FOR S.S.S. RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste have failed to carry off. This waste or refuse matter ferments and sours and generates uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism, with its torturing pains and aches, inflammation and other disagreeable symptoms, gets possession of the system. The aches and pains may be relieved and the inflammation temporarily reduced by the application of a good plaster, penetrating liniment or some other simple home remedy, but the disease can never be cured while the blood remains saturated with the irritating, pain-producing uric acid poison. The cause should be driven from the blood before the trouble reaches the chronic or helpless stage. S. S. S., a purely vegetable remedy, cures Rheumatism by thoroughly cleansing the blood of every particle of the uric acid poison, and making this vital fluid pure, fresh and health-sustaining. It filters out from the circulation the remotest particle of the poison, and when S. S. S. has renovated the blood, Rheumatism is thoroughly and permanently cured. Book on Rheumatism and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.
