

STUDIES EXHIBITED BY THE OREGON SCHOOL OF ART IN COLLECTION NOW ON DISPLAY AT THE FAIR GROUNDS

PORTRAIT IN OILS OF MISS CATHERINE EMMONS BY MISS FLORENCE CHASE CURRIER.

SKETCH FROM MODEL BY PUPIL OF LIFE CLASS, OREGON SCHOOL OF ART.

An attractive exhibit of work of pupils of the Oregon School of Art has been installed in the main studio of the school in the Oregon Building on the Lewis and Clark fairgrounds. The exhibit comprises studies in pencil, charcoal and oils. The scenic opportunities afforded by the grounds in the vicinity of the school have been used to advantage, there being a number of sketches of picturesque sections of the grounds and buildings. There is also an interesting collection of charcoal sketches by members of the life

class. These represent studies from the model in costume. Among those represented are: L. H. Rice, F. C. Thompson, A. Selander, S. De Mardini, E. Owens; Misses Catherine Emmons, Florence Burton and R. D. Robinson. Miss Robinson and Mrs. Strahern are

also represented in the collection of studies from still life in oils. A striking portrait, in oils, of Miss Catherine Emmons, by Miss Florence Chase Currier, director of the school, which was much admired by visitors during the Rose Festival, is also a feature of the exhibit.

KELLY CLAN HAS REUNION

TENTH ANNUAL MEETING OF FAMILY IS HELD.

Gathers at Home of Dr. Plummer on Part of Farm Owned by Albert Kelly, Pioneer.

At the home of Dr. and Mrs. O. P. S. Plummer, in the Hillsdale Valley, the Kelly Clan held its tenth annual reunion yesterday. Over 150 members, young and old, were present to enjoy the hospitality of the host and hostess, on the farm that was part of the original home of Albert Kelly, a pioneer, of whom Mrs. Plummer is a daughter. In the forenoon the members of the clan began to arrive. They came to the end of the Council Crest carline, and from there were brought by conveyances to the farm of Dr. Plummer, a mile further on. From California, Mr. and Mrs. Howard West, the latter recently Miss Frederika Judy, of Fresno, and Rev. Charles Hurd and wife, of Corvallis, were present. Over 40 babies were here, ranging from one up to five years, and a considerable number of the young people present were born since the first reunion was held ten years ago. The fine farmhouse and ample grounds of Dr. Plummer were turned over to the clan. Mingled with the young people were the few remaining children of the four pioneers, Clinton, Thomas, Albert and Gilmore, who first planted the Kelly family on Oregon soil 60 years ago, transplanting from Kentucky. Their hair is getting whiter and their steps feebler as the annual reunions come around. There were present the second and third generations in the group. As the day was perfect, the tables were spread under the shelter of the trees, and the entire clan sat down to the annual banquet promptly at 1:30

PREACHER'S CHARGE FALSE.

CHICAGO, June 27.—Annabel Whitmore has been reinstated as postmistress of Grays Lake, Ill., according to information received yesterday from Washington, and will resume her duties July 1. Miss Whitmore was suspended two months ago on charges filed by the Rev. H. Havener, of Grays Lake, who accused the postmistress of opening and reading correspondence between him and the woman to whom he has since been married. At a hearing held before United States Commissioner Mark A. Foote, Miss Whitmore was exonerated of the charges.

Student Lost in Sierras.

FRESNO, Cal., June 27.—J. D. Archibald, a young student of Cornell University, is lost in the high Sierras. He has been missing for several days, and his four companions, camped 40 miles above Millwood, have asked help from Sheriff Chittenden to find him. His fraternity in the University of California has also been appealed to. A party with bloodhounds will start on the hunt today.

REFUSES PITTANCE TO GIRL

D. D. COFFEY ACCUSED OF DEFRAUDING DAUGHTER.

Well-to-Do Contractor in Court for Failing to Provide \$10 Monthly as Ordered.

