew how cruel the traffic is, they would never wear the plumes, for all they do not look nice in them."

One of the leading Bond-street milliners said: "The bill will mean the loss of thousands of dollars to the millinery trade in London. Women will have plumage hats; if they cannot get them in London they will go to Paris and bring them back for their own use. Nearly all the plumage and skins from different parts of the world come to the London auction rooms, and then the goods go back to the continent to be worked up. Pass this bill and at once these great auctions will be moved to some foreign port, and London will lose that part of the trade as well as the store trade of the customer."

At the plume auction sales in London during the last six months of 1907, 19,742 skins of birds of paradise were catalogued, 141 packages of the nesting plumes of white heron representing the total of nearly 115,000 birds and immense numbers of the feathers and skins of almost every known species of ornamental plumage bird.

LAW AGAINST ANARCHISM

Spanish Senate Enacts a Most Drastic Measure.

PARIS, May 28.—(Special.)—A drastic law against anarchism has just been passed by the Spanish Senate in face of strenuous opposition from the Liberals and Democrats. The law authorizes the Government to suppress entirely newspapers which publish any news about anarchism, except the official notes issued by the Government, and punishes by imprisonment those publishing such unofficial news. It also empowers the authorities to close clubs and to expel citizens who are suspected of propagating anarchism.

The new bill has been hotly opposed as an attack on the rights of property, and as likely to lead to regrettable incidents. It denounces as a political move which will not accomplish what an efficient police force should be able to do.

Hood's Sarsaparilla

"Is Foremost AS A SPRING MEDICINE."

"To create an appetite and regulate the whole system, with us, as ours is a New England farmer's home, 20 miles from a large town. We keep it on hand and cannot express the value it has been to us. After suffering for years from dyspepsia four bottles of this medicine gave me better health than for many years." Mrs. E. L. Berry, West Troy, Me.

"In the spring I have that tired feeling and can not eat, but after taking two or three bottles of Hood's Sarsaparilla I always feel like a different person and I advise every one needing a tonic to give this medicine a fair trial." James Hey, 3070 Amber St., Philadelphia, Pa.

In usual liquid form or in chocolate-coated tablets called Sarsatins. 100 Doses One Dollar.

Measures Submitted to the People--June Election 1908

INFORMATION FOR VOTERS

While the objects for which the Taxpayers' League of Portland was organized are limited in their scope, certain of the amendments to the constitution and laws which have been proposed under the initiative and laws on which the referendum has been invoked and which are to be submitted to the people at this election tomorrow come properly within its jurisdiction, and to these they have given consideration. The recommendations upon these questions should be accepted in the spirit they are made. The league is looking for no controversy, but if the result of their deliberations are of service to others, the recommendations made will have served their purpose.

INCREASE OF MEMBERSHIP, SUPREME COURT, ETC.

"An amendment to Article VII of the Constitution by increasing the number of Judges of the Supreme Court from three to five, until otherwise provided by law, and authorizing the Legislative Assembly to provide by appropriate legislation for the exercise by the Circuit Courts, of the probate jurisdiction theretofore exercised by the County courts, and for the transaction of probate business before and before some appropriate body or tribunal."

304. YES.  
305. NO.

The foregoing abstract succinctly states the purpose of this amendment. It is to increase the number of Judges of the Supreme Court to five, until changed by law, to place the probate jurisdiction of the Circuit courts, and to leave to the County courts primarily the conduct of county business.

Voters are advised to vote YES.

CHANGING TIME OF HOLDING ELECTIONS FROM JUNE TO NOVEMBER.

306. YES.  
307. NO.

The change proposed will make one election less every four years and reduce the expense every Presidential year by having the election for state offices held at the same time as for Presidential Electors.

Voters are advised to vote YES.

FREE TRANSPORTATION FOR OFFICE HOLDERS.

310. YES.  
311. NO.

There is no reason why a railroad or other common carrier should grant free transportation to office holders, and in our opinion it is not only unfair to the railroads, but is belittling to the state and its officers, and tends to place them under obligations which should not exist.

Voters are advised to vote NO.

NATIONAL GUARD ARMORIES.

"An act to appropriate twenty-five thousand dollars annually for the purchase to be used in purchasing grounds and building armories for the use of the Oregon National Guard, the money to be expended under the supervision of the State Military Board at any time during the four years, etc."

312. YES.  
313. NO.

Under this bill no definite number of armories nor the cost of each are provided for. They may be erected upon the recommendation of the State Military Board in towns where one or more companies of the Oregon National Guard are located. No limitation is placed upon the cost of the different buildings. In our opinion, this law leaves the way open for large and possibly unnecessary expenditures.

Voters are advised to vote NO.

APPROPRIATION FOR SUPPORT AND MAINTENANCE OF UNIVERSITY OF OREGON.

314. YES.  
315. NO.

The arguments for and against this appropriation have been so generally discussed and understood that we do not deem it necessary to argue the matter further. If we are to have a State University, which we believe should have, it should be properly maintained.

Voters are advised to vote YES.

LIMITING POWER OF STATE TO CONTROL GAMBLING, SALE OF LIQUORS, ETC., IN CITIES.

320. YES.  
321. NO.

The purpose of this amendment is to take from the state any power of regulation or control over the subjects referred to in the amendment. We think this would be unwise.

Voters are advised to vote NO.

SINGLE TAX AMENDMENT.

322. YES.  
323. NO.

This amendment is revolutionary in the extreme. Its purpose is to cast upon real estate substantially all the burden of taxation, and would completely change the system now in vogue. It is a radical measure in this state. No such radical measure should be supported by the people without the fullest and most careful consideration. In view of the purely speculative and theoretical reasons advanced in its favor, the uncertainty of its action and the fact that but limited time has been given for its consideration, we feel it would be extremely unwise to adopt this amendment.

Voters are advised to vote NO.

TO PROVIDE FOR CHOOSING JURORS AND FOR INDICTMENT BY GRAND JURY.

334. Yes.  
335. No.

We believe that experience has demonstrated that indictments should only be found by a grand jury. The only argument urged in favor of the present method by which a District Attorney can file an information against a man for any crime is because it is cheaper. In our opinion it will not do to weigh the expenditure of money against fundamental principles.

Voters are advised to vote YES.

INCREASING POWERS OF PORT OF PORTLAND.

338. YES.  
339. NO.

The objects and purposes of the amendment are to authorize the Port of Portland to establish and maintain an efficient towage and pilotage service upon the Columbia River bar and upon the rivers between Portland and the sea. The act gives the Port of Portland the power to levy a tax not exceeding one-quarter of one mill for the purpose of carrying into effect the general purposes of the act. It is expected that the service will be self-sustaining, and that the tax, other than the tax for the retirement of bonds and paying interest, will be levied only when a deficit is likely to occur.

The bill aims, through the instrumentality of the Port of Portland, to provide an adequate, prompt and efficient service between Portland and the sea, and in the interest of the city.

Voters are advised to vote YES.

New Idea Patterns Only 10c

All styles, all sizes, 10c. Every design can be successfully and easily carried out. 10c.—The most satisfactory paper patterns printed. No better pattern can be had at any price.

New Idea Magazines Only 5c

Single issue 5c. Twelve Month subscription \$5.00. With each subscription to the New Idea Magazine at 5c a hat we will give a free New Idea Pattern.

WELCOME! WELCOME! CARNIVAL VISITORS

Thrice Welcome Come in any day and we will show how considerate we can be of you, and will show you how we have popularized this store.