D. D. Coffey, a building contractor, was accused in the State Circuit Court yesterday of plotting with his fourth wife to defraud his own 17-year-old daughter out of \$160. Presiding Judge Gantenbein said he was convinced the father was trying to beat the child out of the money, and intimated that, unless the matter was fixed up by next Wednesday, Coffey might expect punishment for contempt of court. The mother of the child is Coffey's third divorced wife. She got a divorce from Coffey more than a year ago and the court at that time ordered Coffey to pay \$10 a month towards the support of the child. The payments have not been forthcoming. Coffey was haled into court on supplemental proceedings and subjected to a trying examination as to his financial condition. He said at the outset he was not able to pay the amount, small as it was. But the examination of Coffey developed, much against his will, that he is in a most prosperous condition, even though everything he has is in the name of wife No. 4. It was brought out that he has built two houses worth \$2000 apiece, and is just completing two others worth about \$2400 each. While these houses belong to wife No. 4 ostensibly and are mortgaged for \$5200, the surplus above the mortgage is \$5600. Coffey said that wife No. 4 had \$1000 when he married her last March. Coffey attempted to maintain that he is and has been in straitened circumstances for some time. He said his profits as a building contractor were

MUSTER COMPANY JULY 9

Finzer Sends Orders to New Organization at Astoria.

ASTORIA, Or., June 27.—(Special.)—Charles H. Abercrombie received a general order this morning from W. E. Finzer, Adjutant-General of the State of Oregon, stating that as 70 citizens of Astoria have applied to be organized into a military company under the laws and regulations of the Oregon National Guard, they are directed to assemble on the evening of July 6 for physical examination. Captain Marius B. Marcellus, assistant surgeon, is directed to conduct this examination. The order also says that First Lieutenant Richard W. Jojman, of the Salem company, is designated as the mustering officer as well as the inspector of election, and on the evening of July 9 he will muster in the new company, which will be known as First Company Artillery Corps. This company will be organized in accordance with the provisions of the new Dick bill and its equipment, including new Springfield rifles, will be sent direct from Washington. Guest of Canadian Alpine Club. C. H. Sholes, president of the Mazamas, has been invited by the Alpine Club of Canada to be its guest on the occasion of its annual summer outing at Rogers Pass, B. C., July 7-15. Mr. Sholes will be unable to accept this invitation and has, therefore, chosen

BALLOON FALLS INTO RIVER
Collapses Immediately After Ascending With Six Passengers.

PHILADELPHIA, June 27.—Balloon Philadelphia, which ascended from Point Breeze, in the southern section of this city, at 3 o'clock this afternoon, collapsed while passing over the Schuylkill River, but by the skill of the navigator, Professor King, was kept afloat until the other side of the stream was reached. The balloon carried five passengers, two of whom were women. None of the occupants was injured. Within ten minutes after the balloon arose the gas escaped and the big bag collapsed while crossing the river. It fell rapidly and lightly touched the water. Professor King's frantic efforts to check the force of the balloon were successful and the big bag rose and was landed successfully. All of the passengers were landed badly scared, the two women almost hysterical. The women passengers were Mrs. Calne D. Kilgore and Mrs. Eleanor Lockington, both of Philadelphia.

Three of the Miniatures Exhibited at the Art Museum by Miss Cross, of Boston

MISS ELEANOR MURRAY OF WILKES BARRE

MRS. QUINCY OF BOSTON

MISS PAULINE MACKAY OF BOSTON

The exhibit of Cross' miniatures at the Art Museum is of unusual interest, although it has not yet received the attention it deserves. Something like a dozen pictures by the brilliant Boston portrait painter have been placed on view, and while art lovers agree that the work possesses extraordinary merit the general public has not as yet awakened to the importance of the exhibit. The most distinguishing feature of the work of Miss Cross is the genius for likeness which she possesses. Likeness and characterization, these are the chief qualities which stamp her as an artist of the highest order. Especial local interest attaches to the display, in that among the miniatures are portraits of James S. Heustis, of Boston, father of Mrs. Ralph W. Wilbur, and another of Rabbi Charles Fleischer, the distinguished Boston rabbi, who was called to the pulpit of Temple Beth Israel at the time Rabbi Stephen S. Wise left to go to New York. While he declined the post he is well known here. Miss Cross is to spend the entire summer in Portland, and she will be a decided acquisition to Portland's artistic circles.

Since "Seeing is Believing" You can see the above question answered by attending the practical demonstrations that will be made at the Supply Department of the Portland Railway, Light & Power Co., 147 Seventh Street, between Morrison and Alder, at 10 A. M. and 2:30 P. M. daily for a week, beginning Tuesday the 30th. An expert demonstrator has been engaged for this purpose.
